In the event that such a Blight Violation Notice is issued the City will appear on behalf of the Treasurer and request its dismissal and if the County incurs costs in connection with Blight Violation Notices issued while this MOU is in effect the amount of such costs may be taken as a deduction from payments due to the City under this MOU.

During this period the City and the Treasurer will work together to agree on the total annual amount to be paid to the City for providing mowing and solid waste removal services during the calendar year. The total amount to be paid to the City and the manner of payment shall be governed by and contingent upon the execution of a separate payment schedule in the general form attached as Schedule A.

- After the completion of a scheduled service, the City will provide an invoice to the Treasurer for payment. Unless otherwise agreed upon by the parties, the Treasurer agrees to pay the invoice within forty-five (45) days after receipt. In the event of non-payment, upon written notice, as described in Section 3, below,

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that a settlement with the following terms

is in the best interest of the City of Detroit: Six Thousand Five Hundred Dollars (\$6,500.00 Paid by Plaintiff to the City), with the Plaintiff providing the City with proof that the water and gas are on in his name, in exchange for a deed from the City to Plaintiff for the property. Simultaneously upon the deed being exchanged for the funds, the parties will dismiss the lawsuit.

We, therefore, request authorization to settle this matter with the following terms: Six Thousand Five Hundred Dollars (\$6,500.00 Paid by Plaintiff to the City), with the Plaintiff providing the City with proof that the water and gas are on in his name, in exchange for a deed from the City to Plaintiff for the property. **Joint Employment and Procurement  
Advisory Board**

June 4, 2008

Honorable City Council:

Re: H.R. Bill 2176 and H.R. Bill 4115.

The purpose of our communication to you today is to bring to your attention a very serious matter regarding the casinos in Detroit and the detrimental impact to them if the H.R. 2176 and H.R. 4115 bills are approved.

We would like to expand on the impact of bills H.R. 2176 and H.R. 4115, should they pass through the House. The two bills, if approved, would allow the Bay Mills Indian Community and the Sault Ste. Marie Chippewa Indians to establish casinos in Port Huron and Romulus. We believe that if these bills are approved, the Detroit casinos, and more importantly, the City of Detroit will be seriously and detrimentally affected in the following ways:

a) Seriously reduce the tax revenue generated from the Detroit casinos, to the City of Detroit. We estimate minimally that the city will lose in the area of \$63,360,000 annually or approximately 40%. We believe it will be in excess of this. There have been reports written that 80% of the visitors of the Detroit casinos are from Michigan. The discretionary dollars of Michigan residents in this economy is not increasing. Therefore, we believe the discretionary dollars being spent in the casinos today would be spent between five instead of the three existing casinos. The tax revenue to the City of Detroit will continue to decline. (See attached Detroit tax revenue reports.)

b) In addition to this reduction in tax revenue to Detroit, there will be a further reduction, we believe, of tax revenue from employees of the current Detroit casinos. We believe that the Romulus and Pt. Huron casinos will hire the trained workers from the Detroit casinos. Some of

July 22

2002

2008

them would be Detroit residents and some would be from the suburbs. The employment tax revenue to the city would be reduced. We estimate this would be in the area of a \$10,000,000 reduction in annual revenue to the city.

c) We believe there would be layoffs in the Detroit casinos, due to the reduced revenues produced by the casinos in Detroit since we believe that the suburban casinos will take minimally 40% of the revenue out to the suburbs currently being generated by the Detroit casinos. It is difficult to measure at this time what the reduction in tax revenue to the City of Detroit might be from this but, suffice it to say, any reduction in Detroit employment equates to a significant reduction in tax revenue to the city.

We are sure that you will agree these are compelling reasons for us to bring this issue forward to you. The effect of having these bills approved is detrimental to the City in tax revenues, employment and in other ways that we would be more than happy to share with you if needed. We would recommend that your voice be heard by the legislators that will ultimately make the decision on these bills. We recommend that these bills be rejected.

Please feel free to contact any one of us should you have questions

Honorable City Council:

Re: Request for Public Hearing.  
 Residential Alley Vacation and Conversion to Easement for Petitions No. 1902 and 1962.

The Planning and Development Department (P&DD), in accordance with

the Detroit Code, Article VI, Section 50-6-1, has reviewed requests for residential alley conversion to easement for the above-referenced petitions which were previously filed with the Office of the City Clerk. An attached listing provides specific information for each petition. Our investigation of the subject petitions discloses the following:

1. The submitted petitions for residential alley vacation received no objections from impacted utility companies or city departments.

2. The alleys do not serve as the sole means of ingress/egress for the abutting property owners.

July 22

2005

2008

3. The alleys are not required for municipal services (trash collection).

4. The public utilities located in these alleys can be properly served if the alleys are converted to easements. The conversion to easement will have covenants and agreements, uses and regulations to be observed by the abutting property owners.

The P&DD finds that these requests for residential alley vacation would be beneficial to both the City and abutting property owners. It is requested that your Honorable Body hold the required public hearing for each petition as provided in the Detroit Code. The above referenced two (2) petitions are simple residential alley vacations for which we do not anticipate extensive discussions.

Respectfully submitted,

Director of Planning and  
Development Activities

Honorable City Council:

Re: Amendment and Extension of Development Agreement. Development: Parcel 245; generally bounded by Trumbull, Canfield, Gibson & Calumet.

On January 6, 2006, your Honorable Body authorized the sale of the above-captioned property to Scripps Park Associates, LLC, a Michigan Limited Liability Company, for the purpose of constructing eight (8) four-unit three-story brick and vinyl townhouse buildings.

It has come to our attention that the Offeror now desires to modify their original development from the construction of townhouses to the construction of approximately eleven (11) one and two story single-family houses with attached or detached two-car garages.

Due to this design change, Scripps Park Associates, LLC, will not be able to complete the project within the time allotted in the present Development Agreement. All design changes have been approved by the appropriate parties and the Offeror is ready to begin construction. Consequently Scripps Park Associates, LLC, is requesting an eighteen (18) month extension.

The Planning & Development Department has reviewed the request of Scripps Park Associates, LLC, a Michigan Limited Liability Company, and has determined it to be reasonable and consistent with the terms and conditions set forth in the Development Agreement.

We, therefore request that your

Honorable City Council:

Re: Appropriation Transfer within General Services Department.

The General Services Department is seeking authorization from your Honorable Body to transfer funds totaling \$1,838,000 from Facilities and Grounds Maintenance Appropriation No. 11830 to Inventory Management Appropriation No. 11831 for the purpose of covering an appropriation shortfall and outstanding invoices in Inventory Management. The shortfall is due to higher costs for repairs of fire engines, pumpers and replacement of tires for police vehicles than anticipated.

We have identified available funds from salary savings and less spending in operating accounts within the Facilities and Grounds Maintenance appropriation. Therefore, we respectfully request that this Honorable Body adopt the attached resolution transferring general fund dollars from General Services Department Facilities and Grounds Maintenance to Inventory Management.

**Department of Public Works  
City Engineering Division**

July 16, 2008

Honorable City Council:

Re: Petition No. 2671 — Clark Hill PLC — College for Creative Studies, for outright vacation of public easements in the area of Second, Cass, Baltimore and the Railroad Rights-of-way.

Petition No. 2671 of "Clark Hill PLC" attorneys at law, 500 Woodward Avenue, Suite 3500, Detroit, Michigan 48226-3435, ATT: Brandon J. Muller, on behalf of the College of Creative Studies (CCS), 2101 East Kirby, Detroit, Michigan 48202; ATT: Ann Beck, Vice President of Administration and Finance, the developer, request the outright vacation of public easements (previously vacated and converted to easement, July 11, 1979, J.C.C. Pg. 1990) in the area of Second Blvd. 80 feet wide, Cass Ave. 80 feet wide, Baltimore Ave. 60 feet wide and the Railroad Rights-of-way.

CCS has recently acquired, and is the sole owner of, a parcel of land located at the southwest corner of Baltimore Ave. and Cass Ave. (the "Parking Structure Parcel") and situated south of the property known as 485 West Milwaukee Boulevard, Detroit, Michigan (the "Argonaut Building").

In connection with the renovation of the Argonaut Building, it is anticipated that a 450 to 500 car parking structure will be constructed on the Parking Structure parcel. In order to achieve the necessary number of parking spaces within the proposed parking structure, and in order to conform to the current zoning ordinance height restriction of eighty feet, a footprint of approximately 26,000 square feet is required. Such footprint will require an underground outright vacation for the parking structure foundation, and for the structure itself. If these

vacations are not permitted, it will result in a change in parking scheme from 90-degree spaces to angled spaces and a reduction from 87 spaces per floor to 54 spaces per floor. Construction of a parking structure of this limited capacity is not feasible from a cost-benefit perspective. Construction of additional stories (both above-ground and below-ground) is also cost-prohibitive. Absent the requested vacations, CCS will not be able to develop the property as desired.

Therefore, please accept this correspondence as a formal request from CCS to your Honorable Body to outright vacate the easements previously established within the Parking Structure Parcel.

The request was approved by Planning and Development Department, the Solid Waste Division — DPW, the Public Lighting Department, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The Water and Sewerage Department (DWSD) reports there are existing 15" x 20" sewers in the easement requested for outright vacation that must remain in service. DWSD has no objection to the outright vacation provided the petitioner relocates the sewer and provides a suitable easement to DWSD. Also, the petitioner must comply with the provisions and requirements of the attached resolution.

The petitioner has made arrangements with Qwest Communications, Comcast Cablevision, DTE Energy — Detroit Edison and SBC for any costs for the removal, rerouting or relocation of their facilities within the project area.

All other city departments and privately owned utility companies have reported no objections to the changes in public rights-of-way or that satisfactory arrangements have been made. Provisions protecting utility installations (if necessary) are part of the resolution.

An appropriate resolution containing the necessary conditions is attached for consideration by your Honorable Body.

Respectfully submitted,

JESSY JACOB

 Re: Water Service Contract Between City of Detroit and City of Sterling Heights.

The City of Sterling Heights (Sterling Heights) in Macomb County has agreed to a new thirty-year water service contract

This contract is based upon the model water contract that was discussed in detail before the Public Health and Safety Standing Committee on May 19, 2008. As discussed in Committee, the new contracts have a term of thirty years and will replace any and all prior water service agreements between the City of Detroit and Sterling Heights. The terms of each contract negotiated are essentially identical, with the exception of the two contract exhibits. Exhibit A of the contract sets forth the customer's service area and metering information. Exhibit B of the contract sets

Honorable City Council:

Re: Transfer of jurisdiction of 8220 E. McNichols to the Detroit Airport Department for Airport expansion purposes.

On February 14, 2005, an inverse condemnation lawsuit was instituted by Property Management Company of

America, LLC against the City of Detroit for the property located at 8220 E. McNichols at the Detroit City Airport, in Case 05-5-4-234-CC. On January 4, 2006, your Honorable Body received and subsequently approved a lawsuit settlement memorandum and resolution settling the lawsuit. The settlement allowed the Detroit City Airport to obtain the property, which it will need for its continuing expansion. After the Plaintiff could not deliver title, the County foreclosed on the taxes, and deeded the property to the Planning and Development Department. The City and the Plaintiff then settled the lawsuit.

In order for the Detroit City Airport to be reimbursed by the United States Government for the settlement amount paid to Plaintiff, the property must be transferred from the jurisdiction of the Planning and Development Department to the City of Detroit Airport Department. The Planning & Development Department is in support of the transfer of jurisdiction to the City of Detroit Airport Department.

In accordance with City Code § 14-8-3, I have designated the City of Detroit Airport Department as the department to manage and maintain 8220 E. McNichols, to be held and used for the continued expansion and improvement of the City of Detroit Airport. Pursuant to City Code § 14-8-3, I am requesting that your Honorable Body adopt the attached resolution which approves the transfer of jurisdiction of 8220 E. McNichols to the City of Detroit Airport Department, in exchange for reimbursement from the United States Government to the City of Detroit Airport Department of \$250,000.00.

Respectfully submitted,

Northwest Detroit Neighborhood Development (NDND) and Capacity Development LLC. the sponsors are rehabilitating an apartment building located at 23230 Fenkell Avenue. This building was constructed in 1968 and has approximately 24,000 square feet of space. The renovated property will have 15 two-bedroom and 8 one-bedroom units. This project will house low-income tenants; eight of the units will be reserved for those who are homeless or those with special needs.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA 125.1415A).

Thirty-five percent (35%) or 8 of the units will be occupied by households with incomes no greater than 30% of the area median income, adjusted for family size. Nine percent (9%) or 2 of the units will be occupied by households with incomes no greater than 35% of the area median income, adjusted for family size. Thirty percent (30%) or 7 of the units will be occupied by households with incomes no greater than 40% of the area median income, adjusted for family size. The remaining twenty-six percent (26%) or 6 of the units will be occupied by households with incomes no greater than 60% of the area median income, adjusted for family size.

Honorable City Council:

Re: Request to correct assessment for sidewalk repair at 16186 LaSalle.

On February 28, 2008, the Department of Public Works ("DPW") submitted a request to your Honorable Body to adjust the special assessment for sidewalk replacement on property located at 16186

LaSalle, Parcel No. 08010324. Your Honorable Body's Budget, Finance, and Audit Standing Committee referred the request to the Law Department and the Finance Department for review and response. The Finance Department, Assessment Division provided a report to your Honorable Body on April 28, 2008.

On June 13, 2008, the Law Department provided to your Honorable Body a memorandum of law on this matter. Additional information has been obtained regarding the facts pertaining to the Subject Property. Your Honorable Body confirmed Sidewalk Assessment Roll SWA 003 on July 26, 2006. SWA 003 included the Subject Property, which was assessed \$1,460.99 for sidewalk repairs.

DPW has verified that the replacement of one of the sidewalk flags was performed not by DPW, but by DWSD as part of a repair that was DWSD's responsibility. Accordingly, the \$126 charge by DPW for the replacement of this sidewalk flag, and the inclusion of this \$126 charge in the assessment roll, was in error. Since special assessments can only be levied for improvements to property, and the assessment of the \$126 in question related to no actual improvement, *i.e.*, it was a charge for work not done by DPW, it is appropriate to correct the roll to reflect the proper amount chargeable to the Subject Property.

Accordingly, a proposed resolution is attached for your consideration. The proposed resolution contains the signatures of the Director of DPW, the Chief Assessor, and the Treasurer, recommending approval.

Whereas, City Charter Section 7-702 and City Code Sections 18-12-108 — 18-12-116 allow the Department of Public Works ("DPW") to repair sidewalks and charge the cost to the abutting owner, after first providing the owner with the opportunity to repair the sidewalks in accordance with city standards; and

Whereas, The aforementioned sections of the Charter and the City Code, together with City Charter Sections 8-901 through 8-605, provide that if such costs are not paid, they may be assessed to the owner and abutting property as a special assessment; and

Whereas, In accordance with these provisions, DPW proposed, the Assessors prepared, and on July 26, 2006 (J.C.C. p. 1985), the Detroit City Council confirmed Sidewalk Assessment Roll SWA 003 (the "Assessment Roll"), which included an original assessment in the amount of \$1,460.99 for replacement sidewalk at 16186 LaSalle, a/k/a tax par-

cel 08010324 (the "Subject Property"); and

Whereas, The owner of the Subject Property has provided evidence to DPW that the owner has satisfactorily completed a portion of the sidewalk repair work assessed to the subject property rather than DPW's contractor performing the work; and

Whereas, Due to clerical error, delayed or incomplete information, the original Assessment Roll, as confirmed, contained an assessment against the Subject Property of which \$126.00 cannot properly be charged against the Subject Property; due to work of that value assessed to the Subject Property having been performed by the owner of the Subject Property and not by DPW; and

Whereas, City Charter Section 8-603 states that the special assessment ordinance shall provide for the refund of excess assessments; and

Whereas, City Code Section 18-12-10 provides that if any person has paid more than the total cost of the improvement, as provided in the assessment roll, then the city treasurer shall certify such overpayment to the city council which shall direct a refund of the same; and

Whereas, The Detroit City Council, pursuant to the recommendations of the Treasurer, Assessor, and Director of DPW desires to adjust the assessment roll to reflect the correct assessment information regarding the Subject Property and to direct appropriate refunds or credits for excess assessments or payments;

Now Therefore Be It Resolved, That the special assessment levied against the Subject Property pursuant to the Assessment Roll be reduced by \$126.00 from \$1,460.99 to \$1,334.99, that the Treasurer shall issue proper credits for or refunds of payments of the amount so reduced, and that any related interest and penalty accruals for the amount so reduced be vacated;

Further Resolved, That the officer charged with keeping the Assessment Roll shall correct or cause the Assessment Roll to be corrected in accordance with this resolution; and

Finally Resolved, That the Assessor, Treasurer, and the Director of Public Works be authorized and directed to take such other steps as may be necessary or convenient to effectuate the correction of the Assessment Roll, tax rolls, and any related accounts in accordance with this resolution.

On March 11, 2008, the Department of Public Works ("DPW") submitted a request to your Honorable Body to adjust the special assessment for sidewalk replacement on property located at 13323 Livernois, Parcel No. 16018034-41. Your Honorable Body's Budget, Finance, and Audit Standing Committee referred the request to the Law Department and the Finance Department for review and response. The Finance Department, Assessment Division provided a report to your Honorable Body on April 28, 2008.

On June 13, 2008, the Law Department provided to your Honorable Body a memorandum of law on this matter. SWA 007 included the Subject Property, which was assessed \$6,447.57 for sidewalk repairs.

DPW has verified that the replacement of the sidewalk was performed not by DPW, but by the property owner. Accordingly, the entire \$6,447.57 charge by DPW for the replacement of this sidewalk, and the inclusion of this charge in the assessment roll, was in error. **City Planning Commission**

July 20, 2008

Honorable City Council:

Re: Special District Review — 525 Griswold Street (Off-Premises Advertising Sign), BZA Case No. 64-07 (Recommend Denial).

At its regular meeting of June 19, 2008, the City Planning Commission (CPC) voted to recommend denial of the request of Iconic Creative Media for a 6,000 square foot off-premises advertising sign to be displayed at 525 Griswold Street at West Larned Avenue on the western façade of the Larned-Griswold parking garage just south of the Buhl Building. This matter was the subject of a privileged and confidential report from the Law Department earlier this year after the request was approved by the Board of Zoning Appeals in Case No. 64-07.

Because 525 Griswold Street is located in a PCA (Restricted Central Business) District, the Zoning Ordinance requires review by the City Planning Commission and the Planning and Economic Development Department (P&DD) and submission of a report and recommendation to your Honorable Body for consideration.

