On February 5, 2008, a mediation panel evaluated the above-captioned lawsuit and awarded Two Hundred Thousand Dollars (\$200,000.00) in favor of the Plaintiff. The parties have until March 4, 2008 to either accept or reject the mediation evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Re: Maureen D. Taylor vs. Jackie Currie,  
Detroit Election Commission, et al.  
Case No.: 05-524-513-AW. File No.:  
A17000-000045 (LDBG).

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that settlement of attorney fees and costs, which were ordered by the Wayne County Circuit Court, on March 23, 2006 and upheld by the Michigan Court of Appeals, against former Detroit City Clerk Jackie Currie, and the Detroit Election Commission, by reason of alleged injuries sustained by Maureen D. Taylor on or about August 2, 2005, in the amount of One Hundred and One Thousand Dollars and No Cents (\$101,000.00) is in the best interest of the City of Detroit.

We, therefore, request authorization to settle the attorney fees and costs in this matter in the amount of One Hundred and One Thousand Dollars and No Cents (\$101,000.00) and that your Honorable Body direct the Finance Director to issue a draft in that amount payable to Constitutional Litigation Associates, PC and Law Offices of Stephen Wasinger, PLC, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 05-524513-AW, approved by the Law Department.

Honorable City Council:

Re: Address: 3049 E. Grand Blvd. Name: Scot Turnbull. Date ordered removed: February 7, 2007 (J.C.C. pg. 301).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on February 11, 2008 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of June 25, 2007.

The proposed use of the property is owner's use and occupancy.

This is the 1st deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

AMRU MEAH

Director

February 1, 2008

Honorable City Council:

Re: Request to apply for the "OVW FY 2008 Enhanced Training and Services to End Violence Against and Abuse of Women Later in Life

Program" Grant from the United States Department of Justice.

The United States Department of Justice, Office of Violence Against Women (OVW), is seeking applications for funding under the "FY 2008 Enhanced Training and Services to End Violence Against and Abuse of Women Later in Life Program" grant. The Detroit Police Department's Domestic Violence is preparing a proposal for the maximum grant amount of \$500,000.00, with no cash match over the life of the three year grant period.

Recognizing that individuals who are 50 years of age or older who are victims of elder abuse, neglect, and exploitation, including domestic violence, dating violence, sexual assault, or stalking, face unique barriers to receiving assistance. Congress created the Enhanced Training and Services to End Violence Against and Abuse of Women Later in Life Program (Training Grants Program). In Fiscal Year 2008, OVW plans to fund projects that will provide a comprehensive approach to addressing elder abuse in their communities. This comprehensive approach will encompass providing training to criminal justice professionals, governmental agencies and victim assistants to enhance their ability to address elder abuse, neglect and exploitation in their communities; cross training opportunities to professionals working with older victims; developing or enhancing community coordinated responses to elder abuse; and providing or enhancing services for victims who are 50 years of age or older ("elder victims").

The deadline for this application is Thursday, February 7, 2008. In the event that approval is granted, Lieutenant Doris Towns, of Domestic Violence, would serve as the project director.

The Board of Police Commissioners has approved this request, I am requesting approval from your Honorable Body to apply for the grant and adopt the enclosed resolution.

If you have any questions or concerns regarding this matter, please feel free to contact me at 596-1800, Monday through Friday, 9:00 a.m. to 5:00 p.m.

Re: Request permission to accept funding from the Eastern District of Michigan's United States Attorney's Office for an anti-gang initiative "Project Safe Neighborhoods".

The Detroit Police Department (DPD) has received funding in the amount of \$43,680.00 from the United States Department of Justice's U.S. Attorney's Office for the Eastern District of Michigan for an Anti-Gang Initiative entitled "Project Safe Neighborhoods". The DPD's Eastern District is the target area for this collaborative effort at reducing gang violence. The Project Director will be Deputy Chief Joyce Motley, of the Eastern District. The appropriation number is 12579.

The funding would allow DPD officers to work overtime conducting plain clothes and undercover operations, including criminal intelligence/information gathering, directed patrol, and spotting in cooperation with state, federal, and county law enforcement agencies. Additionally, there will be funds available to contact an Investigative Analyst (former law enforcement officer) exclusively for the Eastern District, who will assist district investigators in working on cases involving firearms; obtain information not normally available to district investigators regarding gun crimes; and serve as a link to other agencies that are involved with gun crimes. Equipment to facilitate the objectives of the Anti-Gang Initiative will be purchased.

