For other solvents, the recommendations of the manufacturers shall be followed. A separate limit switch set for a maximum of ten (10) degrees Fahrenheit above the recommended high temperature setting of the thermostat shall be provided to shut off the heat source in the event that the thermostat fails.

(4) A low liquid control shall be installed so as to shut off the heat source when the liquid falls below a certain level which is predetermined by design to be safe.

be required for what is commonly referred to as "touch up" or "spot repair" work.

(b) *Notification.* The fire marshal division shall be notified at least twenty-four (24) hours prior to the surfacing of the bowling lanes of any bowling establishment, in whole or part, except that notification shall not be required for touch up or spot repair work or for the application of nonflammable liquids or nonhazardous materials to the surface of the lanes where no removal of the old surface is involved. A total of not more than ten (10) gallons of flammable liquids, in containers not larger than five (5) gallons in size, will be permitted on the premises of the bowling establishment for touch up and spot repair work if kept in sealed metal containers and stored in enclosed type metal cabinets.

(c) *Issuance of permit.* Upon proper notification by the owner, operator or person in control of a bowling establishment or his authorized representative, of intent to surface any bowling lane and/or part thereof, the fire marshal shall make or cause to be issued, if all proper safeguards have been taken, and the intent of this division fulfilled, a "bowling lane surfacing permit." This permit shall be issued for the completion of the work.

(d) *Exclusion of the public.* Before any surfacing operations are undertaken, no part of the bowling establishment, including adjoining occupancies not completely protected by approved fire separations, may be open for business, and all members of the public must be excluded from the premises. It shall be the responsibility of the owner, operator or person in control of the premises to maintain the premises closed to the public for such periods as stated on the permit.

The fire marshal shall waive the two (2) hour time restriction provided storage facilities on the premises are available where the public is excluded.

No bowling establishment or adjoining occupancy not completely protected by approved fire separations, shall be reopened for business or made accessible to the public until such time as all flammable liquid except as noted in subsection (b), and all waste materials shall have been removed from the premises and approval to reopen has been obtained from the fire marshal division. Upon request for approval to reopen by the owner, operator or person in control of the premises, the fire marshal shall make or cause to be made within a period of two

The flammable liquids shall be returned to the approved storage facilities on the premises where such storage facilities are available, or where no approved storage facility or area is available, the flammable liquids shall be removed from the premises.

(g) *Preliminary safety precautions.* Before any surfacing work is started, the following safety precautions shall be taken:

(3) Post entire premises for "NO SMOKING."

(4) All main heads or other possible sources of sparking shall be removed from the lanes or approaches prior to any sanding operations.

(5) Use all possible natural ventilation. Open as many doors and windows as possible. Where, in his opinion, natural ventilation is not sufficient, the fire marshal may order adequate, approved mechanical ventilation; provided, however, that subsections (g)(2) and (g)(5) of this section are required only during the "finishing" and drying out period of the "surfacing" operations, and do not apply to the "sanding" operations as defined in subsection (a).

(h) *Operating precautions.* During sanding or surfacing operations, the following safe practices shall be followed:

(1) No finish shall be cut from any bowling lane until two (2) pounds of approved dry chemical fire extinguisher powder has been spread evenly over the entire lane from foul line to pit end. Proportionate areas of the approach surface being sanded shall be similarly protected;

(2) Only the use of approved sanding machines is permitted. Duct collectors shall be restricted to approved water tanks. Dust bags are prohibited. (Note: This rule applies only to use on pyroxylin or other hazardous finishes).

Assembly occupancies are characterized by the presence or potential presence of crowds with attendant panic hazard in case of fire or other emergency. They are generally open or occasionally open to the public, and the occupants, who are present voluntarily, are not ordinarily subject to discipline or control. Such buildings are ordinarily occupied by able-bodied persons and are not used for sleeping purposes. Special conference rooms, snack areas, and other areas incidental to, and under the control of, the management of other occupancies, such as offices, fall under the 50-person limitation.

Restaurants and drinking establishments with an occupant load of fewer than 50 persons should be classified as mercantile occupancies.

For special amusement buildings, see 12.4.7 and 13.4.7 of NFPA 101. (101:A.3.3.134.2)

#### **A-2-1.14 Authority Having Jurisdiction.**

The phrase "authority having jurisdiction" is used in NFPA documents in a broad manner, since jurisdictions and approval agencies vary, as do their

responsibilities. Where public safety is primary, the authority having jurisdiction may be a federal, state, local, or other regional department or individual such as a fire chief, fire marshal, chief of a fire prevention bureau, labor department, or health department; building official; electrical inspector; or other having statutory authority. For insurance purposes, an insurance inspection department, rating bureau, or other insurance company representative may be the authority having jurisdiction. In many circumstances, the property owner or his or her designated agent assumes the role of the authority having jurisdiction; at government installations, the commanding officer or departmental official may be the authority having jurisdiction. #### **Sec. 19-1-32. Bowling lane resurfacing.**

(a) *Permits.* Before any person resurfaces a bowling lane, involving the use, storage, handling or application of flammable liquids or hazardous materials, the person who has control of the bowling alley shall obtain a permit from the Fire Marshal as required by Section 1-16-16(7) of NFPA 1. No permit shall be required for what is commonly referred to as "touch-up" or "spot repair" work.

(b) *Notification.* The Fire Marshal Division shall be notified at least seventy-two (72) hours prior to the surfacing of the bowling lanes of any bowling alley, in whole or part, except that notification shall not be required for touch-up or spot repair work or for the application of nonflammable liquids or nonhazardous materials to the surface of the lanes where no removal of the old surface is involved. A total of not more than ten (10) gallons of flammable liquids, in containers not larger than five (5) gallons in size, will be permitted on the premises of the bowling alley for touch-up and spot repair work where kept in sealed metal containers and stored in enclosed type metal cabinets.

(c) *Issuance of permit.* Upon proper

application for a permit by the owner, operator or person in control of a bowling alley or his authorized representative, of intent to surface any bowling lane and/or part thereof, the Fire Marshal shall make or caused to be issued, where all proper safeguards have been taken, and the intent of this division fulfilled, a "bowling lane surfacing permit." This permit shall be issued for the completion of the work.

(d) *Exclusion of the public.* Before any surfacing operations are undertaken, no part of the bowling alley, including adjoining occupancies not completely protected by approved fire separations, may be open for business, and all members of the public must be excluded from the premises. It shall be the responsibility of the owner, operator or person in control of the premises to maintain the premises closed to the public for such periods as stated on the permit.

(e) *Flammable liquid storage.* When a bowling lane surfacing permit has been applied for and issued, a sufficient amount of flammable liquids as directed by the Fire Marshal will be permitted, provided, that it is not stored on the premises more than two (2) hours before the work is started, or more than two (2) hours after the work is completed. The Fire Marshal shall waive the two (2) hour time restriction, provided, that storage facilities on the premises are available where the public is excluded. A bowling alley or adjoining occupancy that is not completely protected by approved fire separations shall not be reopened for business or made accessible to the public until such time as all flammable liquid, except as noted in Subsection (b) of this section, and all waste materials, shall have been removed from the premises and approval to reopen has been obtained from the Fire Marshal Division. Upon request for approval to reopen by the owner, operator or person in control of the premises, the Fire Marshal shall make, or cause to be made, within a period of twenty-four (24) hours, an inspection and approval of the request.

The flammable liquids shall be returned to the approved storage facilities on the premises where such storage facilities are available, or where no approved storage facility or area is available, the flammable liquids shall be removed from the premises.

(g) *Preliminary safety precautions.* Before any surfacing work is started, the following safety precautions shall be taken:

(1) All entrance doors to the premises shall be posted with a readily legible sign,

"DANGER-KEEP OUT," or other approved signage;

(2) All sources of open flames or sparks must be extinguished or disconnected. This includes, but is not limited to, furnaces, electric or gas heaters, refrigeration or fan motors, cold-water fountains with electric refrigeration, automatic pin-setting machines and air conditioning systems;

(3) Post "NO SMOKING" signs throughout the premises;

(4) All possible sources of ignition shall be removed from the lane or approaches prior to any sanding operations; and

(5) Use natural ventilation by opening as many doors and windows as possible. Where, in his or her judgment, natural ventilation is not sufficient, the Fire Marshal may order adequate, approved mechanical ventilation, provided, that Subsections (2) and (5) of this section are required only during the finishing and drying out period of the surfacing operations, and do not apply to the sanding operations as defined in Section 19-1-31 of this Code.

(h) *Operating precautions.* During sanding or surfacing operations, the following safe practices shall be followed:

(1) No finish shall be cut from any bowling lane until two (2) pounds of approved dry chemical fire extinguisher powder has been spread evenly over the entire lane from foul line to pit end. Proportionate areas of the approach surface being sanded shall be similar protected;

(2) Only the use of approved sanding machines is permitted. Dust collectors shall be restricted to approved water tanks. Dust bags are prohibited. This provision applies only to use on pyroxylin or other hazardous finishes;

Honorable City Council:

Re: Petition No. 1669 — Groundwater & Environmental Services (GES)/Shell Oil request for the installation of five (5) monitoring wells at 980 Woodward Avenue at Warren Avenue, Chrysler Expressway, and Hancock Street.

Petition No. 1669 of "Groundwater & Environmental Services (GES)/Shell Oil" whose address is 10381 Citation Drive, Suite 500, Brighton, Michigan 48116 request permission to install and maintain five (5) monitoring wells within East Warren Avenue, 140 feet wide, Hancock Avenue, 60 feet wide, vacated and converted into an easement, and the Walter P. Chrysler Service Drive all in the block bounded by East Warren Avenue, 140 feet wide, Hancock Avenue, 60 feet wide, Walter P. Chrysler Service Drive, and Russell Avenue, 50 feet wide. The purpose of the bored wells is to monitor the existence or extent of soil contamination from leaking underground fuel storage tanks (a/k/a "L.U.S.T").

The encroachment petition was referred to the City Engineering Division — DPW for investigation and report. This is our report:

The Department of Environmental Affairs (DEA) is responsible for developing and implementing a coordinated and comprehensive environmental policy for the City of Detroit, including soil remediation from leaking underground fuel storage tanks. To ensure public safety DEA will review the petitioner's environmental actives prior to the issuance of city permits. A Right-of-Entry is required by DEA prior to contractor field activity.

Soil borings and monitoring well installations are equivalent to an "open cut" in a public street or alley. Necessary permits have to be obtained for any street or alley opening, backfill, surface restoration, barricade, or occupancy of the city rights-of-way to install monitoring wells. The City

Engineering Division — DPW will require the permit applicant to secure approval of project plans from the Department of Environmental Affairs.

It is the responsibility of "Groundwater and Environmental Services Inc. (GES)/Shell Oil" to give reasonable and proper notice to any abutting property owner(s) before commencing any open cut or boring operations within public rights-of-way.

The enforcement of fire safety regulations and building codes is the responsibility of the Fire Marshal and Buildings and Safety Engineering Department. Generally, the Fire Marshal and Buildings and Safety Engineering Department report no objections to the placement and maintenance of permanent L.U.S.T. monitoring well encroachments within public rights-of-way.

DTE Energy — Gas Division (DTE) reports involvement, but no objections provided that the proposed encroachments must be at least a minimum of 3 feet away from our existing gas facilities, also must be free from any obstruction(s) for DTE's equipment to do any repairs and/or relocation of DTE's existing gas facilities in the near future.

The Water and Sewerage Department (DWSD) reports involvement, but no objections provided the proposed encroachments for monitoring well installation provide a minimum clearance. The petitioner must follow DWSD provisions.

All other involved City departments and privately owned utility companies request the petitioner(s) make use of "MISS DIG" facilities before any soil borings or permanent monitoring wells are installed in public (street or alley) rights-of-way.

Finally, the City Engineering Division — DPW requires "Groundwater and Environmental Services Inc. (GES)/Shell Oil" to submit certified "as-built" drawings, a map and survey, showing the exact location of the petitioner's complete permanent L.U.S.T. monitoring well installations within public rights-of-way.

In accord with Detroit Code (Sec. 50-1-9), there is an appropriate resolution, granting the encroachment petition, attached for consideration by your Honorable Body.

Respectfully submitted,  
JESSY JACOB  
City Engineer

City Engineering Division — DPW  
By Council Member Tinsley-Talabi:

Whereas, The Department of Environmental Affairs (DEA) is responsible for developing and implementing a coordinated and comprehensive environmental policy for the City of Detroit, including soil remediation from leaking underground fuel storage tanks. To ensure public safety DEA will review the petitioner's environmental activities prior to the issuance of city permits; also

Whereas, The State of Michigan requires that all underground storage tanks be registered and inspected for leaks. Also, the "State" has mandated the replacement of leaking tanks including removal (and proper disposal) of contaminated soil; also

Whereas, Any L.U.S.T. can contaminate soil and diminish the value of surrounding properties, including public rights-of-way. The taxpayers of Detroit invested substantial capital in the acquisition, site preparation, insurance, and maintenance of public rights-of-way. Finally, it is in the interests of public health, safety, and welfare to detect the presence of hazardous materials and/or soil contamination from L.U.S.T.(s); therefore be it

Resolved, The City Engineering Division — DPW is hereby authorized and directed to issue permits to "Groundwater and Environmental Services Inc. (GES/Shell Oil" at the site of 980 East Warren Avenue, Detroit, Michigan to install and maintain five (5) monitoring wells encroaching within public rights-of-way for the purpose of detecting the presence of hazardous materials and/or soil contamination from any leaking underground storage tank (L.U.S.T.); said public right-of-way being nearby or adjoining property described as follows:

Land in the City of Detroit, Wayne County, Michigan being adjacent to and adjoining Out Lot 189 in the "Plat of that Part of Claim No. 181 North of Jefferson Avenue for the Heirs of Antoine Rivard as subdivided into Lots April 19, 1841 as recorded in Liber 12, Page 348-51, City Records, Wayne County Records;

2 — Monitoring wells in Hancock Avenue, 60 feet wide, vacated and converted into an easement between Russell Avenue and Chrysler Freeway Service Drive.

2 — Monitoring wells in the East side of Chrysler Freeway Service Drive, between East Warren and Forest.

1 — Monitoring well in the South side of East Warren Avenue, 140 feet wide, between Russell Avenue and Chrysler Freeway Service Drive.

Provided, That nothing in this resolution shall be construed as giving any authority, permission or grant to the permittee for any part of the encroaching L.U.S.T. monitoring wells to be placed upon the surface or underground rights of privately owned property. Enforcement of violations of fire safety regulations and building codes is the responsibility of the Fire Marshal and the Buildings and Safety Engineering Department. The petitioner shall apply to the Buildings and Safety Engineering Department for approval and permits to place any monitoring wells on privately owned property (if necessary); and further

Provided, It is the intention of this resolution to authorize the City Engineering Division — DPW (prior to the issuance of "encroachment" permits) to require the permit applicant to perform any reasonable task to protect public property interests including, but not limited to, the submission of engineering plans (containing construction details and distances from property lines) of the proposed encroaching L.U.S.T. monitoring wells. The City Engineering Division — DPW shall require the permit applicant to secure approval(s) of said plans from the Department of Environmental Affairs. Also, the City Engineering Division — DPW may require the permit applicant to secure approval(s) of said plans from Wayne County, the State of Michigan, other city departments (including commissions, authorities, corporations, councils, boards, contractors, and agencies whenever applicable) and/or utility companies; whether Wayne County, the State of Michigan, other city departments and/or utility companies are specifically enumerated in this resolution or not; and further

Provided, Said L.U.S.T. monitoring well encroachments shall be maintained under the rules and regulations of the City Engineering Division — DPW, the department of Buildings and Safety Engineering, and the Fire Marshal in accord with Detroit Code Section 50-1-9 and 10; and further

Provided, Whenever it becomes necessary to open-cut, drill, bore, jack, occupy or barricade public rights-of-way for additional test holes or maintenance of the monitoring well installation(s), such work shall be according to detailed permit application drawings (to be submitted by the petitioner or their assigns, subject to city department review and stamp approvals) prior to any public right-of-way construction (including, if necessary, adjustments or removals); and further

Provided, It is the responsibility of "Groundwater and Environmental Services Inc. (GES/Shell Oil" to give rea-

sonable and proper notice to any abutting property owner before commencing any (permitted) open cut or boring operations within public rights-of-way; and further

Provided, Said encroaching L.U.S.T. monitoring well installations shall be according to the specifications of the Public Lighting Department (PLD). Monitoring wells drilling equipment shall use "care and caution" to clear PLD overhead power lines; PLD requires the installer to maintain a minimum ten feet horizontal clearance at all times. The proposed permanent monitoring wells are not allowed to be built over PLD facilities (maintain a minimum of 3.00 feet horizontal clearance from any underground PLD facilities and/or manholes). The fixed encroachments shall not hinder movement of PLD maintenance equipment; and further

Provided, Said encroaching L.U.S.T. monitoring well installations shall be according to the specifications of the Water and Sewerage Department (DWSD). DWSD requires free and easy access to water main and/or sewer facilities at all times to permit proper operation, maintenance, alteration or repair of DWSD sewers, drains, water mains, fire hydrants, catch basins, sewer and water manholes (and any other DWSD facilities). The proposed permanent monitoring wells are not allowed to be built over DWSD facilities or hinder movement of DWSD maintenance equipment; and further

Provided, All costs for the construction, maintenance, permits and use of the encroaching L.U.S.T. monitoring wells shall be borne by the petitioner. Should damages to utilities occur the petitioner shall be liable for all incidental repair costs and waives all claims for damages to the encroaching installations; and further

Provided, If it becomes necessary to repair or replace the utilities located or to be located in the public rights-of-way, by the acceptance of this permission, the petitioner(s) for themselves, their heirs or assigns, waive claims for any damages to the encroaching installations and agree to pay the costs incurred in the removal, if their removal becomes necessary, and to restore the property affected to a condition satisfactory to the City Engineering Division — DPW at the petitioner's expense; and further

Provided, That the encroaching L.U.S.T. monitoring wells shall be installed and maintained with a secure frame and cover, so as to fit flush within the public sidewalk, berm, or pavement grade. All public rights-of-way shall be maintained safe and convenient for public travel. The petitioner shall be liable for all claims, demands, costs, damages, expenses, and causes of action of every kind and character arising in favor of any person, or other legal entity on account of personal

injuries or death or damage to property caused by or claimed or alleged to have arisen out of failure to properly install and maintain any encroaching L.U.S.T. monitoring well. The installation and maintenance of said encroachments shall comply with the rules and regulations of the City Engineering Division — DPW and Traffic Engineering Division — DPW; and further

Provided, The petitioner shall file with the Finance Department and/or City Engineering an indemnity agreement approved by the Law Department, saving and protecting the City of Detroit from any and all claims that may arise there from. Also, the petitioner shall be required by the Law Department in conjunction with the Finance Department — Risk Management Division to present proof of financial capability (bonds or insurance) to pay any claims, damages or expenses that may arise as a result of L.U.S.T. monitoring well(s) placement, installation or maintenance in public rights-of-way; and further

Provided, That said permittee shall be subject to any tax under the provision of the General Property Tax Act which may be levied against it pursuant to law; and further

Provided, That no rights in the public streets, alleys or other public places shall be considered waived by this permission which is granted expressly expressly on the condition that said encroachments shall be removed at the expense of the permittee at any time when so directed by the City Council, and the public property affected shall be restored to a condition satisfactory to City Engineering Division — DPW at the permittee's sole cost and expense; and further

Provided, That said permits issued by the City Engineering Division — DPW and/or the Buildings and Safety Engineering Department are granted with the distinct understanding that in the event the City Charter, or Detroit Code(s), or ordinance(s), or resolution(s), or City policies (governing the placement of encroachments in public rights-of-way) are amended to provide for the levying thereafter, of a fee, charge or rental, to be hereafter determined upon, for the occupancy of public streets, alleys or other public places, that the permittee will pay said fee, charge or rental provided for in said Charter, or code(s), or ordinance(s), or resolution(s), or policies; also said permittee does hereby bind itself thereunto, and accept said permits on the conditions hereby imposed, and in the event said permittee shall contest the validity of said Charter, or code(s), or ordinance(s), or resolution(s), or policies of said fee, charge or rental, or upon refusal to pay same, issued permits shall immediately become void; and further

Provided, That the grade shall be maintained in original condition after installa-

tion of the wells with flush covers for the holes; and further

Provided, This resolution is revocable at the will, whim or caprice of the City Council, and permittee hereby waives any right to claim damages or compensation for removal of encroachment(s), and further, that the permittee acquires no implied or other privileges hereunder not expressly stated herein; and further

Provided, The filing of the indemnity agreement and the securing of the necessary permit(s) referred to herein shall be construed as acceptance of this resolution by the permittee; and further

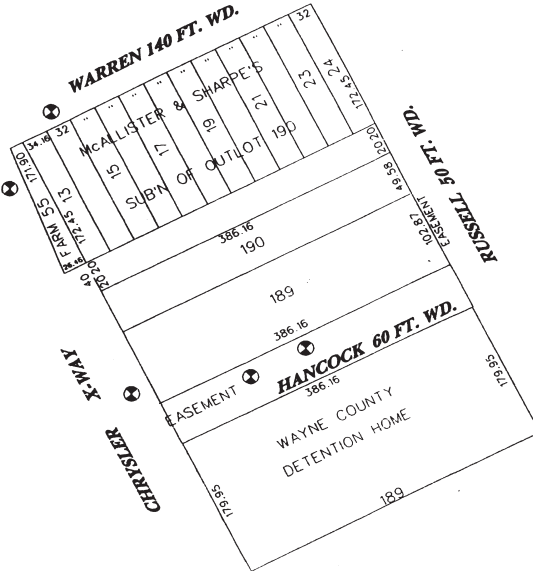

Provided, That the encroachment permit shall not be assigned or transferred without the written approval of the City Council; and further

Honorable City Council:

Re: Petition No. 1671 — Groundwater & Environmental Services (GES)/Shell Oil request for the installation of four (4) monitoring wells at 3600 East Davison Avenue, in the public alley in the area of East Davison and Conant Avenue.

Petition No. 1671 of "Groundwater & Environmental Services (GES)/Shell Oil" whose address is 10381 Citation Drive, Suite 500, Brighton, Michigan 48116 request permission to install and maintain four (4) monitoring wells within Conant Avenue, 66 feet wide, South of East Davison Avenue, 86 feet wide, and the East-West public alley, 16 feet wide all in the block bounded by East Davison Avenue, 86 feet wide, Lawley Avenue, 50 feet wide, Moran Avenue, 60 feet wide, and Conant Avenue, 66 feet wide. The purpose of the bored wells is to monitor the existence or extent of soil contamination from leaking underground fuel storage tanks (a/k/a "L.U.S.T.").

The encroachment petition was referred to the City Engineering Division — DPW for investigation and report. This is our report:

The Department of Environmental Affairs (DEA) is responsible for developing and implementing a coordinated and comprehensive environmental policy for the City of Detroit, including soil remediation from leaking underground fuel storage tanks. To ensure public safety DEA will review the petitioner's environmental activities prior to the issuance of city permits. A Right-of-Entry is required by DEA prior to contractor field activity.

Soil borings and monitoring well installations are equivalent to an "open cut" in a public street or alley. Necessary permits have to be obtained for any street or alley opening, backfill, surface restoration, barricade, or occupancy of the city rights-of-way to install monitoring wells. The City Engineering Division — DPW will require the permit applicant to secure approval of project plans from the Department of Environmental Affairs.

It is the responsibility of "Groundwater and Environmental Services Inc. (GES)/Shell Oil" to give reasonable and proper notice to any abutting property owner(s) before commencing any open cut or boring operations within public rights-of-way.

The enforcement of fire safety regulations and building codes is the responsibility of the Fire Marshal and Buildings

and Safety Engineering Department. Generally, the Fire Marshal and Buildings and Safety Engineering Department report no objections to the placement and maintenance of permanent L.U.S.T. monitoring well encroachments within public rights-of-way.

DTE Energy — Gas Division (DTE) reports involvement, but no objections provided that the proposed encroachments must be at least a minimum of 3 feet away from our existing gas facilities, also must be free from any obstruction(s) for DTE's equipment to do any repairs and/or relocation of DTE's existing gas facilities in the near future.

The Water and Sewerage Department (DWSD) reports involvement, but no objections provided the proposed encroachments for monitoring well installation provide a minimum clearance. The petitioner must follow DWSD provisions.

The Public Lighting Department (PLD) reports underground fed street lighting circuit feeding the lamps on E. Davison and also overhead primary circuit running in the alley south of East Jefferson. No structure can be built over PLD installations. As per requirements, any structure proposed to be built shall maintain a minimum of 3' horizontal clearance and 12-inches vertical clearance from the PLD conduit bank and manholes and 10 feet horizontal clearance for the overhead PLD lines and installations.

Honorable City Council:

Re: Petition No. 1672 — Groundwater & Environmental Services, Inc. (GES)/Shell Oil, request permission to encroach with three (3) monitoring wells in the area of Pennsylvania, Parkview, and East Jefferson.

Petition No. 1672 of "Groundwater & Environmental Services, Inc. (GES)/Shell Oil" whose address is 10381 Citation Drive, Suite 500, Brighton, Michigan 48116 request permission to install and maintain three (3) monitoring wells within Pennsylvania Avenue, 60 feet wide, and East Jefferson Avenue, 120 feet wide in the area of Pennsylvania Avenue, 60 feet wide, Parkview Avenue, 60 feet wide and north of East Jefferson Avenue, 120 feet wide at 9645 East Jefferson. The purpose of the bored wells is to monitor the existence or extent of soil contamination from leaking underground fuel storage tanks (a/k/a "L.U.S.T.").

The encroachment petition was referred to the City Engineering Division — DPW for investigation and report. This is our report:

The Department of Environmental Affairs (DEA) is responsible for developing and implementing a coordinated and comprehensive environmental policy for the City of Detroit, including soil remediation from leaking underground fuel storage tanks. To ensure public safety DEA will review the petitioner's environmental activities prior to the issuance of city permits. A Right-of-Entry is required by DEA prior to contractor field activity.

Soil borings and monitoring well installations are equivalent to an "open cut" in a public street or alley. Necessary permits have to be obtained for any street or alley opening, backfill, surface restoration, barricade, or occupancy of city rights-of-way to install monitoring wells. The City Engineering Division — DPW will require the permit applicant to secure approval of project plans from the Department of Environmental Affairs.

It is the responsibility of "Groundwater and Environmental Services Inc. (GES)/Shell Oil" to give reasonable and proper notice to any abutting property owner(s) before commencing any open cut or boring operations within public rights-of-way.

The enforcement of fire safety regulations and building codes is the responsibility of the Fire Marshal and Buildings and Safety Engineering Department. Generally, the Fire Marshal and Buildings

and Safety Engineering Department report no objections to the placement and maintenance of permanent L.U.S.T. monitoring well encroachments within public rights-of-way.

DTE Energy — Gas Division (DTE) reports involvement, but no objections provided that the proposed encroachments must be at least a minimum of 3 feet away from our existing gas facilities, also must be free from any obstruction(s) for DTE's equipment to do any repairs and/or relocation of DTE's existing gas facilities in the near future.

The Water and Sewerage Department (DWSD) reports involvement, but no objections provided the proposed encroachments for monitoring well installation provide a minimum clearance. The petitioner must follow DWSD provisions.

All other involved City departments and privately owned utility companies request the petitioner(s) make use of "MISS DIG" facilities before any soil borings or permanent monitoring wells are installed in public (street or alley) rights-of-way.

Finally, the City Engineering Division — DPW requires "Groundwater and Environmental Services Inc. (GES)/Shell Oil" to submit certified "as-built" drawings, a map and survey, showing the exact location of the petitioner's complete permanent L.U.S.T. monitoring well installations within public rights-of-way.

In accord with Detroit Code (Sec. 50-1-9), there is an appropriate resolution, granting the encroachment petition, attached for consideration by your Honorable Body.

 Honorable City Council:  
 Re: Petition No. 1679 — Groundwater and Environmental Services Inc. (GES)/Shell Oil, request permission

to encroach with thirteen (13) monitoring wells within Evergreen and Puritan Avenues at 19855 West Grand River and between Vaughan and Plainview.  
 Petition No. 1679 of "Groundwater and Environmental Services Inc. (GES)/Shell Oil" requests permission to install and maintain thirteen (13) monitoring wells within Evergreen Avenue, 76 feet wide, and Puritan Avenue, 66 feet wide, south of West Grand River, 100 feet wide, and between Vaughan Avenue, 50 feet wide,

October 28

and Plainview Avenue, 50 feet wide. The purpose of the bored wells is to monitor the existence or extent of soil contamination from leaking underground fuel storage tanks (a/k/a "L.U.S.T.").

The encroachment petition was referred to the City Engineering Division — DPW for investigation and report. This is our report:

The Department of Environmental Affairs (DEA) is responsible for developing and implementing a coordinated and comprehensive environmental policy for the City of Detroit, including soil remediation from leaking underground fuel storage tanks. To ensure public safety DEA will review the petitioner's environmental activities prior to the issuance of city permits. A Right-of-Entry is required by DEA prior to contractor field activity.

Soil borings and monitoring well installations are equivalent to an "open cut" in a public street or alley. Necessary permits have to be obtained for any street or alley opening, backfill, surface restoration, barricade, or occupancy of city rights-of-way to install monitoring wells. The City Engineering Division — DPW will require the permit applicant to secure approval of project plans from the Department of Environmental Affairs.

It is the responsibility of "Groundwater and Environmental Services Inc. (GES)/Shell Oil" to give reasonable and proper notice to any abutting property owner(s) before commencing any open cut or boring operations within public rights-of-way.

The enforcement of fire safety regulations and building codes is the responsibility of the Fire Marshal and Buildings and Safety Engineering Department. Generally, the Fire Marshal and Buildings and Safety Engineering Department report no objections to the placement and maintenance of permanent L.U.S.T. monitoring well encroachments within public rights-of-way.

The DTE Energy Company — Edison, Public Lighting Department, and the Water and Sewerage Department report facilities in the area.

DTE Energy (DTE) reports involve, but no objections provided that the proposed encroachments must be at least a minimum of three feet away from our existing gas facilities (mains and/or services). Also, the encroachments are to be located free from any obstruction(s) for DTE's equipment to do any repairs and/or relocation(s) of DTE's existing gas facilities in the future.

The Public Lighting Department (PLD) reports that no structure can be built over PLD installations. As per PLD requirements, any structure propose to be built shall maintain a minimum of Three feet horizontal clearance and 12-inch vertical clearance from the PLD conduit bank and manholes. The contractor should take

necessary precautions not to damage PLD manholes and conduit banks, while doing any excavating or using heavy earth moving equipment. The contractor will be liable for any damages to any PLD underground facilities. PLD requires 24-hours vehicle access to the construction site to perform circuit and cable maintenance.

The Water and Sewerage Department (DWSD) requires free and easy access to water main and/or sewer facilities at all times to permit proper operation, maintenance, alteration or repair of DWSD sewers, drains, water mains, fire hydrants, catch basins, sewer and water manholes (and any other DWSD facilities). The proposed permanent monitoring wells are not allowed to be built over DWSD facilities or hinder movement of DWSD maintenance equipment.

All other involved City departments and privately owned utility companies request the petitioner(s) make use of "Miss Dig" facilities before any soil borings or permanent monitoring wells are installed in public (street or alley) rights-of-way.

Finally, the City Engineering Division — DPW requires "Groundwater and Environmental Services Inc. (GES)/Shell Oil" to submit certified "as-built" drawings, a map and survey, showing the exact location of the petitioner's complete permanent L.U.S.T. monitoring well installations within public rights-of-way.

In accord with Detroit Code (Sec. 50-1-9), there is an appropriate resolution, granting the encroachment petition, attached for consideration by your Honorable Body.

Respectfully submitted,  
JESSY JACOB  
City Engineer

City Engineering Division — DPW  
By Council Member Tinsley-Talabi:

Whereas, The Department of Environmental Affairs (DEA) is responsible for developing and implementing a coordinated and comprehensive environmental policy for the City of Detroit, including soil remediation from leaking underground fuel storage tanks. To ensure public safety DEA will review the petitioner's environmental activities prior to the issuance of city permits; also

Whereas, The State of Michigan requires that all underground storage tanks be registered and inspected for leaks. Also, the "State" has mandated the replacement of leaking tanks including removal (and proper disposal) of contaminated soil; also

Whereas, Any L.U.S.T. can contaminate soil and diminish the value of surrounding properties, including public rights-of-way. The taxpayers of Detroit invested substantial capital in the acquisition, site preparation, insurance, and maintenance of public rights-of-way.

Finally, it is in the interests of public health, safety, and welfare to detect the presence of hazardous materials and/or soil contamination from L.U.S.T.(s); therefore be it

Resolved, The City Engineering Division — DPW is hereby authorized and directed to issue permits to "Groundwater and Environmental Services Inc. (GES/Shell Oil" at the site of 19855 West Grand River to install and maintain thirteen monitoring wells encroaching within public rights-of-way for the purpose of detecting the presence of hazardous materials and/or soil contamination from any leaking underground storage tank (L.U.S.T.); said public right-of-way being nearby or adjoining property described as follows:

2 wells — East side of Evergreen Avenue, 76 feet wide;

3 wells — North side of Puritan Avenue, 66 feet wide;

2 wells — South side of Puritan Avenue, 66 feet wide;

Provided, That nothing in this resolution shall be construed as giving any authority, permission or grant to the permittee for any part of the encroaching L.U.S.T. monitoring wells to be placed upon the surface or underground rights of privately owned property. Enforcement of violations of fire safety regulations and building codes is the responsibility of the Fire Marshal and the Buildings and Safety Engineering Department. The petitioner shall apply to the Buildings and Safety Engineering

Department for approval and permits to place any monitoring wells on privately owned property (if necessary); and further

Provided, It is the intention of this resolution to authorize the City Engineering Division — DPW (prior to the issuance of "encroachment" permits) to require the permit applicant to perform any reasonable task to protect public property interests including, but not limited to, the submission of engineering plans (containing construction details and distances from property lines) of the proposed encroaching L.U.S.T. monitoring wells. The City Engineering Division — DPW shall require the permit applicant to secure approval(s) of said plans from the Department of Environmental Affairs. Also, the City Engineering Division — DPW may require the permit applicant to secure approval(s) of said plans from Wayne County, the State of Michigan, other city departments (including commissions, authorities, corporations, councils, boards, contractors, and agencies whenever applicable) and/or utility companies; whether Wayne County, the State of Michigan, other city departments and/or utility companies are specifically enumerated in this resolution or not; and further

Provided, Said L.U.S.T. monitoring well encroachments shall be maintained under the rules and regulations of the City Engineering Division — DPW, the department of Buildings and Safety Engineering, and the Fire Marshal in accord with Detroit Code Section 50-1-9 and 10; and further

Provided, Whenever it becomes necessary to open-cut, drill, bore, jack, occupy or barricade public rights-of-way for additional test holes or maintenance of the monitoring well installation(s), such work shall be according to detailed permit application drawings (to be submitted by the petitioner or their assigns, subject to city department review and stamp approvals) prior to any public right-of-way construction (including, if necessary, adjustments or removals); and further

Provided, It is the responsibility of "Groundwater and Environmental Services Inc. (GES)/Shell Oil" to give reasonable and proper notice to any abutting property owner before commencing any (permitted) open cut or boring operations within public rights-of-way; and further

Provided, Said encroaching L.U.S.T. monitoring well installations shall be according to the specifications of the Public Lighting Department (PLD). Monitoring wells drilling equipment shall use "care and caution" to clear PLD overhead power lines; PLD requires the installer to maintain a minimum ten feet horizontal clearance at all times. The proposed permanent monitoring wells are not allowed to be built over PLD facilities (maintain a minimum of 3.00 feet horizon-

tal clearance from any underground PLD facilities and/or manholes). The fixed encroachments shall not hinder movement of PLD maintenance equipment; and further

Provided, Said encroaching L.U.S.T. monitoring well installations shall be according to the specifications of the Water and Sewerage Department (DWSD). DWSD requires free and easy access to water main and/or sewer facilities at all times to permit proper operation, maintenance, alteration or repair of DWSD sewers, drains, water mains, fire hydrants, catch basins, sewer and water manholes (and any other DWSD facilities). The proposed permanent monitoring wells are not allowed to be built over DWSD facilities or hinder movement of DWSD maintenance equipment; and further

Provided, All costs for the construction, maintenance, permits and use of the encroaching L.U.S.T. monitoring wells shall be borne by the petitioner. Should damages to utilities occur the petitioner shall be liable for all incidental repair costs and waives all claims for damages to the encroaching installations; and further

Provided, If it becomes necessary to repair or replace the utilities located or to be located in the public rights-of-way, by the acceptance of this permission, the petitioner(s) for themselves, their heirs or assigns, waive claims for any damages to the encroaching installations and agree to pay the costs incurred in the removal, if their removal becomes necessary, and to restore the property affected to a condition satisfactory to the City Engineering Division — DPW at the petitioner's expense; and further

Provided, That the encroaching L.U.S.T. monitoring wells shall be installed and maintained with a secure frame and cover, so as to fit flush within the public sidewalk, berm, or pavement grade. All public rights-of-way shall be maintained safe and convenient for public travel. The petitioner shall be liable for all claims, demands, costs, damages, expenses, and causes of action of every kind and character arising in favor of any person, or other legal entity on account of personal injuries or death or damage to property caused by or claimed or alleged to have arisen out of failure to properly install and maintain any encroaching L.U.S.T. monitoring well. The installation and maintenance of said encroachments shall comply with the rules and regulations of the City Engineering Division — DPW and Traffic Engineering Division — DPW; and further

Provided, The petitioner shall file with the Finance Department and/or City Engineering an indemnity agreement approved by the Law Department, saving and protecting the City of Detroit from any

and all claims that may arise there from. Also, the petitioner shall be required by the Law Department in conjunction with the Finance Department — Risk Management Division to present proof of financial capability (bonds or insurance) to pay any claims, damages or expenses that may arise as a result of L.U.S.T. monitoring well(s) placement, installation or maintenance in public rights-of-way; and further

Provided, That said permittee shall be subject to any tax under the provision of the General Property Tax Act which may be levied against it pursuant to law; and further

Provided, That no rights in the public streets, alleys or other public places shall be considered waived by this permission which is granted expressly on the condition that said encroachments shall be removed at the expense of the permittee at any time when so directed by the City Council, and the public property affected shall be restored to a condition satisfactory to City Engineering Division — DPW at the permittee's sole cost and expense; and further

Provided, That said permits issued by the City Engineering Division — DPW and/or the Buildings and Safety Engineering Department are granted with the distinct understanding that in the event the City Charter, or Detroit Code(s), or ordinance(s), or resolution(s), or City policies (governing the placement of encroachments in public rights-of-way) are amended to provide for the levying thereafter, of a fee, charge or rental, to be hereafter determined upon, for the occupancy of public streets, alleys or other public places, that the permittee will pay said fee, charge or rental provided for in said Charter, or code(s), or ordinance(s), or resolution(s), or policies; also said permittee does hereby bind itself thereunto, and accept said permits on the conditions hereby imposed, and in the event said permittee shall contest the validity of said Charter, or code(s), or ordinance(s), or resolution(s), or policies of said fee, charge or rental, or upon refusal to pay same, issued permits shall immediately become void; and further

#### Arthur Haggerty, Concerned Citizen:

Advised City Council of a program he has established that deals with youth violence prevention. He has made several attempts to meet with Council Members to discuss the program but to no avail. A package was presented to Council President Conyers, and she agreed to furnish copies to all Council Members.