**THE PCA AND PC ZONING DISTRICTS**

The Restricted Central Business (PCA) District is a buffer to the public center. (CPC staff understands that "PCA" may have originally indicated "Public Center Adjacent.") Indeed, the zoning lot of the subject property at 525 Griswold Street is less than 500 feet from two of the most significant features of the public center — the Coleman A. Young Municipal Center and Hart Plaza.

Sec. 61-11-81 of the Zoning Ordinance spells out that "...the controls specified in this division are designed to prevent any

uses or structures within the [PCA] district from having a deleterious effect upon the public center." The public center itself is precisely described in Sec. 61-11-61: "This [PC] district includes areas used or to be used for governmental, recreational, and cultural purposes of particular or special civic importance." The Zoning Ordinance in Sec. 61-3-181 requires the CPC's and Planning and Development Department's (P&DD) special district review to ensure that "...any exterior appearance and function of any building or other development in or near the downtown Civic Center and Cultural Center are compatible with and complementary to the central urban core."

All the printed materials and the verbal presentation of Iconic Creative Media (Mr. Trent Jones) and its counsel (Mr. Jeffrey Dobson, Esq.) emphasized the commercial nature of the off-premises advertising, whereas the governmental, recreational, and cultural character of the public center is decidedly non-commercial.

**THE CONTEXT**

As the petitioner's materials and presentations to the CPC made clear, the proposed 6,000 square foot advertising sign is not being inserted into a vacuum but rather in a specific context — a context that is entered by many from the Lodge Freeway at the Larned Street exit. The appropriateness of what is being proposed has to be determined within the subject property's context in downtown's Financial District and adjacent Civic Center.

Traveling east on Larned after exiting the Lodge Freeway under Cobo Hall into downtown Detroit, either by automobile or on foot, one encounters some of the finest views and vistas of Detroit's urban landscape. On the right, or south, are substantial modern and postmodern buildings dating from the second half of the Twentieth Century, including the Sheraton (Pontchartrain) Hotel (built in 1965), 150 W. Jefferson (1987), and One Woodward Avenue (Minoru Yamasaki, 1962). All these significant buildings have public amenities integrated into their designs, such as first floor restaurants, plazas, flower gardens, fountains, metal grillwork and artwork.

Overhead of the public right-of-way are the Detroit People Mover tracks. Left, or north, and ahead are views of the Detroit Fire Department Headquarters (1927), the Buhl Building (1925), the Penobscot Building (1925), and the Guardian Building (1929), all older, architecturally notable buildings, the latter three designed by the Detroit firm or Smith Hinchman & Grylls, providing the gateway to the densely built-up, canyon-like historic streetscapes of Shelby, West Congress, Griswold, Fort, and Lafayette, extending all the way north to Michigan

2008

Avenue and culminating with the spectacular Book Cadillac Hotel. Ornate white terra cotta, marble, and limestone façades provide a major thematic impression of lightness, grandeur and awe. Looking forward and upward, Detroit's skyline as a great American city emerges.

The silhouettes of the Guardian Building, the Penobscot Building, and the Buhl Building, together with the layering of buildings new and old in the immediate vicinity, have created a memorable skyline not to be matched. The regular pattern of windows on front façades that turn their corners and continue to the sides and visible upper stories of rear elevations create a rhythm from building to building, adding textural interest to large surfaces. The stylistic architectural embellishments and coloristic elements and details that delight pedestrians are in abundance in this area known as the Financial District. Not surprisingly this is a location that has been sought after and used by filmmakers.

The only gap on West Larned is at its intersection with Shelby Street. Two unimproved parking lots at the northeast and northwest corners of the intersection break the rhythm of buildings otherwise situated on their front building lines. Demolition of buildings has exposed the utilitarian rears and sides of adjacent buildings that were never originally intended for public view. It is the existence of these surface parking lots that creates the view opportunity for the proposed advertising sign. The appropriately painted west wall of the Buhl building parking structure, where the sign is proposed, reveals its unfenestrated (or windowless), reinforced concrete frame structure. Other exposed wall surfaces in the immediate area have a few irregular arrangements of openings to wall surfaces, while one has an artistic

isometric design, now faded, painted on it.

Absent from the streetscape views and vistas in this area of downtown Detroit are off-premises advertising signs of any form — prohibited by City Ordinance since 1993.

#### **BZA DECISION**

The case of 525 Griswold is unusual. Because advertising signs are prohibited in the PCA District, the petitioner (Iconic Creative Media) first had to make a case to the Board of Zoning Appeals that an advertising sign was needed on the existing parking structure because the Zoning Ordinance was, supposedly, so restrictive that it denied the owner (the Buhl Building) of "all reasonable economic use of the property" at that location. However, the BZA's split decision to grant "hardship relief" was not a final decision, only the first needed approval. The second needed approval is City Council's special district review based on criteria of aesthetics, design, and character — factors not included in the hardship relief approval criteria. (Your Honorable Body requested and received a privileged and confidential opinion from the Law Department relative to this case.)

It is based on the criteria in the "Special District Review" provisions of Article III, Division 6 and the PCA District provisions of Article XI, Division 5 — and not the hardship relief provisions of Article IV, Division 7 — that CPC and P&DD recommend denial of the proposed 6,000 square foot advertising sign. A discussion of the pertinent criteria and findings follows in the table below. (A more detailed review of the provisions is contained in the attached CPC staff report to the Planning Commissioners, dated June 12, 2008, and the attached P&DD report to the CPC dated June 16, 2008.)

#### **BASIS FOR RECOMMENDED DENIAL**

<b>Ord. Sec.</b>	<b>Standard/Issue</b>	<b>Comments</b>	<b>Findings</b>
§61-11-96 PCA Review Process.	P&DD and CPC must review a proposal for consistency with <b>spirit, purpose, and intent</b> of the PCA District; PCA District regulations are designed to prevent deleterious effect on the public center (PC District) (§61-11-81).	PC District includes "areas used or to be used for governmental, recreational, and cultural purposes of particular or special civic importance" (§61-11-61). The signage proposed by the petitioner is commercial, not governmental, recreational, cultural, or civic.	Proposal is not consistent with the spirit and intent of the PCA District.

<p>§61-11-97(1) PCA District Review Criteria: Reflect applicable policies stated in the Detroit <b>Master Plan.</b></p>	<p>Master Plan Policy 301-3-(E) also restricts the size and placement of advertising signs around <b>People Mover Stations.</b></p>	<p>The proposed advertising sign would be located approximately seventy (70) feet from the Financial District People Mover station.</p>	<p>The proposed advertising sign undermines, rather than supports the adopted policy.</p>
<p>§61-11-97(1) PCA District Review Criteria: Reflect applicable policies stated in the Detroit <b>Master Plan.</b></p>	<p>Master Plan Policy 301-3-(F) addresses "Views and Vistas in the Central Business District" and calls for <b>view corridors</b> that focus on important buildings, statues, parks, and other esthetic features.</p>	<p>The West Larned view corridor includes the Sheraton (Pontchartrain), the Buhl, Penobscot, and Guardian Buildings, One Woodward Avenue, and 150 West Jefferson Building. Petitioner admits that the proposed 6,000 square foot sign would be so large that viewers will look whether they want to or not.</p>	<p>The proposed advertising sign runs counter to the adopted policy in that it would steal focus in the view corridor away from the important buildings in favor of off-premises displays and messages.</p>
<p>§61-11-97(15) <b>PCA</b> District Review Criteria.</p>	<p>Preservation/ enhancement of important <b>views and vistas.</b></p>	<p>Same sentiment as Master Plan Policy 301-3-(F).</p>	<p>The proposed advertising sign would decisively and intentionally alter, rather than preserve or enhance, one of the City's signifi- cant views and vistas.</p>
<p>§61-11-97(11) <b>PCA</b> District Review Criteria.</p>	<p>"Signage and graphics should be tastefully <b>designed</b> to be visually appealing and in character with surrounding development; they should provide needed information, direction, and orientation in a clear and concise manner."</p>	<p>Specific signage was not submitted for approval; advertising copy will change periodically as clients change. Off-premises advertising signs are not geared toward providing "needed information, direction, and orientation" as are wayfinding and directional signs — they are typically designed to sell products or services unrelated to the premises.</p>	<p>It is impossible to determine whether the eventual signage is tastefully designed or visually appealing or whether the signage is clear and concise.</p>

**RESTRICTIONS ON SIGN CONTENT**

Throughout the petitioner's printed materials, verbal presentations and motions, Iconic has emphasized the intentions of the sign company and Buhl Building management to only allow high quality, artistic, tasteful advertising to be displayed. Subsequent to the BZA decision, the petitioner has proposed a restrictive covenant relating to sign content.

While the City can reasonably restrict the **time, place, and manner** of signage, enforcing **content restrictions** is an utterly different matter that sign companies have litigated for decades on First Amendment grounds. Such a provision should be carefully reviewed by the Law Department and the Research and Analysis Division in light of what has proved to be a First Amendment stumbling block that the City has dealt with in the past.

**APPEARANCE AND ILLUMINATION**

This special district review by CPC and P&DD is unprecedented in that the City is being asked to determine the appropriateness of the exterior appearance of the western façade of the Larned-Griswold parking structure with no knowledge of what that façade will look like. The petitioner is unable to indicate what the exterior appearance will be; the only certainty is that the appearance will change from time to time. Staff infers that part of the City's wisdom in prohibiting advertising signs altogether in the PC and PCA Districts is that, by definition, these zoning districts merit close scrutiny for design and aesthetics but, by their nature, changeable-copy advertising signs defy long-term aesthetics assessments. In that light, the CPC and P&DD conclude that no amount of advertising signage would be appropriate at this location on land zoned PCA. Since no conclusive design has been submitted, the only predictable and approvable appearance that was submitted is the current beige, monochromatic, unfenestrated exterior surface of the parking structure which a new building will, hopefully, one day arise.

Lastly, the petitioner has indicated that the advertising sign would be illuminated, however, no depiction or plan is provided to detail the location, type, intensity, or focus of the illumination hardware.

**CONCLUSION**

The City Planning Commission and the Planning and Development Department respectfully submit that the application of Iconic Creative Media and Buhl LLC to replace a 6,000 square foot off-premises advertising sign on the Griswold-Larned parking structure at 525 Griswold Street fails to satisfy the special district review criteria of Sec. 61-11-97 of the Detroit Zoning Ordinance, is not consistent with the spirit and intent of the PCA

(Restricted Central Business) District, and conflicts with Policy #301-3(E) and Policy #301-3(F) of the Master Plan of the City of Detroit.

Further, Condition (o)(1) of the BZA zoning grant, which authorized the sign at the subject location invokes provisions of Chapter 3, Article VII of the 1984 Detroit City Code, which, among other things, prohibit parking structures from displaying signage in excess of two hundred (200) square feet in area. Aside from "special district review" and PCA District provisions, to approve more than that would be violative of the BZA zoning grant itself.

**RESOLUTION FOR DENIAL**

Sec. 61-3-187 of the Zoning Ordinance provides, "...the City Council shall approve, disapprove, or adjust said recommendation through adoption of a resolution." The appropriate resolution is attached for Council's consideration and action.

#### **Planning & Development Department** July 22, 2008

Honorable City Council:

Re: Tax exemption deeds; conveyances to local governments, including the Economic Development Corporation, or land bank fast track authorities for title clearance purposes.

For over thirty years, Section 131e of the General Property Tax Act, MCL 211.131e, has extended the redemption rights of a person whose property was forfeited to the state for unpaid taxes until after a hearing was conducted by the state department of treasury. These redemption hearings are sometimes called *Dow* hearings after the 1976 Michigan Supreme Court case first requiring them.

From time to time, the City of Detroit has received tax-reverted properties from the state for which no proof existed that the statutory redemption hearing had been conducted. This made the property unmarketable, and the only solution was to deed the property back to the state so that the hearing could be held. (Under the statute, only the state could conduct the hearing, and the state needed to have title to the property in order to issue the redemption deed in case the property was redeemed for the back taxes.)

In recognition of this recurring problem, your Honorable Body adopted a resolution on January 20, 1982 authorizing the

City to issue quit claim deeds as necessary to the State of Michigan Department of Natural Resources, the agency that held title to and deeded tax-reverted properties, "for any and all tax-reverted properties where such action is necessary to correct title problems . . ." That resolution has been very helpful in allowing the city to expeditiously clear title in a substantial number of cases where the redemption hearing had not been held.

However, in 2006, the legislature adopted Public Act 611 which amended MCL 211.131e to expand the agencies authorized to conduct redemption hearings. As amended, MCL 211.131e now provides that, in addition to the department of treasury, the redemption hearings may be conducted by a local unit of government, which includes a county, city, township, village, or economic development corporation, or by a state, county or city land bank fast track authority. Specifically, the act defines the agencies as follows:

(10) As used in this section:

(a) "Land bank fast track authority" means an authority formed under section 15 or 23 of the land bank fast track act, 2003 PA 258, MCL 124.765 and 124.773.

(b) "Local unit of government" means a county, city, village, or township and includes a department or agency of the county, city, village, or township. Local unit of government also includes an economic development corporation established under the economic development corporations act, 1974 PA 338, MCL 125.1601 to 125.1636.

In order to derive the benefits from the broader, more flexible redemption hearing procedure, we have concluded, in consultation with the Law Department, that it is necessary to have the ability (1) to convey title to tax-reverted properties to other local governments and land bank fast track authorities for title clearance purposes, and (2) to reconvey title by tax redemption deed to the original owner in cases where the city conducts the redemption hearing and the property is redeemed.

We therefore request your Honorable Body to adopt the attached resolution that would broaden the authority set forth in the January 20, 1982 resolution in accordance with the preceding paragraph.

A Waiver of Reconsideration is respectfully requested.

Respectfully submitted,  
DOUGLASS J. DIGGS

Director  
Planning & Development Department  
**PROPOSED RESOLUTION TO  
AUTHORIZE TAX REDEMPTION DEEDS**

The following outline from the Law Department briefly outlines the reasons for the requested resolution to authorize tax redemption deeds:

**The Problem:**

- Properties acquired through the for-

July 29

2066

2008

mer tax reversion process often have title defects stemming from inadequate notice or hearings that makes the title unmarketable.

**Source of the Problem:**

- The Michigan General Property Tax Act extends the redemption period for property deeded to the state under the former tax foreclosure procedure until after a show cause hearing is extended to owner of property interests in the foreclosed property.

- For various reasons, tax reverted property acquired the City of Detroit from the state often had defects in the hearings or notices conducted by the state, such that redemption rights continued to exist. This usually rendered title to such property unmarketable.

- Until amended in 2006, the show cause hearing could *only be conducted by the state department of treasury*. MCL 211.131e(1) The State needed to be able to reconvey title to the owner in case of redemption, so it required the city to deed the property back before it would conduct the hearing. Therefore, until 2006, the *only* way to resolve title defects caused by incomplete redemption hearings was to re-convey the property to the state so that it could conduct the redemption hearing.

**Initial Solutions to the Problem:**

- On January 20, 1982, City Council adopted a resolution authorizing the City to reconvey to the State of Michigan properties with title defects due to inadequate hearings so that the state could conduct proper hearings. The State cooperated for a long time, but in recent years began to resist conducting additional hearings due to inconvenience and expense.

- In 2006, the state legislature amended the General Property Tax Act to allow redemption hearings to be conducted by local governments and land banks, in addition to the treasury department.

**Current issues and need for tax redemption deed resolution:**

- The 1982 resolution only authorizes reconveyances to the State of Michigan. The **proposed resolution** expands the authorization to include conveyances to local governments, including the EDC, and land banks for the purpose of their conducting redemption hearings.

- The **proposed resolution** also allows the City to issue redemption deeds to owners who redeem in cases where the City conducts redemption hearings.

**RESOLUTION**

By Council Member Collins:

Whereas, The title defects created by the unreforeclosed redemption rights in tax-reverted properties continues to impair the City of Detroit's ability to market the tax reverted property, and makes it difficult if not impossible for buyers to obtain title insurance; and

Whereas, On January 20, 1982, the Detroit City Council adopted a resolution authorizing the city to issue deeds to the

state of Michigan Department of Natural Resources for any and all tax-reverted properties where such action was necessary to correct title problems arising from interested parties not being provided the notice of a redemption hearing by the state department of treasury as required by Section 131e of the General Property Tax Act, 1893 PA 206, being MCL 211.131e; and

Whereas, Section 131e of the General Property Tax Act, 1893 PA 206, being MCL 211.131e, was amended by 2006 PA 611 to allow the redemption hearings to be conducted by local units of government and land bank fast track authorities, as well as by the state department of treasury; and

Whereas, It is necessary for the agency conducting the redemption hearing to be able to issue a redemption deed to the owner in the event the property is redeemed;

Now, Therefore, Be It

Resolved, In accordance with the foregoing communication and recitals, as follows:

1. That the Director of the Planning & Development Department, or his authorized designee, is authorized to enter into agreements with, and/or issue quit claim deeds to, local governments and land bank fast track authorities, as those terms are defined in MCL 211.131e(10), for the purpose of conducting redemption hearings under MCL 211.131e.

2. That the Director of the Planning & Development Department, or his authorized designee, is authorized to issue tax redemption quit claim deeds for any property owned by the City of Detroit that is redeemed from tax foreclosure pursuant to MCL 211.131e.

3. That the Director of the Planning & Development Department, or his authorized designee, is authorized to accept reconveyance to the City of Detroit of any property conveyed to another local government or land bank fast track authority pursuant to paragraph 1, above, that is not redeemed after the hearing.

4. That, in accordance with City Code Section 14-8-10, the City Council deems it in the best interests of the City of Detroit for the City to convey tax-reverted parcels as set forth in this resolution without public advertisement or the taking of bids.

5. That the deeds and other documents referred to in this resolution shall be considered confirmed when executed by the Director of the Planning & Development Department or authorized designee, and approved as to form by the Corporation Counsel or authorized designee.

STATEMENT BY COUNCIL MEMBER  
KWAME KENYATTA REGARDING  
EFFORTS TO CREATE A DETROIT  
LAND BANK DEVOID OF CITY  
COUNCIL OVERSIGHT

Allow me to surmise what is being asked of us with the request for approval of the Land Bank Intergovernmental Agreement.

The first message that the Administration wants us to receive is "Be Afraid. Be Very Afraid." It is important that City Council remain afraid in order for the Administration to extract the right level of fear and trepidation as they present the purported urgency of this matter for consideration.

Once a majority of us have been considered suitably afraid of the economic consequences of not following the Mayor's orders, then we are given permission to pick up the baton and rush headlong into the approval of an agreement that effectively erases Council from any role except for a ceremonial one.

It is merely ceremonial when this Honorable Body is *allowed* to place land *into* the land bank with unenforceable conditions but not allowed to monitor and track the path of that land to ensure it is being handled with the best interests of the public in mind.