Participation requires the approval of your Honorable Body, via adoption of the attached resolution. The Board of Police Commissioners has been notified of the funding and approved participation.

**MEMBER REPORTS**

**President Pro Tem. Conyers** stated that Mayer Morganroth should not represent the Council on this case because he has indicated in the Newspapers that he is also representing Ms. Beatty. This represents a conflict of interest. I am asking the Finance Department/Purchasing Division to advise me as to whether there are rules in place to prevent lawyers from representing both parties in a legal case. I am also asking that any contract regarding a lawyer representing the Council be brought to the Council for approval. We should have something in place stating that the Law Department has to present documentation to Council regarding any lawyers representing the City. Council Member Shiela Cockrel has submitted questions in the form of a memorandum to Mr. David Whitaker, Research and Analysis, and Attorney Goodwin, Attorney for City Council, for an investigation and review of this matter.

**Council Member JoAnn Watson** requesting that the Research and Analysis Division, Water Department, and the Law Department give Council something in writing based on the published report regarding the allegations that the City's drinking water has been tainted with pharmaceuticals. We will need a written report on the findings from this National Group, Environmental, and the Water Department. The spokesperson who responded to the media that "The Detroit drinking water is safe" does not have an analysis that we can review. I am requesting a response in two (2) weeks from the Law Department and Research Analysis Division. Council Member Alberta Tinsley-Talabi asked Mr. Mercado, Director of Water and Sewerage Department, for a report as it relates to the study completed by the National Group on the status of our water; and also requesting that the Law Department and Research Analysis Division review the next steps regarding the City not continuing with the use of the incinerator because it is dispersing toxins into soil, air, and water. If this Council Body does not act by putting something in writing by June 30, 2008, we will be responsible, by default, for this incinerator for the next generation. The lease ends in 2009, but the lease

March 11

2008

agreement states that we have to notify by June 30th of this year. The Environmental Group including the Sierra Club and all of the environmental activists are demanding that the City of Detroit pass a resolution which halts the incinerator and start recycling City wide to turn the City into a green City. I am asking the Research and Analysis Division, Law Department, and Fiscal Analysis review this and bring it to the Body.

**Council Member Sheila Cockrel** submitting a Testimonial Resolution for Mother Dianne Marie Bogan, Jurisdictional Supervisor of Women, Church of God in Christ for an add-on in the name of the Council, and a memorandum regarding the City Council Disability Task Force which is requesting a Committee Clerk for the 2008 monthly meetings. The Task Force will like to send an invitation to all Council Members and their staff to attend the meetings every 3rd Monday of each month in the auditorium from 1:00 to 3:00 p.m.

**Council Member Alberta Tinsley-Talabi** submitted a referral to Buildings and Safety Engineering regarding two properties on Whitcomb.

**Council Member Martha Reeves** spoke on the success of delivering a Spirit of Detroit Award not only to the cast of the Millennium Theater of the Vagina Monologues of which there were twenty wonderful actors for all over the world in Southfield present at the presentation; but also to the Funk Brothers, who are known for their historical music in Motown sounds. They were very appreciative and they asked her to give their regards to the Council.

**Council Member Brenda Jones** submitting a Testimonial Resolution for Beverly Hairston Webb and requesting that the Committee of the Whole receive information in regards to CAFR (Comprehensive Annual Financial Report). The next Town Hall Meeting will be at the Boys and Girls Club, 16500 Tireman, of the Southeastern Michigan on Thursday, March 27, 2008, from 6:00 p.m. to 8:00 p.m. This information will be presented to Research and Analysis for scrolling on Channel 10. On April 8, 2008, UAW Local 51 and May 6, 2008, Wyoming Avenue Church of Christ are the upcoming Town Hall Meetings. The Evening Community Meeting to be held at Youth Ville in two weeks, March 25, 2008, at Woodward and the Blvd.

**President Kenneth V. Cockrel, Jr.** submitting a report to Mr. Norman White, Finance Director/CFO, for additional information on the Tunnel Deal; also a request to receive a status report on Brick and the development of a mason reorder prior to the scheduled meeting in April.