**Cleophus Johnson, Representative from Virginia Park:** Wanted to bring attention to the problem of renters being thrown out of homes, apartment buildings, etc., because they are paying rent on properties that are in foreclosure. He offered information given to him by Sheriff Warren Evans that the placement of a large dumpster in front of the building could be considered as a signal of possible foreclosure of the property. If you see such a dumpster, go immediately to Thirty-Sixth District Court and they will issue a "Letter of Stay". This gives you 10 to 30 days before they will remove your property from the home.

Honorable City Council:

Re: Hubbard Communities Project —  
Payment in Lieu of Taxes (PILOT).

Southwest Housing Solutions Corporation, the sponsors are constructing 44 new Single Family and Townhouse Units on scattered sites in an area bounded by West Grand Boulevard to the east, Clark Street to the west, West Vernor to the south and Dix/Toledo to the north. All the units will have 3 bedrooms.

Financing for the developing will be through: A two year construction loan of \$5,490,000 and a permanent loan of \$719,000 from Chase Bank at 7% interest for 18 years, and Low Income Tax Housing Credits. Additional funding has been committed in the amount of \$1,025,000 from the City of Detroit Home Loan Program.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA 125.1415A).

Seven (7) of the units will be occupied by households with incomes no greater than 30% of the area median income, adjusted for family size. Seven (7) of the units will be occupied by households with incomes no greater than 35% of the area median income adjusted for family size. Twenty-two (22) of the units will be occupied by households with incomes no greater than 40% of the area median income adjusted for family size. Eight (8) units will be occupied by households with incomes no greater than 60% of the area median income adjusted for family size.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by estab-

lishing a service fee of five percent of the net shelter rent for this housing project.

Respectfully submitted,

**JULIE CASTONE**

Re: Wholesale Distribution Center No. 3 Project Property For Sale By Development Agreement Development: (Part of) 3500 Riopelle.

We are in receipt of an offer from ROCKY DFD MHPTC, LLC, a Michigan Limited Liability Company, to purchase the above-captioned property for the amount of \$12,000 and to develop such property. This property consists of four (4) dilapidated structures on an area of land containing approximately 16,530 square feet and is zoned M-3 (General Industrial District).

The Offeror proposes to demolish the existing structures at their own expense and construct a paved surface parking lot for the storage of licensed operable vehicles to accommodate their adjacent restaurant business and office development located at the Northwest corner of Erskine and Russell. Any area not paved will be appropriately lighted and landscaped to enhance the overall site. The proposed use was presented to the Eastern Market Corporation in December, 2007, and was generally supported by that Body. This use is permitted as a matter of right in a M-3 zone.

The Planning & Development Department has evaluated the proposal by ROCKY DFD MHPTC, LLC, a Michigan

The Planning & Development Department and the Finance Department have reviewed the Master Plan policy and the neighborhood preservation plan and development goals of the City, and find that the establishment of the East Ferry

Expansion Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones". Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an *ad valorem* tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal descrip-

tion) and illustrated in the map also attached. The Developers proposes to construct 38 "green" affordable condominium units, which will be 3-story brownstone structures, fitted with geothermal heating and cooling along with energy efficient appliances at an estimated investment of \$7 million.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration, please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

Honorable City Council:

Re: Petition Number 2792 — Request for City Council Approval for the Issuance of a New Michigan Liquor Control Commission Dance-Entertainment Permit to Fort Shelby Hotel Master Tenant, LLC, in conjunction with the Transfer of a Liquor License, in Escrow, to 525 West Lafayette.

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice (Request ID Number 477853), which has been designated by the City Clerk as Petition Number 2792. This Local Approval Notice requests approval by City Council of a request by Fort Shelby Hotel Master Tenant, LLC, for the issuance of a new dance-entertainment permit in conjunction with the transfer of ownership of a liquor license, in escrow at 41980 Ford, Canton, to 525 West Lafayette and the change in classification of the liquor license from "Class C" to "Class B Hotel."

City Zoning District Map Number One indicates that 525 West Lafayette is located on land zoned B5 within the Central Business District. Pursuant to Section 61-9-96 of the 1984 Detroit City Code, the Detroit Zoning Ordinance, cabarets, hotels, and establishment for the sale of beer or intoxicating liquor for consumption on the premises are by right uses in the B5 District within Central Business District. Buildings and Safety Engineering Department records indicate that a permit has been issued for a Group "A" cabaret for the location. Therefore, the use of 525 West Lafayette for dance or entertainment and a hotel is permitted subject to compliance with all relevant state codes and City ordinances, including the issuance of the

required business license(s) to Fort Shelby Hotel Master Tenant, LLC.

Pursuant to Section 5-7-21 of the 1984 Detroit City Code, a Group "A" Cabaret License is required for any establishment that sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without patron dancing. Accordingly, Fort Shelby Hotel Master Tenant, LLC, has applied and paid the applicable fees for a Group "A" Cabaret License and a hotel business license for the development at 525 West Lafayette. Pursuant to Chapter 30 of the 1984 Detroit City Code, Fort Shelby Hotel Master Tenant, LLC, will have to meet the applicable requirements of the City Code prior to the issuance of the business licenses for the location.

After investigation and review, the Detroit Police Department Liquor License Unit, on behalf of the Chief of Police, has recommended the approval of the transfer of the liquor license to Fort Shelby Hotel Master Tenant, LLC, 525 West Lafayette, and the issuance of a dance-entertainment permit for the location.

Upon this Body's approval of the request for the issuance of a dance-entertainment permit, in conjunction with the transfer of the liquor license to 525 West Lafayette and the issuance of a Group 'A' Cabaret business license to Fort Shelby Hotel Master Tenant, LLC, the location will be approved by the City for patron dancing and entertainment on the premises. Pursuant to Sections 916(1) and (2) of the Liquor Control Code, being MCL 436.1916(6)(1) and (2), the issuance of a dance or entertainment permit does not allow for adult entertainment, such as topless activity, in a licensed establishment.

The Law Department recommends that this matter be placed on the City Council's agenda for the approval or disapproval of the request for the issuance of a new dance-entertainment permit in accordance with the MLCC's Local Approval Notice. Attached is a proposed resolution approving the issuance of a new dance-entertainment permit by the MLCC to Fort Shelby Hotel Master Tenant, LLC, for the development at 525 West Lafayette.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,

The Plan will rehabilitate the vacant 12,406 sq. ft. building located at 1444 Michigan into a mixed use building that will have 500 sq. ft. of ground floor commercial and three residential rental units in the second and third floors. Total project investment is estimated at \$858,988. The Developer is requesting a 20% Michigan Business Tax (MBT) credit of \$130,798 on an eligible investment of \$653,988.

#### Property Subject to the Plan

The property comprising the eligible property is located at 1444 Michigan Avenue in Detroit's Corktown district. The property is located on the north side of Michigan Avenue between Trumbull and 8th Street.

#### Basis of Eligibility

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for a residential or commercial purpose; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be functionally obsolete as defined by Act 381 and determined by the City of Detroit Assessor's office. The assessor's affidavit is attached to the brownfield plan.

#### Eligible Activities and Projected Costs

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec 2 of Act 381, because they include demolition. The Authority is not responsible for any costs of eligible activities and

will incur no debt. It is currently anticipated that the eligible activities will begin in fall 2008 and be completed within 6 months.

Tax Increment Financing (TIF) Capture

The Plan will not capture tax increment revenues for financing costs of eligible activities under this Plan. Tax increment financing of the costs of eligible activities under this Plan will not take place and this Plan shall not have a negative impact upon the tax revenues of any taxing jurisdiction in which the eligible property is located.

Other Development Incentives

The property included in this Plan will seek additional project support through an Obsolete Property Rehabilitation Abatement (OPRA).

By Council Member Collins:

**AN ORDINANCE to amend Chapter 25, Article II of the 1984 Detroit City Code by adding Section 25-2-162 to add the property at 2725 West Boston Boulevard, originally known as the Andorra Apartments, to the Nelson Court and West Chicago Boulevard Apartments Non-Contiguous Historic District, to change the name of the district to the West Chicago-West Boston Boulevard Apartments Non-Contiguous Historic District, and to amend the elements of design for the district.**

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Section 1.** Chapter 25, Article II of the 1984 Detroit City Code is amended by amending Section 25-2-162 to read as follows:

**Sec. 25-2-162. ~~Nelson Court and West Chicago-West Boston Boulevard Apartments Non-Contiguous Historic District.~~**

(A) A historic district to be known as the ~~Nelson Court and West Chicago-West Boston Boulevard Apartments Non-Contiguous Historic District~~ is established in accordance with the provisions of this article.

(B) This historic district designation is certified as being consistent with the Detroit Master Plan.

(C) The boundaries of the district are contained in three non-contiguous portions, described below.

The boundaries of the non-contiguous portion of the district containing the West Chicago Boulevard Apartments building are as follows:

On the east, the east boundary, extended north and south, of Lot 34 of the Dexter Boulevard Heights Subdivision (L30 P 81 Plats, WCR); On the south, the centerline of Chicago Boulevard; On the west, a line drawn fifteen (15) feet west of and parallel to the west line of Lot 37 of the Dexter Boulevard Heights Subdivision (L30 P 81 Plats, WCR); On the north, the centerline of the east-west alley lying between Chicago Boulevard and Rochester Avenue. (Legal Description: Lots 34 through 37 and the east fifteen (15) feet of Lot 38 of the Dexter Boulevard Heights Subdivision, as recorded in Liber 30, Page 81 of Plats, Wayne County Records, commonly known as 2710-40 W. Chicago Boulevard, Tax Parcel 10002706.)

The boundaries of the non-contiguous portion of the district containing the Nelson Court building are as follows:

On the east, the east boundary, extended north and south, of Lot 83 of the Dexter Boulevard Heights Subdivision (L30 P 81 Plats, WCR); On the south, the centerline of Chicago Boulevard; On the west, the west line, extended north and south, of Lot 86 of the Dexter Boulevard Heights Subdivision (L30 P 81 Plats, WCR); On the north, the centerline of the east-west alley lying between Chicago Boulevard and Rochester Avenue. (Legal Description: Lots 34 through 37 and the east fifteen (15) feet of Lot 38; and Lots 83 through 86; of the Dexter Boulevard Heights Subdivision (L30 P 81 Plats, WCR), as recorded in Liber 30, Page 81 of Plats, Wayne County Records, commonly known as 3410 W. Chicago Boulevard, Tax Parcel 12002808.)

The boundaries of the non-contiguous portion of the district containing the Andorra Apartments buildings are as follows:

On the north, the centerline of West Boston Boulevard; On the east, the east line, extended north and south, of Lot 312 of the Dexter Boulevard Heights Subdivision (L 30 P81 Plats, WCR); On the south, the centerline of the east-west alley lying between Linwood and Lawton; and On the west, the west line extended north and south of Lot 309 of the Dexter Boulevard Heights Subdivision (L 30 P 81 Plats, WCR). (Legal Description: Lots 309 through 312, Dexter Boulevard Heights Subdivision, as recorded in Liber 30, Page 81 of Plats, Wayne County Records commonly known as 2725 W. Boston Boulevard, Tax Parcel 10002790.)

(D) The defined elements of design, as

provided for in section 25-2-2 of this code, shall be as follows:

(1) *Height.* ~~Both~~ All of the apartment buildings are four stories tall on high basements.

(2) *Proportion of Building's Front Façades.* Each building's front façade is configured in a "C"-~~"U"~~ shape, resulting in two street façades per building facing the street and the entrances in the recessed court between the flanking wings. As a whole the façades are wider than tall, but each ~~of the pair of street façades~~ (the ends of the "U") is taller than wide.

(3) *Proportion of Openings Within the Façade.* Each of the apartment buildings contain approximately thirty-five percent (35%) openings in their front façades.

(4) *Rhythm of Solids to Voids in Front Façades.* A regular and formal rhythm of solids to voids exists throughout the façades. The arrangement of openings reflects the bays of the buildings' frame. On the West Chicago Boulevard Apartments building ~~at 2710 40 West Chicago Boulevard~~, each of the arms of the "C"-~~"U"~~ of the pair of street façades is of three bays, the outer two brought forward slightly and containing paired windows at basement and first floor level, and large openings above. The central bay displays two widely spaced single windows at each floor. The bays of the entry court are similar to the outer bays of the street façades. Those bays closest to the street are like the outer bays of the street façades, but with a single window only. Further into the court, there is a slightly recessed bay on either side, three single openings in width, which have the entry doors, with stone surround, in the rear-most of the three vertical rows of openings. On either side there is a narrow bay at a forty-five degree (45°) angle, with a single window at each level, and a single blind arch in the parapet. The courtyard façade facing the street is divided into three, with a wide center bay and quite narrow bays flanking, the side bays displaying a single small window at each floor. The wide center bay has two widely spaced windows at each floor, those of the first floor arched like those on the street façades. The Nelson Court building ~~at 3410 West Chicago Boulevard~~ features, in the center two bays of its four-bay pair of street façades, paired windows at each level, with single windows in the two outer bays. The treatment of the entrance court is similar, but on either side two bay windows rise through all the floors. The recessed main entrance on the rear wall of the court faces the street. The rhythm of solids to voids on the Andorra Apartments building displays less formality than the other two buildings in the district due to stylistic differences in its design. Windows are deeply recessed into its wall surface, there are groupings of arched

window openings, and a variety of window sizes, shapes, and arrangements characterize the Andorra Apartments building. Nonetheless, a regular rhythm of solids to voids exists per floor and per bay.

(5) *Rhythm of Spacing of Buildings on Streets.* Not applicable due to non-contiguous nature of the district.

(6) *Rhythm of Entrance and/or Porch Projections.* No rhythm of entrances or porch projections is established due to the non-contiguous nature of the district. Entrances of ~~both~~ the buildings are recessed, centered within the central courtyard.

(7) *Relationship of Materials.* The front façades and the first bay turning the outer corners to the side elevations are brick with stone elements and trim. Window sashes and frames, all replacements, are vinyl. The Andorra Apartments building features clay Spanish tiles over pent roofs, small rectangular ceramic tiles, stucco-filled half-round transoms, and metal railings on balconets. Aluminum and glass doors have replaced original entrances.

(8) *Relationship of Textures.* Brick laid in regular courses contrasts with the smoother texture of stone trim. On the first floor or basement levels, where every fifth course of brick is recessed, a rusticated textural effect is achieved. Repeated architectural details, such as dentils and console brackets provide textural interest. The vinyl, glass, and metal used in openings is very smooth. At the Andorra Apartments building, clay roofing tiles seen on decorative pent roofs provide textural interest, as do projecting headers and molded masonry detail.

(9) *Relationship of Colors.* Dark red brick is juxtaposed with beige masonry trim and matching beige window frames on the West Chicago Boulevard Apartments building and the Nelson Court building. The Andorra Apartments building features a light beige brick contracting with light stone trim. Red clay roof tiles, red brick used as sills and lintels, red decorative tiles, and black metal railings contribute decorative coloristic effects.

(10) *Relationship of Architectural Details.* ~~Both~~ All three buildings are vernacular, typical of the time they were built. The West Chicago Boulevard Apartments building displays modest Romanesque and classical influences. The fenestration of the first floor features blind arches with alternating voussiors of brick and stone. Brick walls laid with every fifth course of brick well recessed mimics rustication. At the top of the first floor, brick dentils are surmounted by a stone waterable. Walls above the first floor have stone roundels between the windows of the outer bays. A stone cornice supports a brick parapet with a blind arcade of stone pilasters and brick arches. In the courtyard, at the top of

the central bay, the parapet rises into a simple triangular pediment with a shield and swags in stone in the center. The Nelson Court building at 3410 West Chicago Boulevard also displays a rustication of the basement level, with brick every fifth course well recessed. At the top of the basement wall is a stone course containing projecting stone sills supported on console brackets below the first floor windows. All of the windows are surrounded by brickwork with stone squares marking the corners of the openings. With the brick borders of the spandrels between the paired windows of the central bay is brick laid in herringbone pattern with a stone square placed on the diagonal centered in the panel. The cornice below the stepped parapet wall has been removed. The entrance court displays essentially the same treatment as the wings. The depressed main entrance on the rear wall of the court faces the street and has a stone surround with a heavy cornice above. The side and rear elevations bear no architectural details. The Andorra Apartments building features a masonry Arabesque arch over the entrance opening and a Spanish tile-covered gable roof over the entrance pavilion. Other decorative pent roofs are also clad in Spanish tile. The fourth floor windows are arched with a balconet hung from the central window between the twisted columns of the tripartite arched window arrangement.

(11) *Relationship of Roof Shapes.* The flat roofs are hidden behind parapet walls. Secondary, pent roof surfaces of the Andorra Apartments building are clad in Spanish tile.

(12) *Walls of Continuity.* Not applicable due to non-contiguous district.

(13) *Relationship of Significant Landscape Features and Surface Treatments.* West Chicago Boulevard has a wide, grassy median strip that ends at Genesee Avenue. The street in front of the Nelson Court building at 3410 West Chicago Boulevard does not have the grassy median but is still a wide street. Both blocks where the West Chicago Boulevard Apartments building and the Nelson Court building that these apartment buildings are located on have very wide tree lawns between the curb and public sidewalks, and both buildings are set back on their lots to provide ample front yards. Sidewalks and steps to properties are concrete. A long concrete walkway runs from front to back along the eastern side of the West Chicago Boulevard Apartments building at 2710 West Chicago Boulevard. Beyond the property to the east is a vacant lot fenced with a chainlink fence with barbed wire. Young trees are planted on the front yard; twisted topiary bushes flank the concrete walkway leading to the front steps between the pair of

street façades. To the west of this property is an asphalt-paved parking lot fenced with a six foot metal picket fence. Also to the west of the Nelson Court building at 3410 West Chicago Boulevard is a parking lot. Bushes are planted at the foundations of the front of the building. An alley runs behind both apartment buildings the West Chicago Boulevard Apartments building and the Nelson Court building. The courtyard of the Andorra Apartments building is paved in concrete. At the fronts of the projecting outer façades are shallow grass turf areas landscaped with grass turf, and to the west of the building is a paved parking lot enclosed by a metal picket fence. A concrete walkway extends along the eastern side of the building from the public sidewalk.

(14) *Relationship of Open Space to Structures.* The West Chicago Boulevard Apartments buildings at 2710 West Grand Boulevard is the only building on the north side of its block, resulting in an abundance of open space to its east and west. While the Nelson Court building has a few other neighbors to its east, it is still evident from the amount of vacant space that many substantial buildings have been demolished. The Andorra Apartments building also sits amongst vast amounts of open land to its sides and rear. To its immediate west is a paved parking lot for its tenants.

(15) *Scale of Façades and Façade Elements.* The façades are typical of moderate to large moderately scaled apartment buildings of their period and, while there are smaller elements and details within the façades, the overall effect is one of large, older buildings.

(16) *Directional Expression of Front Elevations.* The front elevations of the apartment buildings are vertical in directional expression, since the paired façades project significantly from the recessed entrance sections in the courtyards.

(17) *Rhythm of Building Setbacks.* Not applicable due to non-contiguous building district.

(18) *Relationship of Lot Coverages.* The footprint of the building at 2710 West Chicago Boulevard, the West Chicago Boulevard Apartment building occupies approximately eighty percent (80%) of its parcel, and the building at 3410 West Chicago Boulevard, the Nelson Court Apartment building occupies approximately eighty-five percent (85%) of its parcel. The Andorra Apartments building occupies approximately seventy percent (70%) of its parcel. All three buildings have a small degree of open space around all four sides.

(19) *Degree of Complexity Within the Façade.* The major façades are not complex; they are straightforward in the

arrangements of openings, wall surfaces, and architectural elements and detail. The Andorra Apartments building exhibits a greater degree of complexity due to its Spanish Revival style. It features a multitude of different window openings, arrangements, and details.

(20) *Orientation, Vistas, Overviews.* Both apartment buildings—The West Chicago Boulevard Apartments building and the Nelson Court building—are oriented south towards West Chicago Boulevard, a broad, divided (to Genesee Avenue) street continuing westward from the Boston-Edison Historic District. Directly across the street from the West Chicago Boulevard Apartments building is the Sacred Heart Major Seminary, and in the block to its west on the corner of Lawton is a religious structure, formerly the Shaarey Zedek Synagogue, both of which are substantial and significant architectural resources in their own right. The Andorra Apartments building faces north towards West Boston Boulevard; its block is occupied only by two other substantial Spanish Revival style apartment buildings. The neighborhood of houses to the north is significantly more intact.

(21) *Symmetric or Asymmetric Appearance.* Both All of the apartment build-

ings are generally regular and symmetrical in appearance.

(22) *General Environmental Character.* The area, now mostly vacant lots, was once densely built up, with closely spaced apartment buildings of the character of the Chicago Boulevard Apartments and the Nelson Court. The streetscape once complimented the substantial nature of single-family houses of the Boston-Edison Historic District to the east across Linwood.

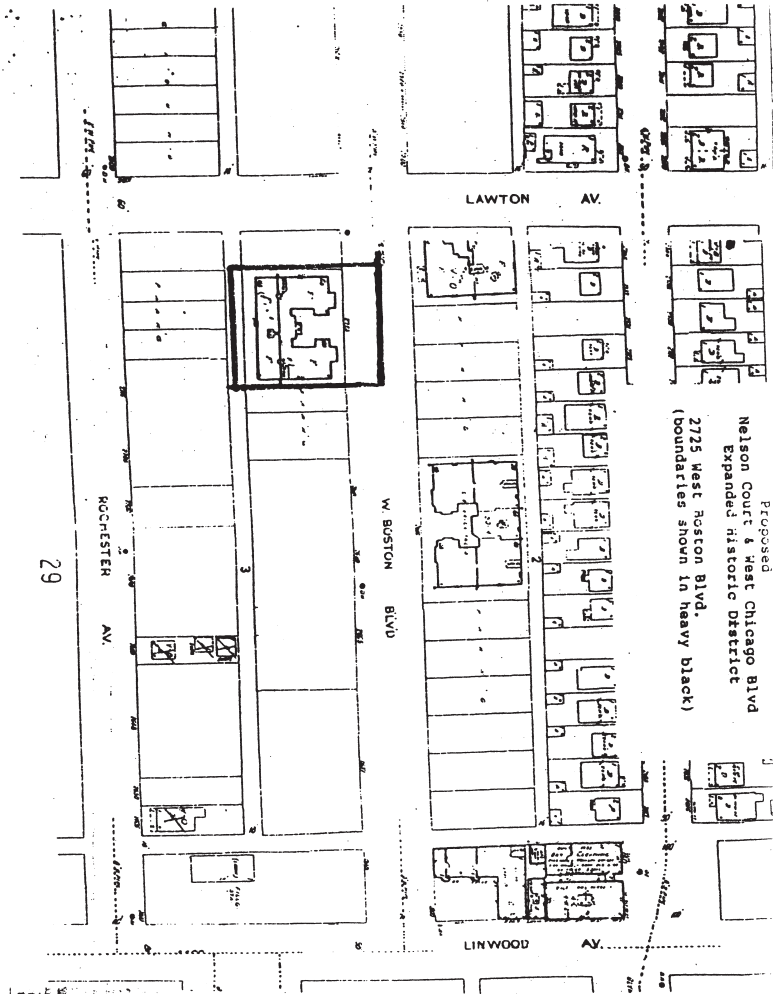

**Section 2.** All ordinances or parts of ordinances, or resolutions or parts of resolutions, in conflict with this ordinance are repealed.

**Section 3.** This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the people of the City of Detroit.

**Section 4.** If this ordinance is passed by a two-thirds (2/3) majority of City Council members serving, it shall be given immediate effect and shall become effective upon publication in accordance with Section 4-116 of the 1997 Detroit City Charter; otherwise, it shall become effective in accordance with Section 4-115 of the 1997 Detroit City Charter.

Re: Address: 7146 Waldo. Name: Ahmad Jarrah. Date ordered removed: November 13, 2007 (J.C.C. p. 3917).

In response to the request for a deferral of the demolition order on the property

noted above, we submit the following information:

A special inspection on August 13, 2008 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of August 12, 2008.

The proposed use of the property is rehabilitation and sale. This is the second deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Therefore, it is recommended that the

demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

#### Department of Public Works City Engineering Division

September 18, 2008

Honorable City Council:

Re: Petition No. 1673 — Groundwater & Environmental Services Inc. (GES/Shell Oil Right-of-way) request permission to encroach with three (3) monitoring wells in the area of Edsel Ford Freeway Service Drive, Alstead, and Kingsville.

Petition No. 1673 of "Groundwater & Environmental Services Inc. (GES/Shell Oil Right-of-way)" whose address is 10381 Citation Drive, Suite 500, Brighton, Michigan 48116 request permission to install and maintain three (3) monitoring wells in the area of Edsel Ford Freeway Eastbound Service Drive, Alstead Avenue, 50 feet wide, and Kingsville

November 5

3139

2008

Avenue, 60 feet wide at 19202 Harper Avenue. The purpose of the bored well is to monitor the existence or extent of soil contamination from leaking underground fuel storage tanks (a/k/a "L.U.S.T.").

The encroachment petition was referred to the City Engineering Division — DPW for investigation and report. This is our report:

The Department of Environmental Affairs (DEA) is responsible for developing and implementing a coordinated and comprehensive environmental policy for the City of Detroit, including soil remediation from leaking underground fuel storage tanks. To ensure public safety DEA will review the petitioner's environmental activities prior to the issuance of city permits. A Right-of-Entry is required by DEA prior to contractor field activity.

Soil borings and monitoring well installations are equivalent to an "open cut" in a public street or alley. Necessary permits have to be obtained for any street or alley opening, backfill, surface restoration, barricade, or occupancy of the city rights-of-way to install monitoring wells. The City Engineering Division — DPW will require the permit applicant to secure approval of project plans from the Department of Environmental Affairs.

It is the responsibility of "Groundwater and Environmental Services Inc. (GES)/Shell Oil" to give reasonable and proper notice to any abutting property owner(s) before commencing any open cut or boring operations within public rights-of-way.

The enforcement of fire safety regulations and building codes is the responsibility of the Fire Marshal and Buildings and Safety Engineering Department. Generally, the Fire Marshal and Buildings and Safety Engineering Department report no objections to the placement and maintenance of permanent L.U.S.T. monitoring well encroachments within public rights-of-way.

DTE Energy — Gas Division (DTE) reports involvement, but no objections provided that the proposed encroachments must be at least a minimum of 3 feet away from our existing gas facilities, also must be free from any obstruction(s) for DTE's equipment to do any repairs and/or relocation of DTE's existing gas facilities in the near future.

The Water and Sewerage Department (DWSD) reports involvement, but no objections provided the proposed encroachments for monitoring well installation provide a minimum clearance. The petitioner must follow DWSD provisions.

All other involved City departments and privately owned utility companies request the petitioner(s) make use of "Miss Dig" facilities before any soil borings or permanent monitoring wells are installed in public (street or alley) rights-of-way.

Finally, the City Engineering Division —

DPW requires "Groundwater and Environmental Services Inc. (GES)/Shell Oil" to submit certified "as-built" drawings, a map and survey, showing the exact location of the petitioner's complete permanent L.U.S.T. monitoring well installations within public rights-of-way.

In accord with Detroit Code (Sec. 50-1-9), there is an appropriate resolution, granting the encroachment petition, attached for consideration by your Honorable Body.

Respectfully submitted,  
JESSY JACOB

City Engineer

City Engineering Division — DPW  
By Council Member Tinsley-Talabi:

Whereas, The Department of Environmental Affairs (DEA) is responsible for developing and implementing a coordinated and comprehensive environmental policy for the City of Detroit, including soil remediation from leaking underground fuel storage tanks. To ensure public safety DEA will review the petitioner's environmental activities prior to the issuance of city permits; also

Whereas, The State of Michigan requires that all underground storage tanks be registered and inspected for leaks. Also, the "State" has mandated the replacement of leaking tanks including removal (and proper disposal) of contaminated soil; also

Whereas, Any L.U.S.T. can contaminate soil and diminish the value of surrounding properties, including public rights-of-way. The taxpayers of Detroit invested substantial capital in the acquisition, site preparation, insurance, and maintenance of public rights-of-way. Finally, it is in the interests of public health, safety, and welfare to detect the presence of hazardous materials and/or soil contamination from L.U.S.T.(s); therefore be it

Resolved, The City Engineering Division — DPW is hereby authorized and directed to issue permits to "Groundwater and Environmental Services Inc. (GES)/Shell Oil" at the site of 19202 Harper Avenue, Detroit, Michigan to install and maintain three (3) monitoring wells encroaching within public rights-of-way for the purpose of detecting the presence of hazardous materials and/or soil contamination from any leaking underground storage tank (L.U.S.T.); said public right-of-way being nearby or adjoining property described as follows:

Land in the City of Detroit, Wayne County, Michigan being adjacent to and adjoining Lot 782 in the "Yorkshire Woods Subdivision No. 4" of part of Lot 33 and that part of Widows Dower lying Northerly of said Lot of Partition Plat of Magloire Moross Estate of P.C. 123 and that part of P.C. 123 lying between Durussel Road and said Lot 33 Gratiot Township (now

City of Detroit) Wayne County, Michigan as recorded in Liber 48, Page 78, Plats Wayne County Records;

2 — Monitoring wells in Kingsville Avenue, 60 feet wide, between Alstead Avenue, 50 feet wide, and the Edsel Ford Freeway Eastbound Service Drive.

1 — Monitoring well in the Edsel Ford Freeway Eastbound Service Drive West of Kingsville Avenue, 60 feet wide.

Provided, That nothing in this resolution shall be construed as giving any authority, permission or grant to the permittee for any part of the encroaching L.U.S.T. monitoring wells to be placed upon the surface or underground rights of privately owned property. Enforcement of violations of fire safety regulations and building codes is the responsibility of the Fire Marshal and the Buildings and Safety Engineering Department. The petitioner shall apply to the Buildings and Safety Engineering Department for approval and permits to place any monitoring wells on privately owned property (if necessary); and further

Provided, It is the intention of this resolution to authorize the City Engineering Division — DPW (prior to the issuance of "encroachment" permits) to require the permit applicant to perform any reasonable task to protect public property interests including, but not limited to, the submission of engineering plans (containing construction details and distances from property lines) of the proposed encroaching L.U.S.T. monitoring wells. The City Engineering Division — DPW shall require the permit applicant to secure approval(s) of said plans from the Department of Environmental Affairs. Also, the City Engineering Division — DPW may require the permit applicant to secure approval(s) of said plans from Wayne County, the State of Michigan, other city departments (including commissions, authorities, corporations, councils, boards, contractors, and agencies whenever applicable) and/or utility companies; whether Wayne County, the State of Michigan, other city departments and/or utility companies are specifically enumerated in this resolution or not; and further

Provided, Said L.U.S.T. monitoring well encroachments shall be maintained under the rules and regulations of the City Engineering Division — DPW, the department of Buildings and Safety Engineering, and the Fire Marshal in accord with Detroit Code Section 50-1-9 and 10; and further

Provided, Whenever it becomes necessary to open-cut, drill, bore, jack, occupy or barricade public rights-of-way for additional test holes or maintenance of the monitoring well installation(s), such work shall be according to detailed permit application drawings (to be submitted by the petitioner or their assigns, subject to city department review and stamp

approvals) prior to any public right-of-way construction (including, if necessary, adjustments or removals); and further

Provided, It is the responsibility of "Groundwater and Environmental Services Inc. (GES)/Shell Oil" to give reasonable and proper notice to any abutting property owner before commencing any (permitted) open cut or boring operations within public rights-of-way; and further

Provided, Said encroaching L.U.S.T. monitoring well installations shall be according to the specifications of the Public Lighting Department (PLD). Monitoring wells drilling equipment shall use "care and caution" to clear PLD overhead power lines; PLD requires the installer to maintain a minimum ten feet horizontal clearance at all times. The proposed permanent monitoring wells are not allowed to be built over PLD facilities (maintain a minimum of 3.00 feet horizontal clearance from any underground PLD facilities and/or manholes). The fixed encroachments shall not hinder movement of PLD maintenance equipment; and further

Provided, Said encroaching L.U.S.T. monitoring well installations shall be according to the specifications of the Water and Sewerage Department (DWSD). DWSD requires free and easy access to water main and/or sewer facilities at all times to permit proper operation, maintenance, alteration or repair of DWSD sewers, drains, water mains, fire hydrants, catch basins, sewer and water manholes (and any other DWSD facilities). The proposed permanent monitoring wells are not allowed to be built over DWSD facilities or hinder movement of DWSD maintenance equipment; and further

Provided, All costs for the construction, maintenance, permits and use of the encroaching L.U.S.T. monitoring wells shall be borne by the petitioner. Should damages to utilities occur the petitioner shall be liable for all incidental repair costs and waives all claims for damages to the encroaching installations; and further

Provided, If it becomes necessary to repair or replace the utilities located or to be located in the public rights-of-way, by the acceptance of this permission, the petitioner(s) for themselves, their heirs or assigns, waive claims for any damages to the encroaching installations and agree to pay the costs incurred in the removal, if their removal becomes necessary, and to restore the property affected to a condition satisfactory to the City Engineering Division — DPW at the petitioner's expense; and further

Provided, That the encroaching L.U.S.T. monitoring wells shall be installed and maintained with a secure frame and cover, so as to fit flush within the public sidewalk, berm, or pavement grade. All

public rights-of-way shall be maintained safe and convenient for public travel. The petitioner shall be liable for all claims, demands, costs, damages, expenses, and causes of action of every kind and character arising in favor of any person, or other legal entity on account of personal injuries or death or damage to property caused by or claimed or alleged to have arisen out of failure to properly install and maintain any encroaching L.U.S.T. monitoring well. The installation and maintenance of said encroachments shall comply with the rules and regulations of the City Engineering Division — DPW and Traffic Engineering Division — DPW; and further

Provided, That the petitioner shall file with the Finance Department and/or City Engineering an indemnity agreement approved by the Law Department, saving and protecting the City of Detroit from any and all claims that may arise there from. Also, the petitioner shall be required by the Law Department in conjunction with the Finance Department — Risk Management Division to present proof of financial capability (bonds or insurance) to pay any claims, damages or expenses that may arise as a result of L.U.S.T. monitoring well(s) placement, installation or maintenance in public rights-of-way; and further

Provided, That said permittee shall be subject to any tax under the provision of the General Property Tax Act which may be levied against it pursuant to law; and further

Provided, That no rights in the public streets, alleys or other public places shall be considered waived by this permission which is granted expressly on the condition that said encroachments shall be removed at the expense of the permittee at any time when so directed by the City Council, and the public property affected shall be restored to a condition satisfactory to City Engineering Division — DPW at the permittee's sole cost and expense; and further

Provided, That said permits issued by the City Engineering Division — DPW and/or the Buildings and Safety Engineering Department are granted with the distinct understanding that in the event the City Charter, or Detroit Code(s), or ordinance(s), or resolution(s), or City policies (governing the placement of encroachments in public rights-of-way) are amended to provide for the levying thereafter, of a fee, charge or rental, to be hereafter determined upon, for the occupancy of public streets, alleys or other public places, that the permittee will pay said fee, charge or rental provided for in

said Charter, or code(s), or ordinance(s), or resolution(s), or policies; also said permittee does hereby bind itself thereunto, and accept said permits on the conditions hereby imposed, and in the event said permittee shall contest the validity of said Charter, or code(s), or ordinance(s), or resolution(s), or policies of said fee, charge or rental, or upon refusal to pay same, issued permits shall immediately become void; and further

Provided, That the grade shall be maintained in original condition after installation of the wells with flush covers for the holes; and further

Provided, This resolution is revocable at the will, whim or caprice of the City Council, and permittee hereby waives any right to claim damages or compensation for removal of encroachment(s), and further, that the permittee acquires no implied or other privileges hereunder not expressly stated herein; and further

Provided, That the petitioner shall apply to and become a participating member of the "Miss Dig" to comply with Michigan Public Act 53 of 1974, "Protection of Underground Facilities (460.701-460.718)"; and further

Provided, The filing of the indemnity agreement and the securing of the necessary permit(s) referred to herein shall be construed as acceptance of this resolution by the permittee; and further

Provided, That the encroachment permit shall not be assigned or transferred without the written approval of the City Council; and further

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds; and be it further

Resolved, The petitioner, "Groundwater and Environmental Services Inc. (GES)/Shell Oil", shall submit "as built" drawing(s) sealed by a professional engineer or surveyor registered in the State of Michigan to the City Engineering Division — DPW within 30 days after obtaining the necessary "encroachment" permit to install three (3) proposed monitoring wells. Said "as built" drawing(s) shall furnish a complete means of identifying and ascertaining the precise position of every part of the "encroachment(s)" with courses, distances, and depth throughout (containing City of Detroit datum), so that it may be determined with certainty where any portion of the "encroachment(s)" has been built. Copies of the certified "as built" map(s) and survey(s) shall be an "appendix" to this City Council resolution. Said "appendix" shall be recorded by the City Engineering Division — DPW in the Wayne County Register of Deeds.

Honorable City Council:

Re: Petition No. 1676 — Groundwater & Environmental Services, Inc. (GES)/Shell Oil, request permission to encroach with one (1) monitoring well within the public alley in the area of Lahser, Burgess, and West Seven Mile at 21640 West Seven Mile.

Petition No. 1676 of "Groundwater & Environmental Services, Inc. (GES)/Shell Oil" whose address is 10381 Citation Drive, Suite 500, Brighton, Michigan

48116 request permission to install and maintain one (1) monitoring well within the East-West public alley, 26 feet wide, in the area of Lahser Avenue, 66 feet, Burgess Avenue, 60 feet wide, and north of West Seven Mile Road, 105 feet wide. The purpose of the bored well is to monitor the existence or extent of soil contamination from leaking underground fuel storage tanks (a/k/a "L.U.S.T.").

The encroachment petition was referred to the City Engineering Division — DPW for investigation and report. This is our report:

The Department of Environmental Affairs (DEA) is responsible for developing and implementing a coordinated and comprehensive environmental policy for the City of Detroit, including soil remediation from leaking underground fuel storage tanks. To ensure public safety DEA

will review the petitioner's environmental activities prior to the issuance of city permits. A Right-of-Entry is required by DEA prior to contractor field activity.

Soil borings and monitoring well installations are equivalent to an "open cut" in a public street or alley. Necessary permits have to be obtained for any street or alley opening, backfill, surface restoration, barricade, or occupancy of the city rights-of-way to install monitoring wells. The City Engineering Division — DPW will require the permit applicant to secure approval of project plans from the Department of Environmental Affairs.

It is the responsibility of "Groundwater and Environmental Services Inc. (GES)/Shell Oil" to give reasonable and proper notice to any abutting property owner(s) before commencing any open cut or boring operations within public rights-of-way.

The enforcement of fire safety regulations and building codes is the responsibility of the Fire Marshal and Buildings and Safety Engineering Department. Generally, the Fire Marshal and Buildings and Safety Engineering Department report no objections to the placement and maintenance of permanent L.U.S.T. monitoring well encroachments within public rights-of-way.

DTE Energy — Gas Division (DTE) reports involvement, but no objections provided that the proposed encroachments must be at least a minimum of 3 feet away from our existing gas facilities, also must be free from any obstruction(s) for DTE's equipment to do any repairs and/or relocation of DTE's existing gas facilities in the near future.

The Water and Sewerage Department (DWSD) reports involvement, but no objections provided the proposed encroachments for monitoring well installation provide a minimum clearance. The petitioner must follow DWSD provisions.

All other involved City departments and privately owned utility companies request the petitioner(s) make use of "Miss Dig" facilities before any soil borings or permanent monitoring wells are installed in public (street or alley) rights-of-way.