If the Land Bank Authority turns a blind eye to the misdeeds of a developer or some members are misguided into decision-making based on their personal gain, they are not obligated to any electorate. Access to documents that may shed light on these issues will not be as simple as going back to the clerk's office for the minutes.

The Administration claims that their main concern regarding bringing property that is put into the Land Bank back to Council for approval is the lack of a stated deadline for approval or disapproval.

However, even with a previously floated compromise that would have required Council to approve or disapprove the sale or purchase of land **within a set number of days**, the Administration has steadfastly refused to ensure Council's oversight as it has been provided for in the Charter since the first Common Council called its meeting to order.

Should not certain land sales where concerns crop up during the planning and development department's march to closing such as the Brodhead Armory be entitled to the due diligence that its mishandling cries out for?

Why is it that this Council, paid by the people and elected by the people, should consider the needs of the developer over the needs of the people we represent?

Most importantly, this Honorable Body is being asked to do something that the last six months should have taught all of us is not prudent. We are being asked to

put our full faith and trust in the idea that this proposal by the Administration is perfect on its merits.

I seem to recall other situations that you may recall when we were asked to trust the Administration such as:

- The Whistleblower Settlement
- The Synagro contract

Furthermore, I challenge my colleagues to pinpoint any time in history when this Mayor has ever identified a project, proposal, initiative etc. that did not need *his* Charter granted authority and where he saw fit to relinquish *his* authority?

Instead, there have been several occurrences where the Mayor has pursued a power grab without the authority to do so including:

- Detroit-Windsor Tunnel Authority

Result: A resolution passed by Council to rescind the Authority was dismissed as nonbinding

- 2008-2009 Budget

Result: A resolution passed by Council approving the budget was dismissed. And the Mayor illegally replaced some pieces of the budget with some of his own liking.

So why is it that we should remain in such a rush to seal this deal without the proper security measures? If the approval of the Land Bank Intergovernmental Agreement is truly as important to the Administration as they would have us to believe after over two years of lobbying on their part then it should be just as important to us that it is done right and with no regrets.

Hindsight is always 20/20. The past six months have given us the gift of *foresight*. Let us use it now and not voluntarily excise ourselves, the people's representatives, from the Charter-granted duties that we swore to uphold.

Therefore, I appeal to all my colleagues to reject any land bank agreement that invalidates the participation of Council before, during and after land has been deposited into the bank until its completed purchase by development agreement.

Finally, I would appeal to Member Collins who has placed this item back on the agenda for approval to table it until Council has completed its forfeiture proceedings on the Mayor and the court proceedings, which are pending on the Mayor have been resolved.

2008

Intergovernmental Agreement between the City of Detroit and the Michigan Land Bank Fast Tract Authority.

We urge your Honorable Body to adopt this resolution.

Respectfully submitted,  
DOUGLASS J. DIGGS  
Director

By Council Member Collins:

Whereas, It is estimated that the City of Detroit has more than 27,000 parcels of tax-reverted and vacant surplus properties in its inventory that are not being utilized in a productive manner to provide housing, commercial operations and jobs and that are a potential source of property tax revenue for the City of Detroit; and

Whereas, Residents of Detroit and others wishing to reside in Detroit could take advantage of all the benefits of home ownership including a greater sense of control over their destiny, an opportunity to increase their personal wealth through the ownership of a home over time and a greater stake in and commitment to their neighborhood; and

Whereas, Residents of Detroit and others wishing to invest in commercial property in Detroit can take advantage of all the benefits of owning and operating a small business which will provide residents a greater variety of goods and services and increase the general fund through the payment of property and income taxes; and

Whereas, The disposition of city-owned property reduces the cost of upkeep to the General Fund, reduces the risk of liability losses that impact the General Fund, and brings in needed tax revenue; and

Whereas, The disposition of city-owned vacant lots and shuttered structures eliminates the blighting influence of these properties on neighboring parcels which in turn reduces their property values and Detroit tax revenue; and

Whereas, The Detroit Land Bank Authority would primarily focus on the reduction of neighborhood blight by encouraging the revitalization and rebuilding of neighborhoods through rehabilitation, repair and development of affordable and market rate housing; and would also encourage the development of commercial, industrial, and recreational areas in the City of Detroit; and

Whereas, The redevelopment of these neighborhoods would create jobs for Detroiters; and

Whereas, Public Act 258 of 2003 (the Land Bank Fast Tract Act) allows for the discretionary creation of local land bank fast track authorities to assist municipalities such as the City of Detroit in assembling and clearing properties; and

Whereas, The Detroit Land Bank Authority would have any powers granted to it by the State of Michigan Land Bank Fast Tract Authority and would be encour-

aged to work with the State of Michigan Land Bank Authority and Wayne County when given the opportunity to do so; and

Whereas, The creation of a Detroit Land Bank Authority would have available to it many advantages and the necessary tools to accelerate redevelopment activity by decreasing the time it takes to clear title, acquire brownfield tax status, and process the disposition of property in a more timely manner; and

Whereas, The creation of a Detroit Land Bank Authority would in no way preclude the creation of a land trust, nor would a land trust preclude the creation of a land bank authority where each could be created as complementary tools to increase the supply of affordable housing, and the Detroit Land Bank Authority would be encouraged to explore a partnership with a nonprofit organization interested in creating a land trust; and

Whereas, The Intergovernmental Agreement specifically grants to the Detroit Land Bank Authority the power to implement policies and operate programs, including but not limited to a community land trust, to expand and stabilize the availability of long-term affordable housing; and

Whereas, The properties and income of the Detroit Land Bank Authority must be dedicated to essential public purposes and would be exempt from state or local taxation; and therefore the Detroit Land Bank Authority must give priority consideration to development proposals that contribute to the public good and sustainability of Detroit's neighborhoods; and

Whereas, The Detroit Land Bank Authority's development projects and proposals would be subject to the City of Detroit's master plan, consolidated plan, zoning, buildings and safety, other regulation of development activity; and must also be in agreement with other community-based plans; and

Whereas, The Detroit Land Bank Authority would be required to comport with the Open Meetings Act (P.A. 267 of 1976) thereby incorporating transparency, public involvement, and forums for public comment on all decisions and disposition actions; and

Whereas, The Detroit Land Bank Authority shall provide a comprehensive annual report to the Detroit City Council, including, but not limited to statistics regarding land dispositions and impacts on Detroit neighborhoods; and

Whereas, The Detroit Land Bank Authority Board of Directors shall consist of seven members, including two (2) *ex officio* members serving by virtue of their positions as heads of their respective agencies and five (5) appointed members as follows:

(a) The Director of the City Planning and Development Department, or his or her designee.

July 29

2008

(b) The Director of the City Planning Commission, or his or her designee.

(c) Two (2) individuals appointed by the Mayor.

(d) Two (2) individuals appointed by the City Council.

(e) One (1) individual appointed by the Mayor, with the advice and consent of the City Council.

At least five (5) of the seven (7) members of the Detroit Land Bank Authority Board of Directors shall be residents and registered electors of the City of Detroit.

Whereas, The Detroit Land Bank Authority will forward to the Council a copy of its Bylaws and its Policies and Procedures and the Detroit City Council can choose not to transfer any property to the Detroit Land Bank Authority unless the questions and concerns of the Detroit City Council have been addressed; and

Whereas, It is the intent of the Detroit City Council that the initial transfer of City-owned properties from the City to the Detroit Land Bank Authority in a pilot project shall total between 5,000 and 10,000 parcels and shall represent two or three different geographic areas and varying types of development potential in order to ensure an adequate inventory from which to evaluate the initial operations of the Detroit Land Bank Authority; and

Whereas, It is the expectation of the Detroit City Council that the Detroit Land Bank Authority will fund its operations from property sales and the limited tax revenue set aside as allowed by law while still providing opportunities for nonprofit organizations and others to acquire land at a reasonable cost so as to provide for affordable housing and economic development; and

Whereas, It is the intent of the Detroit City Council to revisit and review the operations of the Detroit Land Bank Authority after two years of operation to determine if the Detroit Land Bank Authority is operating in a manner that best serves the citizens of Detroit and the development interests of the City; and

Whereas, By their cooperative efforts, the Detroit City Council and the Mayor have the ability to further improve the viability and efficiency of the City's development projects and opportunities and believe that the creation of a Detroit Land Bank Authority is a vital step in encouraging the productive use of City-owned property; and

Whereas, This proposal for the creation of a Detroit Land Bank Authority has received an outpouring of community support from groups including MOSES, Community Development Advocates of Detroit, Detroit LISC, Detroit Renaissance, Community Legal Resources;

Now, Therefore, Be It Resolved, That the Detroit City Council supports the creation of a Detroit Land Bank Authority and approves the Intergovernmental Agreement

between the Michigan Land Bank Fast Track Authority, a Michigan public body corporate and politic, and the City of Detroit, a Michigan municipal corporation, creating the Detroit Land Bank Authority, a Michigan public body corporate, in substantially the form attached to this resolution; and be it further

Resolved, That the Mayor of the City of Detroit is authorized to execute the Intergovernmental Agreement on behalf of the City of Detroit; and be it further

Resolved, That the Mayor of the City of Detroit or his designee(s) are authorized to take such further action as may be necessary or convenient to effectuate this resolution.

**City Planning Commission**  
July 22, 2008

Honorable City Council:  
Re: Construction of steam generation

building for the Detroit Institute of Arts campus, located at 5200 Woodward on the southwest corner of John R and Kirby Streets (Recommend Approval).

On July 14, 2008, the staff of the City Planning Commission (CPC) received a building permit application to install a steam generation building on the Detroit Institute of Arts (DIA) campus, the proposed building being on the southwest corner of John R and Kirby Streets in an existing parking lot. The proposed building is fifty-two (52) by twenty-four (24) feet in size. The PC (Public Center District) zoning classification, in which the building is located, calls for City Council approval of the location and design of new structures following the review and recommendation of CPC (Section 61-11-76 of the Zoning Ordinance). Planning and Development Department and CPC staffs have reviewed the application and submit this report and recommendation.

**PROPOSED BUILDING**

The material of the building is alternating bands of burnished and rough-faced concrete block. The coloration of the block is similar to that of the DIA, a light color with a darker exposed aggregate. The building is proposed to be one story in height, with the roof-top metal panels being the same as those on the DIA façade. The appearance is shown on the attached renderings, with the modifications described below.

**REVIEW**

In accordance with the PC provisions of the Zoning Ordinance (Section 61-11-77) reviews of proposed buildings should be conducted in light of the following criteria:

(2) Scale, form, massing and density should be appropriate to the nature of the project and relate well to surrounding development;

(3) The proposed development should be compatible with surrounding development in terms of land use, general appearance and function and should not adversely affect the value of adjacent properties;

The proposed building generally meets these criteria.

The proposed site lies within a Traditional Main Street (TMS) Overlay Areas, the provisions of which are in the Zoning Ordinance (Sections 61-14-281 and following). The provisions as written were generally to improve the quality of retail and commercial uses. However, utility buildings such as this do not meet, and indeed cannot meet, by their design, all of the provisions. Also, major institutional uses such as on the DIA campus do not meet several of the provisions, such as the requirement that buildings be built to the lot line, and again, it is not desirable that they do so. In the rare cases where buildings are in both a TMS overlay and

July 29

2080

2008

undergo special district review, the mandated special district review and subsequent City Council review and consideration are to take into account the TMS requirements, but do not have to meet them, due to the other Zoning Ordinance-mandated considerations.

In reviewing the TMS requirements, the proposed building does not meet the following requirements:

- 61-14-282 (b)(1) The new building footprint shall be placed on the front lot line

- 61-14-286 (c)(1) A minimum of sixty percent (60%) of the street level façade along a major or secondary thoroughfare shall consist of openings for windows and doors.

- 61-14-288(b)(1) Buildings occupying corner lots shall be treated as buildings facing two (2) major or secondary thoroughfares, except where one of the streets is used primarily as a local street to residential areas;

- 61-14-288(b)(2) An active building entryway shall be located at the corner of the building;

- 61-14-288(b)(4) A recessed entryway shall be provided on the street level façade.

- 61-14-290(b)(3) Painted or unfinished concrete block, rough-textured concrete block, and splitface block are prohibited on any façade abutting a major or secondary thoroughfare.

- Sec. 61-14-294(a) For purposes of this subdivision, a blank wall is a wall without windows or doors. Blank walls are only permitted where abutting an alley or along a side lot line that does not abut a right-of-way or parking lot.

As can be seen, the TMS requirements are to give commercial buildings the appearance of traditional retail areas, with storefronts, parking in the rear, display windows, etc. A utility building need not address these provisions. A plain building such as this should not be placed at the corner of the lot or on the lot line, as there is no reason to call attention to it. In this case, doing so would break the line of trees along John R Avenue. However, to enhance it, the DIA has agreed to install landscaping to screen the building from pedestrian view. To reduce the visibility of the vents and doors on the building, the DIA has agreed to paint them to blend with the color of the masonry. To reduce the monotony of the screening "wall" for the stacks atop the building, the DIA has agreed to add detail along the lower half of it, similar to that along the top of the eastern wall of the DIA. Detail will also be added to the cap at the top of the walls of the building. To echo the joint pattern of the marble panels of the DIA, the joints of the block will be minimized, with the exception of those at the three foot interval horizontally and two foot vertical intervals. Additionally, vertical accents will be added at the middle of the east and west facades of the building and at the corners.

In a non-PC district, the Board of Zoning Appeals (BZA) would hear the request to not meet all the requirements of TMS. However, in a PC District, rather than the BZA, City Council has the authority to review and act on all requests.

#### CONCLUSION

CPC and Planning and Development Department (P&DD) staff have reviewed the proposed plans and find them to be in keeping with the spirit and intent of the PC zoning district. The final review of both the building and parking lot site plans and elevations will be conducted by P&DD and CPC staff prior to the issuance of building permits. However, the Buildings and Safety Engineering Department cannot approve and CPC staff cannot sign-off on the plans for the building until the Traditional Main Street issues are resolved.

#### RECOMMENDATION

CPC staff has completed its review of the proposed steam generation facility, as has the P&DD staff. We find that the proposed building would be in keeping with the spirit and intent of the PC zoning district and also meets the spirit of the Traditional Main Street overlay area, though it does not meet several provisions not originally intended for buildings of this type. At the request of PDD and CPC staff, the DIA has agreed to make several modifications to the proposed building to better fit with the area. Therefore, CPC staff recommends approval of the location and design of the proposed building. Please find attached the appropriate resolution to effectuate this recommendation.

Whereas, The PC zoning district classification requires that the location and design of proposed buildings within a PC district be approved by resolution of the City Council following the receipt of a written report and recommendation from the City Planning Commission and the Planning and Development Department; and

Whereas, Both the Planning and Development Department and the staff of the City Planning Commission have reviewed the proposal in order to ensure that the proposed building is in keeping

with the spirit, purpose and intent of the PC zoning district classification and the Traditional Main Street Overlay Areas provisions; and

Whereas, Sections 61-14-282(b)(1), 61-14-286 (c)(1), 61-14-288(b)(1), 61-14-288(b)(2), 61-14-288(b)(4), and 61-14-290(b)(3) of the Zoning Ordinance contain requirements of the Traditional Main Street Overlay Area that the proposed building does not meet; and

Whereas, In a PC District the Board of Zoning Appeals has no jurisdiction to hear dimensional or appearance variances, as would normally be the process to follow in similar cases; and

Whereas, City Planning Commission staff finds the proposed building, despite not meeting these specific requirements is, in this case, appropriate and sufficient for the development and in the best interest of the City;

Now, Therefore, Be It Resolved, That the Detroit City Council approves the location and design of the proposed steam generation building for the building located at 5200 Woodward Avenue, located on the southwest corner of John R and Kirby Streets, described in the foregoing communication from the City Planning Commission staff dated July 22, 2008 and as depicted in the drawing prepared by NOVA Consultants Inc. and dated June 24, 2008, with the following conditions:

1. That trim similar to that at the top of the eastern wall of the Detroit Institute of Arts be added at the base of the screening wall on the roof of the proposed building;
2. That the vents and doors on the building be painted to blend with the masonry;
3. That an enlarged eave cap be added to embellish the roof line;
4. That additional detail be added to the eave cap;
5. That additional landscaping be added around the proposed building;
6. That the module of the marble panel size of the DIA exterior be replicated in the masonry of the proposed building;
7. That vertical elements be added at the midpoint of the east and west facades and the corners of the proposed building.

#### City Planning Commission

July 21, 2008

Honorable City Council:

Re: Installation of building signs on the Guardian Building, located at 500 Griswold, for Bank of America. (Recommend Approval).

On July 21, 2008, the staff of the City

Planning Commission (CPC) received the revised sign permit application for two (2) signs to replace the LaSalle Bank signs at the northwest and southeast corner of the Guardian Building with Bank of America signs. The PCA (Restricted Central Business District) zoning classification, in which the building is located, calls for City Council approval of the location and design of proposed signs following the review and recommendation of CPC (Section 61-11-81 of the Zoning Ordinance). Planning and Development Department and CPC staffs have reviewed the application and submit this report and recommendation.

#### PROPOSED SIGN

The material of the proposed on-premises business signs is aluminum, with acrylic letters. The face of the sign will be red with blue letters. The proposed signs are the same size as the existing signs: 7'8" x 4'4-5/8". Originally flag-style projecting signs were proposed, sticking out perpendicularly from the building 7'8", but these were revised at staff's request. The signs would be internally illuminated.

#### REVIEW

In accordance with the PCA provisions of the Zoning Ordinance, reviews of proposed signs should be conducted in light of the following criterion, "signage and graphics should be tastefully designed to be visually appealing and in character with surrounding development; they should provide needed information, direction and orientation in a clear and concise manner." The proposed sign meets this criterion and would be identical in size to the existing signs.

CPC staff is sensitive to the appearance of signs in the PC (Public Center) and PCA zoning districts, as these districts comprise areas that are part of, or adjacent to, the major public buildings and visited by hundreds of thousands of people yearly. External signs are a key part in establishing the character of the City's unique districts and communities. While some signs are appropriate and address both their surroundings and the immediate setting, care must be taken in examining each proposal.

#### RECOMMENDATION

CPC staff has completed its review of the proposed sign, as has the P&DD staff. We find that the proposed on-premises business signs would be in keeping with the spirit and intent of the PCA zoning district. Therefore, CPC staff recommends approval of the location and design of the proposed signs. Please find attached the appropriate resolution to effectuate this recommendation.

Re: Petition #2451 — Oslo Restaurant request for Outdoor Café Service at 1456 Woodward.

The above named petitioner has requested permission for an Outdoor Café Service. This service will convene after the date of the City Council approval through November 30, 2008.

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroachment on City right-of-ways has approved this petition provided that the owner/petitioner remit the annual use-permit fee (at a cost of \$457.00) to City Engineering Permit Section. The approval is also contingent upon following the "Outdoor Café Guidelines" as supported by the City Council and guided by Chapter 58, Section 50-2-8.1 of the City Code.