**RESOLUTION SUPPORTING THE  
EXPANSION OF "THE AFRICAN  
CHANNEL"**

By COUNCIL MEMBER WATSON:

WHEREAS, The African Channel was founded in 2003 and is currently being broadcast on Comcast, Charter, Cox, and Time Warner cable systems, four of the largest cable providers in the United States; and

WHEREAS, The Africa Channel's primary mission is to showcase Africa in mainstream media as it has never been seen before. For the first time in history, viewers in the U.S. can experience Africa's rich and diverse cultures, music, feature films, tourist destinations, business opportunities, history and modern lifestyle; and

WHEREAS, The media has historically dramatized Africa by death, war, destruction, and a place of no hope; a belief that there is nothing good "over there." Africans are people who are portrayed as poor, uneducated, and constantly begging for a hand out. And those are the myths and perceptions The Africa Channel continues to shatter every day; and

WHEREAS, The Africa Channel is as rich in its diversity as the woven tapestry of the continent. It airs concerts, documentaries, mini series, music videos, talk shows, soaps, lifestyle, and travel programs, and reality shows such as "Big Brother Africa" and news and investigative programs; and

WHEREAS, The network also broadcasts award-winning news and information programming, including magazine shows such Carte Blanche, Africa Journal, and Africa Report, which focuses on contemporary business topics; and

WHEREAS, The Africa Channel's

entertainment and informational programming is about the people of Africa, their daily lives, their successes, celebrations and challenges, and about the continent itself; and

WHEREAS, More important than the incredible diversity of programs is The Africa Channel's functional responsibility: to teach viewers about a continent that is often misrepresented, ill perceived, and overly simplified; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council wholeheartedly supports The Africa Channel's efforts to expand to other cable and satellite providers, thereby increasing its availability throughout the United States and world; and BE IT FINALLY

RESOLVED, That the City Clerk is directed to forward a copy of this resolution to The Africa Channel, Comcast Cable, and all other cable and satellite providers serving the Greater Metropolitan Detroit Area.

### Invocation

Dear Heavenly Father.

I thank You for Your grace and mercy, and I thank You for loving us the way that You do.

Today, Father, we lift these men and women up before You as they prepare to make decisions for this city.

Father, please give them wisdom, knowledge and understanding, so that they will make the decisions that You want them to make.

Give them a clear vision of the city, and help them to see the time in which we live. Help them to realize that because You are the Creator, You have the answer to all the questions, and the solutions to all the problems, and as they yield themselves to You and become conduits, You can flow through them.

Bless them today and we will give You the praise, in Jesus' name.

Re: Southeast Michigan HIV/Aids Council (SEMHC).

The Human Resources Department is requesting your permission to establish a revenue account and increase Appropriation 00105 concurrently, which would allow us the ability to purchase additional training supplies and materials.

The Human Resources Department — Organization/Employee Development Services Division (O/EDS) would provide training services for the members of the Southeast Michigan HIV/AIDS Council (SEMHC), a planning and grant-funded council. The approximately fifty (50) SEMHC board members will receive training on a variety of topics, including Leadership, Development, Coaching, Diversity, Stress management, Conflict and Anger Management.

We would charge the SEMHC members a flat fee of \$99.00 (ninety-nine dollars) per day/per person. The estimated total revenue would be between \$5,000-

**Economic Development Corporation  
of the City of Detroit**

February 28, 2008

Honorable City Council:

Re: EDC — Mt. Elliott-Wight Development Project — Establishment of Amended Project Area and Project District Area and Approval of the Amended and Restated Project Plan.

On February 9, 2005, the Detroit City Council adopted a resolution establishing the Mt. Elliott-Wight Development Project (the "Project"), Project Area and Project District Area. On July 20, 2005, City Council adopted a resolution approving that EDC Project Plan.

The City has now requested that assistance of the EDC to enhance existing and planned commercial and residential devel-

opments at Harbortown, the Uniroyal property, adjacent to Gabriel Richard Park and in the area between Jefferson and Wight Street north of the proposed Project by constructing public improvements, including the Detroit RiverWalk and streetscape improvements. To fund the public improvements, the City will receive federal grant funds through the Michigan Department of Transportation, with supplemental funding coming from the Detroit Riverfront Conservancy. The EDC has become involved in the expanded Project at the request of the City Planning and Development Department ("P&DD"), Department of Public Works ("DPW"), and the Detroit Riverfront Conservancy.