Finally, the City Engineering Division — DPW requires "Groundwater and Environmental Services Inc. (GES)/Shell Oil" to submit certified "as-built" drawings, a map and survey, showing the exact location of the petitioner's complete permanent L.U.S.T. monitoring well installations within public rights-of-way.

In accord with Detroit Code (Sec. 50-1-9), there is an appropriate resolution, granting the encroachment petition, attached for consideration by your Honorable Body.

Respectfully submitted,  
JESSY JACOB  
City Engineer  
City Engineering Division — DPW

By Council Member Tinsley-Talabi:

Whereas, The Department of Environmental Affairs (DEA) is responsible for developing and implementing a coordinated and comprehensive environmental policy for the City of Detroit, including soil remediation from leaking underground fuel storage tanks. To ensure public safety DEA will review the petitioner's environmental activities prior to the issuance of city permits; also

Whereas, The State of Michigan requires that all underground storage tanks be registered and inspected for leaks. Also, the "State" has mandated the replacement of leaking tanks including removal (and proper disposal) of contaminated soil; also

Whereas, Any L.U.S.T. can contaminate soil and diminish the value of surrounding properties, including public rights-of-way. The taxpayers of Detroit invested substantial capital in the acquisition, site preparation, insurance, and maintenance of public rights-of-way. Finally, it is in the interests of public health, safety, and welfare to detect the presence of hazardous materials and/or soil contamination from L.U.S.T.(s); therefore be it

Resolved, The City Engineering Division — DPW is hereby authorized and directed to issue permits to "Groundwater and Environmental Services Inc. (GES)/Shell Oil" at the site of 21640 West Seven Mile Road, Detroit, Michigan to install and maintain one (1) monitoring well encroaching within public rights-of-way for the purpose of detecting the presence of hazardous materials and/or soil contamination from any leaking underground storage tank (L.U.S.T.); said public right-of-way being nearby or adjoining property described as follows:

Land in the City of Detroit, Wayne County, Michigan being adjacent to and adjoining Lots 166 through 162, both inclusive, all in the "Stollman Subdivision No. 3" of part of the Southwest 1/4 of Section 3 T. 1 S., R. 10 E., City of Detroit, Wayne County, Michigan as recorded in Liber 75, Page 50, Plats, Wayne County Records;

1 — Monitoring well in the East-West public alley, 26 feet wide, between Lahser Avenue and Burgess Avenue.

Provided, That nothing in this resolution shall be construed as giving any authority, permission or grant to the permittee for any part of the encroaching L.U.S.T. monitoring wells to be placed upon the surface or underground rights of privately owned property. Enforcement of violations of fire safety regulations and building codes is the responsibility of the Fire Marshal and the Buildings and Safety Engineering Department. The petitioner shall apply to the Buildings and Safety Engineering Department for approval and permits to place any monitoring wells on privately owned property (if necessary); and further

**Water and Sewerage Department**  
 October 7, 2008

Honorable City Council:  
 Re: Water and Sewerage Department Revised Septage Charge.

In addition to providing wastewater services to Detroit retail and suburban wholesale customers, the Water and Sewerage Department provides wastewater treatment services to entities that clean septic systems and discharge the resulting waste into Detroit's wastewater system. These businesses are neither Detroit retail, nor suburban wholesale customers. Instead, these entities are charged a flat fee by the Department for receiving the

"septage waste" discharged into the Detroit system in compliance with state law, MCL 324.11708.

The Department receives approximately 18,500,000 gallons per year of septage waste from the 51 entities regulated under the Department's septage waste-hauling program. The Department recently discovered that the septage charges (established in 1986 at \$10 per 500 gallons) have not been adjusted regularly to reflect the actual cost of treating this waste. Since 1986, there has been a three-fold increase in the actual cost of services being provided by the Department. The proposed revised charge of \$31.00 per 500 gallons will adjust the septage charges to be equivalent to the rate that Detroit retail residential sewer customers are charged and will reflect the actual cost of treating this septage waste.

Your approval of the revised septage

charge, with a waiver of reconsideration, is requested. The Board of Water commissioners approved this revised septage charge on January 23, 2008.

#### **Brownfield Redevelopment Authority**

October 23, 2008

Honorable City Council:

Re: CHASS Brownfield Redevelopment.

The enclosed Brownfield Plan for the CHASS Redevelopment Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the

"Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on October 20, 2008 to solicit public comments. At its October 9, 2008 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On October 23, 2008, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

#### Project Introduction

CHASS, Inc. is the project developer (the "Developer"). The Plan entails the demolition of the existing medical facility on West Fort and construction of a new medical facility adjacent to the former site. CHASS has operated their 15,000 sq. ft. medical clinic in southwest Detroit since 1975. Demolition of this functionally obsolete building and construction of a modern two-story sq. ft. facility will feature on the first floor: a medical clinic, dental operatories, a lab, pharmacy services, WIC and a centralized waiting area. The second floor will consist of social work and lifestyle management services, IT, medical billing areas and staff offices. Total eligible project investment is estimated at \$15,049,000.

The Developer will receive a 20% credit based on \$10,000,000 of eligible investment for an estimated Michigan Business Tax (MBT) credit of \$2,000,000.

#### Property Subject to the Plan

The property comprising the eligible property consists of ten parcels located on West Fort, Campbell and Anthon Streets on southwest Detroit bordered on West Fort to the north, Junction to the east, Anthon to the south and Campbell to the west.

#### Basis of Eligibility

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for a residential or commercial purpose; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the City of Detroit Planning Commission has determined and with the approval of the Plan, the City Council concurs, that the property qualifies as "blighted" under the definition in Act 381 since the property has substantial

subsurface debris buried on-site so that the property is unfit for its intended use.

Eligible Activities and Projected Costs

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec 2 of Act 381, because they include demolition and site preparation. The Authority is not responsible for any costs of eligible activities and will incur no debt. It is currently anticipated that the eligible activities will begin in spring 2009 and be completed within twelve months.

Tax Increment Financing (TIF) Capture

The Plan will not capture tax increment revenues for financing costs of eligible activities under this Plan. Tax increment financing of the costs of eligible activities under this Plan will not take place and this Plan shall not have a negative impact upon the tax revenues of any taxing jurisdiction in which the eligible property is located.

Comments Received

The Committee's communication to the City Council and the Authority, dated October 9, 2008 (Exhibit C), recommending approval of the Plan including the minutes of the public hearing held by the Authority on October 20, 2008 are enclosed for the City Council's consideration.

Authority's Request

The Authority is respectfully requesting the following actions from the City Council:

October 17, 2008

Honorable City Council:

Re: Resolution Authorizes the Issuance and Sale of Sewage Disposal System Revenue Bonds to the Michigan Municipal Bond Authority, of Junior Standing to the City's Sewage Disposal System Revenue and Revenue Refunding Bonds now outstanding.

The attached Resolution authorizes the issuance and sale of approximately \$554 million of Sewage Disposal System Revenue Bonds for the purpose of defraying part of the cost of acquiring and constructing repairs, extensions and improvements to the City's Sewage Disposal System Capital Program.

This financing is for participation in the Michigan Municipal Bond Authority's Clean Water Revolving Fund 1st Quarter Financing, to take advantage of the Authority's lower cost of borrowing.

It is anticipated that the sale will occur in December. Bond Counsel has prepared the attached Resolution and I recommend its adoption by your Honorable Body, with waiver of reconsideration, at your next formal session.

Respectfully submitted,

By Council Member Watson:

Whereas, Ordinance No. 18-01, effective October 22, 2001 (the "Bond Ordinance"), provides for the issuance of Securities (as therein defined) by the City of Detroit, Michigan (the "City"), to finance acquisition and construction of repairs,

extensions and improvements to the Sewage Disposal System of the City (the "System") and to refund Securities issued for such purpose; and

**Whereas**, The Bond Ordinance provides for a category of Securities called "SRF Junior Lien Bonds," which are issued for the purpose of providing improvements to the System under the Michigan Water Pollution Control Revolving Fund Program (the "State Revolving Fund Program") and which have a priority of lien on Net Revenues of the System which is junior to that of Senior Obligations and all other Junior Obligations which may be issued under the Bond Ordinance with a higher priority of lien on Net Revenues than that granted the SRF Junior Lien Bonds; and

**Whereas**, It is deemed necessary for the public health, benefit and welfare of the City to acquire and construct certain additional repairs, extensions and improvements to the System as more fully described in Appendix B attached hereto as "Project A" and "Project B" (each, a "Project," and collectively, the "Projects"); and

**Whereas**, The cost of Project A has been estimated by the City's Water and Sewerage Department (the "DWSD") to be approximately \$330,000,000, which includes engineering fees and contingencies, of which \$161,000,000 has heretofore been financed through the State Revolving Fund Program (Project 5175-09); the cost of Project B has been estimated by the DWSD to be approximately \$35,000,000, which includes engineering fees and contingencies; and the cost of Project C has been estimated by the DWSD to be approximately \$350,000,000, which includes engineering fees and contingencies (the estimated cost of each Project, less any amounts heretofore funded by the State Revolving Fund Program, is the "DWSD Estimated Cost"); and

**Whereas**, To finance all or a portion of the costs of the Projects, including costs of issuance of the Series 2008-SRF2 Bond, the Series 2008-SRF3 Bond, and the Series 2008-SRF4 Bond, hereinafter defined (the Series 2008-SRF2 Bond, the Series 2008-SRF3 Bond, and the Series 2008-SRF4 Bond are each a "Series Bond" and collectively the "Bonds"), the DWSD has recommended that the Bonds be issued in accordance with Act 94, Public Acts of Michigan, 1933, as amended ("Act 94"), in the stated principal amount of up to the amount of the respective DWSD Estimated Cost and sold to the Michigan Municipal Bond Authority (the "Authority") as part of the State Revolving Fund Program; and

**Whereas**, The City Council of the City (the "Council") previously authorized the issuance of the Series 2008-SRF2 Bond and the sale thereof to the Authority to finance the costs of Project A but since the City has heretofore been able to receive funding for only a portion of the costs of Project A through the State Revolving

Fund Program, additional bonds will have to be authorized to receive full funding for Project A, including the Series 2008-SRF2 Bond authorized in this Resolution; and

**Whereas**, The Council previously authorized the issuance of the Series 2008-SRF3 Bond and the sale thereof to the Authority to finance the costs of Project B, but since the Series 2008-SRF3 Bond was not issued in the originally anticipated time frame, the Council intends to reauthorize the issuance of the Series 2008-SRF3 Bond as provided in this Resolution; and

**Whereas**, All things necessary to the authorization and issuance of the Bonds under the Constitution and laws of the State of Michigan, including Act 94 and the Bond Ordinance, have been or will be done prior to the issuance and delivery of the Bonds, and the Council is now empowered and desires to authorize the issuance of the Bonds and the sale thereof to the Authority by supplementing the Bond Ordinance as herein provided; and

**Whereas**, The Finance Director of the City has determined to sell the Bonds to the Authority pursuant to the terms of a Purchase Contract between the City and the Authority; and

**Whereas**, In connection with the sale of the Bonds to the Authority, the City shall be required to enter into a Supplemental Agreement among the City, the Authority, and the State of Michigan acting by and through its Department of Environmental Quality, and to deliver an Issuer's Certificate to the Authority; and

**Whereas**, The Council desires to authorize and direct the Mayor and the Finance Director, each acting alone, to do all such things, take all such actions and make all such applications and filings with the Michigan Department of Treasury as may be necessary or appropriate to comply with Act 34, Public Acts of Michigan, 2001, as amended, or otherwise precedent to or in connection with the issuance, sale and delivery of the Bonds to the extent not inconsistent with the Bond Ordinance and this Resolution.

The Maximum Bond Amount shall be \$169,000,000 for the Series 2008-SRF2 Bonds (comprised of a project cost of \$330,000,000 less \$161,000,000 in funding heretofore received from the State Revolving Fund Program), shall be \$35,000,000 for the Series 2008-SRF3 Bond, and shall be \$350,000,000 for the Series 2008-SRF4 Bond.

Notwithstanding the foregoing, in the event that the City is unable to meet the Authority's requirement that the Bonds receive an investment grade rating if they are issued as SRF Junior Lien Bonds, then the Bonds shall be issued as Second Lien Bonds or, if necessary to achieve an investment grade rating, as Senior Lien Bonds, and all references herein to the lien priority of the Bonds, whether in the caption of the Bonds, in reference to funds or accounts related to the Bonds under the Bond Ordinance, or otherwise, shall be changed to reflect the applicable lien priority.

The balance of the costs of the Projects and the other costs, expenses, and deposits shall be paid from the proceeds of additional Securities issued under the Bond Ordinance, if any, and moneys of the System now on hand and legally available therefor and such moneys are hereby appropriated therefor.

Resolution, all of the provisions of the Bond Ordinance shall apply to the Bonds, the same as though set forth in full in this Resolution, the purpose of this Resolution being to supplement the Bond Ordinance to authorize the issuance of SRF Junior Lien Bonds as herein provided for the purpose herein set forth, such purpose being authorized by the Bond Ordinance, upon the conditions therein stated, which conditions have been fully met or will be fully met prior to the issuance of the Bonds.

**Section 5. Bond Details, Issuance in Series Registration, Execution and Transfer of Bond.**

(a) The Bonds for Project A shall be designated SEWAGE DISPOSAL SYSTEM SRF JUNIOR LIEN REVENUE BOND, SERIES 2008-SRF2; the Bonds for Project B shall be designated SEWAGE DISPOSAL SYSTEM SRF JUNIOR LIEN REVENUE BOND, SERIES 2008-SRF3, and the Bonds for Project C shall be designated SEWAGE DISPOSAL SYSTEM SRF JUNIOR LIEN REVENUE BOND, SERIES 2008-SRF4. The Bonds shall bear such additional or alternative designation as may be determined by the Finance Director of the City, subject to the Bond Ordinance. In the event the Bonds are not issued in 2008, the Finance Director is authorized in his discretion to redesignate the year and series designation of the Bonds and any funds and accounts established hereunder to correspond with the year of issuance of the Bonds.

(b) The Bonds for each Project shall be issued in the Maximum Bond Amount for that Project, or such lesser amounts as shall be set forth in the DEQ Orders or Purchase Contracts, and shall be payable as to principal on such dates as are set forth in the related DEQ Orders or Purchase Contracts for the Bonds, provided, however, that the maximum aggregate amount of interest and principal becoming due in any Fiscal year (whether at maturity or by reason of Mandatory Redemption Requirements) on all securities outstanding under the Bond Ordinance, including Bonds, shall not exceed the amount permitted by the Bond Ordinance. Principal of the Bonds shall be payable in the same manner as interest thereon on the annual payment date set forth above.

(c) The Bonds shall bear interest at a rate of 2.50% per annum, or such other interest rate as shall be set forth in the related DEQ Orders or Purchase Contracts, payable, except as hereinafter provided, on each Interest Payment Date by check made by the Transfer Agent, and mailed, or sent by other means, to the registered owner at the registered address, as shown on the registration books maintained by the Transfer Agent; provided, however, that at the written request of the Authority or other registered owner of at least \$1,000,000 principal amount of the Bonds (which request may provide that it

will remain in effect with respect to subsequent Interest Payment Dates unless and until changed or revoked at any time prior to an Interest Payment Date by subsequent written notice to the Transfer Agent), interest shall be paid by wire transfer or other immediately available funds acceptable to the Transfer Agent and the City. Except as hereinafter provided, interest on the Bonds shall be payable to the registered owner of record as of the Bonds as of the 15th day of the month immediately preceding any Interest Payment Date. The date of determination of registered ownership for purposes of payment of interest as provided in this paragraph may be changed by the City to conform to market practice in the future.

(d) Notwithstanding any other provision of this Bond, so long as the Authority is the owner of this Bond, (a) this Bond is payable as to principal, premium, if any, and interest at The Bank of New York Mellon Trust Company, N.A. or at such other place as shall be designated in writing to the Issuer by the Authority (the "Authority's Depository"); (b) the Issuer agrees that it will deposit with the Authority's Depository payments of the principal of, premium, if any, and interest on this Bond in immediately available funds by 12:00 noon at least five business days prior to the date on which any such payment is due whether by maturity, redemption or otherwise; in the event that the Authority's Depository has not received the Issuer's deposit by 12:00 noon on the scheduled day, the Issuer shall immediately pay to the Authority, as invoiced by the Authority, an amount to recover the Authority's administrative costs and lost investment earnings attributable to that late payment; and (c) written notice of any redemption of this Bond shall be given by the Issuer and received by the Authority's Depository at least 40 days prior to the date on which such redemption is to be made.

(e) The Bonds shall be dated December 19, 2008 or such other dates as provided in the related DEQ Orders or Purchase Contracts. The Series Bond for each Project shall be issued as a single, fully registered bond.

(f) The Bonds may be subject to redemption prior to maturity by the City only with the prior written consent of the Authority and on such terms as may be required by the Authority.

(g) Unless waived by any registered owner of a Bond to be redeemed, official notice of redemption of such Bond shall be given by the Transfer Agent on behalf of the City. Such notice shall be dated and shall contain at a minimum the following information: complete official name of the issue, including series; original issue date; payment dates; interest rate; the date of redemption notice; the redemption date; the redemption price; the place where the Bonds, or portions thereof called for

redemption, are to be surrendered for payment; the Transfer Agent's name and address with contact person and phone number; and a statement that interest on the Bond or portions thereof called for redemption shall cease to accrue from and after the redemption date if moneys are on hand with the Transfer Agent to redeem Bonds or portions thereof called for redemption.

In addition, further notice shall be given by the Transfer Agent in such manner as may be required or suggested by regulations or market practice at the applicable time, but no defect in such further notice nor any failure to give all or any portion of such further notice shall in any manner affect the effectiveness of a call for redemption if notice thereof is given as prescribed herein.

**Section 6. Payment of Bonds.** The Bonds and the interest thereon shall be payable solely from the Net Revenues, and to secure such payment, the statutory lien upon the whole of the Net Revenues created in the Bond Ordinance, subject to the prior lien thereon of Senior Obligations and any other Junior Obligations which may be issued under Bond Ordinance with a higher priority of lien on Net Revenues than that granted the SRF Junior Lien Bonds, is hereby confirmed in favor of the Bonds.

The obligation of the City to pay the principal of and interest on the Bonds shall continue until such payment in full has been made or until sufficient cash or sufficient Government Obligations shall have been deposited in trust for payment in full of the principal of and the interest on the Bonds to be defeased to its maturity, or, if called for redemption, to the date fixed for redemption, together with the amount of the redemption premium, if any. Upon deposit of cash or Sufficient Government Obligations, as provided in the previous sentence, the statutory lien herein referred to shall be terminated with respect to the Bonds for which such deposit was made, and, the holders of such Bonds shall have no further rights under this Resolution except for payment from the deposited funds and registration and replacement of bonds, and such Bonds shall no longer be considered to be outstanding under the Bond Ordinance and this Resolution.

**Section 7. Funds and Accounts; Flow of Funds.** Except as otherwise provided in this Resolution, all of the provisions relative to funds and accounts, their maintenance, the flow of funds and other details relative thereto, shall remain as specifically set forth in the Bond Ordinance.

**Section 8. Bond Proceeds.**

(a) The portion of the proceeds of the sale of each Series Bond representing capitalized interest, if any, as received, shall be deposited in the SRF Junior Lien Bond Interest and Redemption Fund established by the Bond Ordinance, and

the City may take a credit for the amount so deposited against the amount required to be deposited in such fund for payment of the next maturing interest payment on the related Series Bond.

(b) The balance of the proceeds of the sale of each Series Bond, as received, shall be deposited in the related Construction Sub-Account. These sub-accounts shall be established and maintained as separate depository accounts in accordance with the Bond Ordinance. Moneys in each Construction Sub-Account shall be applied solely in payment of the costs of the related Project, and any engineering, legal, financial or printing costs, and other expenses incident thereto and to the financing thereof. Payments for construction, either on account or otherwise, shall not be made unless the registered engineer in charge of such work shall file a signed statement with the Commissioners to the effect that the work has been completed in accordance with the plans and specifications therefor, that it was done pursuant to and in accordance with the contract therefor, that such work is satisfactory, and that such work has not been previously paid for. Payment of the costs of engineering, legal, financial, printing, and other costs of issuance with respect to the Bonds as provided in this section shall be made upon submission of appropriate documentation to the Finance Director of the City.

(c) Any unexpended balance remaining in any Construction Sub-Account after completion of the related Project may, with the prior approval of the Authority and at the discretion of DWSD, be used for further improvements, enlargements, and extensions to the System if, at the time of such expenditure, such use is approved by the Michigan Department of Treasury, Municipal Finance Division, if such permission is then required by law, and if such use will not, in the opinion of nationally recognized bond counsel, impair the exclusion of interest on the Bonds from gross income for federal income tax purposes. Any remaining balance after such expenditure shall, with the prior approval of the Authority, be paid into the SRF Junior Lien Bond Interest and Redemption Fund for the purpose of redemption or purchase, at not more than the fair market value, of the outstanding Bonds or portions thereof. Bonds acquired by purchase shall be canceled and shall not be re-issued.

**Section 9. Bond Form.** Each Series Bond shall be in substantially the form set forth in Appendix A hereto, with additions appropriate for the respective Series Bond and with such changes and additions as shall be determined appropriate by the Finance Director.

**Section 10. Covenants Regarding Exclusion of Interest on the Bonds for Federal Tax Purposes.** The City hereby covenants with and represents to the

Authority and any other registered owners of the Bonds that so long as any portion thereof remains outstanding and unpaid as to either principal or interest, the City shall, to the extent permitted by law, take all actions within its control to maintain, and will refrain from taking any action which would impair, the exclusion of the interest on the Bonds from gross income for federal income tax purposes under the Internal Revenue Code of 1986, as amended (the "Code"), including, but not limited to, actions relating to any required rebate of arbitrage earnings and the expenditure and investment of Bond proceeds and moneys deemed to be proceeds of the related Series Bond, and to prevent the Bond from being or becoming a "private activity bond" as that term is used in Section 141 of the Code.

**Section 11. Act 34 Compliance; Sale of Bonds.** The Mayor and the Finance Director, each acting alone, is authorized and directed to do all such things, take all such actions and make all such applications and filings with the Michigan Department of Treasury as may be necessary or appropriate to comply with Act 34, Public Acts of 2001, as amended, or otherwise precedent to or in connection with the issuance, sale and delivery of the Bonds.

**Section 12. Authorizations of Deputies or Persons Serving in an Acting or Interim Capacity.** During the absence or disability of the Mayor, Finance Director, Director of DWSD, Treasurer, or Corporation Counsel, any person serving as the deputy for such officer may exercise all the powers and perform all the duties of, and make all the determinations herein required or permitted hereunder by, such officer with respect to the Bonds. While the office of Mayor, Finance Director, Director of DWSD, Treasurer, or Corporation Counsel is vacant, any person serving as such officer in an acting or an interim capacity and such person's deputy, may each exercise all the powers and perform all the duties of, and make all the determinations herein required or permitted hereunder by, such officer with respect to the Bonds.

**Section 13. Execution of Bonds.** The Mayor and the Finance Director are hereby authorized and directed to execute each Series Bond by manual or facsimile signature for and on behalf of the City and in its name, to impress or imprint thereon the official seal of the City or a facsimile thereof, and to deliver each Series Bond to the Authority upon the terms and conditions set forth in the respective Purchase Contract.

**Section 14. Sale of Bonds; Execution of Authority's Documents.** Each Series Bond shall be sold to the Authority pursuant to the related Purchase Contract. The Purchase Contract, Supplemental Agreement, and the Issuer's Certificate for each Series Bond, in the forms on file with

the Finance Director, are hereby approved; and the Mayor, the Finance Director, and the Director of the DWSD are each hereby authorized to execute and deliver, for and on behalf of the City, such Purchase Contracts, Supplemental Agreements, and Issuer's Certificates to the Authority in the forms hereby approved with such changes thereto and insertions therein as the Finance Director shall determine are necessary or desirable. The executed forms of the Purchase Contracts, the Supplemental Agreements, and the Issuer's Certificates shall be deemed to be the final forms thereof.

**Section 15. Authorization of Other Officials.** The Mayor, City Clerk, Finance Director, Treasurer, Corporation Counsel, Director of DWSD, or any of them, are hereby authorized to execute and deliver such certificates, documents, instruments, opinions, and other papers as may be deemed necessary or appropriate to complete the sale, execution, and delivery of the Bonds as determined by such officials executing and delivering the foregoing items. Any actions heretofore taken by such persons in furtherance of the foregoing are hereby ratified and confirmed.

**Section 16. Declaration of Official Intent.** The City makes the following declarations for the purpose of complying with the reimbursement rules of Treas. Reg. §1.150-2 pursuant to the Code:

(a) The City plans to finance each Project through the issuance of the related Series Bond in an amount not to exceed the Maximum Bond Amount.

(b) The City Council of the City hereby declares its intent to reimburse itself from the proceeds of each Series Bond for expenditures made or to be made for the related Project.

(c) The maximum aggregate principal amount of each Series Bond expected to be issued for the related Project is the Maximum Bond Amount for that Series Bond.

(d) Advances to be made for any Project will be borrowed from the Improvement and Extension Fund of the City's Sewage Disposal System Fund, which shall be reimbursed upon the issuance of each series of Bonds.

**Section 17. Resolution Constitutes a Contract Interpretation; Modification.** The provisions of this Resolution shall constitute a contract between the City and each registered owner of the Bonds. The provisions of this Resolution shall be construed and interpreted liberally in order to effectuate the purposes of the Bond Ordinance, Act 94, the Shared Credit Rating Act, Act 227, Public Acts of Michigan, 1985, as amended, which creates the Authority, and the Natural Resources and Environmental Protection Act, Act 451, Public Acts of Michigan, 1994, as amended. The provisions of this Resolution, including, but not limited to, provisions with respect to disbursements

of bond proceeds, disbursements, and payments of capitalized interest on the Bonds and payments by the City to the Authority in amortization of the Bonds, may be modified by agreement of the City and the Authority without the consent of the holders of Securities outstanding under the Bond Ordinance, so long as such modifications do not prejudice such holders of Securities of higher priorities.

**Section 18. Repeal, Savings Clause.**

All other ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this Resolution are, to the extent of such conflict, hereby repealed.

**Section 19. Severability; Paragraph Headings; Conflict.** If any section, paragraph, clause or provision of this Resolution shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this Resolution. The section headings in this Resolution are furnished for convenience of reference only and shall not be considered to be part of this Resolution.

**Section 20. Publication and Recordation.** This Resolution shall be published in full in The Detroit Legal News, a newspaper of general circulation in the City qualified under State law to publish legal notices, promptly after its adoption.

REGISTERED OWNER: Michigan  
Municipal Bond Authority  
PRINCIPAL AMOUNT: \*\*\*\*\$ \_\_\_\_\_ \*\*\*\*

The City of Detroit, located in the County of Wayne, State of Michigan (the "Issuer") for value received, hereby promises to pay to the Michigan Municipal Bond Authority (the "Authority"), out of the hereinafter described Net Revenues of the Issuer's Sewage Disposal System, the principal amount of \_\_\_\_\_

Dollars (\$ \_\_\_\_\_) or so much thereof as shall have been advanced to the Issuer pursuant to the Purchase Contract between the Issuer and the Authority dated as of \_\_\_\_\_, 2008 and a Supplemental Agreement by and among the Issuer, the Authority, and the State of Michigan, acting through the Department of Environmental Quality, in lawful money of the United States of America, with interest on the principal from the date each disbursement of such principal is advanced by the Authority to the Issuer at the rate of two and one-half

percent (2.50%) per annum until paid. Interest is first payable on April 1, 2009 and semiannually on each October 1 and April 1 thereafter, and principal is payable on the first day of \_\_\_\_\_, commencing \_\_\_\_\_ 1, \_\_\_\_\_ (as identified in the Purchase Contract), and annually thereafter in the principal installments indicated on the Payment Schedule attached as Exhibit A hereto, unless prepaid prior thereto as hereinafter provided. This bond is payable as to principal, premium, if any, and interest at the corporate trust office of The Bank of New York Mellon Trust Company, N.A. or to such other place as shall be designated in writing to the Issuer by the Authority (the "Authority's Depository").

This bond may be subject to redemption prior to maturity by the Issuer only with the prior written consent of the Authority and on such terms as may be required by the Authority.

Notwithstanding any other provision of this bond, so long as the Authority is the owner of this bond, (a) this bond is payable as to principal, premium, if any, and interest at The Bank of New York Mellon Trust Company, N.A. or at such other place as shall be designated in writing to the Issuer by the Authority (the "Authority's Depository"); (b) the Issuer agrees that it will deposit with the Authority's Depository payments of the principal of, premium, if any, and interest on this bond in immediately available funds by 12:00 noon at least five business days prior to the date on which any such payment is due whether by maturity, redemption or otherwise; in the event that the Authority's Depository has not received the Issuer's deposit by 12:00 noon on the scheduled day, the Issuer shall immediately pay to the Authority, as invoiced by the Authority, an amount to recover the Authority's administrative costs and lost investment earnings attributable to that late payment; and (c) written notice of any redemption of this bond shall be given by the Issuer and received by the Authority's Depository at least 40 days prior to the date on which such redemption is to be made.

In the event of a default in the payment of principal hereof or interest hereon when due, whether at maturity, by redemption or otherwise, the amount of such default shall bear interest (the "additional interest") at a rate equal to the rate of interest which is two percent above the Authority's cost of providing funds (as determined by the Authority) to make payment on the bonds of the Authority issued to provide funds to purchase this bond, but in no event in excess of the maximum rate of interest permitted by law. The additional interest shall continue to accrue until the Authority has been fully reimbursed for all costs incurred by the Authority (as determined by the Authority) as a consequence of the Issuer's default.

November 5

2008

Such additional interest shall be payable on the interest payment date following demand of the Authority. In the event that (for reasons other than the default in the payment of any municipal obligation purchased by the Authority) the investment of amounts in the reserve account established by the Authority for the bonds of the Authority issued to provide funds to purchase this bond fails to provide sufficient available funds (together with any other funds which may be made available for such purpose) to pay the interest on outstanding bonds of the Authority issued to fund such account, the Issuer shall and hereby agrees to pay on demand only the Issuer's pro rata share (as determined by the Authority) of such deficiency as additional interest on this bond.

During the time funds are being drawn down by the Issuer under this bond, the Authority will periodically provide the Issuer a statement showing the amount of principal that has been advanced and the date of each advance, which statement shall constitute prima facie evidence of the reported information; provided that no failure on the part of the Authority to provide such a statement or to reflect a disbursement or the correct amount of a disbursement shall relieve the Issuer of its obligation to Repay the outstanding principal amount actually advanced, all accrued interest thereon, and any other amount payable with respect thereto in accordance with the terms of this bond. Capitalized terms not defined herein and defined in the hereinafter defined Bond Ordinance are used herein as therein defined.

For the prompt payment of the principal of and interest on this bond, the revenues of the Sewage Disposal System of the Issuer (the "System"); including all appurtenances, extensions, and improvements thereto, after provision has been made for reasonable and necessary expenses of operation, maintenance and administration (the "Net Revenues"), are irrevocably pledged, and a statutory lien thereon is recognized and created. The bonds of this series are of equal standing and priority of lien on Net Revenues as all other SRF Junior Lien Bonds issued under and in accordance with the Bond Ordinance and are of junior standing and priority of lien as to Net Revenues, and secured on a subordinate basis, to all Senior Obligations heretofore and hereafter issued under and in accordance with the Bond Ordinance and Junior Obligation heretofore and hereafter issued under and in accordance with the Bond Ordinance with a higher lien than that granted SRF Junior Lien Bonds.

This bond is issued pursuant to Ordinance No. 18-01, effective October 22, 2001 (the "Bond Ordinance") and a resolution of the City Council adopted \_\_\_\_\_, 2008, and under and in full compliance with the Constitution and

statutes of the State of Michigan, including specifically Act 94, Public Acts of Michigan, 1933, as amended, for the purpose of paying all or part of the cost of acquiring and constructing replacements, repairs, extensions and improvements to the System and paying the costs of issuing this bond.

This bond is a self-liquidating bond which is not a general obligation of the Issuer and does not constitute an indebtedness of the Issuer within any constitutional, statutory, or charter limitation, but is payable, both as to principal and interest, solely from the Net Revenues of the System. The principal of and interest on this bond are secured by the statutory lien hereinbefore mentioned.

For a complete statement of the revenues from which and the conditions under which this bond is payable, a statement of the conditions under which additional bonds of equal standing may hereafter be issued, and the general covenants and provisions pursuant to which this bond is issued, reference is made to the Bond Ordinance.

The Issuer has covenanted and agreed, and does hereby covenant and agree, to fix and maintain at all times while any bonds payable from the Net Revenues of the System shall be outstanding, such rates for service furnished by the System as shall be sufficient to provide for payment of the interest on and the principal of this bond and any other bonds of superior and equal standing payable from the Net Revenues as and when the same shall become due and payable, and to create and maintain a bond redemption fund therefor, to provide for the payment of expenses of administration and operation and such expenses for maintenance of the System as are necessary to preserve the same in good repair and working order, and to provide for such other expenditures and funds for the System as are required by the Bond Ordinance.

It is hereby certified and recited that all acts, conditions and things required by law precedent to and in the issuance of this bond and the series of bonds of which this is one have been done and performed in regular and due time and form as required by law.

IN WITNESS WHEREOF, the City of Detroit, located in the County of Wayne, State of Michigan, by its City Council has caused this bond to be signed by the manual or facsimile signatures of its Mayor and its Finance Director and its corporate seal or a facsimile thereof to be impressed or imprinted on this bond, all as of December 19, 2008.

In the event (1) that the payment schedule approved by the Issuer and described below provides for payment of a total principal amount greater than the amount of assistance approved by the Order or (2) that less than the principal amount of assistance approved by the Order is distributed to the Issuer by the Authority, the Authority shall prepare a new payment schedule which shall be effective upon receipt by the Issuer.

### APPENDIX B PROJECT A

**Upper Rouge Tunnel CSO Control — South Tunnel Segment Project 5175-11 (PC 764).** The entire project (the "Project"), of which Project 5175-11 is the second segment, includes, but is not necessarily limited to the excavation, initial support and final lining of the pumping station work shaft. This shaft is 80 feet in diameter and is sunk to a depth of 200 feet, and will be used to launch the tunnel boring machine, for muck removal and materials conveyance during the construction of the South Tunnel. It will later be incorporated into a pumping station under a separate contract. The pumping station work shaft is located just north of the intersection of Warren Avenue and Outer Drive. The Project also includes excavation, initial support and final lining of 18,700 linear feet of tunnel from the pumping station work shaft to the DS-7 work shaft located in Eliza Howell Park north of the intersection of Schoolcraft and Virgil Avenue. The tunnel will be in rock approximately 150 feet below grade with a finished internal diameter of 30 feet. Alternate bids for the initial and final lining of the tunnel will be accepted. In addition, the Project includes the excavation, initial support and final lining of 6 connecting adits/deaeration chambers ranging in finished internal diameter from 7 to 32 feet, and in length from 80 to 1,441 feet. These connect the main South Tunnel to drop shafts that will be constructed under other separate contracts. All associated work including dewatering, noise control, traffic management, permitting, disposal of excavated material, etc. will also be included with the Project.

### PROJECT B

**Oakwood Relief Sewer System Project 5175-07 (PCS-79).** The Detroit Water and Sewerage Department (DWSD) is planning to construct a new pump station and 9 million gallon retention basin to serve the Oakwood Sewer District in southwest Detroit, as part of the City's long term program to control combined sewer overflows (CSOs). Sewer system improvements will be undertaken concurrently with the CSO control project to provide the capacity needed to transport peak flows during wet weather events without surcharging the System. These projects are needed to comply with the requirements of the National Pollutant Discharge Elimination System (NPDES) permit issued to DWSD by the State of Michigan. DWSD is also proposing a major renovation and upgrade to the Oakwood District sewers to expand the transport capacity of the system and reduce basement flooding problems in the tributary area. The collector sewer improvements will be undertaken as a separate construction project, independent of the proposed CSO control facility.

The Project includes, but is not necessarily limited to, the construction of three junction chambers, along with 290 linear feet of influent (two 145 foot parallel lines) of 18 foot diameter combined sewer (hand mine tunnel), 308 linear feet of 10 foot diameter combined sewer (hand mine tunnel), and 874 linear feet of 7.5 foot diameter combined sewer (fiberglass reinforced pipe insert). Also the construction of approximately 427 linear feet of 15, 21, 24, and 36 inch combined sewer generally in Pleasant, Liddesdale, and Sanders Streets along with 215 linear feet of catch basin leads, three (3) standard manholes and eight (8) catch basins in the City of Detroit, Michigan. Additionally, the Project includes but is not limited to the construction in open cut of approximately 7,505 linear feet of 12, 15, 18, 21, 24, and 27 inch combined sewer along with approximately 1,453 linear feet of catch basin leads, 39 standard manholes, 5 drop manholes and 51 catch basins in the area bounded by the Rouge River to the north, Heidt Street to the west, Fort Street to the east and Sanders to the south in the Oakwood Sewer District in the City of Detroit, Michigan.

### PROJECT C

**Detroit River Outfall 2 Project 5302-01 (PCS 771).** The project consists of a new 21-foot diameter pipe approximately 6300 feet long which will convey treated effluent from DWSD's wastewater treatment plant to the Detroit River. The facility will utilize some of the components which were built under a prior construction contract which was terminated after the project was flooded out due to extreme groundwater intrusion. The new outfall tunnel will be mined in rock at a depth of approximately 110 feet using a slurry

shield pressurized face tunnel boring machine. The project also includes renovations to various gates and flow control structures, and facilities to achieve disinfection and dechlorination of the wastewater prior to discharge. The outfall will provide additional capacity for the discharge of peak wet weather flows which sometimes exceed the hydraulic capacity of the existing Detroit River Outfall (DRO-1). Upon completion of the project, DWSD will de-activate the Rouge River Outfall which is currently used to convey peak flow from the wastewater plant when the hydraulic capacity of DRO-1 is exceeded.

#### MEMBER REPORTS

**Council Member Jones:** She has been receiving calls regarding the Greening of Detroit contract. She has questions regarding this contract because there have been several arbitration cases from AFSCME relative to contracts being issued passed by the City Council. This is why she asked the Research and Analysis Division and Law Department to review the contract as well as information brought to the Council table by AFSCME. Council Member Jones further stated that she has received telephone calls from several people who thought she had a problem with the Greening of Detroit and with volunteers planting trees. She just wants to state for the record that she has no problem with volunteers doing work in the City of Detroit, but that she will be doing her due diligence to ensure that AFSCME does not continue to sue the City and win arbitration cases for work that is being contracted out. She reminded everyone of the arbitration case the City had received regarding the Grand Prix and that money was paid out.

Council Member Jones later commented on President Elect Obama. She said that she had literally cried while thinking of all the racism she had experienced as a child growing up in Birmingham, Alabama. She felt that McCain delivered a really good concession speech. She thought about how we often sing and have sung "We Shall Overcome" and for so long have asked when will we overcome? To see us finally overcoming, there was nothing but tears of joy. She felt that the comments Obama made relative to us all having to come together and work together and that you might not have voted for him, but he is going to be your president was a great thing.

Member Jones later asked that the City Clerk come before City Council and give a report on how many people were registered in the City and a count of how many people actually voted. She gave kudos to them because they did an excellent job. Where people were doing absentee vot-

November 5

ing they took the handicapped people inside and let them wait on the inside. There were approximately 800 seats for people. They were very organized and did a great job, so kudos to the whole Department of Elections.