The Department of Health and Wellness Promotion has approved this petition, subject to petitioners strict adherence to the 1999 Food Code, Food Law of 2000 and the City Ordinance, Chapter 21.

The signature of consent from the Police Central District does not cover serving alcohol within the designated Outdoor Café area until the DPD Liquor License Bureau has given approval.

The Planning and Development

Department (P&DD) is not aware of any objections from any other city agencies involved. It is the recommendation of the P&DD that the petitioner's request be granted subject to the terms and conditions provided in the attached Resolution.

Re: Address: 9070 Vaughan. Name:  
Gregory R. MacKay-Trott & Trott.  
Date ordered removed: July 25, 2007  
(J.C.C. pg. 2146).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on May 15, 2008 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of May 9, 2008.

The proposed use of the property is rehabilitation and sale. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.

2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

#### Mayor's Office

July 28, 2008

Honorable City Council:

Re: Proposed Resolution to Rescind Adoption of Articles of Incorporation for Detroit Tunnel Authority.

In accordance with Section 4-119 of the 1997 Detroit City Charter, the City Clerk has forwarded to me for my approval or veto proposed "Resolution to Rescind Adoption of Articles of Incorporation for Detroit Tunnel Authority" (herein after referred to as "Council's Resolution") that was adopted by your Honorable Body on July 17, 2008.

For the reasons stated below, I hereby veto this proposed resolution

Section 5 of the Michigan Public Transportation Act ("the Act"), being MCL 124.455, provides:

**Articles of incorporation; endorsement as evidence of adoption; publication; filing; operative public authority; effective date of articles; validity of incorporation conclusively presumed; exception.**

(1) The adoption of articles of incorporation under this act shall be evidenced by an endorsement on the articles of incorporation by the clerk of each respective political subdivision or by the recording

July 29

2107

2008

officer of the incorporating authority under section 3 in a form substantially as follows:

The foregoing articles of incorporation were adopted by an affirmative vote of a majority of the members serving on the governing or legislative body of \_\_\_\_\_, \_\_\_\_\_ at a meeting duly held on the \_\_\_\_\_ day of \_\_\_\_\_, A.D., 19\_\_\_\_.

(2) The articles of incorporation shall be published by the person or persons designated in the articles at least once in a newspaper designated in the articles and circulated within the area proposed to be served by the public authority. One printed copy of the articles of incorporation shall be filed with the secretary of state, the clerk of each county to be served by the public authority, and the director of the state transportation department by the person designated to do so by the articles. The public authority shall become operative and the articles of incorporation effective at the time provided in the articles of incorporation. The validity of the incorporation shall be conclusively presumed unless questioned in a court of competent jurisdiction with 60 days after the publication of the articles of incorporation. (Emphasis added.)

City Council records show that, on June 30, 2008, your Honorable Body initially failed to approve a resolution to incorporate the Detroit Tunnel Authority. In addition, City Council records shown that, on July 1, 2008, your Honorable Body reconsidered its decision and approved a resolution for incorporation of the Detroit Tunnel Authority. On July 1, 2008, the City Clerk provided the endorsement of the Articles of Incorporation as required by Section 5(1) of the Act, being MCL 124.455(1).

As indicated above, Council's Rescission Resolution was adopted by your Honorable Body on July 17, 2008. Records of the City Clerk indicate that the Articles of Incorporation were received at the Michigan Secretary of State's Office on July 18, 2008. In accordance with Section 4-119 of the 1997 Detroit City Charter, Council's Rescission Resolution is not yet effective.

In this instance, Section 5 of the Act, being MCL 124.455, controls. The action required by Section 5(1) of the Act, being MCL 124.455(1), was taken, therefore, in accordance with Section 5(2) of the Act, being MCL 124.455(2), the validity of the incorporation of the Detroit Tunnel Authority is conclusively resumed "unless questioned in a court of competent jurisdiction within 60 days after the publication of the articles of incorporation."

My Administration has worked tirelessly with our Canadian friends from Windsor to make the tunnel deal a reality. We are continuously working to develop a deal that will be acceptable to your Honorable Body as well as meet the City's fiscal

needs. Section 5(2) of the Act, being MCL 124.455(2), precludes your Honorable Body from undoing its July 1, 2008 Resolution, which, if legally permissible, would have left my Administration with no choice but to drastically eliminate services and to begin the process of implementing salary reductions and layoffs.

The City of Detroit is at the cusp of financial stability. My Administration continues to make difficult decisions to eliminate the City's structural deficit and the Detroit-Windsor Tunnel Transaction will accomplish this effort.

For all of these reasons, I must veto this proposed resolution.

Sincerely,  
KWAME M. KILPATRICK  
Mayor

Re: Resolution to Require Clearances for Contracts or Purchase Orders that Exceed \$25,000.

Attached is the resolution requested by the City Council to indicate that Human Rights and Tax clearances will not be required for City Council to approve con-

tracts or purchase orders less than \$25,000.

This resolution addresses the City Council procedures for your consideration of the Purchasing Division's requests to approve contracts or purchase orders. The resolution does not address the requirements, set forth in the City Code, for all contractors to meet Human Rights and Tax provisions. The City Code sections are attached to this resolution.

The City Code provisions that require all contractors to comply with Human Rights provisions and the provision that no bid can be accepted from vendors which are in arrears to the City. These provisions are required of all contractors and are not affected by the threshold placed on contracts for approval of the City Council.

Respectfully submitted,

Director

By Council Member Watson:

Whereas, Contracts for goods and services over the value of \$5,000 require approval of the City Council, according to the Detroit City Code Section 18-5-5 as amended by an Ordinance adopted by the City Council on July 29, 2008, and

Resolved, Contracts or purchase orders, less the \$25,000, will not be required to include the clearances from Human Rights or Tax Divisions, for review and consideration of the City Council; This does not exempt any contractor, with the City, from requirements to comply with City Code provisions regarding Human Rights or Tax Divisions, and Be It Further

Resolved, Personal service contracts will continue to be exempt from requirements to obtain a clearance from the Human Rights Department, and Be It Finally

#### City Planning Commission

July 24, 2008

Honorable City Council:

Re: Proposed Zoning Ordinance Text Amendment Required by Recent Amendments of the Michigan Zoning Enabling Act (MZEA) (RECOMMEND APPROVAL).

Attached, please find a copy of a 29-page Zoning Ordinance text amendment, approved as to form by the Law Department. The City Planning Commission (CPC) held the statutory public hearing for this ordinance on May 15, 2008 and voted to recommend approval of the ordinance at its meeting of June 5, 2008.

Adoption of this ordinance is necessary to bring Detroit's Zoning ordinance into compliance with new provisions of the Michigan Zoning Enabling Act (MZEA), signed into law by the governor on February 29, 2008. Other revisions of a largely non-substantive nature are also included.

#### Scope of the Proposed Ordinance

The proposed ordinance contains several provisions intended to bring Detroit's Zoning Ordinance into compliance with the MZEA amendments (P.A. 12 of 2008). These provisions are related to:

- Board of Zoning Appeals membership; grounds for removal; conflict of interest (*Pg. 2, §61-2-42*);
- Board of Zoning Appeals supermajority voting matters (*Pg. 3, §61-2-56*);
- Timing of appeals of Board of Zoning Appeals decisions to circuit court (*Pg. 3, §61-2-59*);
- Changes in public notice requirements for zoning map amendments (*Pg. 7, §61-3-10*);
- Changes in the effective date of zoning ordinance amendments (*Pg. 8, §61-3-54; Pg. 9, §61-3-75*).

Twenty-five other sections of the Zoning Ordinance contained inaccurate or obsolete cross-references and internal references, inconsistencies within the Zoning Ordinance or with other chapters of the City Code or with the Charter, or scrivener's errors. Many of these other items were brought to staff's attention by William Carroll, the attorney for the Municipal Code Corporation, or Municode. Municode is preparing to republish the Detroit City Code, including

the Zoning Ordinance. As part of Municode's contract with the City, all code provisions are reviewed to ensure that they are accurate and up to date. Of the 77 comments offered by Municode, CPC staff identified 24 different sections of the Zoning Ordinance where it would be appropriate and timely to amend existing provisions.

Incorporation of these changes will allow for the first publishing of the Detroit Zoning Ordinance by Municode in many years.

#### Results of the Public Hearing

At the 15 May 2008 public hearing on this matter, questions and points over administration and enforcement of the Zoning Ordinance were raised by one member of the public; however, no specific endorsements of the text amendment or suggestions for revision were offered.

#### Recommendation

The CPC respectfully requests that the Planning and Economic Development standing committee refer the ordinance to the formal agenda of July 29, 2008 for introduction and scheduling of a public hearing. Your Honorable Body may also wish to schedule an inter-departmental discussion of this ordinance involving the CPC, Board of Zoning Appeals, Law Department, City Clerk, and Buildings and Safety Engineering Department for a date prior to the public hearing.

#### City Planning Commission

July 29, 2008

Honorable City Council:

Re: Inconsistency of the HUD Consolidated Plan, 2008-2009 Action Plan prepared by the Planning and Development Department and the Budget as printed by the Budget Department with the adopted 2008-2009 City Budget with (Status Report and Recommendation).

As this Honorable Body is well aware last Tuesday, July 22, 2008 you voted unanimously to reject the Consolidated Plan, 2008-2009 Action Plan as submitted by the Planning and Development Department (P&DD). The next day the Planning and Economic Development Standing Committee requested that the administration revise the Budget and the Action Plan to properly reflect the 2008-2009 Budget as adopted by this Honorable Body. City Planning Commission (CPC) staff presents the following report as an update on the status of the 2008-2009 Action Plan.

In our most recent report on this matter dated July 21, 2008 CPC staff provided your Honorable Body with the outcomes from our July 16th meeting with the Director of Community Planning and Development, Jeanette Harris, and Marguerite Sykes of the U.S. Department of Housing and Urban Development (HUD). In that report we indicated that a resolution authorizing the submission of the 2008-2009 Action Plan cover page/signature page along with HUD Standard Form 424 (SF-424) documents for each grant program (CDBG, ESG, HOPWA, and HOME) would be an acceptable substitute for the full Action Plan and would

secure the funds presently at risk and provide additional time for the City to resolve its differences in this regard. We also indicated that a letter to this effect was forthcoming from HUD.

On Wednesday, July 23rd we inquired of HUD as to the status of the letter. Ms. Harris who was in Washington DC at the time, indicated that the letter should be ready by the end of that week.

On Friday July 25th CPC staff met with Director Diggs, Deputy Director Winters and Ms. Tucker of the Planning and Development Department (P&DD) in an effort to ascertain where the department stood on this matter and to advance HUD's suggestion for a substitute submission in order to secure the funds. It was agreed that HUD's suggested approach would be pursued and that this matter could be addressed during the July 28th adjourned session of the Planning and Economic Development (PED) Standing Committee. It was also CPC's understanding that the P&DD would prepare some sort of submission to your Honorable Body in order to initiate this approach.

During the Committee meeting P&DD indicated to CPC staff that while they were ready to proceed they had not prepared any report or resolution for Council to consider. It appeared that CPC staff would have to prepare a resolution for your consideration. The matter was taken up by the Committee toward the end of the meeting resulting, essentially, in a motion to pursue HUD's suggested approach and to forward the matter to the Formal Session.

Immediately following the Committee meeting CPC staff began to identify and pull together what would be needed for the full Council. P&DD agreed to provide and later delivered to CPC a copy of the completed SF-424 (on file in the Clerk's office). CPC staff then contacted HUD with some procedural questions and to ascertain the status of the aforementioned letter. At this time we learned that the delayed receipt of the letter was due to several redrafts resulting from the fact that the entire 2008-2009 Action Plan, signed by the Mayor on July 17th, had been submitted to the HUD without your authorization on July 18th. P&DD reports that only the narrative was submitted.

CPC staff informed Ms. Harris that we were not aware of this submission and that Council had rejected the 2008-2009 Action Plan as submitted. She indicated that HUD would not process the Action Plan submitted by the P&DD, but that it would be enough to secure the funds even if Council did not authorize it. Ms. Harris also indicated that she would attempt to have the revised letter ready for circulation today for the edification of all concerned.

**RECOMMENDATION**

In light of the above report CPC staff recommends the following course of action: 1) Council should object to the unauthorized submission of the 2008-2009 Action Plan to HUD and indicate its authorization for submission of the cover page/signature page and HUD Standard Form 424 only; 2) Council should also reiterate its request that the P&DD revise the Action Plan to properly reflect the adopted City Budget; and 3) that a copy of this report, the attached resolution effectuating these recommendations and a copy of the record of Council's July 22, 2008 rejection of the Action Plan be forwarded to HUD.

CPC staff will continue to monitor the situation and fully advise your Honorable Body on this and any other related matters.

Re: Proliferation of Adult Foster Care (AFC) and other "Group Homes" in the area of West Grand Blvd. between the Lodge and Jeffries Freeways.

Per the request of the Neighborhood and Community Services Standing Committee, staff has prepared a resolution for a vote by the Committee of the Whole at today's Formal Session.

Staff met on Friday with all parties involved, and drafted a resolution that if adopted by the Administration, and to the extent possible supported by the State, will significantly impact the proliferation of AFC's and other "Group Homes" in the affected area.

We are available to answer any questions regarding this matter.

Whereas, The Detroit City Council is concerned with the over-concentration of Adult Foster Care Homes (AFCHs) particularly in Zip Codes 48202, 48206, and 48208 abutting West Grand Boulevard in the City of Detroit; and

Whereas, A number of citizens and organizations have brought forward concerns about the negative impact of some of these homes on the surrounding neighborhood, institutions, and commercial district; and

Whereas, It is reported that some residents of these homes are inadequately fed and supervised, which causes serious problems for the residents of these homes as well for the neighborhoods they are located in; and

Whereas, Residents have concerns regarding property values, crime, and quality-of-life issues for both residents of the AFCHs and their neighbors; and

Whereas, All parties concerned, including the State Department of Human Services (DHS), City Council, operators of AFCHs and neighborhood organizations need time to develop strategies to deal with the issues identified; Now, Therefore Be It

Resolved, That the Detroit City Council strongly urges the State Department of Human Services do everything within its powers to support a moratorium on the licensing of new Adult Foster Care Homes in the 48202, 48206, and 48208 Zip Codes of Detroit; and Be It Further

Resolved, That Detroit City Council urges the Mayor to impose a 90-day moratorium on new adult foster care homes (for seven or more persons), rooming houses, domestic violence shelters, emergency shelters, pre-release adjustment centers, and residential substance abuse service facilities in Zip Codes 48202, 48206, and 48208; and Be It Further

Resolved, That Detroit City Council urges the Building and Safety Engineering Department to inspect all "group homes," reported or on record and under City jurisdiction, in Zip Codes 48202, 48206, and 48208 to determine the legality of their operation, and to take enforcement action where appropriate; and Be It Finally

Resolved, That Detroit City Council directs the City Planning Commission Staff to seek ways to amend Zoning Ordinance, as may be found appropriate during a moratorium or study period, to more effectively address the spacing and over-concentration of "group homes" in communities throughout the city.

**City of Detroit  
Brownfield Redevelopment Authority**

July 7, 2008

Honorable City Council:

Re: Blighted Property Status Pursuant to Act 381.

The Detroit Brownfield Redevelopment Authority (the "DBRA") is enclosing, for City Council review and approval, a Resolution (Exhibit A), which will delegate authority to determine blighted property status pursuant to 381 PA 1996, as amended ("Act 381"), to the City of Detroit Planning and Development Department.

Prior to December 27, 2007, Section 2(e) of Act 381 defined blighted as property that met any of the following criteria:

a. Has been declared a public nuisance in accordance with a local housing, building, plumbing, fire, or other related code or ordinance.

b. Is an attractive nuisance to children because of physical condition, use, or occupancy.

c. Is a fire hazard or is otherwise dangerous to the safety of persons or property.

d. Has had the utilities, plumbing, heating, or sewerage permanently disconnected, destroyed, removed, or rendered ineffective so that the property is unfit for its intended use.

e. Is tax reverted property owned by a qualified local governmental unit, by a county, or by this state. The sale, lease, or transfer of tax reverted property by a qualified local governmental unit, county, or this state after the property's inclusion in a brownfield plan shall not result in the loss of the property of the status as blighted property for purposes of this act.

f. Is property owned or under control of a land bank fast track authority under the land bank fast track act, whether or not located within a qualified local governmental unit. Property included within a brownfield plan prior to the date it meets the requirements of this subdivision to be eligible property shall be considered to become eligible property as of the date the property is determined to have been or becomes qualified as, or is combined with, other eligible property. The sale, lease, or transfer of the property by a land bank fast track authority after the property's inclusion in a brownfield plan shall not result in the loss to the property of the status of blighted property for the purpose of this act.

Amendments to Act 381, approved on December 27, 2007, have subsequently included the following language in Section 2(e):

"Blighted" means property that meets any of the following criteria as *determined by the governing body*.

In order to expedite the approval process of DBRA redevelopment plans, the DBRA is respectfully requesting that City Council adopt the enclosed

Resolution (Exhibit A), which will delegate authority to determine blighted property status pursuant to Act 381 to the City of Detroit Planning and Development Department. This delegation of authority will not affect City Council's ability to have final determination of blighted property status, as all subsequent resolutions approving blighted DBRA redevelopment plans will include language determining blighted status.

July 28, 2008

Honorable City Council:

Re: Implementation of Wage Adjustments and Certain Fringe Benefit Changes for Employees Represented by UAW, Local 306 — Police Commission Civilian Investigators.

By letter dated July 21, 2008, UAW, Local 306 — Police Commission Civilian Investigators notified the Labor Relations Division that this newly formed union had voted and unanimously ratified the tentative labor agreement recently reached between the parties. The term of this agreement is from July 1, 2005 through June 30, 2008. Given the extensive time it will take to type, obtain the numerous "original" signatures, and otherwise process the entire contract, it would cause an unreasonably long delay to withhold implementation until the formal contract has been prepared and presented to your Honorable Body for approval.

As this is this Union's initial collective bargaining agreement with the City, they have already received the City's proposed wage concessions while still non-union employees and are currently under the City's Alternative Health Care Plan. Therefore, in accordance with standard City procedure, this Office is recommending that your Honorable Body pass a resolution amending the 2007-08 Official Compensation Schedule by granting a 4% general wage increase for the subject represented employees, effective June 30, 2008 at 11:59 P.M. We are further requesting authorization to implement the

following fringe benefit changes as set forth in the attached Schedule A.

We further respectfully request that your Honorable Body adopt the following resolution with a Waiver of Reconsideration.