EDC participation in the expanded Project requires City Council approval of the EDC's amended Mt. Elliott-Wight Project District Area and Project Area (Exhibit A), and approval of the Amended and Restated Project Plan (Exhibit B). On December 11, 2007, the EDC Board adopted a resolution approving the Amended Project District Area and Project Area, and on February 26, 2008, the EDC Board adopted a resolution approving the Amended and Restated Project Plan. Pursuant to Act 338, Public Acts of Michigan, 1974, as amended ("Act 338"), the EDC hereby respectfully requests that City Council adopt the attached resolution amending the Project Area and Project District Area and approving the Amended and Restated Project Plan to facilitate additional improvements on behalf of the City of Detroit (Exhibit C) at its formal session of April 8, 2008.

EDC staff understands that this item must be considered by the Planning and Economic Development Committee of City Council prior to approval and requests that the committee consider this item on Wednesday, March 5, 2008. A Public Hearing is required prior to approval of the Amended and Restated Project Plan, and the EDC is requesting approval of the resolution at its March 11, 2008 meeting setting the Public Hearing date for April 1, 2008 (Exhibit D).

In addition, the EDC Board is requesting that you confirm the finding made in July, 2005 that no Project Citizens District Council is necessary because there are less than eighteen (18) residents, real property owners, or representatives within the Project District Area.

Lastly, the EDC shall secure the recommendation of said Amended and Restated Plan from P&DD in anticipation of presenting same to City Council for consideration and approval.

If you have any questions or concerns, please do not hesitate to contact me at 237-4638.

Honorable City Council:

Re: Establishment of the Morningside Community Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description which will establish the Morningside Community Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on January 16, 2008 as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

As you may recall the U-Snap-Bac Inc., and U-Snap-Bac Non-Profit Housing Corporation proposes to invest \$1.4 million to construct 150 new single-family units.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing, which was January 16, 2008, to the date of your formal approval of a resolution establishing the NEZ. We request that you approve the resolution at your next regular formal session on or near March 10, 2008.

Respectfully submitted,  
DOUGLASS J. DIGGS  
Director

By Council Member Collins:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Morningside Community NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has

March 18

592

2008

adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to

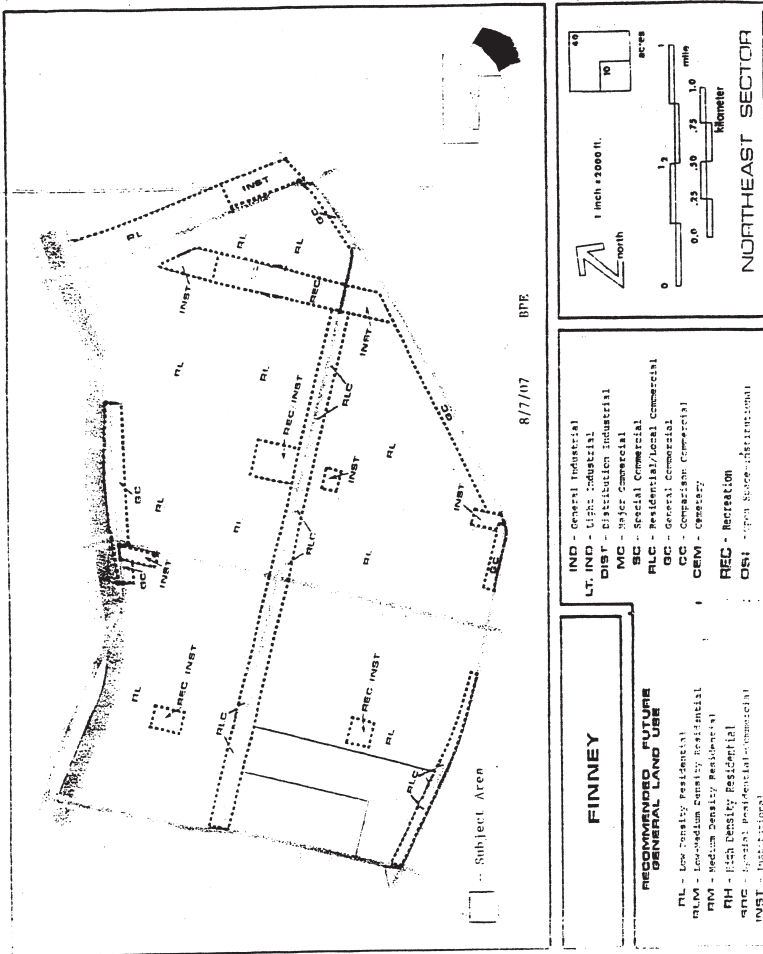

address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Morningside Community NEZ was conducted before the Detroit City Council on January 16, 2008, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the Morningside Community NEZ where cited;