**Council Member Reeves:** She would like to ask whoever is responsible for the barriers that are out at Belle Isle to remove them. She had a difficult time getting around the park yesterday on her way to the Yacht Club.

Member Reeves thanked everyone for the wonderful home-going service of Mr. Levy Stubbs and extended her appreciation to Council Member JoAnn Watson for attending and presenting such a wonderful testimonial resolution. She also thanked the Motown family as well as the Stubbs family.

Member Reeves commended the City on its patience, reserve, calmness, self-discipline and control relative to Barack Obama's election as President of the United States. They did blow horns and make a little noise, but it was such a wonderful occasion. She is so proud of how Detroit is conducting itself.

Council Member Reeves later mentioned the fact that Marvin Gaye (who President-Elect Obama reminds her of slightly) wrote a song years ago about dancing in the street, and the first city called out was Chicago. It came to her mind last night as she watched people in Africa actually dancing in the street, celebrating the victory of our African-American President. She says that having been refused services, being shot at and boycotted she sees a change where people have come together. She felt the collection of people at the Renaissance last night, was the perfect rainbow. There was a unity there that she hopes we enjoy the rest of our lives. In her opinion, this is the first time that the United States is united. Member Reeves went on to say that Marvin Gaye must have had a prophecy in writing that song. She is proud to be the one to sing it, and she will be singing it with more pride now.

**Council Member Tinsley-Talabi:** Stated the following, "This is the day the Lord has made. We will rejoice and be glad in it." She is sitting here with her colleagues and everyone, and just feels that each of us is walking a little taller. Council Member Tinsley-Talabi feels that as we move forward, that we're all going to do our part (the City and all of us). In order for our new President to be the best that he can be, we've got to be the best that we can be (citizens, council and workers in the city).

Council Member Tinsley-Talabi recognized the daughter of Martha Jean "The Queen", who was seated in the audience.

Later during the session, Council Member Tinsley-Talabi wanted to say to

the City Clerk the she had a "*Yo Woman's Job*" yesterday, she and Daniel Baxter. She got over at St. Jean and Jefferson at 7:05 a.m., and there were 300 people in line. You saw young people working with others. She asked what high schools they attended. They were from all the high schools across Detroit. She then thanked the City Clerk, Daniel Baxter, Director of Elections, and all of the Election Day workers for making what could've been a tough situation easy.

**Council Member Collins:** Gave thanks to Sister Harriet Tubman; Sister Sojourner Truth; Dr. Martin Luther King, Jr.; Malcolm X and The Freedom Riders student movement for bringing us to this point in time where she feels that America will truly be a leader throughout the world. We owe all of our thanks to those who have gone before us. She remembers when we could not eat downtown. To believe that one of us can ascend to the presidency of the United States during her lifetime... Last of all she thanked God for his will. Member Collins also thanked Karen Anderson of City Cab who sent out cabs to pick up anyone who needed a ride to the polls.

**Council Member Watson:** Advised that she has a stack, as usual, but she only wanted to talk about Obama. President Elect Barack Obama. She feels that President Elect Barack Obama is in a position that has been ordained by God. In addition, she feels that clearly this is not just a man-made political consequence and that God's hand is on it. We need to seize the momentum and rise to positions as City officials and City residents so that we are empowered, moving with the skills and the blessings God has already given us. She went on to say that we already have enough blueprints and enough history to move our City to higher grounds, so we need to follow the example. Council Member Watson feels that we should engage President Bush with some legal action for not bailing out Detroit (this major city). She went on to say that you can't bail out Wall Street with our tax dollars and not bail out the City of Detroit. She moved that President Bush gets some action from the City of Detroit before he leaves office. She asked that City Council appoint Special Council on our behalf to file this action in Washington, D.C.

Council Member Watson asked that the Research and Analysis Division along with the City Planning Commission staff research and give City Council details for the Inauguration, January 20th.

**Council President Monica Conyers:** Informed Council Members that they have the information and asked if the will of the body was to return on

January 22nd. They would go out on January 16th and return January 22nd. Council Member Watson moved the motioned; the Committee Members were in favor and the motion passed. President Conyers advised that the Committee of the Whole will be in session on Friday, January 23, 2009.

President Conyers echoed Member Jones' remarks relative to racism. She admits that the first time she encountered any form of racism was when she went to college in Geensboro, N.C. Just to see all the Anglo-American students at all the colleges and universities out in bus loads and droves going to vote for him and all the first-time young African-Americans in Detroit going out to vote was amazing. She had passed out food to the people standing in line waiting sometimes four to five hours to vote, and showing them that their vote was appreciated meant a lot to her. She is sure it also meant a lot to them to see someone out there showing concern for them.

She thanked her colleagues who came out and celebrated her birthday with her, as well as to the Halloween Party given for the kids in the City of Detroit. She wanted to thank all the donors because, in her opinion, this year was the best year that they've had. There were over a thousand people this year. Mr. Beasley provided the music and they danced. She further extended thanks to Target, who gave gift cards.

**President Conyers submitted the following message: Detroit City Council President Congratulates Barack Obama on White House Victory.**

Detroit City Council President Monica Conyers extends her sincere and heartfelt congratulations to President-Elect Barack Obama on running a stellar campaign that led to the win of the coveted White House prize, making Obama the first African-American to hold the seat of President of the United States and possibly the most powerful man in the world.

"This is a great time for America and something that will be written in the history books," said Council President Conyers. "Not only are we able to tell our children that in America, they can be anything they'd like with education and hard work, they are now able to see it for themselves," added the Council President.

President-Elect Barack Obama received 349 electoral votes well over the 270 needed for the presidency by promising tax cuts, better healthcare, new energy programs and fiscal discipline, as well as an assurance to work with Detroit's big three — General Motors, Ford and Chrysler in assisting with their financial woes.

"I am sure that the City of Detroit will have a friend in the White House once President-Elect Obama takes the helm," stated Council President Conyers. "I look forward to an excellent working relationship with our new President to turn

around our city's economy," the Council President said.

**RESOLUTION  
IN MEMORIAM  
FOR  
LEVI STUBBS**

**(June 6, 1936-October 17, 2008)**

By COUNCIL MEMBER REEVES, Joined  
By ALL COUNCIL MEMBERS:

WHEREAS, I, Martha Reeves submit this Testimonial Resolution as a fellow recording artist and member of the Motown Family. This document is submitted to commemorate the artistic contributions made by The Four Tops under the leadership of Levi Stubbs, and

WHEREAS, Levi Stubbs will always be one of the most profound lead vocalist in American history. The Four Tops started their careers in the mid 50's, and were already professional recording artists and performers by the time they came to Motown, and

WHEREAS, The Four Tops recorded for several labels before signing to Motown in 1963. *"Baby, I Need Your Loving"* (July, 1964), written and produced by the team of Brian Holland, Lamont Dozier, and Eddie Holland, was their first substantial hit, setting the pattern for a series of songs showcasing Stubb's emotive wail set against the Benson-Payton-Fakir harmony line. Pure emulations of need and longing would be the hallmarks of Stubb's singing on such songs as *"Ask The Lonely"* (January, 1965), which launched a string of R&B Top Ten/Pop Top 40 hits over the next two years. And along the way The Four Tops blended their voices, harmonizing with the Andantes on Martha Reeves' *Stevenson, Moy, and Hunters* production *"My Baby Loves Me"* (1965), and

WHEREAS, Its follow-up, *"I Can't Help Myself"* (April, 1965), hit number one and was itself followed by *"It's The Same Old Song"* (July, 1965), *"Something About You"* (October, 1965), *"Shake Me, Wake Me (When It's Over)"* (February, 1966), *"Loving You Is Sweeter Than Ever"* (May, 1966). ## Invocation

Eternal God, Our Father... Our source of hope, strength, guidance and assurance of our future. We stand humbly before Thee in the midst of transition. Our nation, through the mandate of its people has elected a new leader of the free world. This Man of Color symbolizes that all things are possible for those who believe and trust in Thee. We are at the midst of change in our beloved City of Detroit. We have moved on in a new direction. We pray for a brighter day. Economic hardships, corporate meltdowns and home foreclosures are our short list of immediate challenges. We ask O God, for Thy Spirit and Thy Wisdom to guide this elected body as they make decisions to move our city forward. Give the President of this Council, Monica Conyers the Power of Leadership. Give this Council the courage to always make decisions that improve the quality of life for our people. Give this Council a cooperative spirit that binds people together. Give these Council Members productive ideas that build our city for the future. A city which our children can strive to reach positive dreams; that our people can gain employment that is honorable and financially rewarding; that our elderly will not live in fear and that the image of our city becomes like that of Christ on Resurrection Morning! It is in Jesus Name that we pray. AMEN.

Re: Proposed Resolution for the Exploration of College Tuition Assistance Programs for Detroit Students.

The Research &amp; Analysis Division

(RAD) was requested by the Honorable Neighborhood & Community Services Committee to prepare a resolution for the exploration of college tuition assistance programs for Detroit students. The proposed resolution is attached for your consideration.

Respectfully submitted,

Director

By Council Member Collins:

**RESOLUTION  
FOR THE EXPLORATION OF COLLEGE  
TUITION ASSISTANCE PROGRAMS  
FOR DETROIT STUDENTS**

Whereas, The City of Kalamazoo has successfully implemented The Promise which is a program that pays a percentage of college tuition for students graduating from Kalamazoo Public Schools based on the number of years enrolled in the district; and

Whereas, Since the implementation of The Promise, the City of Kalamazoo has experienced an increase in Kalamazoo Public School enrollment, a growing housing market, and an increase in job creation; and

Whereas, Kalamazoo has enjoyed this economic growth as the State of Michigan overall experiences unprecedented unemployment, home foreclosures, drastic reduction in philanthropic donations, and exists in an increasingly negative economic climate; and,

Whereas, Attempts to model The Promise program have begun in communities across the nation with funding sources being the chief obstacle; and

Whereas, The need for programs such as The Promise in our community is great and The Detroit College Promise program has been started to fill the need in our community; and

Whereas, The City of Detroit has a vested interest in the success of any program that will provide Detroit Public Schools (DPS) students with an opportunity to attend college by overcoming the monetary obstacles that prohibit many students from obtaining post-secondary education; Now Therefore Be It

Resolved, That the Detroit City Council hereby requests the Research & Analysis Division (RAD) to research The Detroit College promise program and report its findings to the City Council; And Be It Further

Resolved, That the Detroit City Council hereby requests that this research occur in the early months of 2009 in hopes that the economic climate in Michigan will have improved by that time; And Be It Finally

Resolved, That a copy of this resolution be sent to RAD, The Detroit College Promise, Detroit Board of Education, and the City of Detroit Mayor's Office.

**Department of Human Services**

October 13, 2008

Honorable City Council:

Re: Authorization to enter into 2008-2009 Head Start and Early Head Start Program contracts with six (6) delegate agencies.

The Department of Human Services (DHS) is the Grantee for the Head Start and Early Head Start Program currently serving 6,592 eligible children and their families in the City of Detroit. The program is funded on an annual basis by the U.S. Department of Health and Human Services — Administration for Children and Families. Our grant year runs from November 1, 2008 through October 31, 2009 and official notification of the grant totaling \$47,776,351 will be received shortly. Because we have not received the grant award from the U.S. Department of Health and Human Services in a timely manner, we are not able to process a continuation contract with our delegate agencies before the New Program Year begins

on November 1, 2008. These contracts are being processed and all the proper clearances have been obtained. However, the time required to process these contracts might adversely affect the delivery of Head Start and Early Head Start services. To avoid any disruption of service and circumvent cash flow problems that our delegates may experience, DHS is requesting that City Council pass a resolution authorizing DHS to enter into contracts with six (6) delegate agencies. The Department intends to prepare and process the formal contracts as soon as possible. At this juncture, it is necessary to request pre-approval of these contracts. However, as always, the approved detailed budgets are attached to the contracts. All expenditures will be in accordance with the budget approved by the U.S. Department of Health and Human Services and DHS. The Head Start and Early Head Start delegates 2008-2009 contract amount and eight (8) week advance payment requests are as follows:

Honorable City Council:

Re: Petition Number 2645 — Request for City Council Approval for the issuance of a New Michigan Liquor Control Commission Dance-Entertainment Permit to Carlos, Inc., in Conjunction with a "Class C" Liquor License at 13750 Tireman.

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice (Request ID Number 473302), which has been designated by the City Clerk as Petition Number 2645. This Local Approval Notice requests approval by City Council of a request by Carlos, Inc., for the issuance of a new dance-entertainment permit in conjunction with a "Class C" liquor license at 13750 Tireman.

The Buildings and Safety Engineering Department ("B & SE") reports that 13750 Tireman is zoned B4 and the current legal land use is a bar. Pursuant to Section 61-9-82 of the 1984 Detroit City Code, the Detroit Zoning Ordinance, cabarets and establishments for the sale of beer or intoxicating liquor for consumption on the premises are conditional uses outside the Central Business District. However, the B & SE report, dated October 14, 2008, does not indicate whether a permit has been obtained for a cabaret at this location. The report does indicate that the current business has open violations and outstanding fees and that a certificate of compliance has not been issued for the location. B & SE has recommended that the request for the approval of the issuance of a dance-entertainment permit for 13750 Tireman be denied.

Further, pursuant to Section 5-7-21 of the 1984 Detroit City Code, a Group "A" Cabaret license is required for any establishment that sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without patron dancing. However, the B & SE Business License Center has reported that the location has not been licensed as a Group "A" Cabaret and that Carlos, Inc., has not applied for such a license. Accordingly, the Detroit City Council

Planning and Economic Development Standing Committee has recommended that the request for approval of the issuance of a dance-entertainment permit for 13750 Tireman be denied.

Attached is a proposed resolution denying approval for the issuance of a new dance-entertainment permit to Carlos, Inc., for 13750 Tireman. If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,

KATHLEEN LEAVEY

Re: Address: 14461 Alma. Name: Gregory R. MacKay - Trott & Trott. Date ordered removed: March 18, 2008 (J.C.C. pg. ).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on June 18, 2008 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of June 10, 2008.

The proposed use of the property is rehabilitation and sale.

This is the third deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Honorable City Council:

Re: Address: 3347 Whitney. Name: Shery L. Carson. Date ordered removed: June 10, 2008 (J.C.C. pg. ).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on October 7, 2008 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of September 30, 2008.

The proposed use of the property is owner occupancy. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

#### **Brownfield Redevelopment Authority**

October 29, 2008

Honorable City Council:

Re: Euclid Street Townhomes Brownfield Redevelopment.

The enclosed Brownfield Plan for the Euclid Street Townhomes Redevelopment Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on October 20, 2008 to solicit public comments. At its October 9, 2008 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On October 23, 2008, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

#### Project Introduction

Euclid Street Homes LDHA LP is the project developer (the "Developer"). The Plan entails the construction of 24, for sale, townhomes. The townhomes will be approximately 1,485 square feet in size and will consist of three bedrooms, two baths, a basement, and an attached garage. The townhomes will be designed to be harmonious with the architectural style of the neighborhood. Total project investment is estimated at \$3,400,000. The Developer is requesting a 12.5% Michigan Business Tax (MBT) credit of \$322,542 on an eligible investment of \$2,580,336. The Developer is also requesting Tax Increment Financing (TIF) capture of \$1,103,792.

#### Property Subject to the Plan

The property comprising the eligible property is located in Detroit's North End Area and consists of 12 parcels located at 658, 668, 760, 816, 830, 906, and 914 W. Euclid and 689-691, 699, 709, 803, and 889 W. Philadelphia bounded by W. Philadelphia to the north, Second Street to the east, W. Euclid to the south and the John C. Lodge Expressway to the west.

#### Basis of Eligibility

The Property is considered "eligible

property” as defined by Act 381, Section 2 because (a) the Property was previously utilized for a residential or commercial purpose; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be blighted as defined in Act 381; and (d) portions of the Property are determined to be facilities as defined by Act 381.

The City of Detroit Planning Commission has initially determined that the Property qualifies as “blighted” under the definition in Act 381. The Detroit City Council will make a final determination upon approval of the Plan.

Eligible Activities and Projected Costs

The “eligible activities” that are intended to be carried out at the Property are considered “eligible activities” as defined by Sec 2 of Act 381, because they include additional response activities, development and preparation of a brownfield plan and/or work plan, site preparation and public infrastructure improvements. The following activities and budgeted costs are intended as part of the development of the Property and are to be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt.

Tax Increment Financing (TIF) Capture

This Plan intends to capture tax increment revenues for financing costs of eligible activities under this Plan. Following is a table of estimated costs of those eligible activities for the Euclid Street Townhomes project.

**ESTIMATED COST OF ELIGIBLE ACTIVITIES**

<b>Description of MEGA Eligible Activities</b>	<b>Estimated Cost</b>
1. Brownfield Plan	\$ 5,000

12. Authority Administrative Costs	\$ 77,713
13. Local Site Remediation Revolving Fund	\$ 370,479
Total Estimated Cost to be Funded Through TIF	\$1,551,984

It is currently anticipated that construction will begin in the spring of 2009 and eligible activities will be completed in two and a half years.

Local Site Remediation Revolving Fund

The Authority has established a Local Site Remediation Revolving Fund (LSRRF). The LSRRF will consist of all tax increments revenues authorized to be captured and deposited in the LSRRF, as specified in Section 13(5) of Act 381, under this Plan and any other Plan of Authority. It may also include funds appropriated or otherwise made available from public or private sources. The amount of tax increment revenue authorized for capture and deposit in the LSRRF is estimated at \$370,479.

Other Development Incentives

The property included in this Plan will seek additional project support through a Neighborhood Enterprise Zone (NEZ) abatement and through HOME funds which will be used to provide down payment assistance to qualified buyers.

and Consumers Power employs an estimated 500 line workers. However, approximately 40% of the line workers in Michigan will retire in the next 3 to 5 years creating a labor shortage; and

WHEREAS, The impending shortage of qualified line workers presents a unique opportunity to create a unique program in Michigan for the training and employment of workers for the electrical utility industry, including line workers; and

WHEREAS, Michigan's leadership in the training of energy skilled trade workers would make a compelling argument for the State to receive federal funding for re-training our highly skilled unemployed workforce to meet the needs of energy industry employers; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby urges the creation of a public-private-organized labor partnership between the State of Michigan, Michigan Public Service Commission, Michigan electric utility industry and the International Brotherhood of Electrical Workers that establishes Michigan as the national training ground for energy sector skilled trades jobs by working cooperatively to establish an Energy Trades Institute that offers pre-apprentice and apprenticeship programs; and BE IT FURTHER

RESOLVED, That the Detroit City Council hereby urges that the energy training programs receive any unused state job training dollars for the current fiscal year as well as targeted investment during the 2009-2010 fiscal year; and BE IT FINALLY

RESOLVED, That a copy of this resolution be sent to the Governor, leadership of the Michigan Legislature, Michigan Public Service Commission, DTE Energy, Consumers Energy, International Brotherhood of Electrical Workers, Detroit Workforce Development Department, and the Mayor's Office.

#### STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL REGARDING RESOLUTIONS TO WITHDRAW AS A PARTY IN LITIGATION INVOLVING FOIA REQUESTS AND FORFEITURE PROCEEDINGS

On November 12, 2008, the Detroit City Council voted to withdraw as a party in the *Detroit Free Press, Inc. vs. City of Detroit* lawsuit (the Freedom of Information Act lawsuit regarding release of text messages) and the declaratory judgment action of *City of Detroit and Mayor Kwame M. Kilpatrick vs. Detroit City Council* (the legal action filed against the City Council to block forfeiture proceedings against Mayor Kilpatrick), and we voted to end attorney William Goodman's representation of City Council in these matters.

Mr. Goodman's representation of our Honorable Body occurred during the most tumultuous, emotional, and legally complicated crisis our City has experienced during my 15-year tenure as a member of the Detroit City Council. Mr. Goodman's wisdom, skill, patience and composure to advocate on behalf of this Body throughout these controversies was nothing short of heroic. He acted with dignity and showed respect for the many brothers and sisters of the Bar that he had to oppose or interrogate in order to pursue the Council's legal position.

It is my hope the City of Detroit Law Department will arrive at a resolution of the *Detroit Free Press* lawsuit that balances the best interests of the City and the public's right to receive information under the law, so that this unfortunate chapter in Detroit's history may come to a close. As has been my position from the start, I believe the best method for addressing problems with the forfeiture language is through a charter revision. I will vote in favor of placing a ballot question to the voters whether the City should seat a charter revision commission.

#### RESOLUTION TO "BAIL-OUT" DETROIT WITH \$10 BILLION FOR; PUBLIC SERVICE EMPLOYMENT, MORATORIUM ON FORECLOSURES & TRANSIT \$

By COUNCIL MEMBER WATSON Joined By ALL COUNCIL MEMBERS:

WHEREAS, The City of Detroit supports the "Bail-Out" proposed for the American Automobile Industry as the backbone of the USA Manufacturing to stabilize the nation's economy and labor force, and

WHEREAS, The City of Detroit joins other cities in Southeast Michigan who are calling for an urgent infusion of federal resources in order to stabilize our municipalities which are disproportionately impacted by foreclosure rates as high as 20%, unemployment rates as high as

30% and mass transit plans that are not sufficiently budgeted to facilitate regional rapid transit, which would spur economic growth vital to the region, and

WHEREAS, The City of Detroit as a major city in this nation, as the home of the auto industry, and as a city which has been historically dependent on the automobile industry as the main artery for its economic well-being and as a major employer for auto executives, plant workers, auto suppliers who directly impact homeownership, public school enrollment, retail business patronage and the corresponding tax base; THEN, THEREFORE BE IT

RESOLVED, That the City Council request that the Mayor and City Council President of the City immediately meet with the Governor, Michigan's Congressional delegation, the Speaker of the House, officials from the Bush administration and the transition team of the President-elect urgently and immediately in order to facilitate a Bail-Out of \$10 Billion Dollars.

Adopted as follows:

Yeas — Council Members Collins, Jones, Kenyatta, Reeves, Tinsley-Talabi, Watson, and President Conyers — 7.

Nays — Council Member S. Cockrel — 1.

\*WAIVER OF RECONSIDERATION (No. 7), per motions before adjournment.

**STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL REGARDING "NO" VOTE ON THE "RESOLUTION TO 'BAIL OUT' DETROIT WITH \$10 BILLION FOR: PUBLIC SERVICE EMPLOYMENT, MORATORIUM ON FORECLOSURES & TRANSIT \$"**

I voted "no" on the "Resolution to 'Bail Out' Detroit with \$10 Billion for: Public Service Employment, Moratorium on Foreclosures & Transit \$." One of the reasons I voted "no" was because I believe the City needs to do the hard work of crafting a well thought out agenda for the rebirth of the City that builds on our strengths and identifies solutions for our weaknesses, and provides the incoming Obama Administration with our very best ideas for a long overdue urban agenda that meets our needs. It is essential that out of this most dire of circumstances, we take time to craft public policies and develop strategies that will:

- stabilize our neighborhoods and tax base, addressing blight and foreclosures
- support job creation in a green economy
- help the City of Detroit become a significant force in the alternative energy sector of the economy
- maximize our opportunities in the growing film making sector of the Michigan economy
- plan for innovative public-private partnerships to address challenges in the school system

- combat the compelling level of adult illiteracy in our City
- address the need for a regional transportation system
- improve infrastructure

While I share the sense of urgency to address the economic crisis, it is imperative that the City of Detroit speaks with one voice. The resolution attempts to speak on behalf of "the City of Detroit," when there has been no consensus between the two branches of government in this City or any input from experts that the dollar amount requested or the purposes for which it is requested are appropriate and meritorious. I believe the City Council should have, at a minimum, consulted with Mayor Kenneth V. Cockrel, Jr. and his Administration to hear the vision and strategies they are discussing for our City's recovery before voting on a resolution of this nature.

Michigan has been in a one-state depression for several years and cities across the state are suffering dire economic conditions. We need to respond to the statewide economic crisis in a focused, disciplined manner in collaboration with other local government leaders. There needs to be a unified public policy that benefits the region and the state, in addition to the urban agenda that addresses Detroit's more specific needs. As we know, the Federal government is currently considering financial assistance for and oversight of the automotive manufacturing industry. If properly drafted and implemented, legislation assisting the automotive manufacturers will greatly benefit our state, region and city.

This economic crisis requires that this City's leadership develop well thought out strategies, not off the cuff calls for federal resources with no plan, no budget and no hope of implementation.

**RESOLUTION  
IN MEMORIAM  
FOR**

**ELDER COLUMBUS P. WILLIAMS  
March 18, 1915 - October 29, 2008**

By COUNCIL MEMBER JONES:

WHEREAS, Columbus Precious Williams was born on March 18, 1915, in Madison, Mississippi. He was the first of ten children born to John Henry and Bulah Williams. From the outset, his father wanted better for the family and moved them from the cotton fields of Mississippi, first to Earl, Arkansas, before settling in Memphis, Tennessee; and

WHEREAS, As members of the Church of God in Christ, the Williams family lived in the word of the Lord and held on to his unchanging hand. In 1939, while working in an urban Memphis mill, Columbus was compelled and called by his Lord and Savior, Jesus Christ, to come and work for his Father. Columbus did not question

his calling and at the age of 24, he studied in the word of the Lord; and

WHEREAS, Shortly after being ordained, Columbus met his wife-to-be, Lilly Brooks. Columbus and Lilly married and settled in Detroit, Michigan in search of hope and opportunity for their seven children: Columbus, Jr., Charles, Timothy, Titus, Robert, Charlotte, and Lois; and

WHEREAS, In Detroit, Columbus toiled in the Fisher Body Division of General Motors factory. He found that the pitfalls of the cotton fields and mills of the South were no comparison to the invisible yoke that the "Man" had on a soul in the furnace of his manufacturing bins. Columbus has a entrepreneurial spirit and wanted something that his family could call their own. Consequently, he went into the cleaning business in an effort to further improve the lives of his children. He would soon have to give up on his dream of being an entrepreneur as segregation still loomed large across the country. He knew, however, that if he stayed in the Lord, he would be going somewhere and did what he was ordained to do; he taught the word of the Lord, immersing himself in Scripture; and

WHEREAS, Columbus witnessed many things in his lifetime, including two World Wars, the end of segregation, civil rights for all, space travel, and the dawn of a new millennium. Through his travels and testimony, Columbus is telling us that it all starts and ends with God, for He is the Alpha and Omega, the head of your life, for it was written. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council, Office of councilwoman Brenda Jones, hereby joins with family and friends in honoring and celebrating the life of Elder Columbus P. Williams. He will be greatly missed and will always be remembered for his faithfulness, giving spirit, and devotion.

**TESTIMONIAL RESOLUTION  
FOR  
SIR MACK RICE**

By COUNCIL PRESIDENT CONYERS,  
Joined By COUNCIL MEMBERS  
WATSON and REEVES:

WHEREAS, Sir Mack Rice, the man behind The Staple Singers' "Respect Yourself" and Johnny Taylor's "Cheaper To Keep Her," took an indirect path to music. After Rice's childhood in Mississippi and migration to Detroit as a teenager, it was a mid-1950's army stint, "If you go in the army and you play a sport or if you're a singer, you can wake up whenever you want," Rice said. "So I joined the football team, but those big guys were coming out of Ole Miss and I was like, 'Nope, let me find a singing group.'" and

WHEREAS, When Rice got out of the army, the Doo Wop vocal harmony era was at its height. He and his Detroit friends admired the smooth harmonies of The Orioles, but their own group, the Falcons, was closer in spirit to the gospel-infused frenzy of The Five Royales. The Falcons' incredible single, "I Found A Love," featured Wilson Pickett's galvanizing wail and made him a soloist, and

WHEREAS, Rice also made himself known as a singer and writer as the group amicably broke up around 1962. While Rice initially recorded "Mustang Sally," Pickett's cover became a worldwide smash a few years later. Another former Falcon, Eddie Floyd, was an ascending star at the burgeoning Stax label in 1960s Memphis and invited Rice to join him. At first, Rice sang his own singles at Stax, such as "Mini-Skirt Minnie," which conveys an indelible forthright strut. But he proved his value and versatility as a writer. He came up with "Respect Yourself" in 20 minutes after talking about personal pride with singer Luther Ingram, and

WHEREAS, Rice's consistency spread across disparate topics. His lyrics were

always very simple, but always very meaningful. He also had the unique ability to come up with catchy turnaround lines. There was nothing superficial, even those songs that were meant to be humorous. Ultimately, he'll say that he just finds gold by keeping his ear near the street. "If something's on people's lips and it sounds good, I'll try to write something on it," Rice said from his home in Detroit, THEREFORE NOW BE IT

RESOLVED, That the Detroit City Council honors Sir Mack Rice for his outstanding contributions to the Detroit music industry.

**RESOLUTION IN SUPPORT OF GYMNASIUM FOR FARWELL CENTER**  
By Council Member Watson:

Whereas, The City of Detroit Recreation Department in the year 2000 built the Farwell Recreation Center with an anticipated lifespan of 50-years, and

Whereas, Prior to the start of construction of the Farwell Recreation Center, the City of Detroit conducted public hearings with the community to gain input on the community needs for the 90.24 acre park. During the public hearings the community residents requested a gymnasium be built and housed at the Farwell Recreation Center, and

Whereas, According to the Detroit Recreation Department Master Plan *Condition and Capacity Report* the center is in good condition, under capacity and is expected to be expanded, and

Whereas, The Recreation Department Master Plan also states in part: "To meet prototype standards, the following facilities have to be added to the Center": (1) a gymnasium, and

Whereas, The Department estimates that installation of a gymnasium containing (2) basketball courts and 28' overhead clearance, consisting of 26,300 square feet would cost approximately \$4,602,500, and

Whereas, The Detroit City Council has heard compelling testimony from the community residents requesting the gymnasium that has been planned be built at the Farwell Recreation Center, Now, Therefore Be It

Resolved, That the Detroit City Council strongly urges the Mayor, the City of Detroit Recreation Department and the City of Detroit Planning & Development of City Councils desire to include the cost of building a gymnasium at Farwell Recreation Field in the next City of Detroit Capitol Budget and supports the immediate planning process to begin construction of the gymnasium upon approval of the 2009-2010 City of Detroit Budget.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL REGARDING "NO" VOTE ON THE "RESOLUTION TO INCLUDE THE COST OF BUILDING A NEW GYMNASIUM AT FARWELL RECREATION CENTER IN THE NEXT CITY OF DETROIT CAPITOL BUDGET"

I voted "no" on the Resolution to allocate funds for a new gymnasium at Farewell Recreation Center for the following reasons:

I feel it is in the best interest of our City to follow the long-term strategic plans set forth in our master plan for the Recreation Department. Although some upgrades might be necessary, I would like to allow the department to have some input in determining the priority for the allocation of capital improvement funds and where they might be best utilized.

Further, according to the resolution, the proposed gymnasium would consist of 26,300 square feet at a cost of approximately \$4,602,500. This Council Member has not been presented with any information stating a \$4.6 million dollar gymnasium of 26,300 feet is being considered for the Farwell Recreation Center. The Detroit Recreation Department Strategic Master Plan for Farwell Recreation Center refers only to the possible addition of a 7980 square feet gymnasium at a cost of approximately \$1,396,500. The plan for

the Farwell Recreation Center also provides for an upgrade of an indoor swimming pool, children's paddling pool and swimming pool office/first aid station — as shown on the attached data sheet from the Strategic Master Plan.

I am not opposed to expanding the services offered by our Recreation Department to the citizens of Detroit. But without proper information relative to the actual project proposed, the cost of this project and availability of funds, I could not vote in favor of this resolution.

IN MEMORIAM  
FOR**

**MRS. MIRIAM MAKEBA**

By COUNCIL MEMBER WATSON:

WHEREAS, The illustrious, internationally acclaimed and highly venerated vocal artist, Miriam Zenzi Makeba was born in Johannesburg on March 4, 1932. As a child, she attended a training institute in Pretoria for eight years where she first started singing. Around 1950 she sang with her cousin's Cuban Brothers, then from 1954 until 1957 with the popular Manhattan Brothers and finally with a female vocal group called The Skylarks. In 1959 she took over the female lead in the musical "King Kong" and thus became well known all over South Africa; and

WHEREAS, Makeba's appeared in the 1959 Anti Apartheid film "Come Back Africa". She briefly depicted an illegal meeting for blacks, in which she sang the titles "Lakutshn Ilanga" and Saduva". At the Venice film festival director Lionel Rogosin had her flown in, so she could personally receive an award for the movie. And with that movie the voice of Mrs. Makeba traversed the world for the first time, making as much impact as the scenes showing the misery of the black South African miners. Internationally renowned singer and screen artist Harry Belafonte first organized a US visa for Mrs. Makeba; and

WHEREAS, Mrs. Makeba received a Grammy Award for Best Folk Recording in 1966 with Harry Belafonte for An Evening With Belafonte/Makeba. The album was about black South Africans living under apartheid. When she tried to return to South Africa, she discovered that her South African passport had been revoked. Among her admirers were Marlon Brando, Bette Davis, president Kennedy as well as Nina Simone, Miles Davis, and millions of African Americans. Mrs. Makeba testified against apartheid before the United Nations in 1963. Mrs. Makeba married musician Hugh Masekela and Trinidadian civil rights activist Stokely Carmichael, who was also the leader of the Black Panthers; and

WHEREAS, Makeba's full name is Zenzile Makeba Qgwashu Nguvama Yiketheli Nxgowa Bantana Balomzi Xa Ufun Ubajabulisa Ubaphekeli Mbiza Yotshwala Sithi Xa Saku Qgiba Ukutja Sithathe Izitsha Sizi Khabe Singama Lawu Singama Qgwashu Singama Nqamla Nqgithi. In 1968, following her divorce from Masekela, Makeba married Trinidadian activist, Stokely Carmichael. The relationship with the Black Panthers leader cost her recording contracts and led to the plug being pulled on her concerts, forcing her to leave the US; and

WHEREAS, Makeba and Carmichael moved to Guinea in West Africa on diplomatic passports, where she remained after their split in 1973. When Mrs. Makeba's only daughter, Bongsi Makeba, died in 1985, she moved to Brussels. In 1987, Makeba joined Paul Simon on his Graceland tour, memorably leading a packed Zimbabwean stadium of waving clinched fist (the African national congress symbol) in Nkosi Sikelel iAfrica (God Bless Africa), the hymn of the anti-apartheid struggle; and

WHEREAS, She returned to South Africa in 1990 at the invitation of former president Nelson Mandela, who was released from prison that year, the year the curtain came down on three centuries of white supremacist rule. For 31 long years she lived in forced exile variously in the United States, France, and Guinea as "a citizen of the world", the last years of this in Belgium, until President Nelson Mandela finally brought her back home to South Africa in December of 1990; and

WHEREAS, In 2006, the doyenne of African music, Mrs. Miriam Makeba decided to take leave from the stage on a farewell tour through 10 countries. However, she continued to perform in festivals and benefit concerts at home and abroad. "Some say I'm retiring but you never really retire as a singer," she said at 75. Makeba performed mainly in English and Xhosa but also had Portuguese, Spanish and Yiddish songs in her wide repertoire; and

WHEREAS, South African singer Miriam Makeba, "One of the greatest songstresses of our time", died on Sunday, November 9, 2008 after collapsing as she left the stage following a performance in Italy. After more than five decades of performing — Makeba succumbed to a heart attack in Italy where she fell ill while performing at the Southern Italian town of Caserta. Reports stated the 76-year old died overnight at a clinic in Castel Volturno after taking part in a concert for Roberto Saviano, a writer threatened with death by the Italian Mafia. She died just after having sung for half an hour for the young author of "Gomorra" along with other singers and artists; and

WHEREAS, Mama Africa will be remembered as the legendary voice of the African continent who became a symbol of the fight against apartheid, in Mzansi, ANC Secretary General Gwede Mantashe says Makeba's contribution to the South African liberation will last forever. "Miriam Makeba used her voice, not merely to entertain, but to give a voice to the millions of oppressed South Africans under the yoke of apartheid; NOW, THEREFORE BE IT

RESOLVED, The Detroit City Council embraces the legacy and holds the memory of the heroine, Miriam Zenzile

#### MEMBER REPORTS

**Council Member Brenda Jones:** Reported that she was in support of the Greening of Detroit volunteers, but wanted to do due diligence in making sure that AFSCME union does not bring an arbitration case against the City of Detroit. She also stated that she was not holding the contracts, but the Administration reported that the contract was being pulled.

**Council Member Alberta Tinsley-Talabi:** Reported on the event scheduled for November 13 at Greater Grace Temple for young people. Judge Hatchett was the speaker and there would be colleges and universities present.

**Council Member Joann Watson:** Requested information relative to a brochure that was sent out by the Next Detroit Initiative that was signed by the former Mayor and mailed out to Detroit residents seven weeks after he left office.

- Council Member Watson reported there was another participant in the Auto Show, an auto supplier from China, and hopes the Executive Branch will allow the City Council to support the auto show's expansion based on the discussion with Mr. Jackson.

- Council Member Watson received request from I-CARE asking for City Council's support in the Days' Inn hotel and not being removed.

- Council Member Watson reported that she received information about Covanta that provides services for the incinerator that it has been fined \$45,000 for nickel emissions that are toxic in Pennsylvania. She directed RAD and CPC to look at any toxicity, since Covanta is a supplier with Detroit's incinerator on what kind of toxicity is being emitted with respect to that.

- Council Member Watson on the \$47 million, I opposed half of that being spent for demolition and look forward to that meeting next week.

- Council Member Watson requested that RAD and Fiscal Analysis Division submit a state of the financial management with respect to the emergency financial manager who has been put in charge of the financial issues for the Detroit Public Schools because it has a major impact on how we operate as a City.

- Council Member Watson requested RAD to show the December 6th, "Bail Me Out" Forum that will be in the 13th Floor Auditorium to let citizens know.

- Council Member Watson reported that there was a specific request this Monday from the Livernois Median neighbors asking of City Council would be willing to waive the privilege on the privileged and confidential information that City Council Members have received from RAD. Mr. Whitaker replied that there was hesitancy in advising City Council to remove the privilege because of legal consequences and the fiduciary duties to the city being broader than they are to this one individual group. He advised not to lift the privilege, but allow for the community to have the sanitized versions of the documents that were provided.

#### **Council President Monica Conyers:**

Made the following announcements: On November 20, 2008, at the Northwest Activities Center, we'll be hosting a procurement fair where there will be someone from the State of Michigan, the federal government, and that City of Detroit to show all residents in the City of Detroit and the surrounding areas, how they bid on federal, state and city contracts so they can get it done properly and also grant writing and how to open up businesses and checking accounts and things of that nature. It's from 8:00-12:00, registration is at 8:00, and there's a light breakfast and the program goes from 9:00-12:00 and it's free for not just Detroit residents, but for all residents in a crises right now and looking to start their own business.

On November 21-24, 2008, we'll be giving away turkeys for the Thanksgiving holiday, so please make sure you call my office if you're interested in those turkeys.

#### COMMUNICATIONS FROM: MAYOR AND OTHER GOVERNMENTAL OFFICIALS AND AGENCIES

NONE.

#### PUBLIC COMMENT

REVEREND JOHNSON: Mr. Johnson spoke on the wrong doing in the City of Detroit relative to a citizen's property being taken from him. Council didn't listen to him.

LEWIS SMITH (Law Department): Stated this matter was heard at the November 17, 2008 Public Health and Safety

Standing Committee. The Law Department determined, at the time the land was transferred, Reverend Johnson was not the owner of the property. Everything was done properly.

JOHNSON stated that was not true.