Respectfully submitted,  
BARBARA WISE-JOHNSON

By Council Member Jones:

Resolved, That the 2007-2008 Official Compensation Schedule and employee wages be amended according to the foregoing letter and be it further

Resolved, That employees in the UAW Local 306, Police Commission Civilian Investigators bargaining units shall receive fringe benefit improvements as recommended in accordance with the Schedules on file with the City Clerk, and be it further

Resolved, That the Finance Director is hereby authorized to honor payrolls and vouchers in accordance with this resolution and letter.

#### Planning & Development Department

July 15, 2008

Honorable City Council:

Re: Public Hearing on the Establishment of "Homestead" Neighborhood Enterprise Zones as in Accordance with Public Act 147 of 1992 as amended in 2005.

The Planning and Development Department and the Assessor's Division of the Finance Department have reviewed the recently approved legislation; Senate Bill No. 530 of Public Act 147 of 1992 as amended at the Regular Session of 2005; generally referred to as the "Homestead" facilities provision, and find that the implementation of the "Homestead Facility" provision would provide wanted taxation uniformity and would be consistent with the City's neighborhood preservation, of the

Master Plan and development goals.

The "homestead" facilities provision of the Public Act 147 of 1992 as amended in 2005 states that a local governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones, not to exceed 10% of the total acreage of a city but could be increased to 15% with approval of the county. Prior to acting upon a resolution establishing a NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an *ad valorem* tax within the proposed NEZ, said notice to be made not less than 60 days prior your Honorable Body's passage of a resolution designating an NEZ.

The attached maps illustrates the boundaries of the proposed seven (7) "Homestead" Neighborhood Enterprise Zone (NEZ) communities currently requiring your Honorable Body's approval as a means of establishing wanted taxation uniformity.

We request that a Public Hearing be scheduled on the issue of establishing these communities as NEZs, consistent with the provision provided by the NEZ Act of 1992 as amended in 2005. Attached for your consideration, please find a resolution establishing a date and time for the public hearing, together with the aforesaid maps of the proposed NEZ.

Respectfully submitted,  
DOUGLASS J. DIGGS

Director

By Council Member Collins:

Whereas, Pursuant to Public Act No. 147 of the Public Acts of 1992 ("the Act") this City Council has the authority to establish "Neighborhood Enterprise Zones (NEZs)" within the boundaries of the City of Detroit; and

Whereas, The requested establishment of the "Homestead Facilities" NEZs whose boundaries are particularly as illustrated in the map attached hereto; and

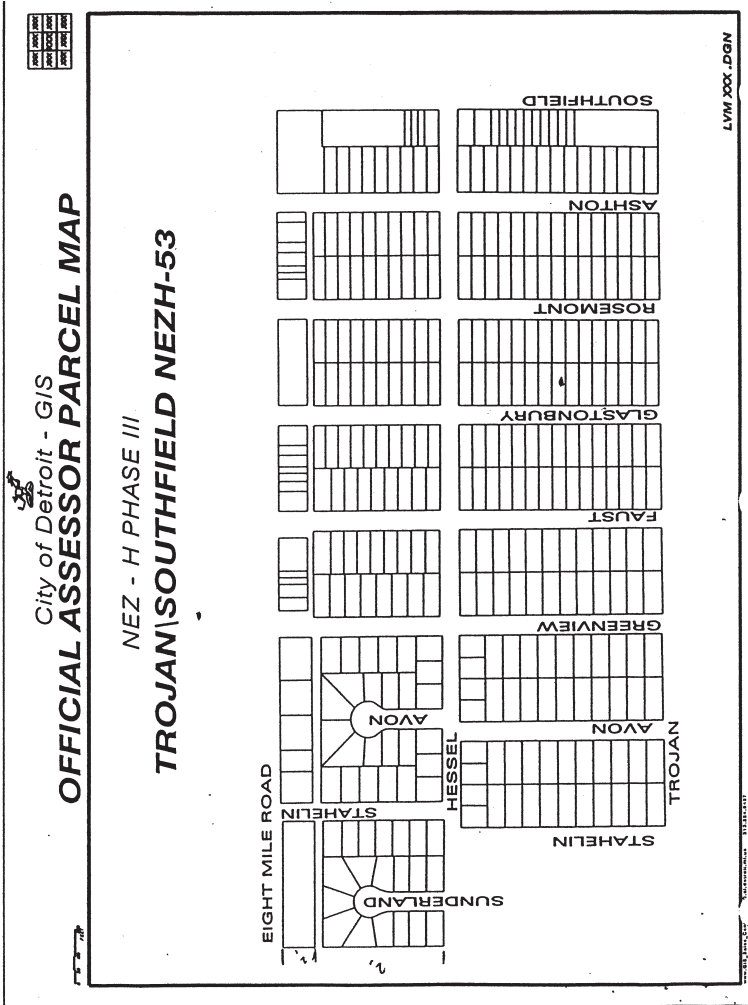

Whereas, The Act requires that, prior to establishing an NEZ, the City Council shall provide an opportunity for a Public Hearing on such establishment, at which Public Hearing representatives of any taxing authority levying *ad valorem* taxes within the City, or any other resident or taxpayer of the City of Detroit may appear and be heard on the matter;

Now Therefore Be It

Resolved, That on the 8TH DAY OF AUGUST, 2008 AT 12:00 NOON in the City Council Committee Room, 13th floor, Coleman A. Young Municipal Center, a Public Hearing be held on the above described application for establishment of an NEZ within the boundaries described in Exhibit A (legal description) and illustrated in the map attached hereto; and be it finally

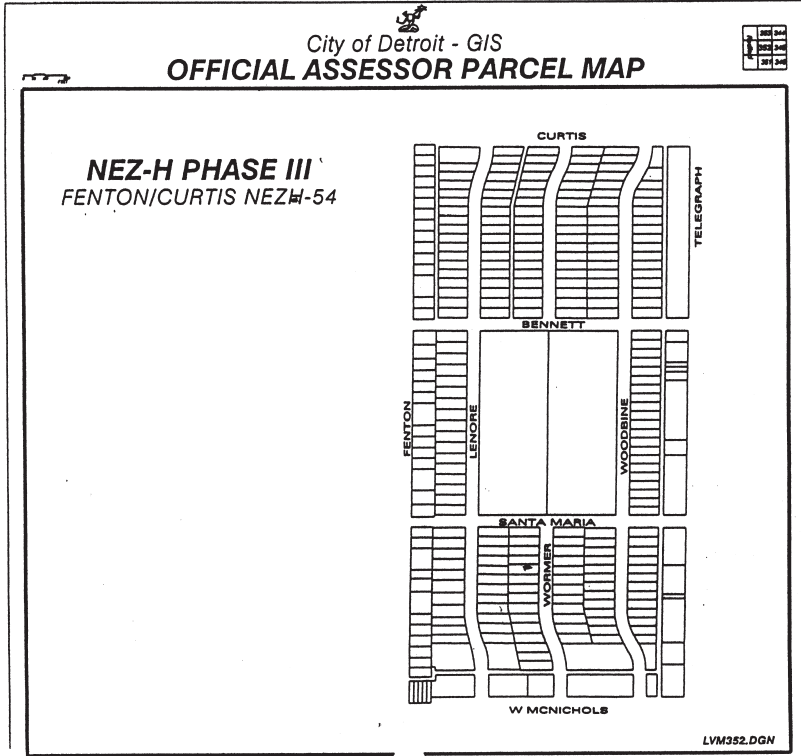

Resolved, That the City Clerk shall give notice of the Public Hearing to the general public and shall give written notice of the Public Hearing by certified mail to all

the taxing authorities levying an *ad valorem* tax within the City of Detroit, such notices to be provided no earlier than sixty (60) days prior to the public hearing.

Honorable City Council:

Re: Request to extend adjacent vacant lot program.

The Planning and Development Department has been selling adjacent residential vacant lots through the "Adjacent Vacant Lot Sales Program" for the last two years as part of Mayor Kilpatrick's "Next Detroit Illegal Dumping Initiative". Since the program's inception, the department has successfully sold 392 residential vacant lots to adjacent homeowners. Additionally, our records indicate that the program expired on June 30, 2008.

Since the program has been successful, the department would like to request an extension through the 2008-2009 fiscal year. The same guidelines to purchase

adjacent residential vacant lots remains as follows:

Eligible property must fall within the following guidelines:

- City-Owned residential lots that are not located in any designated project areas
- Lots adjacent to residential structures
- Lots will be sold on a "Cash As-Is" basis

• Sales price of each vacant lot is \$200.00 with the lot size not to exceed 45 feet front footage

Eligible guidelines for purchaser are as follows:

- Purchasers will be required to provide proof of paid property taxes and proof of adjacent ownership
- Purchaser(s) to landscape and maintain the vacant lots to enhance the adjacent property
- Split lot sale will occur in the event two adjacent owners are interested in the same lot (\$100.00 per each half-lot)

We have continued to make improvements in the process by merging all of our Real Estate operations into one unit. The Department is utilizing low-cost marketing campaigns to increase the visibility of this opportunity for Detroit homeowners to buy and beautify their adjacent vacant lots in our neighborhoods.

We, therefore, request your Honorable Body's approval to authorize the Planning and Development Department Director or his authorized designee to issue Quit Claim Deeds to the purchaser(s), accept the Offer(s) to Purchase for the sale of adjacent residential vacant lots for the sales price of \$200.00 per lot, with the lot size not to exceed 45 feet front footage of each vacant lot on a "Cash-As Is" basis plus the deed recording fee and in accordance with the conditions set forth in the Offer to Purchase, with the Deed to include an attachment clause.

June 10, 2008

Honorable City Council:

The Department of Public Works had been operating 4 bulk drop-offs within the city prior to the end of monthly bulk collection. The sites are located at:

- 8221 W. Davison
- 12255 Southfield Service Drive
- 5840 Anthon
- 19715 John R

These sites have, and will continued to operate as Type B Transfer Facilities as

defined in the Wayne County Solid Waste Management Plan (WCSWMP). Type B Transfer stations generally receive domestic solid waste from vehicles unloaded by hand and receive less than 200 cubic yards per day. While these sites are no substitute for curbside collection, they do provide the residents of the City of Detroit with a readily available alternative for bulky items and yard waste disposal. These sites currently augment our existing quarterly bulk collection and provide our residents with the opportunity to dispose of their bulky items and yard waste 52 weeks per year. Our collection sites not only offer convenience to the residents, but they assist the Department of Public Works by reducing the amount of illegal dumping that occurs within the City. During the current fiscal year (July 1, 2007 to present) more than 21,762.33 tons of debris have been collected at our disposal sites.

July 29

2162

2008

In an effort to bring our bulk drop-off sites into alignment with the Wayne County Department of Environmental Quality standards and be included in the WCSWMP, the Department of Public Works will be submitting an Inclusion Application to the Wayne County Department of Environment (DOE).

Having our sites included in the WCSWMP will further aid the County in its goals of improving the environmental living conditions for all residents of Wayne County.

We are requesting that your Honorable Body endorse our effort to become part of the Wayne County Solid Waste Management Plan, and thus resolve to support our application to the Wayne County Solid Waste Facility Inclusion Committee.

Honorable City Council:

Re: Petition No. 2657 — Lola's request for Outdoor Café Permit for 1427 Randolph in Paradise Valley.

The above named petitioner has requested permission for a Outdoor Café Service. This service will convene from April 1 through November 30, 2008.

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroachment on City right-of-ways has approved this petition provided that the owner/petitioner remit the annual use-permit fee (at the cost of \$457.00) to City Engineering Permit Section. The approval is also contingent upon following the "Outdoor Café Guidelines" as supported by the City Council and guided by Chapter 58, Section 50-2-8.1 of the City Code.

The Department of Health and Wellness Promotion has approved this petition, subject to petitioners strict adherence to the 1999 Food Code, Food Law of 2000 and the City Ordinance, Chapter 21. Any outdoor grilling will require approval of the Health Department Food Sanitation Section.

The signature of consent from the Police Central District does not cover serving liquor in the designated area for outdoor cafe. Railings or similar dividers used to confine and regulate the serving of alcoholic drinks within that area is not feasible.

The Planning and Development Department (P&DD) is not aware of any objections from any city agencies involved. It is the recommendation of the P&DD that Petition No. 2657 be granted subject to terms and conditions provided in the attached Resolution.

July 9, 2008

Honorable City Council:

Re: Agreement and Grant of Easement for Water Mains and Sewers St. Martha's Senior Housing Corporation (#08-11).

St. Martha's Senior Housing Corporation, has executed an Agreement and Grant of Easement with the Detroit Water and Sewerage Department (DWSD) for

the purpose of allowing DWSD to operate, maintain, repair, remove, use and replace water mains and/or sewers and related improvements and appurtenances.

This action is the result of the construction of a Senior Citizen housing complex located at St. Mary's and Joy Road in the City of Detroit. July 14, 2008

Honorable City Council:

Re: Capital Bond Authorization Proposals.

In order to continue the process of an orderly capital improvement program over the next several years, it will be necessary to seek approval from the electorate for additional bond authorizations.

The 2008-09 Budget includes an issue of \$53,155,000 general obligation bonds, which are expected to be sold, during the fiscal year. The combination of prior authorizations and the proposed bond sale in the current budget leaves the City with only \$63,080,000 in voter authorized, but un-issued bonds for General City agencies. There also exists an additional \$24,000,000 of authorized, but un-issued, general obligation bonds dating back to 1960 for sewer construction (prior to that agency's ability to sell revenue bonds). The last time that the City requested voter authorization was on November 2, 2004 when \$215,000,000 was approved for various City of Detroit capital projects.

It is imperative that we seek additional voter authorization to continue some critical capital improvement projects. Currently, we have several departments that have zero voter authorization to sell general obligation bonds in the future. Departments that have zero or a minimum amount remaining voter authorization are: Airport, Detroit Institute of Arts, General

Services, Health, Historical, Library, Public Lighting, Recreation and Zoo. The remaining agencies have one year or less of remaining voter authorization after the sale of the FY 2008-09 budgeted bonds.

Therefore, having reviewed our capital needs, I am submitting to your Honorable Body, six bond authorization proposals for inclusion on the November 4, 2008 General Election ballot. Specifically, I am requesting your approval for submission to the voters for a General Obligation Bond Authorization Program totaling \$263 million. This package addresses the City's capital needs in the areas of Economic Development (\$25 million); Public Lighting (\$22 million); Public Safety (Police, Fire, EMS, and Health) (\$72 million); Museums, Libraries and Recreational Facilities (\$97 million); Municipal Facilities (\$35 million) and Transportation Facilities (\$12 million). The attached summary is an outline of tentatively proposed projects.

The attached resolutions will authorize the placement of these proposals on the ballot. The approved package must be submitted to the City Clerk at least seventy (70) days prior to the election, which date is August 26, 2008, in order to be placed on the November 4, 2008 General Election ballot for consideration by the voters of the City of Detroit.

Respectfully submitted,

Budget Director

**Office of the City Clerk**

July 14, 2008

Honorable City Council:

Re: Application for Neighborhood Enterprise Zone Certificate for 1001 Covington Unit 17 Area.

On October 21, 1992, your Honorable Body established Neighborhood Enterprise Zones. I am in receipt of one (1) application for a Neighborhood Enterprise Zone Certificate. THIS APPLICATION HAS BEEN REVIEWED AND RECOMMENDED FOR APPROVAL BY THE CITY PLANNING COMMISSION, A COPY OF WHICH IS ATTACHED. Therefore, the attached Resolution, if adopted by your Honorable Body, will approve this application.

Respectfully submitted,

JANICE M. WINFREY

City Clerk

By Council Member S. Cockrel:

Whereas, Michigan Public Act 147 of 1992 allows the local legislative body to establish Neighborhood Enterprise Zones for the purpose of providing exemption from ad valorem property taxes, and the imposition of specific property tax in lieu of ad valorem taxes; and

Whereas, The Detroit City Council has established a Neighborhood Enterprise Zone for the following area, in the manner required by and pursuant to Public Act 147 of 1992.

Now, Therefore, Be It Resolved, That the City Council approve the following address for receipt of Neighborhood Enterprise Zone Certificate for a fifteen-year period:

**City Planning Commission**

June 23, 2008

Honorable City Council:

Re: Applications for Neighborhood Enterprise Zone Certificates for the 1001 Covington area (Recommend Approval).

The City Clerk's Office forwarded to this office one application from 1001 Covington, LLC for a Neighborhood Enterprise Zone (NEZ) certificate at 1001 Covington, unit 17. Your Honorable Body approved the 1001 Covington NEZ designation on October 3, 2005. City Planning

Commission staff has reviewed the application and recommends approval.

The property involved is confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. 1001 Covington, LLC has applied for the certificates, prior to the issuance of building permits, on behalf of the future owners who will occupy the property. It is appropriate for them to apply for certificates at this time, even if buyers have not yet been identified. The State Tax Commission, however, will not issue certificates until owners are identified. When owners are identified, they can then apply for the certificates. At that time, it would not be necessary for City Council to pass another resolution.

The petitioner originally proposed to rehabilitate the existing apartment building located at 1001 Covington Drive and convert 16 units to condominium units. This Honorable Body had already approved the applications for all 16 units in January of 2006. Since that time, the developer has converted an additional unit, unit 17, whose certificate is now before you for approval. The developer will need to submit to the State Tax Commission the parcels to receive the certificates with a map showing the parcels.

Please let us know if you have any questions.

Re: Water Service Contract Between City of Detroit and Charter Township of Bloomfield.

The Charter Township of Bloomfield (Township) in Oakland County has agreed to a new thirty-year water service contract with the City of Detroit. This contract is based upon the model water contract that was discussed in detail before the Public Health and Safety Standing Committee on May 19, 2008. As discussed in Committee, the new contracts have a term of thirty years and will replace any

and all prior water service agreements between the City of Detroit and the Township. The terms of each contract negotiated are essentially identical, with the exception of the two contract exhibits. Exhibit A of the contract sets forth the customer's service area and metering information. Exhibit B of the contract sets forth the particular service level needs of the customer.

Your approval of the new water service contract with the Township is requested. The Board of Water Commissioners approved this water service contract on June 18, 2008.