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the Morningside Community NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

#### **REVISED RESOLUTION CALLING FOR THE RESIGNATION OF KWAME M. KILPATRICK, MAYOR CITY OF DETROIT**

By Council Member Kwame Kenyatta,  
Internal Operations Committee Chair  
Council Member Brenda Jones,  
Internal Operations Committee

March 18

604

2008

Member Council Member Martha Reeves, Internal Operations Committee Member Council Member Sheila Cockrel, Budget, Finance and Audit Committee Chair

WHEREAS, The Detroit Declaration of Rights, states that, "The people have a right to expect aggressive action by the city's officers in seeking to advance, conserve, maintain and protect the integrity of the human, physical and natural resources of this city from encroachment and or dismantlement;" and

WHEREAS, On September 11, 2007 a Wayne County Circuit Court jury found that Mayor Kwame M. Kilpatrick had violated the State of Michigan's Whistleblower Protection Act; and

WHEREAS, On October 23, 2007 the Detroit City Council approved a settlement based on an agreement presented to Council by the Mayor and the Law Department in the amount of \$8.4 million; and

WHEREAS, It became public knowledge that a confidential agreement had been agreed to without Council's awareness or approval, which determined the outcome of the settlement; and

WHEREAS, Council, being desirous of receiving information concerning the confidentiality agreement, passed a resolution opposing the mayor's appeal of Judge Colombo's ruling to release all documents related to the settlement of the Whistleblower Lawsuit; and

WHEREAS, The Mayor and the Law Department chose to appeal Judge Colombo's ruling; and

WHEREAS, The Michigan Court of Appeals upheld Judge Colombo's ruling and denied the Mayor and the Law Department's request to withhold the settlement documents; and

WHEREAS, Council again passed a resolution opposing the Mayor and the Law Department's appeal of Judge Colombo's ruling to the Michigan State Supreme Court and urging the release of all documents related to the settlement of the Whistleblower Lawsuit; and

WHEREAS, The Mayor and the Law Department chose to appeal the Michigan Court of Appeal's ruling by appealing to the Michigan State Supreme Court; and

WHEREAS, Once again, the Mayor and the Law Department's appeal was denied and the Michigan State Supreme Court granted Judge Colombo the authority to release all documents related to the Whistleblower Lawsuit; and

WHEREAS, Documents were released that apparently confirmed the existence of a confidential agreement previously unknown to Council; and

WHEREAS, Over the past six months, Detroit has received embarrassing coverage nationally and internationally, which has caused the mayor to be absent from

his duties for a prolonged period of time and absent from the public; and

WHEREAS, The turn of events involving the confidentiality agreement created by he Mayor and the Law Department has compromised the integrity of the city's Law Department in its relation to the Detroit City Council; and

WHEREAS, Partly as a result of media exposés alleging that the Mayor perjured himself on the stand in the Whistleblower Lawsuit, the Wayne County Prosecutor announced an investigation into possible perjury charges against the Mayor; and

WHEREAS, The City Council had to approve the appointment of its own Special Counsel to represent its interest and to investigate the entire matter; and

WHEREAS, City Council is undertaking an investigation that may call into question the professional ethics of the Mayor, his staff, the Corporation Counsel, and lawyers in the Law Department, as well as outside counsel; and that such an investigation will, of necessity, raise concerns regarding the ability of the City of Detroit to function with Mayor Kilpatrick continuing to serve; and

WHEREAS, Mayor Kilpatrick repeatedly obfuscates the truth regarding documents in the settlement of the *Brown, Nelthrope* and *Harris* lawsuits, wherein he repeatedly claimed there were no secret documents and was very critical of news media, City Council and the highest Courts in the State of Michigan for seeking disclosure of the documents and claimed to be fighting on behalf of all litigants in the State of Michigan; yet; when the documents were disclosed, he declared the documents to be "nothing" and did not constitute evidence of a cover-up — a position so totally flawed both factually and legally that this Honorable Body remains deeply troubled by Mayor Kilpatrick's inability to discern the truth; and

WHEREAS, In light of the circumstances surrounding the *Brown, Nelthrope* and *Harris* settlements, the City Council will continue its legislative investigation into numerous legal and policy issues that have been brought to the fore; and