MONICA CONYERS: Questioned when was the property transferred?

SHEILA COCKREL stated this matter has been going on a while. The property had been transferred to the Goldfarb Bonding Agency. Different people tried to work on the situation. If Mr. Johnson feels he's been deeply wronged, he would have to avail himself in a Court of Law.

JERRY GOLDBERG (Attorney): Mr.

Goldberg stated the \$47 million used to tear down homes in Detroit is the opposite what's currently needed. He deals with many individuals who are arrears on their mortgages due to predatory loans. A \$5,000 loan would keep them out of foreclosure. Emergency funds could be set up to stop foreclosures. People could be placed in abandoned homes; squatters should be allowed to keep the homes they've refurbished.

DR. NDIDE OKEKE: Stated racial discrimination and injustices are ongoing at Wayne State University. She understood a resolution has been written relative to this matter; she wanted her case to be a part of it.

MONICA CONYERS: Stated perhaps that resolution was something being worked on with the lawyers. Council could only talk to them. She suggested Dr. Okeke contact Dean Smith what is proposed with their lawyers.

JAMES ROBINSON: Mr. Robinson has concerns relative to property at 4122 Manistique. The house has been torn down for two years. Vehicles have been picked up off the property. No notice is given. He cannot park his inoperable motor home on the lot; if he does, the police can take it.

Some of the neighboring properties have been sold off piece meal for development. He applied for the lot but could not get it.

JOANN WATSON: Referred the matter to the Planning and Development Department, City Planning Commission and the Planning and Economic Development Standing Committee for resolution to the problem.

PASTOR GARTH GABRIEL: Mr. Gabriel had concerns relative to 3050-3080 E. Outer Drive. His church has been in negotiations to purchase the property for the last year. He noticed some of the buildings have been torn down by the City.

In purchasing the property the

November 18

3245

2008

church has agreed to pay all back taxes. He requested deferral of the demolition fees so renovation of the property could start.

MONICA CONYERS: Referred the matter to the City Planning Commission and the Planning and Economic Development Standing Committee for resolution of all problems.

HONORABLE JANICE M. WINFREY, CITY CLERK: Ms. Winfrey stated there are 633,000 registered voters in the City of Detroit. 53% participated in the last election. 77,000 voted absentee. The information was unofficial; it wouldn't be official until 2:00 P.M. today. She stated the Election Committee meeting will be held on Monday, November 24, 2008 at 2:00 P.M.

MONICA CONYERS wanted Ms. Brenda K. Sanders name to be removed from the ballot for running for Mayor. Ms. Sanders won the election for judge.

MS. WINFREY stated Ms. Sanders needs to write a letter to the City Clerk's office stating she would like to be sworn in as judge. As being sworn in as judge, her name would not be certified with the group for Mayor.

Ms. Winfrey stated all challenges relative to the upcoming election have been forwarded to the Law Department. During the Election Committee Meeting, everything will be shared. The role of the Election Commission is to certify individuals to be placed on the ballot. Signatures are looked at.

STATEMENT BY COUNCIL MEMBER  
SHEILA M. COCKREL REGARDING  
HER VOTE TO APPROVE  
RESOLUTION TO PLACE QUESTION  
ON THE BALLOT FOR THE FEBRUARY  
24, 2009, SPECIAL PRIMARY  
ELECTION AS TO WHETHER THERE  
SHALL BE A REVISION OF THE 1997  
DETROIT CITY CHARTER

My colleague, Council Member Kwame Kenyatta, moved a resolution to place a

November 18

3249

2008

question on the ballot for the February 24, 2009, Special Primary Election as to whether there shall be a revision of the 1997 Detroit City Charter. I was one of only three votes to approve the resolution and it failed. I am greatly disappointed and concerned that a majority of my colleagues did not support this resolution, which *only* proposes to put the question to the citizens of this City as to whether *they* want a charter revision commission to review and analyze the Charter and draft appropriate revisions for voter approval.

The historic events of this year highlighted areas of the Charter where the language is ambiguous and confusing, outdated, or inadequate to meet the best interests of our citizens. The areas of the Charter that need to be addressed will essentially restructure City government and change the balance of power between the two branches of government, and will not be mere clarifications or corrections of certain language. The law is clear that changes to a Charter that restructure government or the balance of power constitute *revisions* and, thus, may only be made by a charter revision commission. The decision to expend the funds and time necessary to make charter revisions rests with *the people* — not politicians who do not trust the people to make a measured decision.

It appears the majority of Council did not vote in favor of the resolution because they want to avoid a revision that Council members are elected by district. However, the majority of Council would not want the State to legislate the issue and take away local control of the decision, as is currently being discussed. I find it ironic that some Council Members who opposed the resolution to file a charge with the Governor to remove former Mayor Kwame Kilpatrick from office because they wanted it handled at the local level, are the same people who oppose a ballot question on charter revision. Council has been advised that revisions *must* be made to correct all the inadequacies in our charter regarding forfeiture so that in the future we are legally able to handle removal of an elected official at the local level.

I find it unbelievable a City Council majority that has talked about the primacy of the voters' voice and claim a commitment to the community's voice heard would fail to put this question to the voters. I believe it is the height of arrogance that this Council majority substitutes their judgment for the vote of the people. It is absolutely undemocratic. Let the people decide.

STATEMENT BY COUNCIL MEMBER  
KWAME KENYATTA OF DISAPPROVAL  
REGARDING THE FAILURE BY  
COUNCIL TO SUPPORT A CHARTER  
REVISION COMMISSION BALLOT  
INITIATIVE

Today, Council Member Brenda Jones

and I sponsored a resolution to put the question of whether a charter revision commission should be convened on the ballot. I voted yes on the resolution along with Council Member Sheila Cockrel and Council Member Brenda Jones. President Monica Conyers, President Pro Tem Joann Watson, Council Member Martha Reeves and Council Member Alberta Tinsley-Talabi all voted no. The resolution therefore failed 4-3.

In doing so, those Council Members who voted no wastefully discarded an opportunity to correct charter defects that have contributed to a hemorrhaging by the City of Detroit of over \$12 million in legal costs connected to the Whistleblower Lawsuit.

Those who claim to hold dear the right of Home Rule and oppose any intervention into Detroit's affairs have effectively endorsed the continuation of a charter that prevents City Council from being much more than a rubber stamp for the Executive Branch.

A charter revision could have provided for the prospect of a City Council that could truly do more than simply exhaust its bully pulpit without real powers to help the people who we have been elected to serve.

Those who voted no by their actions have shown that their interests lie not with upholding the will and the best interests of the people of the City of Detroit but instead with upholding their own will.

The Charter Commission would have been nominated and elected by the people. And the revisions and amendments proposed by them would be approved or disapproved by the people. Council Members and other interested parties would have been given an opportunity to give testimony and lobby for proposals that they wanted to see in the charter. To not give this right to the people is once again the Council Members deciding and determining the will of the people.

Furthermore and most importantly, the failure to pass a charter revision commission ballot initiative deepens an already present mistrust in Council by Detroit residents who now more than ever need to be able to look to their Council Members for honorable representative at all times.

Honorable City Council:

Re: Address: 15140 Bentler. Name: Gregory R. MacKay - Trott & Trott. Date ordered removed: April 9, 2008 (J.C.C. pg. 760).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on September 17, 2008 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of September 9, 2008.

The proposed use of the property is rehabilitation and sale.

This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

**TESTIMONIAL RESOLUTION  
FOR  
ST. STEPHEN AME CHURCH  
90th Anniversary**

By ALL COUNCIL MEMBERS:

WHEREAS, In 1918, Bishop Charles Spencer Smith, presiding prelate of the Fourth Episcopal District, was made aware of the need for an African Methodist Episcopal Church on the west side of Detroit. Reverend T. J. White heard the "legacy of a divine call" and volunteered to pursue this mission. Rev. White, with the help of Evangelist Julia Hall, canvassed the west side and found 40 people who supported the founding of St. Stephen AME Church. Meetings were held from house to house, as well as in the barbershop of Brother Calvin Porter. Before the departure of Rev. White in 1920, a lot was purchased on the corner of Stanford (Now John E. Hunter Drive) and Cobb where tent meetings were held prior to the building of a small one-room building; and

WHEREAS, Reverend W. C. Wright became the second pastor of St. Stephen (1920 to 1921). An annex was built in order to accommodate the fast growing congregation. The Trustee Helpers Club was the first club formed, and later Usher Board #1 was formed. Expansion continued with the assignment of Reverend S. S. Harris (1921 to 1923). Choirs, Sunday School, and a consecrated Deaconess Board were organized. This administration was succeeded by Reverend W. E. Walker (1923 to 1927). Under his guidance and leadership, the congregation moved into its first brick tabernacle and St. Stephen gained city-wide recognition as a church of distinction on the west side of Detroit; and

WHEREAS, Reverend J. D. Howell came to continue the "legacy of a divine call" (1927 to 1949). His gospel messages reverberated throughout the AME Con-

nection and the church membership grew into the thousands. Many new organizations were founded, including the first Boy Scout Troop for black children, and the first day care center run by black people in the City of Detroit. Rev. Howell's pastorate marked the longest ministry to date of St. Stephen pastors; and

WHEREAS, Reverend Dr. Charles S. Spivey was next appointed pastor (1949 to 1960). Among his many achievements was the building of the Charles S. Spivey Community Center, a place for young people and community members to meet during the course of the week. Rev. Dr. Spivey was elected from the St. Stephen pulpit to become Secretary of Religious Literature of the A.M.E. Church. He was followed by Reverend Dr. Martin Luther Simmons (1960 to 1972). Through his powerful preaching, Rev. Dr. Simmons added 900 new members, established a fund to provide transportation for members in need, and purchased a new parsonage. The next pastor was Reverend John E. Hunter (1972 to 1980). Among his many achievements were the renovation of the church building and the burning of the mortgage. In 1980, Rev. Hunter was the first and only pastor of St. Stephen to be elected a Bishop in the AME Church. The next pastor was Reverend Harold C. Huggins (1980 to 1997). He formulated programs and projects to meet the needs of the congregation and the demands of a troubled society. Rev. Huggins was appointed a Presiding Elder of the South District of the Michigan Conference. Reverend Delano L. Bowman was next assigned pastor (1997 to 2004). He set in motion a sound financial system, improvements to the church building, and the purchase of a new organ. Rev. Bowman was appointed a presiding Elder of the North District of the Michigan Conference. Reverend Alfred E. Johnson was appointed pastor (2004 to 2007). He instituted several changes, including the first meeting of the Official Board, the first church-wide Christmas party, and groups formerly known as "clubs" were renamed "ministries". Reverend Michael A. Cousin was appointed Pastor on October 28, 2007. His work has only just begun. Rev. Cousin continues the "legacy of a divine call"; and

WHEREAS, St. Stephens celebrates the 90th Anniversary of its founding, twelve ministers have served as pastors. This record speaks well for steadfastness and commitment of the membership. Threaded throughout the history of St. Stephen, one can feel the strength of dedication, prayer, and service rendered by those of the past and present who work in the noble cause of a divine call, received 90 years ago. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council, Office of Councilwoman Brenda

Jones, hereby joins with family and friends in celebrating the 90th Anniversary of St. Stephen AME Church. May you continue to receive and share the many blessings of the Lord.

**TESTIMONIAL RESOLUTION  
FOR  
THE NATIONAL NEGRO LABOR  
COUNCIL FOR AN ECONOMIC  
RESCUE PLAN FOR DETROIT'S  
WORKING CLASS**

By COUNCIL MEMBER WATSON:

WHEREAS, The National Negro Labor Council (NNLC) was founded in 1951 in Cincinnati, Ohio, dedicating itself to the two basic goals of attaining jobs for blacks in places where they had previously been excluded, such as banks, airlines, and department stores; and winning executive positions for blacks within labor and trade unions, in brief, Economic Liberation. Detroiters William Hood and Coleman Young were its president and executive secretary; and its headquarters were set up on Grand River in the City of Detroit; other Detroit members included David Moore and Quill Pettway; and

WHEREAS, The NNLC was based on the principle the day had ended when white trade union leaders or white leaders of ANY organization could presume to tell Negroes on what basis they would come together to fight for their rights, asking cooperation of whites, but not asking for their permission and

WHEREAS, The National Negro Labor Council, NNLC was an organization dedicated to winning first class citizenship for every Black man, woman and child in America in unity with that soulful multitude of democratic minded white workers who recognized in the struggle for Negro rights prerequisites of their own aspirations for a full life; and

WHEREAS, The NNLC saw the oppression of Black people as three-fold: racial, class and national. Because Black people had historically shared common culture, common economy, common history, they were a people and united by more than skin color; within this nation there were all classes; although most Blacks were workers. As a nation, Black people had a right to determine for themselves whether they would remain a part of the oppressor nation or separate from it. They had the right to come together to decide matters of policy within the liberation struggle. But as workers, the NNLC saw their oppression closely linked with that of all other workers in the country. Even though all classes in the Black nation were oppressed, they yet struggled among themselves for the leadership of the nation. The Black workers must therefore begin to put their imprint on the Black

liberation struggle, as well as join with other workers to fight the bosses; and

WHEREAS, Furthermore, the NNLC believed that Negroes in our country at that time were sick and tired of second-class citizenship, of getting the crumbs from the table. For, they were the last to be hired and the first to be fired, and worked the lowest paying, dirtiest jobs. Negro workers stood before the shop-gates all across the nation, only to be told that there are jobs for whites only. In a country that proposes to export democracy all over the world, 15,000,000 Negro citizens were jim-crowded, segregated, lynched and otherwise denied the basic minimum of democratic treatment.

In this context, the NNLC had the specific objective of bringing together Negro workers, organized and unorganized, in a variety of industry, to develop programs for economic equality, to provide leadership from their ranks, and to encourage Negro workers to play a fuller role within their unions and other aspects of community life. However, it did welcome and seek membership of white workers who accepted and supported this program; and

WHEREAS, NNLC carried out numerous actions, pickets, boycotts, and campaigns to fight and end racist and sexist discrimination in hiring and work, introducing union methods to the pursuit of social equality; and

WHEREAS, The "Negro" in "National Negro Labor Council" is to what Coleman Young was referring when he told the racist, redbaiting Congressman "That word is "Negro" not \_\_\_\_\_", in Young's legendary rebuff of the House UnAmerican Activities Committee; and

WHEREAS, The NNLC's program and work were influences and precursors to the Fair Employment Practices Council and the Civil Rights movement including recruiting and protest methods that were later adopted by Martin Luther King, Jr. and others as part of the formula for the Civil Rights movement; and

WHEREAS, The Detroit Negro Labor Council branch of the NNLC had such illustrious African American historical figures as Coleman Young, David Moore, William R. Hood, all leading figures of the national organization; and

THEREFORE BE IT

RESOLVED, That the Detroit City Council declares the National Negro Labor Council and its Detroit Chapter as a Great Detroit historic organization whose legacy provides significant substance to our Charter efforts to promote aggressive action to advance, conserve, maintain and protect the integrity of Detroit's human resources, provide for decent housing, job opportunities, and transportation and to secure equal protection and oppose discrimination, and BE IT FURTHER

RESOLVED, That the Detroit City Council in conjunction with the surviving members of the National Negro Labor Council shall initiate an investigation and hold a number of public hearings on the problems of employment, unemployment, labor and discrimination in Detroit today with the aim of improving the public health, education, safety and welfare, and BE IT

RESOLVED, More specifically Council will hold a Forum on Saturday, December 6, 2008 on Rescuing Detroit's working class from the current economic hurricane, including bailout of homeowners and hardworking people with mortgage failures just as the biggest banks on Wall Street banks were bailed out; bailout of autoworkers so that they are not victims of the failures of the auto corporations; and BE IT FINALLY

RESOLVED, That the Detroit City Council will seek to have the autobiography of Mayor Coleman A. Young, Hardstuff, designated as required reading in all Detroit high schools, with David Moore and other noted historians invited to speak to student audiences as deemed appropriate.

Honorable City Council:

Re: Capital Bond Authorization Proposals.

On July 29, 2008, your Honorable Body, as legislative body of the City of Detroit, adopted by resolution to submit to the qualified electors of the City of Detroit at the November 4, 2008 General Election six (6) proposals authorizing the issuance of capital improvement bonds for various project improvements within the City of Detroit. These include: 1) neighborhood redevelopment and housing rehabilitation programs and economic development programs; 2) public safety, including police, fire, emergency medical services, health, and other municipal facilities; 3) public lighting service improvements; 4) public improvements to museums,

libraries, recreation, and cultural facilities; 5) acquisition, construction, renovation and rehabilitation of various municipal facilities; and 6) acquisition, construction, renovation and rehabilitation of various transportation facilities.

On August 7, 2008, the Detroit Election Commission certified the language of the proposals and forwarded same to the Wayne County Clerk for inclusion on the ballot for the November 4, 2008 General Election. On August 27, 2008, the Wayne County Clerk's Office indicated that there is insufficient space on the ballot to include the proposals for the November 4, 2008 General Election. Subsequently, on October 8, 2008, your Honorable Body adopted a resolution to withdraw the proposals from the ballot for the November 4, 2008 General Election.

We are now resubmitting six (6) resolutions to your Honorable Body to place these six (6) proposals on the February 24, 2009 Special Primary Election. This will permit the City of Detroit to seek approval from the electorate for additional bond authorizations, thereby continuing the process of an orderly capital improvement program over the next several years.

To reiterate information regarding the original proposals, the 2008-2009 Fiscal Year Budget includes an issue of \$52,200,000 general obligation bonds, which are expected to be sold, during the fiscal year. The combination of prior authorizations and the proposed bond sale in the current budget leaves the City with only \$63,080,000 in voter authorized, but unissued bonds for General City agencies. There also exists an additional \$24,000,000 of authorized, but unissued, general obligation bonds dating back to 1960 for sewer construction prior to that agency's ability to sell revenue bonds. The last time that the City requested voter authorization was on November 2, 2004 when \$215,000,000 was approved for various City of Detroit capital projects.

It is imperative that we seek additional voter authorization to continue some critical capital improvement projects. Currently, there are departments which have zero voter authorization to sell general obligation bonds in the future. Departments that have zero or a minimum amount remaining voter authorization are: Airport, Detroit Institute of Arts, General Services, Health, Historical, Library, Public Lighting, Recreation, and Zoo. The remaining agencies have one year or less of remaining voter authorization after the sale of the FY 2008-09 budgeted bonds.

Therefore, having reviewed our capital needs, we are resubmitting to your Honorable Body, six (6) bond authorization proposals for inclusion on the February 24, 2009 Special Primary Election Ballot.

Specifically, the Administration is

requesting your approval for submission to the voters for a General Obligation Bond Authorization Program totaling \$263 million. This package addresses the City's capital needs in the areas of Economic Development (\$25 million); Public Lighting (\$22 million); Public Safety (Police, Fire, EMS, and Health) (\$72 million); Museums, Libraries and Recreational Facilities (\$97 million); Municipal Facilities (\$35 million); and Transportation Facilities (\$12 million).

The attached resolutions will authorize the placement of these proposals on the ballot. The approved package must be submitted to the City Clerk at least seventy (70) days prior to the election, which date is December 16, 2008, in order to be placed on the February 24, 2009 Special Primary Election ballot for consideration by the voters of the City of Detroit.

Respectfully submitted,

Honorable City Council:

Re: Resolution on City Council's Policy to Not Approve Pending Requests for "Extended Hours" Permits nor Approve Any Future Requests for Approval of "Extended Hours" Permits for Licensed Bars and Cabarets in the City of Detroit.

On October 22, 2008 the Planning and Economic Development Standing Committee held a follow-up discussion on the "extended hours" policy. The Law Department, B&SE, DPD and CPC recommend that the city not adopt a policy supportive of "extended hours." While the Committee moved this matter out of committee without recommendation, staff was directed to provide the attached resolution adopting a policy to not approve Michigan Liquor Control Commission (MLCC) "extended hours" permits and pending requests for "extended hours" permits for licensed bars and cabarets in the City of Detroit.

By Council Member Collins:

Whereas, The Michigan Liquor Control Code of 1998, being MCL 436.1101 *et seq*, and the rules promulgated thereto,

regulate both the sale and consumption of alcoholic liquor and the occupation of on-premises licensed establishments between the hours of 2:30 a.m. and 7:00 a.m.; and

Whereas, Amendments to the Michigan Liquor Control Code, specifically Section 916(6) of the Michigan Liquor Control Code, being MCL 436.1916(6), provides that an on-premises licensed establishment may apply for an "extended hours" permit for patron dancing and/or specified entertainment on the licensed premises; and

Whereas, Section 916(8) and 916(10) of the Michigan Liquor Control Code, being MCL 436.1916(8) and MCL 436.1916(10), provides that an on-premises licensed establishment shall obtain the approval of the Michigan Liquor Control Commission ("Commission"), the local legislative body, and the Police Department for the issuance of an "extended hours" permit by the Commission; and

Whereas, Pursuant to the aforementioned amendments to the Michigan Liquor Control Code, several on-premises licensed establishments within the City of Detroit have applied to the Commission for the issuance of an "extended hours" permit for either dance or entertainment; and

Whereas, The amendments to the Michigan Liquor Control Code, specifically Section 1916(9), being MCL 1916(9), an "extended hours" permit does not authorize the extension of hours for service or consumption of alcoholic liquor at a licensed establishment during the "extended hours" whether or not it is permitted to offer dance and/or entertainment during such time period; and

Whereas, The City Planning Commission ("CPC"), the Buildings and Safety Engineering Department, the Law Department, and the Police Department submitted a report dated October 21, 2008 to the City Council's Planning and Economic Development Standing Committee recommending that the Detroit City Council should not allow "extended hours" permits for licensed cabarets in the City of Detroit; and

Whereas, The October 21st report indicates that there has been an increase in complaints from City residents who live in the proximity of licensed bars and cabarets involving loitering, noise, prostitution and illegal parking during regular business hours or after closing; and

Whereas, The October 21st report states that in the last year, there has been an increase in violent crimes inside the bars and cabarets or within close proximity to the establishments; and

Whereas, The October 21st report indicates that the approval of "extended hours" permits for licensed bars and

cabarets would place an additional burden on the Detroit Police Department's resources and impact the goal of reducing violent crimes and improving police services and safety in the neighborhoods; and

Whereas, The October 21st report states that other major cities such as Atlanta, Washington D.C., and Philadelphia have reverted back to a 2:00 a.m. closing time, while Chicago is moving away from "extended hours" operations; and

Whereas, Detroit City Council has determined that it would not be in the best interest of the City of Detroit to approve the pending requests for the issuance of MLCC "extended hours" permits or for any licensed bar or cabaret within the City of Detroit.

Now Therefore Be It Resolved, That Detroit City Council shall not approve the pending requests for "extended hours" nor approve any future requests for the approval of "extended hours" permits for licensed bars and cabarets in the City of Detroit; and

It Is Further Resolved, That a copy of this Resolution be forwarded to the Michigan Department of Labor and Economic Growth, Liquor Control Commission, 7150 Harris Drive, P.O. ### City Planning Commission

November 24, 2008

Honorable City Council:

Re: Neighborhood Stabilization Program (NSP) Plan comments (Departmental Report).

On November 17, 2008, your Honorable Body held a discussion on the status of the Neighborhood Stabilization Program Plan (the Plan). At that discussion, numerous comments were made by City Council, City staff, interested non-profits, and citizens.

Many of the concerns can be summarized as follows:

1. Too much funding is allocated for demolition.
2. A plan is needed to manage and redevelop vacant lots created from demolition — this activity falls under disposition.
3. Additional funding is needed to support urban agriculture initiatives.
4. Funding is needed for needy areas outside the selected nine areas.
5. Job creation should be a priority.
6. Funding should be increased for rehabilitation of houses and apartment buildings.
7. The City needs to work with non-profit community development corporations to implement the program.
8. Additional funding is needed for housing counseling.
9. Funds are needed for supportive housing for homeless persons.

Since the November 17, 2008 discussion, CPC staff understands the Administration has agreed to revise the distribution of funds by taking \$500,000 from demolition to fund urban farming initiatives referred to as public improvements.

Based on the feedback from the discussion, CPC staff recommends as an alternative the following revised NSP distribution of funds.

Activity	Administration	CPC staff
		Recommended Amount
Acquisition	\$ 3,000,000	\$ 4,000,000
Administration	\$ 4,713,769	\$ 4,713,769
Demolition	\$23,123,921	\$14,000,000
Disposition	\$ 3,200,000	\$ 4,200,000
New Construction	\$ 4,000,000	\$ 4,000,000
Public Improvements	\$ 500,000	\$ 2,000,000
Rehabilitation	\$ 8,600,000	\$13,723,921
*Housing Counseling	\$ 0	\$ 500,000
Total	\$47,137,690	\$47,137,690

CPC staff recommends \$14,000,000 for demolition which represents 29.7% of the budget rather than 49.1%. The freed up \$9.1 million dollars could be used for

other priorities, such as acquisition, disposition, urban agriculture, and rehabilitation as reflected in our proposed distribution of funds in the charter above. CPC staff is particularly in support of creating affordable rental housing through the rehabilitation of vacant apartment buildings. Also, CPC staff is recommending a separate allocation for housing counseling(\*).

Attached to this report is a revised resolution for your consideration.

Respectfully submitted,  
MARCELL R. TODD, JR.

**Detroit City Council Resolution Seeking Authorizations and Approval for the City of Detroit to Receive 2008 Federal Neighborhood Stabilization Program (NSP) Funds and the Approval to Submit an Amended Annual Action Plan to HUD by December 1, 2008, Granting Planning & Development Department (P&DD) the Authority to Implement and Administer Eligible NSP Funds, Projects and Activities.**

By Council Member Collins:

Whereas, The Department of Housing and Urban Development (HUD) received approval by Congress in July, 2008 to enact the Housing and Economic Recovery Act (HERA) of 2008. Title III of HERA appropriated \$3.92 billion for the Neighborhood Stabilization Program (NSP) to state and local governments.

Whereas, The City of Detroit has been designated to receive an allocation of \$47,137,690 to provide "emergency federal grant funding assistance" for neighborhood stabilization and the redevelopment of abandoned, vacant and foreclosed homes;

Whereas, HUD requires the City of Detroit to submit a substantial amendment application to its annual Action Plan, in order to qualify to receive the \$47,137,690 funding award;

Whereas, The Planning & Development Department (P&DD) is the lead agency developing and coordinating the substantial amendment/application, which is due to HUD by December 1, 2008;

Whereas, NSP funds must be obligated within an 18-month period and expended within a four (4) year period from the date of application approval. In addition, the City must adhere to stringent quarterly reporting requirements that identify performance benchmarks and time sensitive commitments and disbursements;

Whereas, NSP funds are to be essentially targeted to "areas of greatest need" and 25% of the funds are to benefit individuals and families that are at or below 50% of the area median income (AMI). In addition, all funds must benefit individuals and families that are at or below 120% of AMI;

Whereas, P&DD has identified nine (9) targeted areas of "greatest need" that include areas where there is a high number of home foreclosure activities, abandonment and blighted structures that add to the declining property values, that also negatively impact, once viable neighborhoods and City of Detroit development areas;

Whereas, The City of Detroit will utilize the Detroit Land Bank Authority to serve as the main entity to acquire, manage, assemble properties and leverage resources;

Whereas, P&DD has met with and received feedback and input from various stakeholders, including local community development organizations, City Planning Commission, Wayne County and State of Michigan governments, Detroit Office of Foreclosure Prevention, Social Compact, Community Legal Resources, Detroit LISC, various financial institutions and foundations, in the development of this Action Plan amendment and application;

Whereas, P&DD has sought collaborative partners in an effort to leverage program funds and to develop programs and initiatives to efficiently expend these program funds that target Detroit households and properties for resource assistance;

Whereas, Eligible NSP activities include: a) demolition of blighted properties and structures, b) acquisition, disposition and redevelop of vacant foreclosed abandoned properties, c) redevelopment of vacant, foreclosed and abandoned properties for sale to eligible low and moderate income homebuyers and renters, d) down payment assistance and closing costs to eligible low and moderate income for new home buyers, e) establishment of a Detroit Land Bank Authority;

Whereas, P&DD will encourage the participation of local, Detroit-based, qualified rehabilitation contractors, appraisers and property management companies, needed to meet the NSP program implementation requirements;

Whereas, The City of Detroit, through P&DD, is respectfully requesting approval and support from this Honorable Body to receive the \$47,137,690 HUD allocation of NSP funds and to act as the lead agency coordinating the disposition of funds and the development of programs, projects and initiatives that are eligible under the NSP guidelines;

Whereas, This Honorable Body supports the NSP submitted by P&DD with the total allocation divided into the following activities and corresponding budget amounts: Acquisition \$4 million, Administration \$4,713,769 million, Demolition \$14 million, Disposition \$4.2 million, New Construction \$4 million, Home ownership counseling \$500,000, Public Improvements (specifically urban farming) \$2 million and Rehabilitation \$13,723,921, for a grand total of

\$47,137,690 million.

Now Therefore Be It Resolved, That P&DD on behalf of the City of Detroit, is hereby granted full authorization to administer and coordinate the federal NSP funding allocation in accordance with the above mentioned budget to provide quarterly reports to this Honorable Body that reflects program performance and the achievement of program goals,

Be It Further Resolved, That P&DD is hereby granted approval by this Honorable Body to formally submit an amended Action Plan application to HUD, prior to the December 1, 2008 deadline to grant the P&DD's Director or his designee, the authorization to execute any and all documents required in connection with the administration and implementation of the Neighborhood Stabilization Program, projects and activities.

Be It Finally Resolved, That any amendment to the NSP should be coordinated with the staff of the City Planning Commission and approved by this Honorable Body.

STATEMENT BY COUNCILWOMAN  
SHEILA M. COCKEL REGARDING "NO"  
VOTE ON THE VERSION OF THE  
NEIGHBORHOOD STABILIZATION  
PLAN SUBMITTED BY THE CITY  
PLANNING COMMISSION

November 24, 2008

I voted "no" on the resolution authorizing the Neighborhood Stabilization Plan because the plan presented to City Council at the time of the vote was **not** the plan submitted by the City's Planning and Development Department. The Planning and Development Department plan allocated half of the \$47 million federal grant funding, \$23 million, for demolition of vacant blighted homes around the City, and for other uses that are specifically allowed under the stringent federal guidelines attached to these funds. At the time of the vote, the City Planning Commission submitted a substantially different plan at the table. The City Council had absolutely no opportunity to read, review or debate the City Planning Commission version. I believe the City Planning Commission actions were totally inappropriate and ineffective counsel to the Body. A decision of this magnitude required much discussion and review prior to a vote — not a last minute, rushed vote.

The City Planning Commission version of the Neighborhood Stabilization plan drastically reduced the amount of funds to

November 24

3312

2008

be allocated for demolition — \$14 million, instead of \$23 million. I believe this drastic reduction in funds for demolition is woefully inadequate public policy. Further, it appears some of the proposed uses for funds under the City Planning Commission plan may not be allowed under the guidelines. Due to the eleventh-hour presentation of the plan, Council was unable to do its due diligence — we cannot risk violation of the guidelines or loss of these desperately needed funds.

The tragic death of firefighter Walter Harris should be all the evidence this City Council needs to find that demolition of vacant, blighted property should be a top priority for these funds. I agree that community groups and non-profit organizations should be allotted a portion of these federal funds to rehabilitate certain vacant homes for families to live in and to repopulate the City. However the reality is, according to the Planning and Development Department, there are approximately 44,000 vacant homes in the city and “the number of blighted, vacant properties in neighborhoods and the negative impact of such property on property values and public safety” make it imperative to maintain a large allocation of fund for demolition activity.

Without question, if the blighted home at 7418 Kirby Street had been demolished in a timely manner, the murderers and cowards who torched the home would not have caused the tragic death of firefighter Walter Harris. I believe this City Council owes a duty to its residents to be MORE, not less vigilant about quickly eradicating blighted, vacant homes from the City. We must examine the entire demolition process, where costs savings may be recognized, and how homes unsuitable for rehabilitation can be demolished as quickly as possible. I am profoundly disappointed that this significant public policy was adopted without even basic due diligence. I will devote my time and energy to addressing the entire demolition process, from the day the first notice goes out to the payment of vendors once demolition is complete.

This City Council cannot continue to ignore the fact that demolition is a key element in stopping crime; cannot ignore the fact that senseless death and violence against women and children lurk inside blighted, vacant buildings; and cannot ignore the fact these cancerous structures lower property values and reduce the quality of life for numerous long-suffering residents.

TO AMICABLY RESOLVE THE  
OUTSTANDING EMPLOYMENT  
ISSUES WITH FORMER EMPLOYEES**

By COUNCIL PRESIDENT CONYERS  
and COUNCIL MEMBER WATSON:

WHEREAS, Former employees of  
Wayne State University have alleged dis-  
criminatory practices, wrongful termination  
and subsequent denial of unemployment  
benefits after being dismissed from their  
jobs; and

WHEREAS, Lawsuits have been filed  
relative to the aforementioned allegations;  
and

WHEREAS, Two of the former employ-  
ees, who were also unable to obtain  
unemployment benefits resulting in litigation,  
were able to resolve their issues  
through mediation; and

WHEREAS, Wayne State University is  
an excellent corporate citizen with a con-  
tinuing mission to employ, educate and  
advance members of our local community;  
and

WHEREAS, The City Council has a  
vested interest in citizens retaining their

THEREFORE BE IT

Council hereby urges the resolution of the

FURTHER

RESOLVED, That the Detroit City  
Council calls on both the former employ-  
ees and Wayne State University to work

cooperatively to negotiate the resolution  
of the ongoing unemployment benefits sit-  
uation; AND BE IT FINALLY

RESOLVED, That a copy of this resolu-  
tion be sent to Wayne State University.

Nays — Council Member S. Cockrel — 1.

**STATEMENT BY COUNCIL MEMBER  
SHEILA M. COCKREL REGARDING NO  
VOTE ON WAYNE STATE  
EMPLOYMENT LITIGATION**

I voted No on this resolution as I believe  
that Wayne State University is in the best  
position to resolve its employee litigation.  
Frankly, I would resent it if the WSU Board  
of Governors were to weigh in on the my-  
riad of lawsuits filed against the City of  
Detroit: offering their "counsel" on the res-  
olution of the disputed issues.

Secondly, as a graduate of Wayne  
State University, I am tired of the ease  
with which members of this Council pub-  
licly chastise the University. We have  
graduates from at least two other  
Michigan Universities on this Council. I  
would not suggest that the Council weigh  
in on issues at Eastern Michigan  
University or the University of Michigan.

Thirdly, Wayne State University has  
invested over \$750 million in capital devel-  
opment in Detroit over the last 10 years;  
transforming the Mid-town campus into a  
major economic engine for the City. These  
investments have benefited the City and  
its residents immeasurably. The campus  
provides a quality education to over 6400  
Detroiters.

I do believe that this City Council has  
plenty of City of Detroit issues we should  
spend our time and energy addressing  
and let other institutions take care of their  
legal matters without our gratuitous input.

**RESOLUTION URGING THE WAYNE  
COUNTY SHERIFF AND BAILIFFS OF  
THE 36TH DISTRICT COURT TO  
SUSPEND MORTGAGE  
FORECLOSURE EVICTIONS**

By COUNCIL MEMBER WATSON:

WHEREAS, The Sheriff of Cook  
County, Illinois announced on October 8th  
that his office is suspending all mortgage  
foreclosure evictions until a safety net can  
be established by the legislature. His  
office found that a growing number of  
evictions involve tenants that are dutifully  
paying their rent only to learn that the  
building has gone into foreclosure; and

WHEREAS, The number of mortgage  
foreclosures in Cook County has almost  
tripled in the last two years. It completed  
1,771 evictions in 2006 and it was on  
pace to conduct 4,500 evictions this year;  
and

WHEREAS, The Cook County Sheriff's

November 24

3314

2008

Office has also found that many mortgage companies are not performing basic due diligence investigations before requesting evictions, forcing employees of the sheriff's office to perform investigative work at the taxpayer's expense; and

WHEREAS, The Cook County Sheriff has made suggestions on possible policy changes including: requiring mortgage companies to provide the Sheriff's Office sufficient information to conduct proper evictions, provide adequate notice to tenants that their building is in foreclosure, and identification of children or seniors living in a unit prior to requesting eviction so that those households can be referred to social service agencies; and

WHEREAS, The foreclosure crisis continues to be at the forefront of national and local discussions and has resulted in several recommendations for moratoriums on foreclosures including those proposed by President-Elect Barack Obama and State Senator Hansen Clark; and

WHEREAS, Detroit has disproportionately high numbers of rental dwellings as well as unprecedented numbers of home foreclosures. This combination of factors makes it very possible that the Wayne County Sheriff and 36th District Court Bailiffs may have experiences similar to the Cook County Sheriff's Office. These rental dwellings should be afforded an extra layer of concern during foreclosure and eviction proceedings, because the tenants that are dutifully paying their rent only to learn that the building has gone into foreclosure suffer the consequences and are evicted.

WHEREAS, Pursuant to local ordinance, rental properties located within the City of Detroit must be registered, making identification and notification of tenants in rental dwellings readily available to mortgage companies and other entities; and

WHEREAS, The Detroit City Council recognizes the obligation of the Wayne County Sheriff's Office and the 36th District County Bailiffs to enforce orders of eviction. However, extraordinary government sponsored remedies are necessary pursuant to the duty to protect the public safety, health and welfare which are threatened by the disparate number of foreclosures in metro Detroit; and

WHEREAS, Suspending evictions from rental residential foreclosed properties would give citizens the opportunity to remain in their homes while recalibrating their economic situation and search for alternate housing if necessary. It would also allow the government and mortgage industry an opportunity to collaborate and address the ongoing crisis; and

WHEREAS, The City of Detroit has a vested interest in citizens remaining in their homes in order to stabilize and strengthen our community; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby urges the Wayne County Sheriff's Office and the Bailiffs of the 36th District Court to suspend evictions of those tenants who landlords have lost their buildings to foreclosure without proper investigation and tenant notification to put pressure on the government to enact a legislative solution in solidarity with the Cook County Sheriff; and BE IT FINALLY

RESOLVED, That a copy of this resolution be sent to the Wayne County Sheriff's Office, Office of the Wayne County Executive, Chief Judge of the Wayne County Circuit Court, Chief Judge of the 36th District Court and the City of Detroit Mayor's Office.

WHEREAS, The "Strolling the Strip" program's objective is to increase foot traffic so that shoppers visit the downtown retailers', especially after such events as the concerts at Campus Martius and sporting events at Comerica Park and Ford Field; and

WHEREAS, Ms. Petty plans to launch a pilot program called "Strolling the Strip" through the cooperation of mass media efforts and other Downtown Detroit businesses, including Radio Station 98.7 and the Fox Theatre; and

WHEREAS, The City's Municipal Parking Department has in the past reduced or suspended parking fees at parking facilities during holiday seasons, to encourage shopping in downtown Detroit; and

WHEREAS, The tradition of the former "Downtown Detroit Days" typically included free, reduced, or validated parking as an additional incentive for people to patronize downtown Detroit retail businesses; BE IT THEREFORE

RESOLVED, That the Detroit City Council urges the City's Administration and the Municipal Parking Department to work with the program organizers to pro-

vide residents and visitors of Downtown Detroit with reduced parking rates in municipal parking facilities during specified time periods, AND BE IT FINALLY

RESOLVED, That the Detroit City Council supports the efforts of the "Strolling the Strip" program to encourage shoppers to patronize retailers and restaurants located within the central business district.