##### SHIRLEY JONES

By COUNCIL MEMBER REEVES:

WHEREAS, In 1979, The Jones Girls "You Gonna Make Me Love Somebody Else" showed Gamble and Huff still has the magic touch. The classic went top ten on Billboards' R&B and Disco Charts. However, lead singer Shirley Jones and sisters Brenda and Valorie were not new to the game. Gospel signer Mary Frazier Jones groomed her daughters unique harmonies when they were babies in their hometown Detroit, and

WHEREAS, By the time Shirley and her sisters signed with Philadelphia International Records, they were teenage veterans. The Jones Girls traveled the world for several years as fellow Detroiters Diana Ross' back up singers. Ms. Ross even let the girls shine with their own spot where they sang "If I Ever Lose This Heaven". Diana Ross told Gamble and Huff The Jones Girls were too good to be anybody's back-up signers forever, and

WHEREAS, Those Philly years provided Shirley and her sisters with a string of hits. They include "Who Can I Run To", "I Just Love The Man", "Dance Turned Into A Romance" and their Grammy-Nominated classic "Nights Over Egypt". After a brief unsuccessful stay at RCA Records, The Jones Girls decided to take a hiatus. Brenda got married and Valorie entered college. But Shirley still wanted to sing, and

WHEREAS, Shirley returned to Philadelphia International Records in 1985 as a solo artist. Shirley's 1986 Debut album "Always in the Mood" proved she could handle the spotlight alone. Her 1986 classic "Do You Get Enough" stayed number one on Billboard R&B chart for three weeks!!!, and

**TESTIMONIAL RESOLUTION  
FOR  
GINO WASHINGTON**

By COUNCIL MEMBER REEVES:

WHEREAS, Sir George Gino Washington can boast many talents, not

least of which is a recording career spanning some twenty odd years. Not to be confused with the British based Mod/Soul hit maker of the 60's Gino Washington (and The Ram Jam Band), Detroit's Gino possesses a sweet distinctive voice which has graced many fine discs which are often unique in production and arrangement, and

WHEREAS, Dynamic soul sensation Gino Washington tore up the Detroit charts in late 1963 with *Out of This World* and again the following year with *Gino Is A Coward*. Gino's *Out Of This World/ Come Monkey With Me* shot up the Motor City charts to the #4 slot at WKNR (backing girl singers the Rochelles who would later become Tony Orlando's Dawn), and

WHEREAS, In the very early 60's Gino was working at Correc-Tone as both artist and P.R., man for the company. He only cut one known single for them, "*Gino's a Coward/Puppet on a String*" but he used his position as a P.R. man to get the record issued on three other labels Sonbert (a subsid. of Correc-Tone), Do-Re-De and the first release on Ric-Tic. Always the shrewd operator Gino then moved to Wand, possibly for pushing his disc more than others at Correc-Tone! After one undistinguished single he then moved to Creed around 1965, and

WHEREAS, Throughout the rest of the 60's Gino established his own labels ATAC AND WASHPAN, for which he wrote, produced and recorded. Also during this period Gino cut his disc for the Sidra subsid. W.I.G. though what his connection with the label was I don't know. His sides for his own labels have differing styles, sweet ballads, James Brown type funk and Northern Soul dancers which are untypical of the usual 60's "on the fours" up-tempo sounds Detroit was most famous for his biggest Northern sides "*I'll Be Around/Like My Baby*" both have unusual quirky rhythm patterns which were consider quite innovative for the time. Owning his own labels meant that Gino could always get sympathetic production for his light, sweet voice and he would have been swamped by the type of powerhouse backing used on perhaps the most famous of the Washpan discs, The Tomangoes "*I Really Love You*". The superb voice on this is none other than Dusty Wilson of Bronse fame. Some of the ATAC distributed by Hollywood's R.P.R. records famous for Jimmy McFarland. So there's yet another connection between Detroit and California, and

WHEREAS, In the 70's Gino was on the Perfecta logo and all research has produced only the scant details listed on his discs for the label. Gino may have owned the label as with Do-Ree-De and G+G. Gino also had one LP issued "*Golden Hits Now*" and another remains

unreleased "You Get Me in a Whirlpool" but covers exist for the latter. His recording career seems to have tapered off from the late 70's in the 80's as his other interests in business ventures such as T.V. and advertising production and banking progressed. However, in 1985 a disc under the strange guise of GINO THE GAMANISIST (try saying that on a few pints of Pedigree!) appeared on ATAC International Records. It's an excellent modern ballad backed by a laid back instrumental, with his voice sounding stronger than ever and is highly recommended. No doubt we have a lot more to hear from the remarkable Mr. Washington in the future judging from his achievements of the past two decades, and

WHEREAS, If you think Gino Washington was just another of those "What Ever Happened To" Rock & Roll recording stars, you're wrong. For the past thirty years after his tour of duty in the Vietnam War, Gino has been a familiar personality all over Detroit, with his own television shows. Featuring some of the biggest stars of Rock & Roll, Gino hosted TV specials for many years in the Motor City. Today Gino is the President of his own advertising agency, producing television commercials for a variety of Detroit businesses. NOW, THEREFORE, BE IT

RESOLVED, That Council Member Martha Reeves and the Detroit City Council recognize and honor the many accomplishments of Dynamic Soul Sensation Gino Washington.

He never quite figured out how to give a quick answer. Cal was well known by several politicians and judges because of his expertise in campaign signage. He was a perfectionist and many of the Detroit churches and businesses will find him very hard to replace. Reverend Summers, also known as "Rev" was an articulate and intellectual speaker. His unique ability to command the attention of his listeners was combined with the sound of his voice, his good posture appearance and his appearance. Rev. lived his life a very unselfish life. #### MEMBERS REPORT

##### COLLINS:

Requesting a report from the Law Department as to why Historical Brick is still in operation.

##### WATSON:

Encouraging citizens and Council Members to support Soul Day Celebration which is scheduled for the weekend of August 15, 2008, on the grounds surrounding Northwestern High School between Grand River and McGraw.

The City Council Arts and Cultural Affairs Task Force, chaired by Council Member Reeves and I, is co-sponsoring a Gala prelude to the African World Festival at the Charles H. Wright Museum of African American History on Thursday, August 14, 2008, at 5:00 p.m. The gala will include stars from Detroit. Of course,

August 8

2239

2008

the 26th Annual African World Festival will be August 15 through 17 at Hart Plaza; there will be a parade of Nations from Campus Martius to Hart Plaza at 12:00 p.m. on August 15th.

I have received from Police Officers some stressing news of calls that have been cancelled without having a response. We should not stand for precinct and 911 not responding to the needs of the citizens. They have changed the method of recording and collecting data without advising Council. I am asking that, as soon as our Formal Session begins in September, we demand a hearing with the Police Chief actually being present to address this issue.

**JONES:**

I am asking that Planning and Development meet with City Planning Commission in regards to the Oak Grove project. My understanding is that City Planning Commission has been requesting information in regards to development and that there is a meeting scheduled for Tuesday. They will need the information prior to Tuesday so that they can move forward in the meeting.

**PRESIDENT PRO TEM. CONYERS:**

I would like committee reports from Budget and Finance and Neighborhood Services. In Palmer Woods there are barricade that are orange and white; considering the exclusiveness of the neighborhood, why would they put water barrels filled with water. This does not look good for that area and I would like for them to produce a permanent plan in blocking off that area.

To reiterate what Council Member Watson stated, there was a young lady who called my office and stated that she was assaulted by two men driving by trying to get her in their car. When her parents called the Police Department, they did not believe her and they told her that she was not telling the truth; they did not make a police report. I think that something needs to be done regarding the 911 situation. As Council Member Watson stated, we are constantly getting calls in our office. It is our duty to help our citizens and for this reason, we have a Police Department to investigate claims and to help our citizens. I would like to have a report on what is actually being done with the 911 system and how do they deem a call valid and not valid.

## COMMUNICATIONS FROM MAYOR AND OTHER GOVERNMENTAL AGENCIES Mayor's Office

August 8, 2008

Honorable City Council:

Re: Proposed Ordinance to Amend Section 18-5-5 to Require City Council Approval of Contracts With Amounts Between \$5,000 and \$25,000.

In accordance with Section 4-119 of the 1997 Detroit City Charter, the City Clerk has forwarded to me for my approval or veto proposed "Ordinance to Amend Section 18-5-5 of the 1984 Detroit City Code Concerning the Contracts that Require Approval of the City Council" (herein after referred to as "Council's Proposed Ordinance") that was passed by your Honorable Body on July 29, 2008. For the reasons stated below, I hereby veto this proposed ordinance.

The original thrust of the 1999 amendments to the Purchasing Ordinance being Sections 18-5-1 through 18-5-22 of the 1984 Detroit City Code was to promote efficiency throughout the contracting process. This has proven beneficial to vendors, City departments and agencies, and your Honorable Body, because City officials, appointees, and employees are able to more timely obtain goods and equipment to provide the People of the City of Detroit with necessary services. Moreover, City Council is less burdened with paperwork related to routine purchases made by departments and agencies while, in accordance with the current ordinance, your Honorable Body is apprised of each purchase under \$25,000 in the weekly report provided by the Finance Department Purchasing Division.

In addition, Council's Proposed Ordinance

will negatively impact upon the contracting process. Requiring that each contract for nominal amounts come before your Honorable Body will result in substantial time-delays, thereby harming the ability of City departments to function in a professional and efficient manner. It should be noted that, for nearly 25 years, Council Research and Analysis Division has reviewed, weekly, all contracts and provided you with report denoting contracts with which your Honorable Body may have a concern. Therefore, any contention that "something will be put over" on City Council is without merit.

In the past, when the threshold for reporting contracts to City Council was \$5,000 the Purchasing Division was staffed with 45 full-time employees. There were approximately 16 Purchases Agents and an additional 10 Purchasing Assistants. This is in sharp contrast to the current staffing level of 22. Now, the Purchasing Department has six Purchases Agents and three Purchasing Assistants. If this proposed ordinance were to become effective, more staff will be required to: 1) assemble the agenda that is provided to City Council every week, and 2) to accommodate the processing of an increased number of contracts that will have to now be reported. The Purchasing Director estimates that a minimum of four additional Purchases Agents will be needed at an annual cost of \$260,220. Three additional Purchasing Assistants will be required at an annual cost of \$167,322. These figures do not take into account the additional funding that will be required to facilitate the costs of documentation, advertising of bids, and office supplies. Council's Proposed Ordinance will potentially increase the Purchasing Division's budget upwards of \$400,000. This figure does not account for the impact on the other departmental budgets that are inextricably tied to the purchasing process.

In *Fischer-Flack, Inc. vs. Churchfield*, 180 Mich App 606, 610; 447 NW2d 813 (1989), the Michigan Court of Appeals stated that "[t]he primary rule of statutory construction is to discover and give effect to the legislative intent," citing *Spartan Asphalt Paving Co vs. Grand Ledge Mobile Home Park*, 400 Mich 184, 187; 253 NW2d 646 (1977), reh den 400 Mich 1029 (1977). "Where the language of a statute is clear, there is no need for interpretation." *Farrington vs. Total Petroleum Inc*, 442 Mich 201, 208; 501 NW2d 76 (1993); *In re Storm*, 204 Mich App 323, 327; 514 NW2d 538 (1994) (overruled on other grounds by *Detroit Police Officers Ass'n vs. Detroit*, 452 Mich 339 (1996)). If the statute is unambiguous on its face, courts will avoid "further interpretation or construction of its terms." *Detroit vs. Redford Twp*, 253 Mich 453; 235 NW 217

2008

(1931); *Loy vs. Department of Social Services*, 117 Mich App 678, 680; 324 NW2d 130 (1982).

It is also a rule of statutory construction in Michigan that "all language in a statute is presumed to have meaning and no part of a statute should be treated as surplusage." *Bannan vs. Saginaw*, 420 Mich 376, 384; 362 NW2d 668 (1985). The same rules of construction govern the interpretation of ordinances, *Albright vs. City of Portage*, 188 Mich App 342, 351, note 7; 470 NW2d 657 (1991), citing *Settles vs. Detroit City Clerk*, 169 Mich App 797, 808; 427 NW2d 188 (1988), including the construction of initiatives, Sutherland, *Statutes and Statutory Construction* (5th edition), Volume 2A, §48.19, citing *Center for Public Interest Law vs. Fair Political Practices Commission*, 210 Cal App 3d 1476, 258 Cal Rptr 21 (1989).

The Michigan rules of statutory construction, MCL 8.3 *et seq.*, dictate that the specific controls the general. Currently, Section 18-5-16 of the 1984 Detroit City Code provides, in great length and detail, the process by which the Department Health and Wellness Promotion (DHWP) is to procure goods and services. This section provides that the Director of DHWP has the authority to procure goods and services valued up to \$25,000 and the process by which emergency procurements related thereto may be obtained. Thus, because Section 18-5-16 applies to a specific department, Council's Proposed Ordinance results in conflicting procedures. The is also true for the Detroit Water and Sewerage Department (DWSD) as Section 18-5-18 of the 1984 Detroit City Code authorizes DWSD to purchase goods and services valued between \$5,000 and \$25,000 without prior City Council approval.

Further, Council's Proposed Ordinance raises several questions regarding procurement procedures for DHWP: namely, what impact will Council's Ordinance have upon the authority of the Director of DHWP to procure goods and services under \$25,000? What impact will the new procurement process have upon delivering services to the People of the City of Detroit who are in need of urgent medical care? The vast majority of purchases made between \$5,000 and \$25,000 by DHWP are for medical instrumentalities to deliver necessary medical care.

Lastly, Council's Proposed Ordinance simply rewords language that is already contained in Section 18-5-5(c) of the 1984 Detroit City Code. Presently, every contract must, and does, include the following language: **"THIS CONTRACT IS NOT VALID OR AUTHORIZED UNTIL APPROVED BY RESOLUTION OF THE DETROIT CITY COUNCIL AND SIGNED BY THE PURCHASING DIRECTOR."** To

amend the Purchasing Ordinance to restate what is already codified in the ordinance is redundant and, therefore, unnecessary.

For all these reasons, I must veto this proposed ordinance.

Respectfully,  
KWAME M. KILPATRICK  
Mayor

Receive and placed on file.

Honorable City Council:

Re: Proposed Resolution Concerning Contracts Between \$5000 and \$25,000 That Require City Council Approval.

In accordance with Section 4-119 of the 1997 Detroit City Charter, the City Clerk has forwarded to me for my approval or veto proposed "Resolution Concerning the Contracts that Require Approval of the City Council" (herein after referred to as "Council's Proposed Resolution") that was adopted by your Honorable Body on July 29, 2008. For the reasons stated below, I hereby veto this proposed resolution.

Currently, Section 18-5-13 of the 1984 Detroit City Code provides that no person who is in arrears to the City of Detroit shall be awarded a City Contract. This includes arrearages for income taxes. Council's Proposed Resolution would not require the information as to whether this requirement has been met to be included in the packet provided to City Council for each proposed contract. This could result in potential liability as City Council would be making determinations on contract awards without the required information as mandated by the 1984 Detroit City Code.

In addition, Executive Orders Nos. 2003-3, 2003-4, and 2003-5 were issued to encourage and increase the utilization of Detroit-Headquartered Businesses, Detroit-Based Business, Detroit-Based Small Businesses, Minority-Owned Business and Woman-Owned Business. The Human Rights Department (HRD) is charged with enforcement of these Executive Orders, which compliment Section 18-5-1 of the 1984 Detroit City Code wherein these businesses are defined. As such, HRD provides information to City Council as to whether contractors and potential contractors meet the requirements of the underlying ordinance and Executive Orders. Without this vital information, Council's decision-making process is deficient and places the City of Detroit at risk for potential litigation.

For all these reasons, I must **veto** this proposed ordinance.

Respectfully,  
KWAME M. KILPATRICK  
Mayor

Honorable City Council:

Re: Medical Center Rehabilitation Project No. 2 Development: The Northern Section of Tolan Playfield; (a/k/a Part of 701 Mack).

We are in receipt of an offer from The Detroit Medical Center, a Michigan Non-Profit Corporation, to purchase the above-captioned property for the amount of \$900,000 and to develop such property. This property contains approximately 5.3 acres and is zoned R-6 (High-Density Residential District).

The Detroit Medical Center (DMC) proposes to use this property in conjunction with property they already own, to renovate and expand the existing Children's Hospital located at 3901 Beaubien into a state-of-the-art medical facility to address the growing volume of over 300,000 patients annually. In addition to the purchase of the City land, DMC will relocate any and all affected Playfield amenities to the remaining Tolan Playfield facility south of the project, improve and maintain the overall site to the City's standards.

The development will consist of the construction of an approximately 70,000 square foot five-story medical office facility. Upon completion, the proposed complex will house the Hospital's General Pediatrics Clinic and outpatient rehabilitation services, along with a paved surface parking lot for the storage of approximately four hundred (400) licensed operable vehicles. Any area not paved will be appropriately lighted and landscaped to enhance the overall site. In addition, approximately two hundred (200) physician offices will be relocated from the main hospital to the new facility. The pro-

jected total development cost is estimated at approximately \$35 million.

This use is subject to the amendment of the City of Detroit Master Plan of Policies and the Medical Center Rehabilitation Project No. 2 Development Plan; rezoning of the site from R-6 (High Density Residential) to PD (Planned Development) classification, Site Plan approval by the Planning & Development Department and all necessary approvals as required for the purchase and development of Urban Renewal land.

We, therefore, request that your Honorable Body approve the sale and authorize the Planning & Development Department's Director, or his authorized designee, to execute an agreement to purchase and develop this property with The Detroit Medical Center, a Michigan Non-Profit Corporation, together with a deed to the property and such other documents as may be necessary to effect the sale.

Honorable City Council:

Re: Medical Center Rehabilitation Project No. 2 Development: The Center Section of Tolan Park; (a/k/a Part of 701 Mack).

We are in receipt of an offer from Queen Lillian, LLC, a Michigan Limited Liability Company, to purchase the above-captioned property for the amount of \$460,000 and to develop such property. This property contains approximately 2.7 acres and is zoned R-6 (High-Density Residential District).

The Offeror proposes to construct an approximately 62,000 square feet medical/institutional facility and parking structure, with appropriate landscaping and lighting, for primary use by the Wayne State University School of Medicine. This complex will address and consolidate the general office, research and clinical space requirements of Wayne State's Departments of Psychiatry, Public Health and Family Medicine. In addition, Queen Lillian will assume approximately forty percent (40%) of the total cost for improvements (The Detroit Medical Center will assume the other 60%) to relocate any affected Tolan Playfield amenities to the remaining park facility area.

This use is permitted as a matter of right in a R-6 zone and subject to an amendment to the Master Plan of Policies and Medical Center Rehabilitation Project No. 2 Development Plan to designate the area as INST (Institutional) and PD (Planned Development), and all necessary approvals as required for the purchase and development of Urban Renewal land.

The principals of Queen Lillian, LLC, Mr. Christopher Jackson and Mr. Donald Davis, are Detroit-based entrepreneurs with an extensive background in real estate development. The chosen Construction Manager, Jenkins Construction, has a successful history of completing projects within the City of Detroit. The estimated cost of the proposed development is approximately \$20,000,000 and the construction of this facility will create an estimated two hundred (200) construction jobs throughout the construction period.