WHEREAS, The Mayor, during his tenure, has attempted and in some cases been successful in helping to revive the economic conditions of Detroit; Yet those efforts have not translated into the improvement of the delivery of services to the residents of Detroit; and

WHEREAS, Mayor Kilpatrick spoke to the City Council on February 20, 2008, and stated that he was fully engaged and it was "business as usual," and further stated the Administration would provide documents the following Monday regarding a proposed sale of the Detroit side of the Detroit-Windsor tunnel; however, the documents provided to Council were merely a summary of prior proposals

regarding a sale of the tunnel with a short paragraph about a potential new structure for the transaction; and

WHEREAS, The Administration has been promising the City Council since the 2007 budget presentation that a transaction involving the Detroit side of the Detroit-Windsor Tunnel was forthcoming, would net the City \$58 million, and would resolve the City's structural deficit; yet, the transaction appears to still be in preliminary stages and it is unlikely it will be completed during this fiscal year; and

WHEREAS, The Administration's failure under Mayor Kilpatrick's leadership to timely file a Comprehensive Annual Financial Report (CAFR) with the State of Michigan Department of Treasury for fiscal years 2005/2006 and 2006/2007 has caused the State to withhold \$61 million in desperately needed revenue sharing funds from the City until a plan of action and timeline is presented to the State regarding the 2006/2007 CAFR; and

WHEREAS, The 2005/2006 CAFR identified numerous failings in the City's internal controls, and reportable conditions and material weaknesses have increased dramatically during the Kilpatrick Administration, and

WHEREAS, The failure to timely file the 2005/2006 and 2006/2007 CAFR and the number of reportable conditions and material weaknesses has and continues to jeopardize the City's ability to sell bonds and the City's credit rating; and

WHEREAS, Mayor George L. Grace, President of the National Conference of Black Mayors (NCBM), publicly stated that the decision to move the annual meeting from Detroit to New Orleans is directly related to the text messaging scandal involving Mayor Kilpatrick and the NCBM's desire to avoid publicity being focused on Mayor Kilpatrick and the scandal as opposed to the annual meeting; and

WHEREAS, The Administration denies that the decision to move the NCBM annual meeting has anything to do with the current crisis in Detroit and has to do with "Logistics," despite the President of NCBM's statement to the contrary; and

WHEREAS, The move of the NCBM annual meeting caused the loss of substantial, greatly needed economic revenue to the City; is an example of how the controversy involving Mayor Kilpatrick and his former Chief of Staff Christine Beatty has had far reaching effects upon the reputation and economic health of the City; and is clear evidence that it is not "business as usual" in the City; and

WHEREAS, On a daily basis Council Members are engaged by citizens who are complaining re: streetlight outages, which has resulted in the death of at least one young Detroit resident, water flowing through the streets of Detroit, slow or no

WHEREAS, While the Detroit City Council has tried to continue to function in a normal capacity, it has been very difficult under the present circumstances; and

WHEREAS, The City is currently experiencing the equivalent of a "constitutional crisis," as there is a fundamental degradation in the City's leadership, rooted in an apparently flagrant disregard for the rule of law and the sanctity of the Detroit City Charter; and

WHEREAS, Section 2-106 of the Detroit City Charter states, "The use of public office for private gain is prohibited," and Section 2-6-61 of the Detroit Code of Ordinances, states, "A public servant shall not engage in any act or omission in the discharge of his or her official duties for private gain"; and

WHEREAS, Section 2-6-62 of the Detroit Code of Ordinances, states, "A public servant shall not use confidential information that is acquired in the course of his or her employment for private gain"; and

WHEREAS, There is an overwhelming and growing sentiment amongst citizens of Detroit that the City Council should stand firm against Mayor Kilpatrick and seek his resignation;

NOW, THEREFORE BE IT,

RESOLVED, That the Detroit City Council, in the interest of preserving the integrity of city government, hereby calls for Kwame M. Kilpatrick, to resign as Mayor of the City of Detroit forthwith; and

STATEMENT OF COUNCILWOMAN  
SHEILA M. COCKREL REGARDING  
VOTE IN SUPPORT OF RESOLUTION  
CALLING FOR RESIGNATION OF  
MAYOR KWAME M. KILPATRICK

Today I voted in favor of one of the most significant resolutions ever passed by this Detroit City Council. My decision to add clauses to the resolution calling for Mayor Kwame M. Kilpatrick's resignation and my YES vote reflects my careful and deliberate analysis of the impact that this continuing crisis has on the City of Detroit. My decision was also made with great respect for the oath of office I took to faith-

fully discharge the duties of my office to the best of my ability.