WHEREAS, This plan provides for the rehabilitation, restoration, expansion and improvement of existing facilities;

**RESOLUTION FOR DEVELOPMENT  
OF A NEW ECONOMIC INITIATIVE  
AND MARSHALL PLAN FOR DETROIT**

By COUNCIL MEMBER WATSON:

WHEREAS, In January and again in November of 2008, City Council invited Dr. Soji Adelaja, Ph.D. (Land Policy Institute and MiHELP at Michigan State University under the directorship of John A. Hannah, Distinguished Professor in Land Policy) to City Council to discuss the creation of a prosperous Detroit by embracing New Economy initiatives and exploring the drafting of a Marshall Plan for Detroit.

WHEREAS, In his presentations, Dr. Adelaja pointed out that Detroit in the twentieth century was a leader of the industrial era (the Old Economy) where capital and skilled labor converged to create one of American's most successful cities, resulting in Detroit becoming the birthplace of automobile industries and the American labor movement and emerging as a major industrial, cultural, economic and social hub.

WHEREAS, In the Old Economy, success was primarily achieved by attracting large manufacturing companies; but today, forces of globalization and technology, however, have ushered in a new global economy where Detroit and much of the Midwest have lost their competitive edge.

WHEREAS, Record rates of unemployment, home foreclosures, and poverty without a clear Federal urban rescue plan have made Detroit one of the nation's worst battleground sites in the globalization war.

WHEREAS, In the past, it was easy for Michigan and the nation to ignore Detroit, but Detroit's extreme economic condition is only an early warning sign of what is quite possible to happen elsewhere.

WHEREAS, According to Dr. Adelaja, only regions with strategies that match their assets can prosper in the New Economy and, therefore, what is needed is a visionary strategic plan that leverage existing assets and builds new unique synergistic ones.

WHEREAS, Metropolitan Detroit is rich in assets that are attractive for a New Economy, including an international border, abundant supply of fresh water, affordable housing, readily available labor force, strong urban agricultural movement, leading universities, etc.

WHEREAS, Detroit's new economic and social policy direction must focus on sustainability as a core value. Cities that have failed to integrate their social values and their economies into a sustainability framework have collapsed or declined. Detroit faces a range of fundamental challenges — including climate change, water supply, peak oil, regional environmental damage, and loss of biodiversity — that require development of a new kind of clean, green economy.

WHEREAS, Government will need to partner with citizens, business, non-profits, and foundations, and collaborative regionally, and there are currently numerous initiatives outside of Detroit government to transform the Detroit region's economy. Detroit must support initiatives under its control; but according to Dr. Adelaja, Detroit must be an enabling partner with positive non-governmental initiatives, and seek federal and other outside financial support for these initiatives.

WHEREAS, Dr. Adelaja, working with City Council divisions and other advisors, developed the following four key areas of focus moving forward with a New Economic Initiative and Detroit Marshall Plan listed as follows: 1) a Jobs Today Jobs Tomorrow Initiative, 2) a Green Detroit Initiative, 3) a Detroit Community/Neighborhoods Development Initiative, and 4) a Detroit on the Move Initiative focusing on transportation. Detroit's revival must include a combination of initiatives including the New Economy, the Green Economy, Sustainability, Power-nomics, and neighborhood based jobs.

WHEREAS, With the creation of a New Economic Initiative and Marshall Plan report, Detroit will send a powerful message to the world that it is seeking to recreate itself and be a leader in the formation of the New Economy, and

WHEREAS, A concrete plan and vision lead by the City, with buy-in from Detroit stakeholders, the region, and the State, will attract and retain critical resources for creating a prosperous Detroit.

THEREFORE BE IT RESOLVED, That the Detroit City Council supports and encourages the establishment of a cooperative endeavor between the City of Detroit and the Michigan State University Land Policy Institute under the direction of Dr. Soji Adelaja, Ph.D. in embarking on the creation of a detailed New Economic Initiative and Marshall Plan report for Detroit.

RESOLVED, That in the spirit of cooperation, the Detroit City Council calls on

the executive branch of the City to review the materials submitted by Dr. Soji Adelaja to date and to support the creation of aforementioned New Economic Initiative and Marshall Plan report for Detroit.

RESOLVED, That a copy of this resolution be transmitted to the Mayor.

## CITY COUNCIL

(SPECIAL SESSION)

(All action of the City Council appearing herein is subject to reconsideration and/or approval of the Mayor.)

Detroit, Monday, December 1, 2008

Pursuant to adjournment, the City Council met at 1:00 P.M., and was called to order by the President Monica Conyers.

Present — Council Members S. Cockrel, Jones, Kenyatta, Reeves, Tinsley-Talabi, Watson, and President Conyers — 7.

There being a quorum present, the City Council was declared to be in session.

#### PUBLIC COMMENTS

**ATTORNEY RICHARD MACK:** There are host of churches, religions leaders, community leaders who are all involved in this and who are all concerned about this. The rules concerning how to transfer clubs for one entity to another are in fact tied to the ordinances that allow for new clubs to be opened. To deal with one part of it without concerning the impact that may have on the ordinance and vice versa, could cause problems. We would ask that all of these matters be dealt with in public hearing after all the changes that the city proposes are considered and reviewed and the community has had an opportunity to comment. I thank you for the opportunity.

#### Taken from the Table

Tinsley-Talabi, moved to take from the table the Adult Uses Ordinance to amend Chapter 61 of the 1984 Detroit City Code, The Official Zoning Ordinance, Article III, Division 11, which would revise various regulations, definitions and procedures specific to adult uses (sexually-oriented businesses) as well as of general applicability. Laid on the table June 3, 2008; which motion prevailed.

The Ordinance was then placed on the order of third reading.

THIRD READING OF ORDINANCE.

The title to the Ordinance was read a third time.

The Ordinance was then read.

The question being "Shall this Ordinance Now Pass?"

The Ordinance was passed, a majority of the Council Members present voting therefore as follows:

Not adopted as follows:

Yeas — Council Members S. Cockrel, and Tinsley-Talabi — 2.

Nays — Council Members Collins, Jones, Kenyatta, Reeves, Watson, and President Conyers — 5.

STATEMENT BY COUNCIL MEMBER  
SHEILA M. COCKREL REGARDING  
THE CITY'S CRITERIA FOR LOCAL  
APPROVAL OF TRANSFER OF  
LIQUOR LICENSES

Today I voted "yes" on a motion to put the City's "MLCC Local Approval Notice Activity Permits" criteria up for a vote. I am totally against extending any moratorium that is currently in place relative to the adult uses ordinance or the MLCC Local Approval Notice Activity Permits. The moratoria on Adult Uses permits and MLCC permits have been extended numerous times in the past few years.

I believe any further moratoria puts the City at great risk of financial loss because there is a multitude of litigation filed against the City on these issues and the number of legal actions is growing as we speak. We have been repeatedly advised the legal and fiscal risks to the City of Detroit can be significant if we fail to act. For example, in a Federal action, a plaintiff prevailing on any part of its claims may recover attorney fees. This alone could easily amount to hundreds of thousands of dollars of exposure for the City per each case.

In 2007, a Court determined that the adult uses provisions of the City's zoning ordinance were unconstitutional. The Court directed the City to revise its zoning ordinance forthwith to bring it into compliance with the First Amendment. It is important to note, that further delay in our coming into compliance with the directive of the Court could result in charge of contempt and then the City could be subject to sanctions.

In addition, the failure to approve the procedures for MLCC permits not only affects adult uses establishments, but also every bar, lounge, club and restaurant. Many of these are small business owners who become victims of a bureaucracy.

Council has conducted several public hearings and received substantial input on these issues. A public hearing held at Pasteur School in June was attended by a large representation of the community. In addition, the Research and Analysis Division hired one of the nation's foremost experts in the field of regulating sexually oriented businesses. He issued a report relative to the MLCC permits, dated December 3, 2007, in which he confirmed the possible legal consequences we face by not adopting specific license transfer guidelines.

The departments have done a good job in researching and gathering the necessary information to allow us as elected officials to make a decision. Although I want City Council to go forward with a vote on the liquor permit transfer criteria, and I will vote in favor of adopting the criteria, it is with some reservation. I must

admit I have some concerns as to the ability of the criteria, and zoning ordinance amendments, to withstand certain constitutional challenges. However, this will be an issue for the courts to decide.

STATEMENT BY COUNCIL MEMBER  
KWAME KENYATTA EXPLAINING MY  
VOTE REGARDING THE ADULT USES  
ORDINANCE AND ACCOMPANYING  
CRITERIA

Today I voted no on the Proposed Adult Uses Ordinance Chapter 61, Article III, Division 11 regarding applications for new sexually-oriented businesses. I voted no in order to give the community more time to review and weigh in on the current draft of the ordinance before its passage by Council. The majority of my colleagues also voted no and the ordinance failed 2-5.

I voted yes on the subsequent resolution regarding the Michigan Liquor Control Commission Criteria, which would have been the legal document guiding Council's approval or disapproval of the transfer of existing licenses for cabarets of all kinds.

I voted yes on the criteria with the full knowledge that the criteria can be amended at a later date while the moratorium on the transfer of licenses expires today. In the interest of preventing the Council from putting the City in any further legal jeopardy I voted to approve the criteria. A majority of my colleagues voted no on the criteria and the criteria failed 3-4.

STATEMENT BY COUNCIL MEMBER  
ALBERTA TINSLEY-TALABI  
REGARDING VOTES TAKEN BY THE  
DETROIT CITY COUNCIL ON ZONING  
ORDINANCE AMENDMENTS FOR  
ADULT BUSINESSES AND MLCC  
CRITERIA FOR DANCE AND TOPLESS  
PERMITS

The Detroit City Council voted today on amendments to the zoning ordinance for adult businesses regarding the location of new adult clubs and criteria for City Council to use when considering new, or transferring existing, permits for dance and topless entertainment. Although the two measures were not approved by City Council, I voted in favor of the ordinance and criteria because both were developed in concert with the community and are in the best interest of the City of Detroit and our citizens.

Almost two years ago, Wayne County Circuit Court ruled that the city's current ordinance was unconstitutional and ordered changes be made "forthwith." Immediately, mayoral and Council staff began the process to re-draft not only the zoning ordinance as directed by the court but two other related ordinances as well.

Community representatives were granted almost unprecedented participation in this process because of the impact the issue will have on neighborhoods in general.

Community and faith-based representatives attended three staff meetings to discuss and share their views on how best to draft the ordinance to address their concerns. These meetings are in addition to the several discussions and hearings with City Council. The zoning amendments, which include the suggestions from the community and faith-based representatives, have been completed and ready for Council vote since June, 2008. Community representatives have worked with the Public Health & Safety Committee, which I chair, as recently as two weeks ago to finalized Council's MLCC criteria. I can't remember an issue during my four terms on Council that have had more community involvement than this one.

As a matter of public policy and principal, I do not support adult entertainment. However, I must put my fiduciary responsibility to protect the city ahead of my personal feelings toward the adult industry. Not approving the ordinance and criteria continues to leave the city without any protection from sanctions by the court or lawsuits that continue to be filed by the adult industry against the city for not taking action on their pending applications. This is the reason the court ruled against the city two years ago.

In my opinion, the prudent course of action would have been to approve the ordinance & criteria and then consider amendments later. Failing to approve the ordinance and criteria is akin to playing Russian roulette, with a fully loaded gun, with taxpayer dollars. Moreover, failing to take affirmative action on these issues could help usher in the one thing all Council Members are against: more topless clubs in the City of Detroit. Neither is an option for me. This is why I voted in favor of the ordinance and MLCC criteria.

And the Council then adjourned.

**Mr. Gary Lewis of Northwest Pipe Company:** Regarding Northwest Pipe Company being the largest supplier of steel water pipe in North America and is an American company. **Mr. Lewis** stated his purpose was to continue to make Council aware of a situation with the Detroit Water and Sewerage Department that may require City Council's involvement. DWSD is currently designing 76 mile of 72 and 96 inch pipe with an estimate cost of the project at over \$900 million dollars. The pipe material on this project is estimated at over \$200 million dollars. Currently the Water Department is virtually sole sourcing concrete pipe for this project. **ARTICLE V.  
PURCHASES AND SUPPLIES  
DIVISION 1. GENERALLY  
GOODS AND SERVICES  
*Subdivision A. In General***

**Sec. 18-5-2. Manner of purchasing.**

All purchases by the purchasing director shall be made in the following manner:

(1) *Major Purchases.* If the purchase entails a major expenditure, the purchasing director shall provide for the procurement of competitive bids as follows:

a. Prepare the invitation for bids, describing the city's requirements clearly, accurately and completely, avoiding unnecessarily restrictive specifications which might, unduly limit the number of bidders.

b. Publicize the invitation for bids by advertising for bids one (1) or more times in the newspaper designated to print the official business of the City. Where appropriate the purchasing director shall include advertisements in newspapers, trade journals, association postings, websites, and any other appropriate media sources. In addition, the purchasing director may send copies of such advertisement to persons and firms likely to be interested therein. Such advertisement shall accurately and clearly describe or refer to the subject matter of the proposed purchase, and may also refer the bidder to specifications on file in the purchasing director's office. Such advertisement shall specify the time and place of submitting bids and such other information from the specifications as the Purchasing Director shall deem advisable in the interest of the city. After publication of one (1) advertisement, specifications shall not be changed without the publication of a new advertisement calling attention to such change. A reasonable time shall be allowed to enable prospective bidders to prepare and submit bids before the time set for public opening of bids.

c. Receive written bids submitted by prospective contractors.

d. 1. In comparing bids, the bid of any Detroit-based business or Detroit-resident business shall be deemed a better bid than the bid of any competing firm which is not a Detroit-based business or Detroit-resident business whenever the bid of such competing firm shall be equal to or higher than the bid of the Detroit-based business or Detroit-resident business, after the appropriate equalization percentage credit from the equalization allowance table has been applied to the bid of the Detroit-based firm.

*Detroit-Based Business And Detroit-Resident Business Equalization Allowance Table*

<i>Contract Amount</i>	<i>Equalization Percentage</i>
Up to \$10,000.00	5%
\$10,000.01 to \$100,000.00	4%
\$100,000.01 to \$500,000.00	3%
\$500,000.01 and over	2%

If the bidder qualifies as both a Detroit-based business and a Detroit-resident business, the equalization factor in the preceding table shall be doubled. If the bidder has qualified as a Detroit-based business by virtue of having its headquarters in Detroit, it shall receive the equalization factor in the preceding table plus an additional three (3) percent.

2. The following equalization percentage credits shall be applied to the bids of the type of firms described in the equalization allowance table below.

*Equalization Allowance Table For Joint Ventures, Mentor Ventures, and Detroit-Based Small and Micro Businesses*

Detroit-based small business	1%
Detroit-based micro business concern	2%
Joint venture	2%
Mentor venture	1%

(i) A bidder shall receive the equalization percentage credit for each category for which it qualifies. The firm that makes the lowest bid, as evaluated, shall be deemed the lowest bidder.

(ii) In the application of these equalization percentage credits, a joint venture shall not also be considered a mentor venture and a mentor venture shall not also be considered a joint venture. Unless certified before the deadline for submitting a bid, no bidder or firm shall receive an equalization credit as a Detroit-based business, Small business or micro business concern. A joint venture or mentor venture shall not receive an equalization credit unless the Detroit-based business in the venture has been certified as such before the deadline for submitting a bid.

(iii) If a bidder claims an equalization credit as a Detroit-resident business, it shall submit documentation of its eligibility with its bid. The purchasing division or the contracting department shall determine whether the bidder qualifies as a Detroit-resident business after the bid opening.

3. Any bidder who claims entitlement to an equalization percentage credit shall agree to make the records necessary to establish eligibility available to the City.

4. After applying any equalization percentage credit, as provided above, the

contract shall be awarded to the lowest responsible bidder thus evaluated.

5. The above requirements shall not be applicable if any one of the following conditions is found to exist:

(i) The expenditure involved is not "major" as defined in Section 18-5-1 of this Code;

(ii) Public exigencies require the immediate delivery of the articles or performance of the service;

(iii) The purchasing director certifies that only one (1) source of supply is available;

(iv) The services to be performed are professional in nature; or

(v) The item to be acquired is rare or unique.

(2) *Non-Major Purchases.* If the purchase entails an expenditure which is not major the purchasing director is authorized to award the contract subject to the following conditions:

a. The practice of competitive bidding is required but formal advertising is required only for contracts over ten thousand dollars (\$10,000.00). An equalization percentage credit shall be allowed, as provided in Subsection (1)d. of this section whenever there is full and free competitive bidding. However the purchasing director may limit bidding to Detroit-based businesses, Detroit-based small business concerns or Detroit-based micro business concerns in which event no equalization percentage credit shall be allowed.

b. In soliciting bids, the purchasing director shall affirmatively seek out Detroit-based business concerns.

c. The purchasing director must make a determination that the prospective contractor is responsible. The purchasing director should utilize all available information from within the division and other city departments from the prospective contractor and from banks and other financial companies in order to ascertain whether the prospective contractor is responsible under the guidelines set forth under "lowest responsible bidder" as defined in Section 18-5-1 of this Code.

(3) *Prohibition Against Unapproved Assignments or Subcontracts.* A Detroit-resident business, a Detroit-based business, or a mentor venture or joint venture with a Detroit-resident business or Detroit-based business may not assign or subcontract its city contracts to a Non-Detroit-based business or a Non-Detroit resident business without the approval of such assignment or subcontract by the purchasing director.

(4) *Detroit-based business.* Detroit-based small business or Detroit-based micro business concern; Limited bidding. On his or her own initiative or at the request of the contracting department, the Purchasing Director may limit the bidding for a contract to Detroit-Based Busi-

nesses, Detroit-based small businesses, or Detroit-based micro businesses, provided that there are at least three (3) firms certified or registered by the human rights department which would be eligible to bid for the contract. The equalization factors in Section 18-5-2(1)d of this Code shall not apply to contracts put out for bids under this subsection in determining whether to so limit the bidding, the purchasing director should make commercially reasonable efforts to maximize the utilization of Detroit-based businesses, Detroit-based small businesses, or Detroit-based micro businesses. As used in this subsection ~~(18-5-2(e)(4))~~, *should* means a strong recommendation, but does not mandate the actions described.

(5) All purchases shall comply with Subdivision B of this article.

(b) In comparing goods from two or more Bidders or Proposers, if at least one Bidder or Proposer offers goods manufactured from recycled materials, and at least one Bidder or Proposer does not, the City shall select the Bidder or Proposer offering goods manufactured from recycled materials if each of the following conditions exist:

Honorable City Council:

Re: Property For Sale By Development Agreement Development: Parcel 498; (10' x 315' vacated alley, South of Forest Between Woodward & Cass Avenues).

On July 25, 2007, your Honorable Body authorized Petition No. 1096 of "Wayne State University", requesting the vacation

of public alley rights-of-way in the area of West Forest, Woodward, Canfield and Cass Avenue and the subsequent sale of the above-captioned property. The purpose of the petition was to aid in the facilitation of Wayne State University's "South University Village — Studio One Project".

We are now in receipt of an offer from Wayne State University, a Michigan Constitutional Corporation, to purchase the above-captioned property for the amount of \$4,000.

The Offeror, together with adjoining land that they already own, proposes to complete construction of a five-story market rate, mixed-use, residential and commercial structure with off-street parking.

#### Planning & Development Department

October 16, 2008

Honorable City Council:

Re: Brush Park Rehabilitation Project  
Development: 2828 Woodward.

The Planning & Development Department is in receipt of an offer from Kemerko Enterprises, LLC, a Michigan Limited Liability Company, to purchase the above-captioned property for the amount of \$150,000 and to develop such property. This property contains approximately 9,633 square feet and is zoned PD (Planned Development District).

Kemerko Enterprises, LLC, proposes to use this property in conjunction with his adjacent property to construct a two-story five-unit residential loft building with first floor commercial. The adjacent land will be developed into a tenant and customer paved surface parking lot for the storage of licensed operable vehicles. Any area not paved will be appropriately lighted and landscaped to enhance the overall site.

The Planning & Development Department has evaluated the proposal from Kemerko Enterprises, LLC, and now

wishes to move forward with the conveyance of the subject property.

The disposal of this land by negotiation is an appropriate method for making the land available for development.

We, therefore, request that your Honorable Body adopt the attached resolution authorizing the advertising of, and the holding of a public hearing concerning this offer on the 14TH DAY OF JANUARY, 2009 at 10:30 A.M.

**City Council**

December 1, 2008

Honorable City Council:

Re: National Campaign to support President-elect Obama's promise for Healthcare Reform.

During the recent presidential campaign, President-elect Obama shared his vision for affordable and accessible healthcare in America. Many of us are affected by the lack of affordable healthcare and the overwhelming consequences affecting millions of Americans without means to obtain suitable healthcare.

In the City of Detroit, over 17 percent of our citizens do not have any form of healthcare benefits and this problem is not isolated to the urban areas. Throughout the State of Michigan, over 10 percent of residents do not have healthcare.

In an effort to continue the momentum from the recent Presidential race and election of Barack Obama, a movement has spawned calling for grass-roots organizations and citizens to organize and assist President-elect Obama in fulfilling the promise of affordable and accessible healthcare for all, by passage of a healthcare bill in his first six months in office.

Part of the strategy to accomplish this goal involves numerous organizations coming together for a pre-inauguration 8 to 10 City HealthCare Tour. On the Healthcare Tour, the President-elect would make stops along a route beginning in Springfield, Illinois, where he first announced his candidacy, and concluding in Washington D.C. Along the tour route would be stops in Chicago, Detroit, Cleveland, Boston, Pittsburgh, New York, Philadelphia and Baltimore.

Another significant part of the overall strategy calls for legislators in each congressional district along the tour route to conduct a series of public forums relative to the issues of affordable and accessible healthcare. The need for affordable and accessible healthcare is a priority shared by non-partisan groups, unions, charitable organizations and City of Detroit residents. This is a basic human right that should be afforded to all Americans.

Please review the attached Resolution which I would like to put on as New Business at the December 2nd adjourned session. If you have any questions or comments please feel free to contact my office.

Respectfully submitted,  
SHEILA M. COCKREL  
Council Member

WHEREAS, Fighting for affordable and accessible healthcare is a priority shared by non-partisan groups, unions, charitable organizations and City of Detroit residents, and

#### **PUBLIC COMMENT**

**Anna Holden:** I'm a resident of Detroit and I'm active in working with the Sierra Club and the New Business Model for Detroit Solid Waste. I want to thank the

Council for their support in the past with our New Business Model plan. We're here again to ask you to give the community leadership on implementing this plan. Yesterday, some of our members presented a new resolution on this to Council stating the ways that you can help in forwarding this plan. There are two things that we need at this time which are a clear public statement saying that the city will no longer use the incinerator to burn trash as of July 1, 2009. We also need a clear policy on implementing the New Business Model which you approved in April.

We see the great advantage to completely divorce the incinerator, there are opportunities and economic developments that can be developed by the city. It can't be done unless we have a tremendous amount of recoverable materials, which we have in this city. We have this disadvantage over small suburban communities which are upgrading and recycling, we have more resources that we can sell to bring in revenue and to bring in targeted businesses and industries that use recyclable materials; this will add jobs and money to our economy.

**Irma Jelks:** I'm an employee of the Department of Human Services, Drug Treatment Division. We were given a short and abrupt short notice that our last day of employment will be February 13, 2009. We counselors are capable under our current supervisor of turning our past situation of some clients around to visible, positive patient outcome; we have been working with a minimal staff. Methadone treatment does work; I have fifteen years recovery and in February, I'll have sixteen years. The City of Detroit Department of Human Services really help; drug and alcohol use is a part of many of our city residents lives; it's a human service to assist in the well beings enhancement of alcoholics and addicts. We are the Department of Human Services and that is some of our people. We can do this and our current supervisor is good. I'm basically here to cop a plea; we want to keep the Department of Human Services Drug Treatment.

**M. Conyers:** Way do you think they're going to close it?

**Irma Jelks:** We have a notice, as of January 23, 2009, it's the patients last day, and as of February 23, 2009, it's our last day.

**M. Conyers:** Do you have a note?

**Irma Jelks:** My supervisor has it. The City of Detroit Human Services Drug Treatment does work because I'm in recovery and I have a master's degree in social work; I'm working on my associate degree; therefore it does work.

**Larry Nesbitt:** In favor of not closing the City of Detroit Human Services Drug Treatment program.

**Eusebia Hughes:** I'd like to make a statement to Professor Quall. I'm here to ask for a Hearing before the Public Health and Safety Standing Committee as it relates to incarceration of my people, the Latinos in the City of Detroit. Now that I received a letter from Sheriff Evans, he made millions of dollars picking us up and turning us in to the immigration office. I gave the Council a package of that information.

**M. Conyers:** They came to my office and met with my staff. Council Member Talibi, we'll schedule this in your committee and we'll ask Kerwin to make sure that the agents that came yesterday, will be a part of this meeting.

**S. Cockrel:** The information that Ms. Hughes is talking about, we received in our committee. This is astonishing to know that Wayne County Sheriff makes \$3 million dollars a year on the incarceration of people and we need to look into that.

**Shelby Qualls:** You have a population and its heard to tell what the precise size of it; I would estimate ten or twenty thousand immigrants living in Detroit. They are living in Detroit in a state of fear from all authorities because of this. The immigrants are being victimized by criminal predators and they are afraid to report the crimes to the police because they fear that the police will turn them over. State police are coming into Detroit, and the Sheriff has documented through your efforts that he's holding (87) prisoners on a daily basis and he's earning \$3 million dollars a year by doing this. We need a public hearing and a resolution stating that the City of Detroit in principal is a city of hope, civil rights, human rights and not a city of fear and terrorism.

**Themilie Bush, Helen Wolfe, William Smith, Gary Green:** We're representing the Arden Park Home Association and we're forming a new 501-C3. Our main goal is to ask for your support for funding as we look at the \$17 million that's going to be placed in the hands of different CDC's for restoration and home development in our area. Right now, we have identified and we have the list of homes in our community that are either in grave disrepair; they are on the demolition list or foreclosure list; they are posed for demolition as opposed to restoration. We're asking to restore these homes and monitor the activity. In addition, some of these homes have been on the demolition list for a long time and the owners are not

December 9

3395

2008

taking responsibility, therefore we want them to be accountable.

**M. Conyers:** Don't you sit on one of our boards here?

**Themilie Bush:** Yes.

**M. Coyers:** Mr. Whitaker, would you please check into this to see if it would be a conflict of interest since she sits on one of our boards?

**A. Tinsley-Talabi:** I'd like to applaud Ms. Bush for her efforts to rebuild and if we can save them, we will.

**Ruddell Holmes:** Gave prayer.

**Glenn Maxwell:** I live in Detroit and I'm on the Detroit Workers' for Environmental Justice. I'm here to support the recycling in the City of Detroit; we need curb side recycling in this city.

**J. Watson:** The City Council has adopted a resolution to adopt a new way of handling waste using curb side recycling and this resolution passed twice, therefore you're at the wrong branch, you need to be on the 11th floor.

**Shelby Qualls:** I'm in support of not closing the Drug Treatment Program. If we do close, we will release at least (400) hard core addicts back into the community and I feel that it is our responsibility to protect the community.

**Altrosius Jackson:** In support of not closing the Department of Human Services Drug Treatment Program. Nineteen years ago, I was homeless, useless and lost, today I'm enrolled in a doctoral program in physiology.

**J. Watson:** I appreciate your commentary, but City Council does not close open or close businesses.

Hiring and firing is done through the Executive Branch.

**Phillis Judkins:** I'm here on behalf of the Hopeless Team Blockclub. In our neighborhood, we have received papers on rehabilitation and foreclosure on properties in our neighborhood. I'm here to ask if there is something that can be done prior to this happening. I'm concerned about the interest rates, the dropping of the prices of the homes, we can't refinance to get out of the situation. What can you do to keep our people from losing their homes? I need some kind of direction because I'm been going through this for three years, trying to get out of a 13% interest rate.

**J. Watson:** Keep your ears tuned to City Council and the city's effort to have a Urban Marshall Plan sparking an investment in the city by the federal government which will help build infrastructure. We're hoping to provide a moratorium on interest rates to have the benefits filter down to people who are in need.

**Simone Sagovac:** Our organization is working with the DelRay Community regarding the Detroit International Bridge Crossing that may be built. We wanted to make sure that Council knows that the final report was released the day before Thanksgiving and all comments are due January 5, 2009.

Although the community has been in dialogue with MDOT, adequate litigations has not been assured and critical support of the city's leadership is necessary.

**J. Watson:** City Council has had representatives at every meeting, and we sent a statement in respect to the project, because it has been challenged by several residents.

**M. Todd:** With respect to this issue, we did receive a document last week and we're preparing a resolution in light of the fact that in this comment period, there will be a recess and we're requesting to extend the comment period; we were trying to get a response as to whether or not this is possible, but we haven't received a response.

**J. Watson:** Ms. Sagovac, do you support it?

**Simone Sagovac:** We support positive developments, if the bridge is going to be placed here.

**Malik Yakini:** In support of the resolution for the Detroit Food Policy Council.

**J. Watson:** We're asking that the resolution be approved today, Madame President.

**Rhonda Anderson:** In favor to support the closing of the incinerator.

**Kenneth Perry:** In favor to support the closing of the incinerator.

**Tyrone Travis:** I've heard a lot of what people want City Council to do, but I would advise people go to the second floor, the City Clerk office to buy a charter and look at Article 5-101-102.

It says that the Mayor controls the Executive Branch of government. It says that the Executive Branch is responsible for all services in the city, so when I hear people say that City Council should be accountable and accessible, I ask for what, especially when the government is a service institution. They should be trying to straighten out the Executive Branch of government, possibly a manager form of government where you would unite legislation and the Executive Branch. Anybody that want to hold City Council responsible is not serious because they didn't go to the second floor and get a Charter to read Article 5-101 and 102. I read where they had a resolution to put on the ballot whether or not to have a Charter revision,

December 9

3396

2008

but it never pointed out why they wanted to have revision. I know what has been floating around by listening to the radio, they want to change the city Charter.

Honorable City Council:

Re: Public Hearing on the Establishment of the Fort Shelby Residential Neighborhood Enterprise Zone as Requested by the Fort Shelby Residential LLC in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that establishment of the Fort Shelby Residential Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map also attached. The developer proposes to rehabilitate 56 units to become eventually condominiums at an investment of more than \$58 million.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration, please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

Respectfully submitted,  
DOUGLASS J. DIGGS  
Director

Whereas, Pursuant to Public Act No. 147 of the Public Acts of 1992 ("the Act") this City Council has the authority to establish "Neighborhood Enterprise Zones (NEZs)" within the boundaries of the City of Detroit; and

Whereas, The Fort Shelby Residential LLC has requested establishment of the "Fort Shelby Residential" NEZ whose boundaries are particularly described in Exhibit A (legal description) and illustrated in the map attached hereto; and

Now Therefore Be It

Resolved, That on the WEDNESDAY, JANUARY 14, 2009 at 10:35 A.M. in the City Council Committee Room, 13th floor, Coleman A. Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zones Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Re: Detroit Renewal Community Commercial Revitalization Deduction (CRD) Allocation for the 2008 Year.

Under the direction of the U.S. Department of Housing and Urban Development (HUD), the City of Detroit was chosen as a designee of the Renewal Communities (RC) Initiative. This is an eight-year program (January 1, 2002 thru December 31, 2009) that allows the usage of Federal tax incentives to encourage economic development activities for businesses and residents within a designated area.

In regard to the Commercial Revitalization Deduction (CRD), this Renewal Community tax incentive provides the designee an opportunity to allocate on a yearly basis of the eight-year program \$12 million dollars to businesses that have substantially rehabilitated or newly constructed a commercial building (see attachment) on file in the City Clerk's Office. The businesses in the Detroit Renewal Community designated area have been informed of this tax incentive through mass mailings, tax incentive seminars, and direct telephone calls.

For the 2008 CRD Allocation report to HUD, the Planning and Development Department would like to submit the following businesses for a CRD Allocation:

Project	Type of Business	Applicant	CRD Allocation
Maintenance and Parking Garage	Restaurant	Dakota Inn, Inc.	\$ 57,049.32*
Solid Waste Processing Facility	Waste Treatment	Dynecol, Inc.	\$4,028,773.15*

\*New Construction

In respect to the CRD application process, the Planning and Development Department is requesting from your Honorable Body approval to grant the applicants the allocation requested for the 2008 year. Also, the attachments include a resolution and additional information (project overview, project investments, and employment information) for each of the above projects.

Whereas, The City of Detroit, through the Planning and Development Department, received an eight-year Renewal Communities Designation from the U.S. Department of Housing and Urban Development (HUD) beginning January 1, 2002 to December 31, 2009.

Whereas, Based on the 2000 Census, the designated area for the Detroit Renewal Community Program is located in the northeast section of the City of Detroit, a 24.75 square mile area that consists of 59 census tracts affecting 191,965 residents and approximately 2,800 businesses.

Whereas, The Renewal Communities Designation allows the City of Detroit to apply specific Federal tax incentives to a designated area to promote economic growth and improve the quality of life for the area residents.

Whereas, The Planning and Development Department desires the approval of the Commercial Revitalization Deduction (CRD) Allocation submitted for the 2008 year. The CRD is a Federal tax incentive for commercial businesses that allow the deduction of revitalization expenditures over specific periods of time.

Dakota Inn, Inc. — \$57,049.32

Re: Petition Number 2344 — Request from Greektown Casino, L.L.C., for the Approval of Transfer of All Interest in the Liquor License, with a Dance-Entertainment Permit, at 555 East Lafayette from Kewadin Greektown Casino, L.L.C., and Monroe Partners, L.L.C., to New Member Greektown Holdings, L.L.C.

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice (Request ID Number 441075), which has been designated by the City Clerk as Petition Number 2344. This Local Approval Notice is a request from Greektown Casino, L.L.C., for City Council approval of the transfer of all interest in the Liquor License, with a dance-entertainment permit, at 555 East Lafayette from Kewadin Greektown Casino, L.L.C., and Monroe Partners, L.L.C., to new member Greektown Holdings, L.L.C.

The Greektown Casino, L.L.C., casino complex at 555 East Lafayette is located on land in an SD5 Special Development District, Casinos, a zoning district designed to facilitate the location of licensed casinos and casino complexes. Pursuant to Section 61-11-263 of the 1984 Detroit City Code, the Detroit Zoning Ordinance, hotels, cabarets, and establishments for the sale of beer or intoxicating liquor for consumption on the premises are by-right uses on land in an SD5 Special Development District, Casinos. These uses have been reviewed and permitted as provided by the City Code. Therefore, the use of this property for dance or entertainment is permitted subject to compliance with all relevant state codes and City ordinances, including the issuance of the required business licenses to Greektown Casino, L.L.C.

Pursuant to Section 5-7-21 of the 1984 Detroit City Code, a Group 'A' Cabaret license is required for any establishment that sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertain-

ment, or provides three (3) or more live entertainers at one time with or without patron dancing. Accordingly, Greektown Casino, L.L.C., has applied and paid the license fee for a Group 'A' Cabaret business license for its casino complex at 555 East Lafayette. Pursuant to Chapter 30 of the 1984 Detroit City Code, Greektown Casino, L.L.C., will have to meet the applicable requirements of the City Code prior to the issuance of the business license for the location.

Upon this Body's approval of the transfer of the liquor license, with a dance-entertainment permit, in conjunction with the separate request for approval of the reclassification of the liquor license at the casino complex, and the issuance of a Group 'A' Cabaret business license to Greektown Casino, L.L.C., the location will be approved for patron dancing and entertainment on the premises. Pursuant to Sections 916(1) and (2) of the Michigan Liquor Control Code, being MCL 436.1916(6)(1) and (2), the issuance of a dance entertainment permit does not allow for adult entertainment, such as topless activity, in a licensed establishment.

The Law Department recommends that this matter be placed on the City Council's agenda for the approval or disapproval of the request for approval of the transfer of all interest in the liquor License, with a dance-entertainment permit, at 555 East Lafayette from Kewadin Greektown Casino, L.L.C., and Monroe Partners, L.L.C., to new member Greektown Holdings, L.L.C.

If there are any questions or concerns, please do not hesitate to contact our office.

WHEREAS, The Authority submitted the Plan to the Community Advisory Committee for consideration on October 15, 2008, per the provisions of the Authority Guidelines, and a public hearing was conducted by the Authority on October 20, 2008 to solicit comments on the proposed Plan; and

December 9

3418

2008

WHEREAS, The Community Advisory Committee recommended approval of the Plan on October 9, 2008; and

WHEREAS, The Authority approved the Plan on October 23, 2008 and forwarded it to the City Council with a request for its approval of the Plan; and

WHEREAS, City Council has published the required notice of the public hearing on the Plan; and

WHEREAS, The City Council held a public hearing on the proposed Plan on December 3, 2008.

NOW, THEREFORE, BE IT RESOLVED, THAT:

1. Definitions. Where used in this Resolution the terms set forth below shall have the following meaning unless the context clearly requires otherwise:

"Eligible Activities" or "eligible activity" shall have the meaning described in Act 381.

"Eligible Property" means the property designated in the Plan as the Eligible Property, as described in Act 381.

"Plan" means the Plan prepared by the Authority, as transmitted to the City Council by the Authority for approval, copies of which Plan are on file in the office of the City Clerk.

"Taxing Jurisdiction" shall mean each unit of government levying an ad valorem property tax on the Eligible Property.

2. Public Purpose. The City Council hereby determines that the Plan constitutes a public purpose.

3. Best Interest of the Public. The City Council hereby determines that it is in the best interests of the public to promote the revitalization of environmentally distressed areas in the City to proceed with the Plan.

4. Review Considerations. As required by Act 381, the City Council has in reviewing the Plan taken into account the following considerations:

(a) The property designated in the Plan meets the definition of Eligible Property, as described in Act 381, including consideration of the criteria of "blighted" as defined in Act 381;

(b) The Plan meets the requirements set forth in section 13 of Act 381.

(c) The proposed method of financing the costs of eligible activities is feasible and the Authority has the ability to arrange the financing.

(d) The costs of eligible activities proposed are reasonable and necessary to carry out the purposes of Act 381.

(e) The amount of captured taxable value estimated to result from adoption of the Plan is reasonable.

5. Approval and Adoption of Plan. The Plan as submitted by the Authority is hereby approved and adopted. A copy of the Plan and all amendments thereto shall be maintained on file in the City Clerk's office.

The City of Detroit Planning Com-

mission has determined (see Attachment D), on file at the City Clerk's Office, and with the approval of the Plan, the City Council concurs, that the Property qualifies as "blighted" under the definition in Act 381.

6. Preparation of Base Year Assessment Roll for the Eligible Property.

(a) Within 60 days of the adoption of this Resolution, the City Assessor shall prepare the initial Base Year Assessment Roll for the Eligible Property in the Plan. The initial Base Year Assessment Roll shall list each Taxing Jurisdiction levying taxes on the Eligible Property on the effective date of this Resolution and the amount of tax revenue derived by each Taxing Jurisdiction from ad valorem taxes on the Eligible Property, excluding millage specifically levied for the payment of principal and interest of obligations approved by the electors or obligations pledging the unlimited taxing power of the local governmental unit.

(b) The City Assessor shall transmit copies of the initial Base Year Assessment Roll to the City Treasurer, County Treasurer, Authority and each Taxing Jurisdiction which will have Tax Increment Revenues captured by the Authority, together with a notice that the Base Year Assessment Roll has been prepared in accordance with this Resolution and the Plan approved by this Resolution.