This use is permitted as a matter of right in a R-6 zone, subject to all the necessary Public Hearings, an amendment to the Master Plan of Policies, the Medical Center Rehabilitation Project No. 2 Development Plan and Site Plan approval. Also, the proposed development will be presented before the Medical Center Citizen's District Council and the Detroit Housing Commission prior to construction.

We, therefore, request that your Honorable Body adopt the sale and authorize the Planning & Development Department's Director, or his authorized designee, to execute an agreement to purchase and develop this property with Queen Lillian, a Michigan Limited Liability Company, together with a deed to the property and such other documents as may be necessary to effect the sale.

August 18, 2008

Honorable City Council:

Re: Petition No. 2240 — University of Detroit Mercy request vacation of 18th Street running north of Martin Luther King Boulevard to Magnolia Avenue.

Petition No. 2240 — University of Detroit Mercy request for the conversion to easement of 18th Street between

Magnolia and Martin Luther King Boulevard was approved by City Council on July 15, 2008. After objections from Domestic Uniform Rentals concerning the closure of said 18th Street was brought to City Engineering Division (CED) and the Department of Public Works (DPW) a more detailed investigation was performed to determine if Domestic Uniform Rentals had a valid claim under the objections proposed to the City of Detroit (a letter dated to City Council on July 29, 2008). DPW along with the Traffic Engineering Division (TED) submitted a letter in response to Domestic Uniform Rentals and to City Council dated August 6, 2008 stating the objections of Domestic Uniform Rentals was not valid.

However, this detailed investigation did find that there is a Development Urban Renewal Plan "Myrtle-Humboldt Rehabilitation Project" that was adopted by City Council on November 14, 1979 under Ordinance 354-H pursuant to the Blight Area Rehabilitation Act, 1954 PA 344, MCL 125.71 et seq., within the Myrtle-Humboldt Rehabilitation Urban Renewal Plan Project Humboldt Avenue and certain public alleys were vacated and 18th Street is to remain open. Section 10 of Act 344 states that once a development plan has been approved by the local legislative body "no permit shall be issued for work or work done in the area which, is not in accordance with the plan officially adopted..." MCL 125.80.

Until the Development Urban Renewal Plan "Myrtle-Humboldt Rehabilitation Project" is revised to accommodate the vacation of said 18th Street, CED and DPW hereby rescind Petition No. 2240 — University of Detroit Mercy request for the conversion to easement of 18th Street between Magnolia and Martin Luther King Boulevard.

Respectfully submitted,

**RESOLUTION  
IN MEMORIAM  
FOR**

**ELIZABETH ANN MCCLENDON**

**November 30, 1932-June 26, 2008**

By COUNCIL MEMBER JONES:

WHEREAS, Elizabeth Ann McClendon was born in Inkster, Michigan on November 30, 1932. Her parents, Reverend Mance and Fannie Comer, preceded her in death, as did her siblings, Lena, Laura, Irene, Rodell, and Charles. Elizabeth attended Lincoln Elementary School and graduated from Inkster High School in 1951. Following high school, Elizabeth attended and graduated from the Detroit Institute of Commerce and earned a Associates Degree from Highland Park Junior College; and

WHEREAS, Elizabeth met Henry McClendon in 1952. They were united in marriage on August 3, 1957 and to their union, they were blessed with four children: Yvonne; Henry, Jr. (AKA Little Henry); Paul; and Virgil. Elizabeth was a loving and caring mother to all of her children; and

WHEREAS, Elizabeth generously volunteered her time and leadership skills to several organizations including: Head Start; Davison PTA; Region Five Middle School; Higginbotham Elementary School; Girl Scout Leader; and Den Mother. These are just a few of the activities Elizabeth took part in to benefit her children and their friends. Elizabeth also had many God given talents that she

gladly used in service to Christ. While a member of Vernon Chapel AME Church, she became a founding member of the Positive Force singing group. Elizabeth joined Berean Chapel in 1985 where, much to the delight of her Pastor and church members, she began playing the piano for Sunday morning services. Her ministry was not, however, limited to music. She was a faithful member of several outreach ministries such as: Circle-Y-Ranch Summer Youth Camp in Bangor, Michigan; Wayne County Youth Home; Mound Prison; Wayne County Jail; Scott's Correctional Facility for Women; Cass Corridor Outreach; Bowen Place Senior Citizen Housing; and Elmwood Geriatric Village; and

WHEREAS, Elizabeth loved to cook and could make anything. She turned her love for cooking into ECH (Elizabeth's Cakes & Hors d'oeuvres) Catering in the early 1980's. Things really got cooking in the mid-1980's when she partnered with Ruthie and Antoinette Richbow to form Two Sisters Plus One Catering. These kitchen divas joined forces and for several years provided edible delights for special events across Metropolitan Detroit. Elizabeth was also a faithful member of the Circle-Y-Ranch and Burean Chapel Kitchen Committees. Her favorite times in the kitchen, however, were at home preparing meals for family gatherings and teaching her children how to cook; and

WHEREAS, Elizabeth leaves to cherish her memory of her life: her husband of 50 years, Henry Sr.; four children, Yvonne, Henry, Jr. (Cheryl), Paul, and Virgil; three grandchildren, Henry, III, James, and Ashley; and a host of relatives, church family, and friends. NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council, Office of Councilwoman Brenda Jones, hereby joins with family and friends in honoring and remembering Elizabeth Ann McClendon for her exemplary service and commitment to the City of Detroit.

Adopted as follows:

Father, we come on behalf of the people of this City, at a time when hearts are hurting and cynicism is rising. Give us to know that Your word is right and Your word declares that if you don't build the house they that labor do so in vain, if you don't keep the City the watchman waketh but in vain. Lord build this house we call Detroit, build our financial institutions and our factories, build our educational and employment centers, build our neighborhoods and our neighbors, build our confidence in a system that deferred our hopes and dash our dreams, build our faith in those that have been elected to serve, and let them serve knowing that they are accountable to you. Lord give our leaders wisdom to lead, give them acumen to make the right choice in the best interest of the citizenry and not their personal endeavors.

Now Lord after your have made it right keep this great city safe, safe from those who have tried to destroy her, bless this elected body to execute is duty with dignity and honor in Jesus name we pray amen and amen.

#### Budget Department

October 20, 2008

Honorable City Council:

Re: Capital Bond Authorization Proposals.

On July 29, 2008, your Honorable Body, as legislative body of the City of Detroit, adopted by resolution to submit to the qualified electors of the City of Detroit at the November 4, 2008 General Election a proposal authorizing the issuance of capital improvement bonds for various project improvements within the City of Detroit. These include: 1) neighborhood redevelopment and housing rehabilitation programs and economic development programs; 2) public safety, including police, fire, emergency medical services, health, and other municipal facilities; 3) public lighting service improvements; 4) public improvements to museums, libraries, recreation, and cultural facilities; 5) acquisition, construction, renovation and rehabilitation of various municipal facilities; and 6) acquisition, construction, renovation and rehabilitation of various transportation facilities.

On August 7, 2008, the Detroit Election Commission certified the language of the proposal and forwarded same to the

Wayne County Clerk for inclusion on the ballot for the November 4, 2008 General Election. On August 27, 2008, the Wayne County Clerk's Office has indicated that there is insufficient space on the ballot to include the proposal for the November 4, General Election.

Under the circumstances, we are formally requesting that your Honorable Body change the date for submission of these six (6) proposals from the November 4, 2008 General Election to the February 24, 2009 Special Primary Election. This will permit the City of Detroit to seek approval from the electorate for additional bond authorizations at the February 24, 2009 Special Primary Election, thereby continuing the process of an orderly capital improvement program over the next several years.

To reiterate information regarding the original proposals, the 2008-2009 Budget includes an issue of \$52,200,000 general obligation bonds, which are expected to be sold, during the fiscal year. The combination of prior authorizations and the proposed bond sale in the current budget leaves the City with only \$63,080,000 in voter authorized, but un-issued bonds for General City agencies. There also exists an additional \$24,000,000 of authorized, but un-issued, general obligation bonds dating back to 1960 for sewer construction (prior to that agency's ability to sell revenue bonds). The last time that the City requested voter authorization was on November 2, 2004 when \$215,000,000 was approved for various City of Detroit capital projects.

It is imperative that we seek additional voter authorization to continue some critical capital improvement projects. Currently, we have several departments that have zero voter authorization to sell general obligation bonds in the future. Departments that have zero or a minimum amount remaining voter authorization are: Airport, Detroit Institute of Arts, General Services, Health, Historical, Library, Public Lighting, Recreation and Zoo. The remaining agencies have one year or less of remaining voter authorization after the sale of the FY 2008-09 budgeted bonds.

Therefore, having reviewed our capital needs, we are submitting to your Honorable Body, six (6) bond authorization proposals for inclusion on the February 24, 2009 Special Primary Election ballot. Specifically, I am requesting your approval for submission to the voters for a General Obligation Bond Authorization Program totaling \$263 million. This package addresses the City's capital needs in the areas of Economic Development (\$25 million); Public Lighting (\$22 Million); Public Safety (Police, Fire, EMS, and Health) (\$72 Million); Museums, Libraries and Recreation Facilities (\$97 Million); Municipal Facilities

September 9

2304

2008

(\$35 Million) and Transportation Facilities (\$12 million). The attached summary is an outline of tentatively proposed projects.

The attached resolutions will authorize the placement of these proposals on the ballot. The approved package must be submitted to the City Clerk at least seventy (70) days prior to the election, which date is December 16, 2008, in order to be placed on the February 24, 2009 Special Primary Election ballot for consideration by the voters of the City of Detroit.

Respectfully submitted,

PAMELA C. SCALES

Director, Budget Department

By Council Member S. Cockrel:

**DR. CHARLES F. WHITTEN**

By COUNCIL MEMBER WATSON, Joined  
By COUNCIL MEMBER S. COCKREL:

WHEREAS, Dr. Charles F. Whitten, a trailblazer in medical education and sickle cell disease, died on August 14, 2008. He was 86. He was born to Tobias Whitten and Emma Carr Whitten in Wilmington, Delaware on February 2, 1922; and

WHEREAS, Following his education at Howard High School in Wilmington, he earned a Bachelor of Science degree in Zoology from the University of Pennsylvania in 1942. He completed his medical degree at Meharry Medical College in 1945. He practiced general medicine for five years in Lackawana, New York and he spent two years as a Captain in the U.S. Army, stationed in Japan and Korea. After one year of advanced study in pediatrics at the University of Pennsylvania Graduate School of Medicine, and a two-year residency in pediatrics at The Children's Hospital of Buffalo, Dr. Whitten completed a fellowship in hematology at Children's Hospital of Michigan in Detroit; and

WHEREAS, Dr. Whitten joined the Wayne State University School of Medicine in 1957. He initially served as chief of pediatrics at Detroit Receiving Hospital, and had the distinction of being the first and only African American to head a department in a Detroit Hospital. During his tenure at Wayne State University, Dr. Whitten served 16 years as Associate Dean for Curricular Affairs, and 10 years as Dean for Special Programs. He authored over 100 journal articles and 7 book chapters. In 2002, he retired with the title of Distinguished Professor of Pediatrics, Emeritus and was one of only 15 WSU faculty members who had earned that rank at that time; and

WHEREAS, Dr. Whitten was deeply concerned about the under representation of African American physicians. In 1969, this inspired him to conceptualize and implement an innovative post-baccalaureate program, the first initiative of its kind in the nation. When presented with an award from the Association of American Medical Colleges, he said, "In

establishing the criteria, I was addressing a personal concern about circumstantial inequities. I am the beneficiary of an advantaged background, however there are many students who are victims of their backgrounds and circumstances, which undermine their ability to be academically competitive. I wanted to create an enabling opportunity for them to be successful"; and

WHEREAS, By its 30th anniversary, the program had graduated almost 300 African Americans and other students of color who otherwise might not have been admitted to medical school. Because of its success, WSU, at that time, graduated more students of color than any medical school with the exception of the College of Medicine at Howard University and Meharry Medical College. The program became a national model. It was one of Dr. Whitten's most gratifying accomplishments; and

WHEREAS, Dr. Whitten was largely responsible for bringing sickle cell disease to the attention of the public, health care providers, legislators and other policy makers. During the early 1970s his research revealed that services for individuals with sickle cell disease and their families did not take advantage of scientific advances, particularly with respect to genetics and disease management; and

WHEREAS, In 1971, with the help of other concerned citizens, he established the Sickle Cell Detection and Information Center, the most comprehensive community program in the country, at the time. In the same year, he founded the organization now known as the Sickle Cell Disease Association of America. He served as President until 1992. He also organized Wayne State University's Comprehensive Sickle Cell Center and served as its director until 1992. During that period, the National Institute of Health awarded the center more than 17 million dollars. At that time, this was the largest grant support in the history of the university. This also led to the development of the Children's Hospital of Michigan Sickle Cell Clinic; and

#### **MEMBER REPORTS**

**Council Member Barbara Rose Collins** submitting memorandum to the clerk requesting a petition and Council approval for METROPOLITAN CHILDREN AND YOUTH, INC. be PLACED ON FORMAL AGENDA FOR SEPTEMBER 30, 2008.

**Council Member Collins** submitting memorandum suggesting that the Council ask that the Governor move the special election for the Office of the Mayor of the City of Detroit to March, 2009.

**Council Member Collins** requested that a status report on Historic Brick be PUT ON NEXT TUESDAY'S AGENDA FOR A REPORT.

**Council Member Collins** stated that the police in the City of Detroit are out of control and has been trying to get help for MS. MELANIE FAISON who is a vendor in the City of Detroit who is being harassed by Detroit Police Officers. President Cockrel suggested that she write a detailed memorandum with the complaints and submit it FOR REFERRAL TO THE PUBLIC HEALTH & SAFETY STANDING COMMITTEE.

**Council Member Brenda Jones** noted that on yesterday a press conference was held at Wayne County Community

College to introduce SENATOR CLARK'S NEIGHBORHOOD STABILIZATION TAX TO LEGISLATION and the resolution that was passed at this body supporting a Northwest Community Coalition Partnership was Faith Community Homebuyers for the Neighborhood Stabilization Pilot Program was added and talked about at that press conference.

**Council President Kenneth V. Cockrel, Jr.:**

I have another reminder about the TRI-COUNTY SUMMIT this Friday, continental breakfast begins at 8:30 a.m. at the DIA and the meeting begins around 9:30 a.m. As you know, we've had sub-committees which are co-chaired by Council Member Watson and Council Member Cockrel on the home foreclosure crises and on the issue of going green. So I want to encourage all Council Members to attend that because it's very important that we have a strong showing at that. And also, I'd like to encourage each one of you to maybe designate at least one person from your staff to assist with ushering the crowd in early in the morning and help throughout the process. If anyone has any questions about any of that, you can contact Ms. Millage in my office. But it should be a good event. I know that Council Members Watson and Cockrel have been meeting with the Commissioners from Wayne, Oakland, and Macomb Counties for the past several months and they've got some excellent presentations lined up. So it should be a very productive Tri-County Summit which most importantly also I think is going to yield some end products that we'll be able to act on throughout the rest of the year and in the future. Because it's not enough to just get together once a year, it's what happens between the Tri-County Summits that's most important.

**President Cockrel** stated that the City Planning Commission requested to RESCHEDULE THE EVENING COMMUNITY MEETING FROM THE 16th TO SEPTEMBER 30th to allow two weeks, not to conflict as in the past, with the task force chaired by Member Jones.

**Council President Pro Tem Monica Conyers:**

I would like to request at this time that I meet with all the different departments so that they can bring me up to date on where we are and where the scheduling of all the next community meetings are going to be — Mr. Corley as well as Research & Analysis. So Kimberley will be calling you to make an appointment for this week to come down or sometime next week so I can meet with all of you.

Submitting report in response to request for update of the status of the audit of the Mayor's Office, including any and all preliminary findings, and a timeline for the completion of the audit, relative to all financial transactions for period January 1, 2002 to present; review any and all expenses for legal services in connection with the Brown/Nelthrope litiga-

tion; information gathered during fieldwork and testing was requested directly from the Mayor's Office, the Finance Department, the Budget Department, the Law Department, Human Resources and the Purchasing Division. (Department indicates that all of the fieldwork necessary to prepare a complete and accurate audit report has not been received; given the resignation of Mayor Kilpatrick along with the possible resignation of other employees, makes it unlikely to obtain the information requested that has not been obtained, which makes it unrealistic to expect an audit report. However, a report will be published on best practices before the end of September, 2008.)

#### **PUBLIC COMMENTS**

DONALD BOSWELL: I'm representing Liddesdale residents regarding the Oakwood Pumping Facility. We would like

an updated status report for that issue. The involved individuals have not come closer to a resolve with the disregard of the people in the area; i.e., heavy construction.

ALBERTA TINSLEY-TALABI: Did Mr. Adams make it out there yesterday?

BOSWELL: Yes; however, he was numb to the subject until he saw the inside of our houses.

TINSLEY-TALABI: **We will refer this matter to him and line item this matter next Monday at the Public Health and Safety Standing Committee for a status report.**

DUANE MONTGOMERY: A lawsuit was filed last Friday relative to the Special Election. I joined that lawsuit yesterday regarding the number of vacancies that should be in the election.

Council President will be moving to the Mayor's Office. The Special Election is supposed to address that vacancy in the Mayor's Office. On the lawsuit/hearing scheduled at Circuit Court tomorrow, based on the wording of the Charter, there are actually two vacancies opening up: one for the Mayor's Office; the other vacancy on City Council.

Council President Cockrel cannot hold two positions: one on Council and one in the Mayor's Office. Per the court order, in regarding to addressing our concern, President Cockrel has to resign from Council first before he can take the Mayor's Office which will open up a vacancy in the City Council seat.

I'm asking Council of the possibility, when they do their vote for the Special Election, the judge may be required to fill the two vacancies.

KATHLEEN LEAVY (Law Department): That is not the case. The office remains vacant until the regular election next fall. Council will be able to function with eight members; that is the way it is; that is the way the Charter dictates.

There will not be an election to fill the President's seat because he could easily be back here on May 6, 2009.

KENNETH COCKREL, JR.: **It would be worthwhile for the Law Department to formally issue something in writing.** I know an opinion was walked around early this morning; even though it was dated yesterday.

LEAVY: I believe the Special Election was mentioned in that communication.

DENNIS MAZUREK (Law Department): Mr. Montgomery has the motion to join tomorrow's scheduled lawsuit. The judge hasn't allowed him to do so yet.

KWAME KENYATTA: Mr. Montgomery, are you running for Mayor?

MONTGOMERY: Yes I am.

ADELL WILLIAMS: I started with the City in 1968 and came out in 1994. My

was cut from approximately \$900 down to \$160. I can't deal with that. No one gave me information how long they could continue doing it or told me how much money I owe. I don't owe any money. The City never paid in my pension. I was only paid minimum wage.