At the end of the day, my decision must be guided; by what is in the best interest of the City. This situation was created by the Mayor himself — his choices, his decisions, and his failure to listen to advice given to him. The Mayor's personal, legal, and political situation cannot take precedence over what is the best interest of the City.

The City's national reputation gets more and more tarnished with each passing day because of the Mayor's actions. The Mayor laments that no one acknowledges his contributions to the City over the last six years. Let me make myself crystal clear. This Mayor has made many laudable decisions that have benefited the City. His business acumen, his grasp of public policy, and his charisma and capacity to explain complex ideas in a way that motivates and empowers people is exemplary. And that is what makes this situation so tragic for this City — this enormous talent has been squandered by a lack of personal and political discipline.

Over the last 57 days, Mayor Kilpatrick has been unwilling to accept responsibility for HIS actions. He consistently blames others for the situation that engulfs this City. This resolution does not carry the weight of law and the Mayor will restate his vow that he will not quit. Nonetheless, my vote expresses the sentiment of an overwhelming number of Detroit residents, businesspersons and investors that the Mayor's resignation is in the best interest of the City.

#### STATEMENT BY COUNCIL PRESIDENT PRO TEM. MONICA CONYERS

Good morning, City Council Members I wish to address you regarding your recent discussion and the sentiment of some to request the resignation of Mayor Kilpatrick.

But sometimes when you are under siege you retreat and can be quiet for too long, because you don't know what to say and sometimes what to do. I fault the Mayor for being quiet for too long on these issues, all of which occurred in his FIRST term of office, and continues to occur.

I believe the mayor loves the City of Detroit. He has brought Quicken Loans here, there are 15 more hotels going up, corporations are moving into the city, and our water way is finally being recognized as the gem that it is for the state. In large measure this is the downtown that this council, this business community and Mayor Kwame Kilpatrick built. So lets not discount our input in this process.

I am not going to go back over those things but I think it is important for this body to continue to work with the Administration in the days to come continue our "Focus on Detroit".

*Now, concerning this talk about resignation.* In the past when leaders of our

city were under siege, we have never requested that they resign.

Recently City Council Member Lonnie Bates was investigated, indicted, convicted, and sentenced, this body did not request or require that he resign.

When City Council Member Kay Everett was investigated and later indicted, she was not requested or required to resign.

When our great leader Mayor Coleman A. Young was the subject of two federal grand jury task forces and subjected to numerous investigations, and the city spent thousands in attorney's fees, there was never a call for him to resign.

The precedent is clear. And the precedent you have set in these matters reflects one of the characteristics that makes me proud to be a Detroit. That characteristic is our loyalty to this city in this time of crisis.

We do not prejudge or rush to judgment. We wait; get all material and legal facts prior to initiating any sanctions. We do follow a process.

Furthermore, the research that I have done around the country, including our most recent example of President Bill Clinton when articles of impeachment were voted against him reveals that public servants do not quit because they are under siege. We continue to serve.

Congress holds hearings like the Watergate hearings and that is the road that this body is embarking upon. The citizens need to see the Kilpatrick administration explain itself to this council for we are directly responsible to the people of Detroit. Detroit deserves no less.

Lets not play with a resolution based on personal feelings. If we are going to make a decision that forces the mayor to forfeit his office in accordance to provisions of the city charter of Detroit, let's do that. Follow the process.

Stop playing symbolic games with symbolic resolutions that make us look like we are doing something when in point of fact we are doing nothing but playing feel good games that get headlines, TV & radio breaking news flashes.

It is my intent to continue to serve this community and to work with this body. I am requesting your continued faith and support in meeting any and all challenges that may be necessary for us to face. And I am requesting that you vote NO on this resolution until we have gotten all of the information we have subpoenaed. If not, what was the point in hiring a special counsel. The process begins on March 26 and will continue until we have heard all the witness and seen all exhibits.

And if at the end of the hearing it is determined that there is malfeasance in office or the mayor's office was used for personal gain or the city charter was violated in any manner that requires the mayor to forfeit his office THEN I will be the first person in line to remove him.

March 18

607

2008

But until that time comes lets stop playing with resolutions to remove him. If we are going to remove him do it but stop playing at it.

Thank You.