7. Preparation of Annual Base Year Assessment Roll. Each year within 15 days following the final equalization of the Eligible Property, the City Assessor shall prepare an updated Base Year Assessment Roll. The updated Base Year Assessment Roll shall show the information required in the initial Base Year Assessment Roll and, in addition, the Tax Increment Revenues for each Eligible Property for that year. Copies of the annual Base Year Assessment Roll shall be transmitted by the Assessor to the same persons as the initial Base Year Assessment Roll, together with a notice that it has been prepared in accordance with the Plan.

8. Establishment of Project Fund; Approval of Depository. The Authority shall establish a separate fund for the Eligible Property subject to this Plan, which shall be kept in a depository bank account or accounts in a bank or banks approved by the Treasurer of the City. All moneys received by the Authority pursuant to the Plan shall be deposited in the Project Fund for the Eligible Property. All moneys in the Project Fund and earnings thereon shall be used only in accordance with the Plan and Act 381.

9. Use of Moneys in the Project Fund. The moneys credited to the Project Fund and on hand therein from time to time shall be used annually to first make those payments authorized by and in accordance with the Plan and any development

agreement governing such payments and then to the Local Site Remediation Revolving Fund, as authorized by Act 381:

10. Return of Surplus Funds to Taxing Jurisdictions. The Authority shall return all surplus funds not deposited in the Local Site Remediation Revolving Fund proportionately to the Taxing Jurisdictions.

11. Payment of Tax Increment Revenues to Authority. The municipal and the county treasurers shall, as ad valorem and specific local taxes are collected on the Eligible Property, pay the Tax Increment Revenues to the Authority for deposit in the Project Fund. The payments shall be made not more than 30 days after the Tax Increment Revenues are collected.

12. Disclaimer. By adoption of this resolution and approval of the Plan, the City assumes no obligation or liability to the owner, developer, lessee or lessor of the Eligible Property for any loss or damage that may result to such persons from the adoption of this Resolution and Plan. The City makes no guarantees or representations as to the determinations of the appropriate state officials regarding the ability of the owner, developer or lessor to qualify for a tax credit pursuant to the Michigan Business Tax Act, Michigan Public Act 36 of 2007, as amended, or as to the ability of the Authority to capture tax increment revenues from the State and local school district taxes for the Plan.

WHEREAS, Pursuant to the resolution establishing the Authority and the bylaws of the Authority, the Authority has submitted a proposed brownfield plan for the Gray Street Affordable Housing Redevelopment Project (the "Plan") that would enable the owner to apply for a Michigan Business Tax Act credit for eligible investments on eligible property as defined by Act 381, as amended, after the adoption of this Plan; and

WHEREAS, The Authority submitted the Plan to the Community Advisory Committee for consideration on October 15, 2008, per the provisions of the Authority Guidelines, and a public hearing was conducted by the Authority on October 20, 2008 to solicit comments on the proposed Plan; and

WHEREAS, The Community Advisory Committee recommended approval of the Plan on October 9, 2008; and

WHEREAS, The Authority approved the Plan on October 23, 2008 and forwarded it to the City Council with a request for its approval of the Plan; and

WHEREAS, City Council has published the required notice of the public hearing on the Plan; and

WHEREAS, The City Council held a public hearing on the proposed Plan on December 3, 2008.

NOW, THEREFORE, BE IT RESOLVED, THAT:

1. Definitions. Where used in this Resolution the terms set forth below shall have the following meaning unless the context clearly requires otherwise:

"Eligible Activities" or "eligible activity" shall have the meaning described in Act 381.

"Eligible Property" means the property designated in the Plan as the Eligible Property, as described in Act 381.

"Plan" means the Plan prepared by the Authority, as transmitted to the City Council by the Authority for approval, copies of which Plan are on file in the office of the City Clerk.

"Taxing Jurisdiction" shall mean each unit of government levying an ad valorem property tax on the Eligible Property.

2. Public Purpose. The City Council hereby determines that the Plan constitutes a public purpose.

3. Best Interest of the Public. The City Council hereby determines that it is in the best interests of the public to promote the revitalization of environmentally distressed areas in the City to proceed with the Plan.

4. Review Considerations. As required by Act 381, the City Council has in reviewing the Plan taken into account the following considerations:

(a) The property designated in the

Plan meets the definition of Eligible Property, as described in Act 381, including consideration of the criteria of "blighted" as defined in Act 381;

(b) The Plan meets the requirements set forth in section 13 of Act 381.

(c) The proposed method of financing the costs of Eligible Activities is feasible.

(d) The costs of Eligible Activities proposed are reasonable and necessary to carry out the purposes of Act 381.

(e) No captured taxable value is estimated to result from adoption of the Plan since all Eligible Activities will be financed by the owner of the Eligible Property and the Plan does not provide for the use of tax increment revenues for eligible activities.

5. Approval and Adoption of Plan. The Plan as submitted by the Authority is hereby approved and adopted. A copy of the Plan and all amendments thereto shall be maintained on file in the City Clerk's office.

The City of Detroit Planning Commission has determined (see Attachment D), and with the approval of the Plan, the City Council concurs, that the Property qualifies as "blighted" under the definition in Act 381.

6. Disclaimer. By adoption of this resolution and approval of the Plan, the City assumes no obligation or liability to the owner, developer, lessee or lessor of the Eligible Property for any loss or damage that may result to such persons from the adoption of this resolution and Plan. The City makes no guarantees or representations as to the determinations of the appropriate state officials regarding the ability of the owner, developer or lessor to qualify for a tax credit pursuant to the Michigan Business Tax Act, Michigan Public Act 36 of 2007, as amended.

7. Repealer. All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution be and the same hereby are rescinded.

8. The City Clerk is requested to submit four (4) certified copies of this Resolution to the DBRA, 500 Griswold Street, Suite 2200, Detroit, MI 48226.

I hereby certify that the foregoing is a true and complete copy of a resolution adopted by the City Council of the City of Detroit, County of Wayne, State of Michigan, at a regular meeting held on the \_\_\_ day of \_\_\_\_\_, 2008, and that said meeting was conducted and public notice of said meeting was given pursuant to and in full compliance with the Open Meetings Act, being Act 267, Public Acts of Michigan, 1976, as amended, and that the minutes of said meeting were kept and will be or have been made available as required by said Act.

Honorable City Council:

Re: Petition Number 1063 — Request for City Council Approval of a Michigan Liquor Control Commission Dance-Entertainment Permit to Greektown Casino, L.L.C., in Conjunction with the Reclassification of a "Class C license" to a "Class B hotel" License at 555 East Lafayette.

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice (Request ID Number 377643), which has been designated by the City Clerk as Petition Number 1063. This Local Approval Notice requests approval by City Council of a request by Greektown Casino, L.L.C., for a dance-entertainment permit in conjunction with the reclassification of a "Class C license" to a "Class B hotel" at 555 East Lafayette.

The Greektown Casino, L.L.C., casino complex at 555 East Lafayette is located on land in an SD5 Special Development District, Casinos, a zoning district designed to facilitate the location of licensed casinos and casino complexes. Pursuant to Section 61-11-263 of the 1984 Detroit City Code, the Detroit Zoning Ordinance, hotels, cabarets, and establishments for the sale of beer or intoxicating liquor for consumption on the premises are by-right uses on land in an SD5 Special Development District, Casinos. These uses have been reviewed and permitted as provided by the City Code. Therefore, the use of this property for dance or entertainment is permitted subject to compliance with all relevant state codes and City ordinances, including the issuance of the required business licenses to Greektown Casino, L.L.C.

Pursuant to Section 5-7-21 of the 1984 Detroit City Code, a Group 'A' Cabaret license is required for any establishment that sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live

entertainers at one time with or without patron dancing. Accordingly, Greektown Casino, L.L.C., has applied and paid the license fee for a Group 'A' Cabaret business license for its casino complex at 555 East Lafayette. Also, Greektown Casino, L.L.C. has applied for a City hotel license for the complex. Pursuant to Chapter 30 of the 1984 Detroit City Code, Greektown Casino, L.L.C., will have to meet the applicable requirements of the City Code prior to the issuance of the business licenses for the location.

After investigation and review, the Detroit Police Department Liquor License Unit, on behalf of the Chief of Police, has recommended the approval of the reclassification of the "Class C license" to a "Class B hotel" license, with dance-entertainment.

Upon this Body's approval of the request for a dance-entertainment permit, in conjunction with the reclassification of the liquor license at the casino complex and the issuance of a Group 'A' Cabaret business license to Greektown Casino, L.L.C., the location will be approved for patron dancing and entertainment on the premises. Pursuant to Sections 916(1) and (2) of the Michigan Liquor Control Code, being MCL 436.1916(6)(1) and (2), the issuance of a dance or entertainment permit does not allow for adult entertainment, such as topless activity, in a licensed establishment.

The Law Department recommends that this matter be placed on the City Council's agenda for the approval or disapproval of the request for the issuance of a new dance-entertainment permit. Attached is a proposed resolution approving the issuance of a dance-entertainment permit by the MLCC to Greektown Casino, L.L.C., for the casino complex at 555 East Lafayette.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,  
KATHLEEN LEAVEY

Re: Request permission to accept the FY 2008-2009 Encourage to Arrest Grant.

The Department of Justice (DOJ), Office on Violence Against Women, has awarded the Detroit Police Department (DPD) an increase for the Encourage to Arrest grant for Fiscal Year 2008-2009. The grant is currently in the Budget for \$800,000.00 (Appropriation #12542 — Cost Center 372138). Fortunately, the DPD was **awarded an additional \$310,000.00**, making the total award **\$1,110,000.00, with no cash match**.

This award provides the opportunity for recipients to develop and strengthen effective response to violence against women. The program encourages communities to treat domestic violence, sexual assault, dating violence and stalking as serious crimes by strengthening the criminal justice response to these crimes and promoting a coordinated community response. Victim safety and offender accountability are the center piece of all arrest projects.

Sergeant Deanna Wilson, of Domestic Violence, will continue to serve as the Project Director.

The Board of Police Commissioners has approved this request. I am requesting approval from your Honorable Body to accept the increased award for the grant and adopt the resolution.

Re: Request to accept an award for a FY 2008 Congressionally Mandated Award from the Department of Justice (DOJ).

In 2007, the Detroit Police Department (DPD) submitted a proposal to the United States Department of Justice (USDOJ) to receive a federal appropriation to establish a Missing Persons Unit. The proposal addressed current methodologies used by the DPD with its investigation of missing persons.

On September 11, 2008, the USDOJ awarded the DPD **\$402,457.00, with no cash match**. This is a three year grant, with the expiration date set for August 31, 2011. During the grant period, the DPD will continue to look for funding for the program and seek to establish it as a continuation grant. The appropriation number for this grant is 12858.

The majority of the funding would pay salaries/overtime for individuals assigned to the Missing Persons Unit. Additionally, funds will be allocated for necessary equipment. In addition to improving the records function, the mission of the newly created Missing Persons Unit would be to actively investigate missing cases involving juveniles, vulnerable adults, and mentally or physically challenged persons who reside in the City of Detroit. In the event that approval is granted to accept this award, Sergeant Jerry Shoate, of Records, would serve as the project director.

Re: Permission to Accept a 2008 Competitive Grant from the Michigan Commission on Law Enforcement Standards (M.C.O.L.E.S.).

In July of 2007, the Michigan Commission on Law Enforcement Standards (M.C.O.L.E.S.) accepted competitive grant applications for the 2008 training year, January 1, 2008 through December 31, 2008. The Detroit Police Department's Fatal Squad, with assistance from Grants and contracts, submitted an application and has now received an award from M.C.O.L.E.S. in the amount of \$112,525.00.

The total grant budget is \$150,033.00. Seventy-five percent (75%) will be funded by M.C.O.L.E.S. (\$112,525.00) and twenty-five percent (25%) will be funded by the City of Detroit (\$37,508.00). A majority of the matching requirement (\$22,373.00) is for the salary and fringes for the project director, Sergeant Eddie Croxton, of the Fatal Squad. Second Deputy Chief Tina Tolliver, of Budget Operations, has stated that the twenty-five percent (25%) matching funds are available. The appropriation number for this grant is 12642.

The program is called **Enhanced Accident Scene Investigation Training**. This specialized training will be provided to 30-35 Detroit Police Officers and 25-30 officers from surrounding communities, for a grand total of 60 officers trained. Various dates in the fall and winter of 2008 are being looked at to conduct the training. In the event that all the training can not be conducted in 2008, a six month extension request will be requested to conclude the training in the spring of 2009.

The instruction will relate to accident and crime scene investigations and the use of very intricate measuring tools (Total Stations, Prisms and Trackers), which will be very beneficial at critical/fatal accident and crime scenes. The Department will retain the grant-funded equipment at the conclusion of the training for use in the field.

The Board of Police Commissioners has approved this request. I am requesting approval from your Honorable Body to accept the grant and adopt the enclosed resolution.

November 17, 2008

Honorable City Council:

Re: Proposed ordinance to amend City Code Section 18-5-10.1, "Payment in lieu of Taxes," to allow the PILOT's for Detroit Housing Commission projects to be set at between 4% and 10% of annual shelter rents.

It has come to the attention of the Finance Department Assessments Division that the City Code provisions providing for a "payment in lieu of taxes," also known as a PILOT or annual service fee, for projects operated or sponsored by the Detroit housing commission ("DHC") are not consistent with the PILOT provisions for projects operated or sponsored by either the Michigan State Housing Development Authority ("MSHDA"), or the United States Department of Housing and Urban Development ("HUD").

The PILOT provisions for MSHDA and HUD projects are found in City Code Sections 18-9-10 through 18-9-16. For MSHDA and HUD projects, Section 18-9-13 allows a PILOT rate of from 4% to 10% of the annual shelter rents of the project, with the actual rate established based on

the particular circumstances of each project. In contrast, the PILOT provisions for DHC projects are found in City Code Section 14-5-10.1, which mandates a DHC PILOT to be 10% of the annual shelter rents, regardless of the circumstances of the project, and without flexibility to be set at a lower percentage.

In order to bring uniformity to the process of establishing PILOT's, and in order to allow flexibility in establishing DHC PILOT's at a rate lower than 10%, our Assessments Division has asked the Law Department to prepare an amendment to City Code Section 14-5-10.1. **A proposed amendment, approved as to form by the Corporation Counsel, is attached for your consideration.**

The Assessments Division will be submitting to you under separate cover proposed resolutions to reduce the PILOT's for the Woodbridge Estates Apartments I and Woodbridge Estates Apartments II projects from 10% to 5.5% and 6.0%, respectively. The developers of the Woodbridge Estates projects have indicated to the Assessments Division the need for the PILOT to be reduced before the end of the calendar year, and have stated their eagerness to come before your Honorable Body to explain their situation. Accordingly, we respectfully request that your Honorable Body take the appropriate steps to consider and approve the proposed ordinance amendment before the end of the current calendar year.

Respectfully submitted,  
JOSEPH L. HARRIS  
Chief Financial Officer/  
Finance Director

The fee shall ~~be not exceed ten (10) percent (10%) of the annual shelter rent obtained from the projects or facilities. The annual service fee shall be determined in accordance with the principles set forth in Section 18-9-13 of this code.~~

**Section 2.** All ordinances or parts of ordinances, or resolutions or parts of resolutions, in conflict with this ordinance are repealed.

**Section 3.** This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the people of the City of Detroit.

Honorable City Council:

Re: Resolution authorizing the issuance and sale of not to exceed \$115,000,000 General Obligation Bonds, Series 2008-C (Unlimited Tax) and not to exceed \$280,000,000 General Obligation Refunding Bonds, Series 2008-D (Unlimited Tax).

The attached Resolution authorizes the issuance and sale of the subject Bonds for the purpose of providing approximately \$115 million to pay the costs associated with certain public capital improvement projects, as delineated in the 2007-08, 2008-09 budgets. Additionally because of a continued decline in interest rates, up to \$280 million of previously issued Bonds may be refinanced, thereby producing interest savings. The actual amount of Bonds will likely be reduced, depending on which Bonds may be economically refunded at the time of the actual sale.

It is anticipated that the sale will occur early January. The attached Resolution has been prepared by Bond Counsel and I recommend its adoption by your Honorable Body, with waiver of reconsideration, at your next formal session.

Respectfully submitted,

The Bonds shall be dated and issued in such denominations all as determined by the Finance Director and confirmed by the Finance Director in the Sale Order.

(b) The Bonds shall mature on such dates and shall bear interest at such rates on a fixed and/or variable and tax-exempt or taxable basis not exceeding the Maximum Interest Rate, payable on such dates as shall be determined by the Finance Director and confirmed by the Finance Director in the Sale Order. Unless otherwise provided by the Finance Director in the Sale Order, interest on the Bonds shall be calculated on the basis of a 360 day year consisting of twelve, 30 day months. (e) Interest on Bonds not punctually paid or duly provided for on an Interest Payment Date shall forthwith cease to be payable to the Registered Owners on the Regular Record Date established for such Interest Payment Date, and may be paid to the Registered Owners as of the close of business on a date fixed by the Paying Agent (a "Special Record Date") with respect to the payment of such defaulted interest to be fixed by the Paying Agent, or may be paid at any time in any other lawful manner. The Paying Agent shall give notice to the Registered Owners at least seven days before any such Special Record Date.

In addition, further notice shall be given by the Paying Agent in such manner as may be required or suggested by regulations or market practice at the applicable time, but no defect in such further notice nor any failure to give all or any portion of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as prescribed herein.

(h) In making the determinations set forth in this Resolution with respect to the Sale Order for the issuance and sale of the Bonds, the Finance Director shall be limited to the parameters as follows:

(1) The first maturity date or mandatory sinking fund redemption date for the Bonds shall not be later than five (5) years from the date of issuance (except for Bonds issued in more than one series, which shall have first maturity dates not later than five (5) years from the date of issuance as determined by the Finance Director at the time of sale thereof), and the final maturity dates for the Bonds shall not be later than the earlier of (i) the last year of the weighted average estimated period of usefulness of the improvements being financed or (ii) 30 years from their dated date.

(2) The compensation to be paid to the Underwriters of the Bonds shall not exceed 2% of the original principal amount of the related series of Bonds.

(3) Unless the Finance Director determines to issue all or a part of the Bonds as capital appreciation bonds, the amount of any original issue discount with respect to the Bonds shall not exceed 10% of the original principal amount of the related series of Bonds.

(4) To the extent permitted by applicable law, each series of the Bonds may be sold with an original issue premium in an amount as determined by the Finance Director; provided that the aggregate principal amount of the Bonds plus the net original issue premium shall not exceed the Maximum Aggregate Principal Amount of Bonds authorized under this Resolution; provided that if the aggregate principal amount of the Bonds plus the net original issue premium exceeds the Maximum Aggregate Principal Amount, all or a portion of the net original issue premium shall be used to reduce the Remaining Authorization.

(5) The net present value of the principal and interest to be paid on the Series 2008(D) Bonds, including the cost of issuance, shall be less than the net present value of the principal and interest to be paid on the Refunded Bonds.

**Section 303. Execution, Authentication and Delivery of Bonds.** The Bonds shall be executed in the name of the City by the manual or facsimile signatures of the Mayor and the Finance Director and authenticated by the manual signature of the Finance Director or an authorized representative of the Paying Agent, as the case may be, and the seal of the City (or a facsimile thereof) shall be impressed or imprinted on the Bonds. The Series 2009 Tax Notes and the Series 2009 Revenue Notes may each be sold at an aggregate net discount (distinct from any compensation to be paid to the Underwriters in the form of a discount or any other Issuance Costs payable from the Series 2009 Notes) of not greater than 3%, all as shall be determined in the Sale Order, provided that the true interest cost (TIC) of each of the Series 2009 Tax Notes and the Series 2009 Revenue Notes shall not be greater than 8.00%. The Series 2009 Notes will be dated such date or dates as determined in the Sale Order and will be issued in Authorized Denominations. that the Finance Director may determine not to continue the system of book-entry registration, in which event fully registered note certificates, subject to the transfer and exchange requirements of this Resolution, shall be issued to the registered owners of the Series 2009 Notes. It is intended that the Series 2009 Notes be registered so as to participate in a securities depository system (the "DTC System") with DTC, as set forth herein. Each of the Series 2009 Tax Notes and the Series 2009 Revenue Notes shall be initially issued in the form of a separate single fully registered note in the amount of each separate stated maturity thereof, if any. Upon initial issuance, the ownership of each such Series 2009 Note shall be registered in the name of Cede & Co., as the nominee of DTC, and except as provided below with respect to termination of the book-entry only system, all of the outstanding Series 2009 Notes shall be registered in the name of Cede & Co., as the nominee of DTC. The Finance Director is authorized to execute and deliver such letters to or agreements with DTC as shall be necessary to effectuate the DTC system, including the Representation Letter.

With respect to Series 2009 Notes registered in the name of Cede & Co., as nominee of DTC, the City and the Transfer Agent shall have no responsibility or obligation to any broker-dealer, bank or other financial institution for which DTC holds Series 2009 Notes from time to time as securities depository (a "Depository Participant") or to any Person on behalf of whom such a Depository Participant holds an interest in the Series 2009 Notes (an "Indirect Participant"). Without limiting the immediately preceding sentence, the City and the Transfer Agent shall have no responsibility or obligation with respect to (i) the accuracy of the records of DTC, Cede & Co., any Depository Participant or any Indirect Participant with respect to any ownership interest in the Series 2009 Notes, (ii) the delivery to any Depository Participant or any Indirect Participant or any other Person, other than a registered owner of a Series 2009 Note, of any notice with respect to the Series 2009 Notes, or (iii) the payment to any Depository Participant or any Indirect Participant or any other Person, other than a registered owner of a Series 2009 Note, of any amount with respect to principal of or interest on the Series 2009 Notes. While in the DTC System, no Person other than Cede & Co., or any successor thereto, as nominee for DTC, shall receive a Series 2009 Note certificate evidencing the obligation of the City to make payments of principal and interest pursuant to this Resolution. Upon delivery by DTC to the Transfer Agent of written notice to the effect that DTC has

determined to substitute a new nominee in place of Cede & Co., and subject to the provisions in this Resolution with respect to interest checks or drafts being mailed to the registered owner, the word "Cede & Co." in this Resolution shall refer to such new nominee of DTC; and upon receipt of such a notice the Transfer Agent shall promptly deliver a copy of the same to each paying agent, if any.

In the event that (a) the City determines that DTC is incapable of discharging the responsibilities described herein and in the Representation Letter, (b) the Representation Letter shall be terminated for any reason or (c) DTC or the City determines that it is in the best interest of the beneficial owners of any series of the Series 2009 Notes that they be able to obtain certificated notes, the City shall notify DTC and DTC Participants of the availability through DTC of note certificates and such series of the Series 2009 Notes shall no longer be restricted to being registered in the name of Cede & Co., as nominee of DTC. At that time, the City may determine that the Series 2009 Notes shall be registered in the name of and deposited with a successor depository operating a securities depository system, as may be acceptable to the City, or such depository's agent or designee, and if the City does not select such alternate securities depository system then such series of the Series 2009 Notes may be registered in whatever name or names the registered owners of such series of the Series 2009 Notes transferring or exchanging such series of the Series 2009 Notes shall designate, in accordance with the provisions hereof.

Notwithstanding any other provisions of this Resolution to the contrary, so long as any Series 2009 Note is registered in the name of Cede & Co., as nominee of DTC, all payments with respect to principal of and interest on such Series 2009 Note and all notices with respect to such Series 2009 Note shall be made and given, respectively, in the manner provided in the Representation Letter.

The Series 2009 Notes shall not be subject to redemption prior to maturity.

**Section 6. Payment of Series 2009 Tax Notes.** The full faith and credit of the City is hereby irrevocably pledged for the payment of principal of and interest on the Series 2009 Tax Notes and in case of insufficiency the Pledged Taxes for the payment thereof, the City hereby irrevocably pledges to levy ad valorem taxes in the 2009/2010 fiscal year of the City on all taxable property in the City, within the applicable constitutional, statutory and charter limitations, for the purpose of paying for operating expenditures of the City and for the repayment of the Series 2009 Tax Notes from the receipt thereof.

The City hereby covenants that to

secure payment of the Series 2009 Tax Notes, from the first collections of Pledged Taxes, there shall be set aside in the Tax Note Repayment Account to be used exclusively for the payment of principal and interest on the Series 2009 Tax Notes, a portion of each dollar collected that is not less than 125% of the percentage that the principal amount of the Series 2009 Tax Notes bears to the amount of the Pledged Taxes from which such dollar is collected until the amount set aside in the Tax Note Repayment Account is sufficient to pay in full the principal of and interest of the Series 2009 Tax Notes on the applicable Maturity Date. The requirements of the preceding sentence shall apply to each installment of Pledged Taxes collected by the City. Subject to Section 9 hereof, moneys on deposit in the Tax Note Repayment Account may be used only to pay the outstanding principal of and interest on the Series 2009 Tax Notes. If the City determines that issuing the Series 2009 Tax Notes will result in a deficiency in the funds available to pay the necessary operating expenditures of the 2009/2010 fiscal year, the City shall levy additional taxes in the future within applicable constitutional, charter, and statutory limits to prevent a continuation of the deficiency from year to year.

After the payment in full of all principal of and interest on the Series 2009 Tax Notes at the applicable Maturity Date or thereafter and if the City has no further payment obligations to the holders of such Series 2009 Tax Notes, and the City has paid all amounts owed to any credit enhancement provider which has paid principal of and interest on the Series 2009 Tax Notes, the balance on deposit in the Tax Note Repayment Account may be disbursed to the City for use as provided by Act 34 upon the filing with the Transfer Agent of a certificate of the Finance Director stating that no further obligations are due from the City to holders of the Series 2009 Tax Notes or to any credit enhancement provider with respect thereto.

The City reserves the right to issue additional notes of equal standing as to the Pledged Taxes with the Series 2009 Tax Notes, subject to the limitations fixed by law.

**Section 7. Payment of Series 2009 Revenue Notes.** The Series 2009 Revenue Notes and the interest thereon shall be payable from Shared Revenues and Distributable State Aid. To the extent that Shared Revenues and Distributable State Aid are insufficient, the City pledges to pay the principal of and interest on the Series 2009 Revenue Notes as a first budget obligation from the proceeds of an annual levy of ad valorem taxes on all taxable property in the City, subject to applicable constitutional, statutory, and charter

limitations. The City reserves the right to issue additional notes of equal standing as to the Shared Revenues with the Series 2009 Revenue Notes, subject to the limitations fixed by law.

(a) Shared Revenues. Subject to the last sentence of this Section 7(a), the City hereby covenants that to secure payment of the Series 2009 Revenue Notes, from the first receipt of the payments of Shared Revenues for the 2009/2010 fiscal year of the City there shall be set aside in the Revenue Note Repayment Account to be used exclusively for the payment of principal of and interest on the Series 2009 Revenue Notes, a portion of each dollar of Shared Revenues received that is not less than 125% of the percentage that the principal amount of the Series 2009 Revenue Notes bears to the amount of the Shared Revenues remaining to be collected in the 2009/2010 fiscal year until the amount set aside in the Revenue Note Repayment Account is sufficient to pay in full the principal of and interest on the Series 2009 Revenue Notes on the applicable Maturity Date (each such set aside is hereinafter the "Set Aside Amount"). The requirements of the preceding sentence shall apply to all installments of Shared Revenues collected by the City. Subject to Section 9 hereof, moneys on deposit in the Revenue Note Repayment Account may be used only to pay the outstanding principal of and interest on the Series 2009 Revenue Notes. After the payment in full of all principal and interest on the Series 2009 Revenue Notes at the applicable Maturity Date or thereafter and if the City has no further payment obligations to the holders of such Series 2009 Revenue Notes, and the City has paid all amounts owed to any credit enhancement provider which has paid principal of and interest on the Series 2009 Revenue Notes, the balance on deposit in the Revenue Note Repayment Account may be disbursed to the City upon the filing with the Transfer Agent of a certificate of the Finance Director stating no further obligations are due from the City to holders of the Series 2009 Revenue Notes or to any credit enhancement provider with respect thereto. Because Distributable State Aid currently consists entirely of Shared Revenues, the City hereby acknowledges the City's prior contractual obligations to set aside Distributable State Aid until there are sufficient funds to pay Outstanding Distributable State Aid Obligations, if any, notwithstanding the set aside requirements contained in Act 34 and in this Section 7(a). In order to harmonize the set aside requirement of Act 34 with the preexisting pledge of Shared Revenues as a component of Distributable State Aid, the provisions of this Section 7(a) shall be deemed to be

satisfied by the City so long as Distributable State Aid or Subordinated Distributable State Aid as the case may be, is paid for the benefit of the Series 2009 Revenue Notes under the provisions of Section 7(b) hereof in the amounts and at times that would be sufficient to pay each Set Aside Amount as provided in this Section 7(a), beginning with the first set aside commencing after the setting aside of Distributable State Aid for Outstanding Distributable State Aid Obligations as provided in the Solid Contract.

(b) Subordinated Distributable State Aid. To further secure and provide for payment of the Series 2009 Revenue Notes, the City hereby pledges and assigns for the benefit of the holders of the Series 2009 Revenue Notes, on a subordinated basis, to the extent any Maturing Senior DSA Obligations are outstanding on the delivery date of the Series 2009 Revenue Notes, all of the City's right, title and interest in and to (a) all Distributable State Aid payable to the City by the State as provided in Act 97 and (b) the Set Aside Trust Fund. The City acknowledges that it has created and established with the State Aid Trustee a separate segregated trust fund designated "1989 City of Detroit Distributable State Aid Bonds Set Aside Trust Fund." The City does hereby determine and direct that all Distributable State Aid payable to the City shall continue to be paid by the State to the State Aid Trustee to be held by the State Aid Trustee in the Set Aside Trust Fund as security for, and for the benefit of, the owners or holders (and their assigns) of, Distributable State Aid Obligations in accordance with the Solid Contract, if applicable, Act 97, and this Resolution. The Set Aside Trust Fund shall be held by the State Aid Trustee and applied in accordance with Act 97, as provided in the Solid Contract, if applicable, the Set Aside Trust Fund Resolution, and this Resolution, to the payment of the Distributable State Aid Obligations. The Set Aside Trust Fund and all Distributable State Aid paid by the State Treasurer to the State Aid Trustee shall be subject to a lien which is under the Solid Contract, if applicable, and Act 97 made a statutory lien (x) paramount and superior to all other liens (including the subordinate lien on Distributable State Aid in favor of the Series 2009 Revenue Notes pursuant to this Resolution and other Subordinated Distributable State Aid Obligations), except for liens of equal standing in favor of Outstanding Senior Distributable State Aid Obligations, if any, and future Senior Distributable State Aid Obligations hereinafter issued or incurred by the City within limitations provided under the Solid Contract and Act 97 and (y) ranking equally and ratably with all such liens of

equal standing, for the sole purpose of paying the Senior Distributable State Aid Obligations, if any, and (z) with respect to Subordinated Distributable State Aid Obligations, if any, is subordinate only to the lien in favor of Senior Lien Distributable State Aid Obligations, if any. As provided in Act 97, the Set Aside Trust Fund and all Distributable State Aid held by the State Aid Trustee in the Set Aside Trust Fund shall be exempt from being levied upon, taken, sequestered, or applied toward paying the debts or liabilities of the City other than the payment of Distributable State Aid Obligations issued or incurred in accordance with the Solid Contract and Act 97.

The Finance Director shall notify in writing the State Treasurer of the date, original principal amount, designation, name and address of the paying agent, and the amounts and Maturity Date of each issue of Series 2009 Revenue Notes payable on a subordinated basis or first lien basis to the extent the Maturing Senior DSA Obligations are not outstanding on the date of delivery of the Series 2009 Revenue Notes, from Distributable State Aid (whose amount and payment date has then been determined) not later than the closing date of the Series 2009 Revenue Notes (the "Series 2009 Revenue Notes Distributable State Aid Notice"). The Finance Director shall advise the State Treasurer in the Series 2009 Revenue Notes Distributable State Aid Notice that funds for the payment of the Distributable State Aid Obligations shall thereafter include funds to pay on a subordinated basis or first lien basis to the extent the Maturing Senior DSA Obligations are not outstanding on the date of delivery of the Series 2009 Revenue Notes, principal of and interest on Series 2009 Revenue Notes and shall be paid to the State Aid Trustee, first for the benefit of the holders of the Senior Distributable State Aid Obligations, if any, and second, the holders of the Subordinated Distributable State Aid Obligations, if any, including the Series 2009 Revenue Notes. The Series 2009 Revenue Notes Distributable State Aid Notice shall be substantially in the form attached hereto as Exhibit C. A certified copy of this Resolution of the City Council authorizing and approving the issuance of the Series 2009 Revenue Notes shall be attached to the Series 2009 Revenue Notes Distributable State Aid Notice. The Finance Director shall also cause a copy of the Series 2009 Revenue Notes Distributable State Aid Notice, together with a certified copy of this Resolution of the City Council authorizing and approving the issuance of the Series 2009 Revenue Notes, to be delivered to the State Aid Trustee before or as soon as practicable after the issuance of the Series 2009

Revenue Notes, but in any event no later than ten days after the delivery of the Series 2009 Revenue Notes.

In accordance with the requirements of Act 97, upon receipt of the Series 2009 Revenue Notes Distributable State Aid Notice, the State Treasurer shall thereafter pay all Distributable State Aid payable to the City with respect to the Series 2009 Revenue Notes to the State Aid Trustee on a subordinated basis, if applicable, to the Distributable State Aid required to be paid by the State Treasurer for the Outstanding Senior Distributable State Aid Obligations, if any, and future parity obligations of the City payable from Distributable State Aid issued and incurred in accordance with the Solid Contract, if applicable, and Act 97, until the State Treasurer is notified in writing by the State Aid Trustee that there is on deposit in the Set Aside Trust Fund, sufficient funds to pay installments of all Outstanding Distributable State Aid Obligations, if any, such future issued and incurred obligations of the City payable from Distributable State Aid due and, on a subordinated basis, if applicable, the Series 2009 Revenue Notes during the Operating Year as hereinafter provided.

With respect to this Resolution, the City Council hereby acknowledges that payments of Distributable State Aid Obligations from Distributable State Aid moneys by the State Aid Trustee shall be governed by and controlled by the provisions of the Solid Contract, if applicable, and Section 306 of the Supplemental Full Faith and Credit General Obligation Solid Waste Disposal Contract, if applicable, which includes pursuant to subsection 306(d) payment "to the paying agent for the Outstanding Distributable State Aid Obligations".

Because Distributable State Aid consists only of Shared Revenues and because Act 34, the statutory authority for issuing the Series 2009 Revenue Notes as obligations secured by Shared Revenues, specifies the payment mechanism for the Series 2009 Revenue Notes, the statutorily required mechanism for paying the Series 2009 Revenue Notes through set aside payments, as described in this Section 7, shall govern payment of the Series 2009 Revenue Notes, notwithstanding the Solid Contract; provided, however, the Distributable State Aid Obligation payment provisions of the Solid Contract shall continue to apply to other Distributable State Aid Obligations issued or outstanding thereunder to the extent applicable and under Act 97. During the 2009/2010 Operating Year, when the State Aid Trustee has on deposit in the Set Aside Trust Fund Distributable State Aid or other funds of the City, including the Debt Service Reserve Funds, in an amount sufficient to pay or provide for

payment of all installments of the Outstanding Distributable State Aid Obligations, if any, and any future obligations of the City payable from Distributable State Aid issued and incurred in accordance with the Solid Contract and Act 97, other than the Series 2009 Revenue Notes, the State Aid Trustee shall set aside in a separate account of the Set Aside Trust Fund, from the next available dollars of Distributable State Aid and each subsequent receipt of Distributable State Aid, amounts equal to the Set Aside Amounts until there has been set aside in such separate account an amount sufficient, without investment thereof, to pay principal and interest on the Series 2009 Revenue Notes when due. After payment of each such Set Aside Amount, the balance of each payment of Distributable State Aid shall be paid to the City or its Agent. After the amount in the separate account in the Set Aside Trust Fund is sufficient to pay, without investment thereof, principal and interest on the Series 2009 Revenue Notes, all amounts in such separate account shall be transferred to the Transfer Agent for the Series 2009 Revenue Notes when the Series 2009 Revenue Notes become due and payable.

During the 2009/2010 Operating Year, when the State Aid Trustee has on deposit in the Set Aside Trust Fund Distributable State Aid or other funds of the City, including the Debt Service Reserve Funds, in an amount sufficient to pay or provide for payment of all installments of the Series 2009 Revenue Notes, Outstanding Distributable State Aid Obligations, if any, and any future obligations of the City payable from Distributable State Aid issued and incurred in accordance with the Solid Contract, if applicable, and Act 97 payable during such Operating Year, it shall notify the State Treasurer in writing substantially in the form attached hereto as Exhibit D (a "Sufficiency Notice") that it has on deposit sufficient funds to pay the installments of the Series 2009 Revenue Notes, Outstanding Distributable State Aid Obligations, if any, and any other obligations of the City payable from Distributable State Aid issued and incurred in accordance with the Solid Contract and Act 97 payable during such Operating Year, and shall thereafter pay all moneys on deposit in excess thereof to the City or its agent. Pursuant to Act 97, the State Treasurer thereafter shall pay to the State Aid Trustee, in its capacity as agent of the City, all Distributable State Aid due the City, until the next Operating Year, and the State Aid Trustee shall pay such Distributable State Aid to the City. Starting with the next Operating Year, the State Treasurer shall thereafter again pay all Distributable State Aid to the State Aid Trustee, in its capacity as such trustee for

the holders of Distributable State Aid Obligations, until again notified that sufficient funds are on hand as provided in Act 97 and the Solid Contract, if applicable. Notwithstanding the provisions of the preceding three sentences, if the State Aid Trustee shall at any time prior to the end of an Operating Year after having given a Sufficiency Notice in respect of such Operating Year, receive notice from the Finance Director that additional amounts in respect of Distributable State Aid Obligations issued and incurred in accordance with the Solid Contract, if applicable, and Act 97 will be payable during such Operating Year, the State Aid Trustee shall forthwith so notify the State Treasurer and, upon receipt of such notice by the State Treasurer, any Sufficiency Notice theretofore given in respect of such Operating Year will, for purposes of this paragraph, be deemed ineffective, and thereafter the State Treasurer shall again pay all Distributable State Aid to the State Aid Trustee in its capacity as trustee for the owners or holders of the Distributable State Aid Obligations, until the State Treasurer may thereafter be notified, as provided in Act 97 and the Solid Contract, that sufficient funds are on hand. In accordance with Act 97, all income derived from the investment of moneys held by the State Aid Trustee shall be credited to the account of the City and shall be paid to the City or its agent when the next payment is made by the State Aid Trustee to the City or its agent.

The pledge and assignment of Distributable State Aid created by this Resolution for the benefit of the holders of the Series 2009 Revenue Notes shall be on a subordinated basis to the pledge of Distributable State Aid as security for the Outstanding Senior Distributable State Aid Obligations, if any, and with any Senior Distributable State Aid Obligations of the City hereafter issued or incurred in accordance with Act 97 and the Solid Contract and on a parity with the Outstanding Subordinated Distributable State Aid Obligations, if any, and future Subordinated Distributable State Aid Obligations which may be issued pursuant to the Solid Contract and Act 97. The City may issue or incur additional obligations pledging Distributable State Aid under Act 97 on parity with the Senior or Subordinated Distributable State Aid Obligations but only upon compliance with and subject to the provisions of Act 97 and the Solid Contract, if applicable. The City shall not issue or incur obligations payable from Distributable State Aid with a priority of payments senior to the Distributable State Aid Obligations.