I've been before Council twice. I've also been to the Pension Division, where I didn't get any consideration. Every time I call, I get the run around. I'm tired of it.

KATHLEEN LEAVEY (Law Department): Mr. Williams has appeared before the Pension Board on more than one occasion. Back in 1994 he made a choice that would have allowed him to receive greater amounts than a regular straight retirement for a period up until the time he turned 62, when his social security kicked in.

WILLIAMS: Somebody tampered with my papers.

LEAVY: Nobody tampered with your papers. We have gone over this and looked at the record. He has indicated he was confused at the time; but he received those funds from 1994 until this year.

We have considered this. Mr. Williams made a choice; perhaps in the end it wasn't a great one. He still receives a pension from the City of Detroit, plus social security.

At this point, there is nothing we can do, unless he wishes to pay back all the additional money he received over the 14 year period.

KENNETH COCKREL, JR.: Based on the fact this a pension Board matter, this is not the place to deal with it. Mr. Williams, I understand you've been before the Pension Board. Your best bet is to petition the Pension Board to revisit the matter. Frankly, what we've heard from Ms. Leavy, who is a member of the pension board and was present for your previous discussion, that doesn't look likely.

I'm sorry; Council can't do anything for you.

CHERO OSKOOL: My name is Cheryl Webb; I'm known as Chero Oskool. I want to discuss the dangerous areas in the City of Detroit.

In the area of the Southfield Service Drive, there are cars running up to the house lots, almost hitting people. Concrete is needed in the area of Eight Mile, Southfield Service Drive and Grand River.

Byament (sp?) Park needs to be cleaned. It has stolen cars; children walk through the park to get to school. It's not safe.

There's no street lights in the area of Warren and Livernois.

What will be done about the youth; i.e., 13 thru 19 years old. There's no programs for them.

I haven't received any responses about the Livernois Median. It is a dangerous area, there's been accidents. The City of

September 16

2336

2008

Detroit is for residents who are calling out for help.

KWAME KENYATTA: What office are you running for?

OSKOOL: I'm running for th Mayor's office; not for the Special Elections.

VALARIE BURRIS (Stahelin Street Block Club): The Stahelin Street Tigers would like to thank Council Member Kenyatta for doing the right thing for the right reason.

We say yes to a Special Election; yes to Cobo expansion; no to the Tunnel sale; we want the original Water Afford Ability Plan implemented. It would allow all residential users to pay for water without threat of shut off.

JOANN WATSON: Council wanted to stop water shut offs. I have an upcoming meeting with Maureen Taylor and Mr. Blackmon who chairs the Board of Water Commissioners to address re-implementing the Water Afford Ability Plan as originally voted on by Council.

BURRIS: We would like to see new Water Board Commissioners and a new Water and Sewerage Department Director.

TERRY WILLIAMS (Williams and Williams Construction): I'm interested in the demolition of the old Packard Building. I'm equipped to do that and assist Council in that endeavor. I'm also equipped to deal with the abandoned houses.

At one time my company worked with the Public Works Department (DPW) demolishing houses. I'm willing to work with DPW again.

MONICA CONYERS: Are you a licensed contractor: Have you previously bidded on contracts for tearing down buildings?

WILLIAMS: Yes.

CONYERS: Some people gauge the City; that's why a lot of houses can't be torn down. **The process should be looked into so it's spread out.** The normal people who are always getting these contracts don't continue keep getting contracts. Regular Detroit residents, who have a vested interest in the City, should be allowed to have some of those contracts and be allowed to tear down dangerous buildings. The City should not be over-charged.

MRS. PERSON (Bewick Block Club): Mrs. Person doesn't want the Detroit/Windsor Tunnel given away. She wants to see the return of the Committee of the Whole Meetings. She doesn't want the Mayor to move into the Manoogian (sp?), he should get his own house.

MISSIONARY TRACEY ELAINE BLAIR: Campaign supporter for Council President Kenneth Cockrel, Jr. I'm a political lobbyist and am concerned about the upcoming

\$3 million court case. It's obvious Detroit citizens support Council President Kenneth Cockrel; would a Special Election be necessary: It would cost the City of Detroit a substantial amount of money.

KIM HODGE (Divided We Fail): Divided We Fail (DWF) supports strengthening health care, social security and pension. Support Council Member Watson's resolution supporting these issues.

DWF is a bipartisan campaign; Republicans and Democrats working together to break the grid lock in Washington D.C. on health care and financial security. These services are nationally supported by AARP.

Honorable City Council:

Re: Departmental Recommendation on Residential Alley Vacation for Petition No. 1902.

The above-referenced petition was presented by the Planning and Development Department (P&DD) for consideration at a public hearing before your Honorable Body on September 10, 2008. Two (2) petitions were presented at this public hearing. Following public comments, one petition was put on hold, Petition No. 1962, and will be brought back to the City Council for a continued hearing on October 15, 2008.

Attached herewith, is the resolution that will enable the City Council to take formal action causing the vacation and conversion to easement of Petition No. 1902.

This petition have been processed in

compliance with the Detroit City Code, Article VI, Section 50-6-1. Our investigation of each of this alley location discloses the following:

1. The public utilities located in the alley can be properly served, if this alley is diverted to easement.

2. That the alley do not serve as the sole means of ingress/egress to abutting properties.

3. The alley is not used for municipal services as in trash collection.

4. No objections to this alley vacation have been received from any impacted utility companies and city agencies.

Therefore, it is the recommendation of the Planning and Development Department that the attached Resolution be approved.

Respectfully submitted,

Honorable City Council:

Re: Petition No. 2353 — Springwells Plaza, LLC request to vacate Glinnan Street between W. Lafayette and New York Central Railroad.

Petition No. 2353 of "Springwells Plaza, LLC", whose address is 21711 West Ten Mile Road, Suite 237, Southfield Michigan 48075, request to outright vacate Glinnan Street, 30 feet wide, between West Lafayette Avenue, 50 feet wide and the New York Railroad Right-of-way for the proposed shopping center.

The request was approved by the Planning and Development Department, the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility clearance) and report. This is our report.

The Detroit Water and Sewerage Department (DWSD) reports there is an existing water main located on Glinnan Street that has to remain in service for a hydrant. However, DWSD has no objections to the requested vacation provided that either an easement for the full width of Glinnan Street is reserved for DWSD facilities or the petitioner agrees to relocate the water main at no cost to DWSD.

DTE Energy Gas reports involvement, but no objection to the property change provided an easement of the public right-of-way is reserved. If the property owner and/or the petitioner must relocate DTE's gas facilities a cost of abandoning existing gas mains will be at the property owner, the petitioner, and/or the projects expense.

All other city departments and privately owned utility companies have reported no objection to the changes of the public right-of-way. Provisions protecting utility installations are part of the resolution (if necessary).

I am recommending adoption of the attached resolution.

Honorable City Council:  
 Re: Petition No. 3368 — Taktix Solutions, LLC, request for the vacation of a portion of Dexter Avenue and Florence Avenue being west of Fairfield Avenue and north of Puritan Avenue.  
 Petition No. 3368 of "Taktix Solutions

LLC" on behalf of University of Detroit Mercy request for a portion of Dexter Avenue, 50 feet wide and Florence Avenue, 100 feet wide, (with a portion being deeded to City of Detroit on July 31, 1923) being West of Fairfield Avenue, 60 feet wide, and North of Puritan Avenue, 66 feet wide. Also, request that the Honorable City Council accept an easement over the University of Detroit Mercy land for a three-point turn around. This request will facilitate the University of Detroit Mercy construction to expand the Livernois Campus.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW (with conditions). The petition was referred to the City

Engineering Division — DPW for investigation (utility review) and report. This is our report.

All City departments and privately owned utility companies have reported no objections to the conversion of public right-of-way into private easements for public utilities. Provisions protecting utility installations are part of this resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

JESSY JACOB

#### Fire Department

September 11, 2008

Honorable City Council:

Re: Acceptance of Grant Money.

The State of Michigan's Automobile Theft Prevention Authority wishes to bestow upon the Arson Section of the Detroit Fire Department, Fire Marshal Division, for the calendar year 2009 grant funds in the amount of \$58,169.00, which is 60% of the total amount of \$96,948.00.

A 40% hard match in the amount of \$38,779.00 is budgeted in the Fire Department's 2008-09 Approved Budget (1000-240240-000088-721100-00065-000000-A1040) and is allocated for this effort. The ATPA's budget shortfall forced the Board of Directors to make the difficult decision of increasing the grantee matching requirement percentage from 25% to 40%.

If approved, these grant funds will be used for overtime payment for Fire Investigators to conduct investigations on automobile arson fraud related to fires that occur within the City of Detroit. Therefore, your approval to accept and appropriate these funds in accordance with the attached resolution is respectfully requested.

**AN ORDINANCE to amend Chapter 25, Article II of the 1984 Detroit City Code by adding Section 25-2-169 to establish the Alger Theater Historic District and to define the elements of design for the district.**

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Section 1.** Chapter 25, Article II of the

1984 Detroit City Code be amended by adding Section 25-2-169 to read as follows:  
**SEC. 25-2-169. Alger Theater Historic**

**District.**

(A) A historic district to be known as the Alger Theater Historic District is established in accordance with the provisions of this article.

(B) This historic district designation is certified as being consistent with the Detroit Master Plan.

(C) The boundaries of the Alger Theater Historic District are as shown on the map on file in the office of the City Clerk, and are as follows:

On the north, the centerline of the east-west alley between East Warren and Frankfort; on the west, the west line of Lot 300 of A.M. Campau's Three Mile Drive Addition as recorded in Liber 46, Page 78 of Plats, Wayne County Records; on the south, the centerline of East Warren Avenue; and on the east, the centerline of East Outer Drive. (Land in the City of Detroit, Wayne County, Michigan, being Lots 300 through 305 inclusive of the "A.M. Campau's Three Mile Drive Addition being a subdivision of part of Private Claims 502 & 692, Wayne Co., Michigan" as recorded in Liber 46, Page 78, Wayne County Records; together with portions of the adjoining rights-of-way described as bounded on the South by the center line of East Warren Avenue, 105 feet wide; on the East by the center line of East Outer Drive, 150 feet wide; on the North by the center line of a 20 feet wide public alley, and on the West by the West line of said Lot 300. This tract of land contains five (5) subdivision lots and portions of the adjoining rights-of-way with an overall rectangular dimension of 162.50 feet by 198.88 feet and a net area of 32,318 square feet, more or less.

(D) The defined elements of design, as provided for in Section 25-2-2 of this code, shall be as follows:

(1) *Height.* The theater building is two stories in height, with a taller, in-stepping parapet dominating the building's façade at the corner of East Warren Avenue and East Outer Drive. The commercial store spaces along East Warren Avenue are one story tall; set back behind them is the wall of the two-story auditorium.

(2) *Proportion of Buildings' Front Façades.* The two major elevations of the Alger Theater building are substantially wider than tall, with the major tower element at the corner of East Warren Avenue and East Outer Drive approximately as tall as wide.

(3) *Proportion of Openings Within the Façade.* The East Warren Avenue elevation, including the corner tower section, contains several regularly arranged openings on its first floor. To the west of the box office located centrally on the corner tower section is a row of eight door open-

ings with transoms above, now boarded. To their west is a bay containing poster cases. Further to the west beyond the lobby tower section are four storefront configurations, all but one now boarded but originally consisting of one or two adjacent door openings recessed within flanking display window openings. Voids comprise a high portion of the first story of the East Warren Avenue façade, including the corner tower; voids are approximately eighty per cent (80%). Beyond the set of lobby doors to the east of the ticket booth are four poster cases. Above the two faces of the first story corner lobby are large, blind rectangular openings slightly recessed into the plane of the wall surface. Openings on the East Outer Drive elevation beyond the corner lobby tower are few because of the windowless auditorium behind the façade. Openings in this elevation are limited to the outer ends, and consist of a single door into the auditorium at either end and deeply inset industrial sash windows above the doors at second story level: a single one at the southern end and a pair at the northern end. Openings comprise approximately five per cent (5%) of the East Outer Drive elevation. Functionally placed openings exist at either end of the rear elevation, the door openings corresponding to the emergency exits on both sides of the proscenium.

(4) *Rhythm of Solids to Voids in Front Façades.* A row of eight single door openings to the west and a row of four single door openings to the east of the ticket booth of the corner lobby tower, together with the generally regular rhythm of storefront windows and doors on the East Warren Avenue elevation, result in a continuous progression of openings. The openings on the East Outer Drive elevations are irregular and express the functionality of the windowless auditorium space behind.

(5) *Rhythm of Spacing of Buildings on Streets.* The Alger Theater is a single building district; therefore, no rhythm is created. However, the building abuts its neighbor to the west on East Warren Avenue, creating continuity along the streetscape. All of the buildings on the block of East Warren Avenue between East Outer Drive and Audubon Avenue have zero setback, i.e., are set at the public right-of-way.

(6) *Rhythm of Entrance and/or Porch Projections.* The ticket booth projects out from the plane of the corner entrance tower at its intersection. Set back to its sides are the groupings of entrances. On the west, the progression of storefront openings on East Warren Avenue results in a rhythm of entrance configurations, with doorways recessed within display windows, most now boarded.

(7) *Relationship of Materials.* The two

major elevations are faced in brick. Cast stone detail exists on the East Outer Drive elevation. The box office is sheathed in metal panels on its lower half and plastic glass on its upper half, in aluminum frames. Glass entrance doors into the lobby are aluminum-framed. Because of the removal of the original material, structural masonry is exposed next to the door frames on either side of the theater entrance. The knee-walls are of newer brick.

(8) *Relationship of Textures.* The major textural relationship is that of brick with mortar joints, juxtaposed on the East Outer Drive elevation with smooth cast stone at the cornice, above openings, and on the watertable. Textural effects are also created on this elevation by the pilasters with the bricks laid vertically and frames with headers, and the area above the water table having every third course of brick raised, providing a rusticated appearance. Large, blind recessed panels on the major wall surfaces also provide textural interest, as does the in-stepped parapet.

(9) *Relationship of Colors.* The orange brick of the main façades contrasts with the beige color of the masonry trim on the East Outer Drive elevation. The panels of the ticket booth are red, as now is the marquee and in-stepped parapet over the corner tower. All but one of the storefronts on the East Warren Avenue elevation are covered with gold-painted boards.

(10) *Relationship of Architectural Details.* The design of the Alger Theater is late Art Deco, with basic geometric forms applied to the parapet and the East Outer Drive elevation. Generally a plain and blocky building, the major area of detail is the central tower into the lobby of the theater facing the corner of East Warren Avenue and East Outer Drive. Its in-stepped parapet dominates the building's corner at the East Warren Avenue/East Outer Drive intersection; an angled projecting element at second story level facing the intersection supports, a vertical sign bearing the theater's name, "ALGER." Poster cases promoted feature films to the sides of the entrances. A much-simplified marquee has replaced the original on its steel structure. Small stacked-diamond medallions between the pilasters and the stepped lintel detail on the East Outer Drive elevation are the only applied detail to this elevation and contribute to the Art Deco style of the building.

(11) *Relationship of Roof Shapes.* The steel frame and trussed roof of the auditorium and the roofs of the storefronts are not visible from the street.

(12) *Walls of Continuity.* Not applicable due to single building district, although since all of the buildings are located on the building (lot) line, a wall of continuity is

created along the East Warren Avenue streetscape.

(13) *Relationship of Significant Landscape Features and Surface Treatments.* The two prominent façades of the building about the concrete public sidewalk. Modern steel light poles and parking meters are located on the public sidewalk along East Warren Avenue. Modern pedestrian-scaled light standards with globes are placed at regular intervals. Large, round, above-ground concrete planters are situated along the concrete and brick-trimmed public sidewalk. Commercial signage affixed at the southeastern corner of the building is hung vertically over the ground floor and the marquee also hangs over the public sidewalks.

(14) *Relationship of Open Space to Structures.* Public sidewalks surround the Alger Theater on its two prominent façades. Open space exists in the public rights-of-way along three sides of the building: the sidewalks, wide streets, paved alley to the north, and the grass-turf median of East Outer Drive.

(15) *Scale of Façades and Façade Elements.* The Alger Theater is a moderately scaled building composed of large-scaled elements, such as the monumental corner tower with in-stepped parapet, its rows of entrances, and groupings of storefronts.

(16) *Directional Expression of Front Elevations.* The directional expression of the building at the corner of East Warren Avenue and East Outer Drive is vertical due to the blocky tower with in-stepped-in parapet walls and vertically hung sign, although the original sign hung off the upper part of a projection from the tower that is no longer extant. The large horizontally hung marquee, also not of its original design, and the sweep of the one-story row stores along East Warren Avenue, extend the building out horizontally in keeping with the rest of the streetscape.

(17) *Rhythm of Building Setbacks.* The corner lobby tower of the Alger Theater is angled at 180 degrees towards the corner of East Warren Avenue and East Outer Drive, resulting in its setback. The rest of the building extends to its lot lines, continuing the common rhythm of buildings along the East Warren Avenue streetscape.

(18) *Relationship of Lot Coverages.* The footprint of the building occupies approximately ninety-five per cent (95%) of its lot.

(19) *Degree of Complexity Within the Façade.* The major façades are not complex; they are simple and straightforward in the arrangements of openings, massing, and architectural elements and detail.

(20) *Orientation, Vistas, Overviews.* The Alger Theater is situated on the east side of Detroit on a neighborhood com-

September 16

2401

2008

mercial thoroughfare in a well-established residential community. The building itself is oriented toward the corner of East Warren Avenue and the East Outer Drive, with its commercial storefront section oriented toward East Warren Avenue. Its presence is an anchor into that neighborhood, marked by the divided roadway of the boulevard on East Outer Drive.

(21) *Symmetric or Asymmetric Appearance.* The Alger Theater Building is asymmetrical in appearance on all of its façades.

(22) *General Environmental Character.* The Alger Theater stands as a landmark on a prominent corner on Detroit's east side. Its deteriorated condition is a result of unsympathetic alterations, abandonment, and continued vacancy. Commercial buildings of similar scale and commercial Art Deco style run along the streetscape of its block of East Warren Avenue; a well-established residential neighborhood continues across the alley to its north. Like other older commercial streetscapes in Detroit, its general appearance has deteriorated.

**Section 2.** All ordinances or parts of ordinances, or resolutions or parts of resolutions, in conflict with this ordinance are repealed.

**Section 3.** This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the people of the City of Detroit.

**Section 4.** If this ordinance is passed by a two-thirds (2/3) majority of City Council members serving, it shall be given immediate effect and shall become effective upon publication in accordance with Section 4-116 of the 1997 Detroit City Charter; otherwise, it shall become effective in accordance with Section 4-115 of the 1997 Detroit City Charter.