In the event that 15 Business Days prior to a payment date for Distributable State Aid Obligations, moneys on deposit

in the Set Aside Trust Fund are not sufficient to pay the Distributable State Aid Obligations due on such payment date, the State Aid Trustee shall give notice of such insufficiency as provided in the Solid Contract. Upon the receipt of such notice the City shall pay to the State Aid Trustee on or prior to such payment date sufficient funds, when taken with moneys already on deposit and moneys otherwise made available, to pay the amount of the insufficiency stated in the notice. In the event that 5 Business Days prior to a payment date for Distributable State Aid Obligations, moneys on deposit in the Set Aside Trust Fund and the Debt Service Reserve Funds are not sufficient to pay principal of and/or interest on Distributable State Aid Obligations due on such payment date, the State Aid Trustee shall request the State Treasurer to advance sufficient Distributable State Aid available under Act 97 to pay the amount of such insufficiency.

The directions provided by the City to the State Aid Trustee as set forth in the State Aid Fund Resolution and in the Solid Contract, if applicable, are not amended or superseded to the extent of any conflict by any provision of this Resolution.

**Section 8. Credit Enhancement and Other Agreements.** The Finance Director is authorized to negotiate, obtain and enter into one or more agreements with respect to a letter of credit, policy of bond insurance, surety bond, guarantee or similar instrument issued by a financial, insurance or other institution, and which provides security in respect of all or part of the Series 2009 Notes, provided that the Finance Director determines that such credit enhancement is in the best interests of the City. The Finance Director is also authorized to obtain and enter into one or more forward commitments to provide a letter of credit, bond insurance, a surety bond, guarantee or similar instrument issued by a financial, insurance or other institution, and which provides security in respect of any amount of Series 2009 Notes which may be issued subsequent to the initial issue of Series 2009 Notes, as the Finance Director shall determine, provided that the Finance Director determines that such forward commitment for such credit enhancement is in the best interests of the City. The Finance Director is hereby authorized to pay for the cost of such forward commitment from the proceeds of the Series 2009 Notes or any other funds of the City legally available therefor. In connection with the execution of any of the agreements authorized by this Section 8, the Finance Director is authorized to include in the Sale Order, such covenants and agreements of the City as shall be necessary or appropriate, and, if necessary or appropriate, to appoint a trustee and to

prescribe the powers and duties of such trustee in the Sale Order.

**Section 9. Funds and Accounts: Flow of Funds.** There is hereby established pursuant to this Resolution a trust fund to be held by the City and designated the "Note Fund Series 2009" within which there are established two subaccounts designated the "Tax Note Proceeds Account" and the "Revenue Note Proceeds Account" for receipt of the proceeds of the related Series 2009 Notes, except for the accrued interest, if any.

There is hereby established pursuant to this Resolution a special trust fund to be held by the City in a bank account separate from any other money of the City and designated the "Note Repayment Fund". The Finance Director is authorized to establish within the Note Repayment Fund subaccounts for each of the Series 2009 Tax Notes and the Series 2009 Revenue Notes, designated, respectively, the "Tax Note Repayment Account" and the "Revenue Note Repayment Account" and such further subaccounts as the Finance Director deems necessary or appropriate. Moneys in the Tax Note Repayment Account and the Revenue Note Repayment Account shall not be commingled and shall be used only to pay the Series 2009 Tax Notes or the Series 2009 Revenue Notes, respectively. There shall be deposited in the Tax Note Repayment Account the Pledged Taxes collected by the City for repayment of the Series 2009 Tax Notes in accordance with the set aside requirement of Act 34 and this Resolution pursuant to Section 6 hereof. There shall be deposited in the Revenue Note Repayment Account the Shared Revenues received by the City for repayment of the Series 2009 Revenue Notes in accordance with the set aside requirement of Act 34 and this Resolution pursuant to Section 7(a) or as provided in Section 7(b) hereof. Until the Series 2009 Notes are paid in full and any obligations to a provider of credit enhancement with respect thereto have been satisfied, money in the Note Retirement Fund shall be used for no other purpose other than to pay Series 2009 Notes issued under this Resolution.

Anything in this Section 9 to the contrary notwithstanding, in the event the City obtains a direct pay letter of credit to pay principal of and interest on the Series 2009 Tax Notes or the Series 2009 Revenue Notes when due, then within the Tax Note Repayment Account or the Revenue Note Repayment Account, as applicable, there shall be established a Payment and Reimbursement Subaccount and a Credit Facility Drawing Subaccount. All Pledged Taxes set aside in accordance with Act 34 and this Resolution shall be deposited in the Payment and Reimbursement Sub-

account of the Tax Note Repayment Account. All Shared Revenues set aside in accordance with Act 34 and this Resolution shall be deposited in the Payment and Reimbursement Sub-account of the Revenue Note Repayment Account. Amounts drawn on a letter of credit shall be deposited in the applicable Credit Facility Drawing Subaccount and shall be used to pay principal of and interest on the applicable Series 2009 Notes when due. Moneys in a Payment and Reimbursement Subaccount shall first be used to the extent necessary to pay, when due, principal of and interest on the applicable Series 2009 Notes. To the extent that moneys in a Payment and Reimbursement Subaccount are not needed for such purpose as a result of payment of such principal and interest by a draw on a letter of credit, such moneys shall be used to reimburse the applicable letter of credit provider.

Section 10. Series 2009 Note Proceeds. From the proceeds of the sale of the Series 2009 Notes there shall be immediately deposited in the Tax Note Repayment Account and the Revenue Note Repayment Account, an amount equal to the accrued interest, if any, received on the delivery of the Series 2009 Tax Notes and the Series 2009 Revenue Notes, respectively.

The balance of the proceeds of the sale of the Series 2009 Notes shall be deposited in the applicable subaccount of the Note Fund Series 2009 and used to pay for operating expenditures of the City for the current fiscal year.

Section 11. Series 2009 Note Forms. The Series 2009 Tax Notes shall be in substantially the form set forth in Exhibit A attached hereto and the Series 2009 Revenue Notes shall be in substantially the form set forth in Exhibit B attached hereto, with such changes and additions (including without limitation, to reflect any applicable credit enhancement) as shall be established pursuant to the Sale Order within the parameters of this Resolution.

Section 12. Covenants Regarding Exclusion of Interest on the Series 2009 Notes for Federal Tax Purposes. The City hereby covenants and represents with the registered owners of the Series 2009 Notes that so long as any of the Series 2009 Notes remain outstanding and unpaid as to either principal or interest, the City shall, to the extent permitted by law, take all actions within its control to maintain, and will refrain from taking any action which would impair the exclusion of the interest on the Series 2009 Notes from gross income for federal income tax purposes under the Code, including, but not limited to, actions relating to any required rebate of arbitrage earnings and the expenditure and investment of Series 2009 Notes proceeds and moneys

deemed to be Series 2009 Notes proceeds, and to prevent the Series 2009 Notes from being or becoming "private activity bonds" as that term is used in Section 141 of the Code or an "arbitrage bond," as that term used in Section 148 of the Code.

Section 13. Continuing Disclosure. Unless otherwise set forth in the Sale Order because of an exemption from Rule 15c2-12 (the "Rule"), the City hereby agrees to abide by the provisions of the Rule so long as any Series 2009 Notes are outstanding. The Finance Director is hereby authorized to execute one or more continuing disclosure undertakings of the City which comply with the provisions of the Rule.

Section 14. Defeasance. In the event cash or direct obligations of the United States or obligations the principal of and interest on which are guaranteed by the United States, or a combination thereof, the principal of and interest on which, without reinvestment, come due at times and in amounts sufficient to pay at maturity or irrevocable call for earlier optional redemption, the principal of, premium, if any, and interest on the applicable series of the Series 2009 Notes shall be deposited in trust, this Resolution shall be defeased in respect of such Series 2009 Notes and the owners of such Series 2009 Notes shall have no further rights under this Resolution except to receive payment of the principal of, premium, if any, and interest on such Series 2009 Notes from the cash or securities deposited in trust and the interest and gains thereon and to transfer and exchange notes as provided herein.

Section 15. Sale of Series 2009 Notes. (a) The Series 2009 Notes shall be sold at negotiated sale to the Underwriters named in the applicable Purchase Contract in a form on file with the Finance Director, with such changes thereto as the Finance Director shall determine are in the best interests of the City, within the parameters established herein. Such changes within the parameters of this Resolution shall be conclusively established by the Finance Director's execution and delivery of the applicable Purchase Contract to the representative of the Underwriters (the "Representative"). The Finance Director is authorized to accept, on behalf of the City, an offer from the Representative to purchase the applicable Series 2009 Notes wherein the aggregate compensation to be paid to the Underwriters thereof shall not be more than 1% of the original principal amount of the applicable Series 2009 Notes, on terms and conditions provided in the Purchase Contract approved by the Finance Director.

(b) The sale of the Series 2009 Notes to the Underwriters pursuant to a negotiated sale is hereby approved. The rea-

sons for choosing a negotiated sale instead of a competitive sale include the belief of the City Council, based upon the recommendation of the Finance Director and the City's Financial Advisors, that a negotiated sale will allow the Series 2009 Notes to be offered to investors in the most efficient manner possible while also allowing sufficient flexibility to adjust to market structuring and timing demands in order to result in the lowest possible borrowing costs to the City.

The Purchase Contract shall be dated the date of the sale of the applicable Series 2009 Notes. The Finance Director is hereby authorized and directed to execute the Purchase Contract for and on behalf of the City and, upon execution by the Representative, to receive the good faith check, if any, described therein.

(c) The Finance Director is authorized to determine whether to require a good faith check from the Underwriters or, in lieu thereof, to require the Underwriters to pay liquidated damages to the City for the failure (other than as permitted by the Purchase Contract) to accept delivery of, and pay for, the Series 2009 Notes.

Section 16. Delegation of Authority to, and Authorization of Actions of, Finance Director. (a) The Finance Director is authorized to exercise the authority and make the determinations authorized by Section 315(1)(d) of Act 34 and shall determine, in addition to any determinations authorized elsewhere in this Resolution, on the basis of his evaluation of the maximum amount of Series 2009 Tax Notes and Series 2009 Revenue Notes which can be sold, given anticipated interest rates or for any other reasons, whether to issue the full authorized amount of the Series 2009 Tax Notes and the Series 2009 Revenue Notes as specified in Section 3 of this Resolution and whether to issue the Series 2009 Tax Notes or Series 2009 Revenue Notes as two or more issues. If the Finance Director determines to offer either of the Series 2009 Tax Notes or the Series 2009 Revenue Notes as more than one issue, then each separate issue shall conform to the requirements established in this Resolution, shall bear a distinctive designation, consistent with the definition of the term "Series 2009 Tax Notes" or "Series 2009 Revenue Notes," as applicable, herein, as shall be determined by the Finance Director. In such case the Finance Director shall have the power and authority to make all determinations and decisions with respect to each such issue. The Finance Director may also cause the preparation of and approve the form and distribution of one or more preliminary official statements (collectively, the "Preliminary Official Statement") and final official statements (collectively, the "Official Statement") or other offering

materials to be used in conjunction with the sale or offering of the Series 2009 Notes and deem the Preliminary Official Statement "final" for purposes of the Rule. The Finance Director shall also determine and establish, in accordance with this Resolution, the Maturity Date or dates for the Series 2009 Notes. In addition, based on the timing of the delivery of the Series 2009 Revenue Notes and whether there are any Outstanding Distributable State Obligations outstanding on the date of the delivery of the Series 2009 Revenue Notes, the Finance Director shall determine whether the Series 2009 Revenue Notes should be issued on a senior or subordinated lien basis on Distributable State Aid.

(b) The Finance Director is hereby authorized and directed to do and perform any and all acts and things with respect to the Series 2009 Notes which are necessary or appropriate to carry into effect, consistent with this Resolution, the authorizations herein contained, including without limitation, obtaining financial advisory services, securing ratings by bond rating agencies, acquiring bond insurance, letter of credit, surety bond, guarantee or similar instrument issued by a financial, insurance or other institution, and which provides security in respect of all or part of the Series 2009 Notes, printing the Series 2009 Notes (if required), and incurring reasonable fees, costs and expenses incidental to the foregoing, for and on behalf of the City.

(c) The Mayor or, if permitted by law, the Finance Director, is authorized to file applications and to pay the related fees, if any, to the Michigan Department of Treasury at his discretion under Act 34 for one or more Orders of Approval to issue all or a portion of the Series 2009 Notes, and such waivers or other Treasury approvals as necessary to implement the sale, delivery and security for the Series 2009 Notes as authorized herein, and as required by the Michigan Department of Treasury or Act 34.

(d) All determinations and decisions of the Finance Director with respect to the issuance and sale of the Series 2009 Notes as permitted or required by this Resolution shall be ratified, confirmed and approved in the Sale Order.

(e) Except as set forth in Section 18 hereof, during the Finance Director's absence or disability, or while the Finance Director's position is vacant, the Deputy Finance Director, any person serving as Finance Director or Deputy Finance Director in an acting or interim capacity, or any person designated by the Mayor in writing shall exercise all the powers, perform all the duties and make all the determinations required or permitted under this Resolution with respect to the Series 2009 Notes.

The fees and expenses of Miller, Canfield, Paddock and Stone, P.L.C., shall be payable as part of the Issuance Costs from the proceeds of the Series 2009 Notes or other available funds of the City in accordance with the letter of such firm on file with the Finance Director.

Honorable City Council:

Re: Resolutions to revise annual service charges, a/k/a "Payment in lieu of Taxes," or PILOT's, for Woodbridge I and Woodbridge II Projects, subject to adoption of proposed ordinance to amend City Code Section 14-5-10.1.

On November 17, 2008, the Finance Department submitted a proposed ordinance to amend City Code Section 14-5-10.1 to allow PILOT's for projects operated or sponsored by the Detroit Housing Commission ("DHC") to be set at a rate between 4% and 10%. The letter transmitting the proposed ordinance indicated that the Assessments Division would be submitting to you under separate cover proposed resolutions to reduce the PILOT's for the Woodbridge Estates Apartments I and Woodbridge Estates

Apartments II projects from 10% to 5.5% and 6.0%, respectively.

The developers of the Woodbridge Estates projects have provided evidence satisfactory to the Board of Assessors that a service charge of 5.5% for the Woodbridge Estates Apartments I project and a service charge of 6.0% for the Woodbridge Estates Apartments II project is necessary to make the projects feasible. Accordingly, attached are proposed resolutions to amend the service charges (PILOT's) to the rates indicated.

Respectfully submitted,  
LINDA M. BADE  
Chief Assessor

By Council Member S. Cockrel:

Whereas, On September 11, 2002 (J.C.C. pp. 2608-2609) the Detroit City Council adopted a resolution establishing a PILOT for Woodbridge Estates Apartment I project (the "Woodbridge I Project") at a rate of ten percent (10%) of the annual shelter rent in accordance with MCL 125.661a and City Code Section 14-5-10.1; and

Honorable City Council:

Re: City Council Recess from Monday, December 15, 2008 through Monday, January 5, 2009.

Ordinance No. 15-00, Chapter 21 Article 3, requires the approval of your Honorable Body for the purchase of goods and services over the value of \$25,000, all contracts for personal services renewals or extensions of contracts or the exercise of an option to renew or extend a contract. Based upon the above scheduled recess, there will be a delay in obtaining your approval for needed goods and services. As a result, I will be unable to meet my obligation to obtain needed goods and services for the user agencies, and they, in return, will be unable to meet their obligation to supply mandated services to the people of the City of Detroit.

Therefore, during the recess, I request that your Honorable Body approve our purchase of goods and services requiring your approval under Ordinance No. 15-00 under provisions as follows:

1. Weekly list of awards, which are distributed by the Office of the City Clerk to members of the City Council each Thursday, will be held through Wednesday of the following week. In the event any Council Member objects to the contract or purchase, the contract or purchase will be held either until formal action by the City Council or withdrawal of the objection by the objecting Council Member.

2. No contract or purchase order shall be issued if a protest has been filed, or if a vendor has not obtained any required clearance.

The first list under, the Recess procedures, will be prepared by the Purchasing Division on Tuesday, December 16, 2008.

Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for 1166 and 1167 Martha Reeves Drive and 3934 and 3962 Miracles Boulevard in the Woodbridge Estates NEZ (Recommend Approval).

The City Clerk's Office forwarded to this office applications from Scripps Park Associates, LLC for four Neighborhood Enterprise Zone (NEZ) certificates within the Woodbridge Estates NEZ at 1166 and 1167 Martha Reeves Drive and 3934 and 3962 Miracles Boulevard, Your Honorable body approved the Woodbridge Estates NEZ designation on September 19, 2001. City Planning Commission staff has reviewed the applications and recommends approval.

Certificates are being requested for 1166 and 1167 Martha Reeves Drive and 3934 and 3962 Miracles Boulevard, which are confirmed as being within the boundaries of the NEZ and should be eligible for a NEZ certificate under State Act 147 of 1992 as currently written. Scripps Park Associates, LLC. has applied for the cer-

tificates, prior to the issuance of building permits, on behalf of the future owners who will occupy the properties. It is appropriate for them to apply for certificates at this time, even if a buyer has not yet been identified. The State Tax Commission, however, will not issue a certificate until an owner is identified. When an owner is identified, he or she can then apply for the certificate. At that time, it would not be necessary for the City Council to pass another resolution.

The petitioner proposes to build four duplexes. The site has been cleared and construction is anticipated to begin soon. The developer will need to submit to the State Tax Commission the parcel that is to receive the certificate along with a map showing the parcel.

WHEREAS, Detroit City Council adopted a budget proposal for waste disposal for FY 2008-09 that included assurances that GDRRA would:

- Take steps to transform Detroit's solid waste system to one of materials recovery utilizing a materials recovery facility (MRF) with comprehensive curbside recycling, composting and landfills to supplement the system; and

ESTABLISHMENT, STRUCTURE AND  
FUNCTIONING OF THE DETROIT  
FOOD POLICY COUNCIL  
PRESENTED TO THE DETROIT CITY  
COUNCIL'S NEIGHBORHOOD AND  
COMMUNITY SERVICES STANDING  
COMMITTEE BY THE DETROIT BLACK  
COMMUNITY FOOD SECURITY  
NETWORK**

**DECEMBER 4, 2008**

**Background**

In June of 2006 the Detroit Black Community Food Security Network (DBCFSN) spoke before the Neighborhood and Community Services Standing Committee of the Detroit City Council Chaired by Council Member JoAnn Watson. We pointed out that Detroit did not have a comprehensive food security policy, and discussed with the committee the benefits of developing such a policy. We were appointed to head a task force to develop a food security policy for the City of Detroit.

Over the next 18 months, the DBCFSN's Public Policy Committee researched, wrote and revised several drafts of a food security policy for the City of Detroit. The committee's work was presented at a public review session held as part of our September, 2007 Harvest Festival. The Public Policy Committee revised the proposed policy, incorporating much of the feedback received at the public review session. We then sent the draft to Wayne State University professor, and nationally recognized food policy expert, Dr. Kami Pothukuchi, for her review and critique. Dr. Pothukuchi made several recommendations that were also incorporated into the final draft. The draft was presented to the Neighborhood and Community Services Standing Committee of the Detroit City Council and placed on the City Council's agenda by Council Member Watson's committee for approval. The City Council unanimously passed a resolution adopting the policy on March 25, 2008.

In furthering the establishment of a more food secure Detroit, we have continued to work with Council Member Watson's committee on the development of the Detroit Food Policy Council (DFPC). From April through October, 2008 the DBCFSN Public Policy Committee conducted research on Food Policy Councils throughout North America. We examined the mission, number of members, attributes desired in members, structure, terms of office, relationship to government, and meeting schedule of food policy councils or similar bodies in Toronto, Vancouver, Portland/Multnomah, Washington D.C., Cleveland/Cuyahoga County, New Haven, New Jersey, Chicago, Grand Rapids, and

the Native American Tribal Council. DBCFSN held a public discussion, on the proposed food policy council, at our Harvest Festival on October 4, 2008. On October 7, 2008, the Detroit City Council unanimously passed a resolution supporting the creation of the Detroit Food Policy Council.

We presented an initial draft of our recommendations for establishing and operating the Detroit Food Policy Council, for public comment, at a listening session at Eastern Market on November 14, 2008. More than 75 people attended the session sponsored by DBCFSN, Detroit Food and Fitness Collaborative, Eastern Market Corporation and the C.S. Mott Group for Sustainable Food Systems at Michigan State University. Representatives from many organizations attended the session including Greening of Detroit, Detroit Agricultural Network — Garden Resource Program, Capuchin Soup Kitchen — Earthworks Urban Farm, Vandalia Gardens, SEED Wayne, The Farm, Multi-Cultural Minority Agricultural Initiative, Urban Agitropolis Project, Next Detroit Neighborhood Initiative, BECA Project, Alternatives for Girls, 4C of Detroit, Focus Hope, Great Lakes Bioneers Detroit, Restaurant Opportunities Center-Michigan, Hush House, Detroiters Working for Environmental Justice, Food System Economic Partnership, Eat Local Food, Be Fit Inc., WARM Training Center, Avalon Bakery, Goodwells Market, Consumers Unlimited, Save-a-Lot, East Michigan Environmental Action Council, Associated Food and Petroleum Dealers, and Clement Carpentry. Detroit City Council Member JoAnn Watson attended as did a representative from Council Member Kwame Kenyatta's Office, and Mayor Kenneth Cockrel's Office. Many of the suggestions from that session have been incorporated into this final draft. Kami Pothukuchi offered her written critique of our initial recommendations. Most of her suggestions have been incorporated into this final draft.

On November 20, 2008 Wayne Roberts, the Manager of the Toronto Food Policy Council addressed the Neighborhood and Community Services Committee of the Detroit City Council and gave a public lecture at Wayne State University later that evening. His comments on the successes and mistakes of the Toronto Food Policy Council also informed the revision of this document.

Although this draft was crafted by the Public Policy Committee of DBCFSN, we realize that this document reflects the collective experience, expertise, perspectives and interests of many Detroiters. It is our intent that the recommendations in this document be fully implemented to serve the common good of the people of

the City of Detroit. It is our hope that the Detroit Food Policy Council and its work will be embraced and supported by the people of Detroit and their elected, appointed and anointed leadership.

#### **Preamble**

The Universal Declaration of Human Rights, adopted by the General Assembly of the United Nations in 1948, upholds access to food as a human right. We the people of Detroit stand firm in supporting this basic human right. As Detroit transitions from an economy based primarily on the automobile industry to a new sustainable, environmentally friendly economy; the production, distribution and sale of food are key elements. Sound, thoughtful food policy is increasingly important as we seek to remake our city. Equally important, are programs and actions that seek to localize the food system, improve food security and establish food justice. The Detroit Food Policy Council is thus established, empowered and entrusted to provide guidance to the government and residents of the City of Detroit on food related matters.

#### **Vision**

We envision a City of Detroit with a healthy, vibrant, hunger-free populace that has easy access to fresh produce and other healthy food choices; a city in which the residents are educated about healthy food choices, and understand their relationship to the food system; a city in which urban agriculture, composting and other sustainable practices contribute to its economic vitality; and a city in which all of its residents, workers, guests and visitors are treated with respect, justice and dignity by those from whom they obtain food.

#### **Mission**

The Detroit Food Policy Council is committed to nurturing the development and maintenance of a sustainable, localized food system and a food-secure City of Detroit in which all of its residents are hunger-free, healthy and benefit economically from the food system that impacts their lives.

#### **Goals**

The DFPC shall have the following goals:

- 1) advocate for urban agriculture and composting being included as part of the strategic development of the City of Detroit;
- 2) work with various City departments to streamline the process and approvals required to expand and improve urban agriculture in the City of Detroit including acquisition of land and access to water;
- 3) review the City of Detroit Food Security Policy and develop an implementation and monitoring plan that identifies priorities, timelines, benchmarks, and human, financial and material resources;
- 4) produce and disseminate an annual

City of Detroit Food System Report that assesses the state of the city's food system, including activities in production, distribution, consumption, waste generation and composting, nutrition and food assistance program participation and innovative food system programs;

5) recommend new food related policy as the need arises;

6) initiate and coordinate programs to address the food related needs of Detroiters;

7) convene an annual "Powering Up the Local Food System" Conference.

In the long-range, the DFPC will engage in other activities including but not limited to: producing brief research reports with policy positions on significant relevant and emerging issues such as land for urban agriculture; convening listening sessions to hear from community members on relevant issues; assisting community-based organizations develop programs to meet needs and fill gaps in the food system; creating opportunities for start-up healthy food businesses and existing healthy food businesses that would like to scale up; developing collaborative, city-wide programs and raising funds for implementing them.

#### Relationships and Functions

We recognize the City governments' importance in local policy formation and we recognize the need for the community to have an independent voice and the ability to hold City government accountable to the broad-based needs of Detroit residents.

We therefore propose that the DFPC be initially seated by the Detroit City Council but that after the expiration of the initial terms, the members of the DFPC recommend and seat new members as needed.

The DFPC is an implementation, monitoring and advisory body. It will issue an annual report making recommendations to the Detroit City Council and various other public and private entities about how to improve the food system impacting the lives of Detroiters. The DFPC will undertake initiatives designed to educate the populace and to make improvements in the food system.

#### Designated seats

The DFPC shall have 21 seats.

The Detroit City Council will appoint one seat from their body, the Mayor of the City of Detroit will appoint one seat, and the Director of the City of Detroit Department of Health and Wellness Promotion or her/his designee will hold a seat.

Twelve DFPC members will be drawn from the following sectors:

Sustainable Agriculture  
Retail Food Stores  
Wholesale Food Distributors

Food Processors  
Farmers Markets  
Environmental Justice  
Nutrition and Wellbeing (non-governmental)  
Food Industry Workers  
Colleges and Universities  
K-12 Schools  
Emergency Food Providers  
Urban Planning (non-governmental)

There will be six at-large seats to be held by consumers and the general public. Special effort should be made to ensure that grass roots, low income community members and others with an earnest stake in our community are represented on the DFPC.

DFPC members will not represent the organizations or institutions that they may be affiliated with, although it is expected that their decisions, contributions and work will be informed by their experience and expertise.

#### Diversity

The membership of DFPC must be a culturally, economically, generationally and gender diverse representation of Detroit's population. All members of the DFPC must be either residents of Detroit or part of Detroit based businesses/institutions.

The DFPC will communicate and liaise with county, state and regional agencies regarding the food system and its impact on Detroiters. The DFPC will communicate and liaise with residents and agencies in Highland Park and Hamtramck working to improve the food system. As needed, the DFPC will assemble a team of advisors from those entities.

#### Convening Committee

We recommend that Council Member Watson designate a seven person convening committee to receive and review names and qualifications of possible initial DFPC members and to coordinate the initial establishment of the DFPC. The convening committee will do the following:

1) recommend to the Neighborhood and Community Services Standing Committee, the names of people to fill seats on the DFPC;

2) draft by-laws by which the DFPC shall operate;

3) determine where the DFPC and the Detroit Food Policy Office will be housed.

4) write job descriptions, determine salaries and recommend the names of candidates for Coordinator, Program Manager and Office Manager to the DFPC.

5) secure funding for the DFPC and its paid staff;

The convening committee will terminate 90 days after its first meeting.

#### Terms of Office

Nine of the 18 designated sector and at-large positions will be appointed to an

initial term of two years, and the other nine will be appointed to an initial term of three years. After the initial terms expire, the DFPC will receive and review names and qualifications of potential candidates to fill positions, and will select new members from those potential candidates. After the expiration of the initial terms, all reappointed or new members will serve three year terms. The DFPC members appointed to the three seats reserved for the Mayor, City Council and Director of Health and Wellness will serve two year terms.

No DFPC member shall serve more than six consecutive years. The DFPC will actively work for and nurture the development of new community-based leadership to hold seats on the Council.

#### **Officers, Staff and Committees**

The members of the DFPC will elect a Chairperson and Vice-Chairperson at the first regular meeting of each year.

We propose the creation of a Food Policy Office staffed by a full-time Food Policy Coordinator, a full-time Program Manager and a full-time Office Manager to be funded by a combination of public and private dollars for the first five years of the Council's existence. The Food Policy Office staff will be hired by and accountable to the DFPC.

The DFPC will set up various working groups as are necessary to accomplish its mission. Community members are encouraged to volunteer on any of the working groups to help them achieve their goals.

#### **Decision Making**

The DFPC will strive to make decisions by consensus whenever possible. If after a reasonable amount of discussion, a consensus can't be arrived at, decisions will be made by a simple majority vote. The vote of all members of the DFPC shall have equal weight.

#### **Meetings**

Beginning in 2009, the DFPC will meet in January, March, May, July, September, and November of each year. The DFPC will adhere to the Michigan Open Meetings and Freedom of Information Acts. Time will be allocated on each meeting agenda for public comment. Minutes of all DFPC meetings will be available to the public within 14 days of each meeting.

Placed on file.

#### MEMBER REPORTS:

**J. Watson:** With respect to the Detroit Public Schools, I want to be on record as stating that the fiscal issues that the State of Michigan is alleging to be accost for financial overseer, can be traced right back to the State Board of Education takeover, of the Detroit Public Schools. So the State of Michigan has a lot of nerve trying to hold the City of Detroit accountable for their deficit. On the day of the takeover, the district had a \$93 million dollar surplus, because I testified at the State Senate on behalf of the Detroit Board of Education against the takeover.

I would like to have the Urban Marshall Plan as approved by Council moved forward during the month of December so that when President Barack Obama takes office on January 20th, Detroit will be on the front burner and not be the tail wagging the dog. At this point, Detroit has 20% unemployment, 20% foreclosure and we have huge issues that impact the economic situation of our citizenry; we cannot do business as usual. Therefore, I asked that our Fiscal Director be armed with all that we need to do in order to hit the ground running in December and January, connecting with the incoming Administration with the much needed support for our city. They have met with the Mayor.

**M. Conyers:** Didn't you give President elect Obama a plan?

**J. Watson:** Yes. I gave him an Urban Marshall Plan that included head of households, rapid transit in the City of Detroit and a two year moratorium on foreclosures.

**Barbara-Rose Collins:** I want to know if you're getting tickets for the ball?

**M. Conyers:** There is no ball tickets yet because they haven't finished working out all the logistics for the ball. For people in the audience who want to go, but don't have tickets, Congressman John Conyers is opening up his office and he will have a party/celebration in his office and you can watch it live from his office. In his office, you can see the Capital, so you can see everything that's going on as Barack Obama is being sworn in. If you need a bus ride, my husband did get two buses that will be taking people

to Washington, DC. The Ball tickets are between \$100 and \$150 dollars, but they haven't worked out all the logistics; it will be a Chicago Ball, an Inaugural Ball, Michigan Ball, and a Michigan Congressional Black Caucus Ball, and a Peace and Justice Ball.

**Barbara-Rose Collins:** I want everybody to have a very happy holiday. On Friday, December 26th, the Shrine of the Black Madonna will have one at the Charles H. Wright Museum at 6:00 p.m.

**Kwame Kenyatta:** I think that the State's financial takeover of the school system by having an abundance of finances, and the takeover now is for having too little finances and each time the children are suffering. In that, the State did not improve the educational quality of our students and I don't think we can lose sight of that. The State has some responsibility along with the Board of Education. There are clearly some problems that exist here, so now we have another situation in the City of Detroit. In other states, they have sued the State of Michigan because the education of any students in any city is the responsibility of the State.

I want to wish everybody a happy holiday season.

**Alberta Tinsley-Talabi:** I want to begin by thanking all of you, the staff and those who are watching for hanging in here this year; it's been a challenge but we stuck and we stayed and I'm grateful at this time. The education of our children is first and foremost. A gentleman was here last week talking about the education of our children and he wanted/needed people to volunteer at least one or two hours a day to help children with their reading skills; we need to participate in our school system. I'm persons to call 211 and get involved with the neighborhood elementary school.

In 2000, Member Brenda Scott had a task force on the Census and as you know, the Census is forthcoming and I would like to submit a similar resolution to have a task force that will be looking at the very important issue of the 2010 Census. I also want us to look at the demographics and understand what is happening in America. We're going to invite professor's to talk about the key issues, in terms of what's happening across the country. We'd like to bring that back in January.

Colleagues, Kwanza is coming and we're celebrating at the Oak Grove AME Church on December 26, 2008 at 6:00 p.m. Also, we're having a celebration at Youthville, on Woodward, so parents bring your children on Monday, December 29th. On Sunday, we're having a Kwanza celebration at Unity Temple in Palmer Park on Sunday, December 28th at 11:00 a.m.

I have some memorandums that I would like to submit at this time.

**Martha Reeves:** This is a wonderful revelation knowing that we have the rest of the week to do our task force and attend all of the invitations that we received and I thank the Council for voting that way. I have a task force tomorrow (Entrepreneurial) and it's not cancelled, I'll be here.

I'd like to impose an invitation while you're writing your Christmas Cards to please remember the men and women who serve our country. If you can send one or two cards to a recovering American soldier, in care of Walter Reed, Army Medical Center, 6900 Georgia Avenue NW, Washington, DC 20307-5001. I would like to have this scrolled and have copies made for our Council Members.

**Brenda Jones:** I would like to ask Mr. Whitaker to refer the privileged and confidential document regarding the modification of the Department of Administrative Hearings bond requirements and compliance to the Law Department and to the Department of Administrative Hearings; I think all Council Members received it.

I passed out the project that I'm on with Reverend Perkins relative to Healthy Teen Community Care Center and I would like to ask all my members to consider contributing to this. This center is located on Martin Luther King Boulevard and they provide free services to teenagers and the disabled up to age (26). I'd like to ask Mr. Whitaker if they will scroll this participation to help our teens stay healthy.

The Yorkshire Woods Community Organization is hosting their Noel night on Friday, December 12th from 6:00 p.m. to 9:00 p.m. They ask that all Council Members, if they get the opportunity, to come by and they need apple cider and donuts for the kids. That's located at the New Beginnings Cathedral on Beaconsfield at Morang.

I received a letter from the Bricklayers and Allied Craft Workers who indicated that in regards to Cobo Hall and the Auto Show, that the Director of the Civic Center Department has signed an agreement with only four unions and their concern is that if the city would open Cobo Hall to all the (18) Buildings and Trades Affiliates, they would meet the Detroit residents agreement. I'll make sure that all members have a copy of this.

**Monica Conyers:** One of the things that I'd like to talk about is the Workbrain. All Council members make sure that they appoint somebody. Council Member Watson, I know that you don't want to appoint anybody.

**J. Watson:** It's a separation of powers, the

Executive branch cannot tell the Legislative Branch what to do; it's two co-equal branches of government. The premise is that everyone that's going to be paid has to punch in and punch out. Given that every single person on my staff, they must attend community meetings, and block club meetings, etc; that would require them to come back to this building to punch into a computer. I think the issues have to be worked out by the Legislative Branch and we should not be taking orders from the Executive branch.

**Monica Conyers:** I personally don't like the program, I prefer the system that the Board of Education is currently using; I have someone working on that to see how we can get that program which is a lot better than that program. The entire city could be on the same program.

Mr. Whitaker, I would like to have a report on what is going on with Judge Fiekens and the Water Department when we return from recess. Judge Fiekens is no longer over the Water Department, so I'd like to know if someone else is replacing him and what is going to happen with the Water Department.

I'd like to submit to the Public Health and Safety Standing Committee a complaint on 2512 Virginia Park; they're having problems over there.

I'd like to know if there are any children in the City of Detroit that would like to be a part of my mentoring group, because I started one at Henry Ford High School. I have five young ladies in my mentoring group and we're starting one with the young men. My number is (313) 224-4530 for any young women in the City of Detroit. I got the idea from this young lady who is a pastor here in the City of Detroit.

I'd like to let all the Council divisions know that our Annual Christmas Party on Wednesday, December 17th at Southbeach from 6:00 to 11:00 p.m. That's located in the Fisher Building and everything is free.

For the City Clerk's Office, I received a complaint from Montez Miller. She said that you entered into a contract with them to do a commercial for the City Clerk. The lady contracted photographers, studio, lighting, etc., and the day before they were going to do the commercial, they received a call from Mr. Baxter, he called and canceled with no warning. She said that she still had to pay these contractor's and now she's getting a lawyer to sue the City Clerk's Office. That's something that we're eventually going to have to pay. I would like Clerk Winfrey to get in touch with Montez Miller or Mr. Baxter.

**J. Watson:** How much are they suing for?

December 9

3530

2008

**M. Conyers:** It's \$30 thousand dollars.

**J. Watson:** She should have taken that money that we tried to offer her.

**TESTIMONIAL RESOLUTION  
FOR**

**WILL DOWNING**

By COUNCIL MEMBER REEVES:

WHEREAS, Suffice it to say that after nearly two decades of remarkable recordings and performances around the globe, Will Downing is recognized as the premier male vocalist for the embodiment of his singular, sensuous blend of R&B, jazz and pop. Yet 2007 marks the release of what is unquestionably the most crucial album of his career. It's not necessarily in reference to the content of the album, which is more of the masterful songs of sensual romance that have become his signature. The crux of *After Tonight*, Will's 13th album and first for the Peak Records label, is the commitment in the face of adversity he summoned to complete it, the sheer "force of Will" that inspired the man to see it through to its fruition. When you listen to *After Tonight*, you are listening to music created and recorded by a man coming to terms with and battling a rare and severely debilitating condition known as Polymyositis, and

WHEREAS, Polymyositis is a chronic muscle disease, an inflammation of the muscle fibers — the cause of which is not known. It results in weakness that can be severe with equally maddening, random and inexplicable periods of flares and remissions. For an artist of Downing's stature to make an album under normal circumstances comes with an already grueling set of challenges to make the best music possible. Factor in the frustration of discovering you have suddenly come down with this disease and all of its creativity sapping symptoms and one realizes that only a man of Downing's spiritual fortitude could pull himself up against all odds to make his latest statement heard. *After Tonight* is more than just another album for Downing. It became a monumental reason for him to wake up on many a morning — a purpose than only his attention could bring to life. And Downing is determined for it to be far from his last, and

WHEREAS, Beyond the music; Will Downing has proven himself to be an outstanding photographer. His lens work was showcased in a 2004 calendar featuring portraits of singer/musician friends. And in 2006, he self-published (through Will Downing Productions) a coffee table book titled *Unveiled*, filled with his work as well as that of several other African American graphic artists from Philadelphia's Art Jazz Gallery scene. Will Downing was the

official 2005 spokesperson for the American Stroke Association and continues to lend his name and efforts on its behalf. He also supports the Myositis Association, and

WHEREAS, The Herculean and purposeful approach that Will Downing undertook to complete *After Tonight* — for himself, his wife, three children, extended family and fans — cannot be overstated. It is a reflection of determination, faith and character comparable in contemporary soul music to the strength that the great Curtis Mayfield — who was permanently paralyzed at the end of his life — mustered to make his final album, *New World Order* (1996). But unlike Mayfield's Will's condition will hopefully only be temporary, and

WHEREAS, The very source of the fortitude that Downing is leaning upon is addressed in a moving song of faith that Will composed with his wife Audrey Wheeler-Downing (who also harmonizes with her husband on the background vocals) and Noel Goring titled "*God Is So Amazing*." Touching on what is perhaps the greatest gift that has come from his challenges with Polymyositis, Will Downing witnesses, "I've learned that God plays a bigger role in my existence than I ever realized. This was a difficult project to record, but every time I felt down — mentally or physically: I looked to Him for inspiration. NOW, THEREFORE BE IT

RESOLVED, That Council Member Martha Reeves and the Detroit City Council recognize and honor the many accomplishments of the premier male vocalist of R&B, jazz, and pop, Will Downing, and congratulations on his 13th album *After Tonight*.