**STATEMENT BY COUNCIL MEMBER  
ALBERTA TINSLEY-TALABI  
REGARDING THE RESOLUTION  
SEEKING A MAYORAL RESIGNATION**

After much painstaking deliberation, I voted in support of the resolution calling for a mayoral resignation. I still believe that City Council would have been better positioned to take this action following a legal process, but in the end, as in the beginning, my vote was influenced by the court ordered release of certain documents.

As previously stated, these documents support the belief that information was purposefully withheld from the People and the Detroit City Council. My vote to table this issue two weeks ago was in large part due to the recognition of the fact that an important legal process had begun. Moreover, this legal process could be helpful to City Council's political process by providing a more complete record of fact. However, the Detroit City Council's vote occurred today and I had to make a decision based on the weight of the documents before the legislative body.

In my opinion, Council's political process, which started with the release of documents by the Wayne County Circuit Court, supported the resolution calling for the mayor's resignation. The City Council has hired special counsel, joined lawsuits opposing the city in this matter, scheduled legislative hearings and may be forced to issue subpoenas. All of these actions are directly related to the unsealed documents and was a factor in my decision to support the resolution.

Additionally I was mindful that what lies ahead regarding this subject is uncertain and far from over. And while I do not know how city government will ultimately be impacted by this issue, it has created a divisiveness within many areas of the community. Our objective and focus must be on reinvigorating the City of Detroit.

The resolution passed today is non-binding. As we look forward to the work ahead of us, it is critical that we remain cognizant of the fact that the legislative and executive branches of city government must continue to work together to move our city forward. The Mayor of the City of Detroit continues to be Kwame M. Kilpatrick.

**City of Detroit  
Department of Elections**

February 22, 2008

Honorable City Council:

As a result of the Michigan Supreme Court ruling on November 21, 2007, concerning the conduct of a statewide Presidential Primary on January 15, 2008, the Department of Elections was required to prepare for a city-wide election in less than forty-five days; an operation that generally requires approximately ninety days to properly plan and execute.

In an effort to administer a flawless election in a short period of time, we concluded that additional help was required to assist in this monumental task. As we did not have the luxury of time, five Election Extra Service Workers were temporarily employed on condition that they would be paid after the January 15, 2008 Presidential Primary. The employees and their compensation are as follows:

<b>Name</b>	<b>Rt/Hr</b>	<b>Hours</b>	<b>Total</b>
Kareem Binion	7.50	387.1	\$2,903.25
Kyle Kraft	7.50	357.6	\$2,682.00
Aaron Jennings	7.50	357.6	\$2,682.00
Ron Scott	7.50	430.8	\$3,231.00
Mashio Ukegbu	7.50	225.4	\$1,683.75

These individuals agreed and worked along with regular department's staff throughout the Christmas and New Year's holidays. (See attached timesheets).

As you may or may not be aware, the Department will be reimbursed by the State of Michigan for all costs related to the administration of the January 15, 2008 Presidential Primary.

Therefore, I am requesting that this honorable body issue a waiver authoriz-

ing the Finance Department to pay these workers for the hours they worked.

In the future, we will, as we have done in the past, continue to adhere to all standard and established Human Resources guidelines concerning hiring temporary staff during our Election Day season. The circumstances that necessitated this action were beyond our control. We anticipate that we will not be faced with this situation again.

Thank you for your time and consideration in resolving this request. If you have any question or need additional clarification concerning this matter, please, feel free to contact me at (313) 876-0222.

Honorable City Council:

Re: 2007-08: ACT 51 Michigan Transportation Fund.

Each year the City of Detroit receives a distribution of Michigan Transportation funds in accordance with ACT 51, Public Act of 1951, as amended.

Past experience has indicated that the level of expenditure required to maintain the Local Streets has been somewhat greater than the amount of funds received for this purpose.

Section 13 (6) of ACT 51, P.A. 1951 as amended, however, allows a city to use on the local street system up to 25 percent per annum of funds returned to the City for its major street system.

To take advantage of this allowable transfer of funds to more accurately reflect expenditures of the street system, we respectfully request that your Honorable Body adopt the attached resolution, which authorizes the Finance Director to accomplish the transfer.

Thursday, April 10th in order for City Council to conduct hearings Re: *Nelthrope/Brown vs. City of Detroit*.

According to Attorney William Goodman, a number of individuals responding to City Council requests to appear were unavailable for the original hearing dates of March 26, 2008 and March 27, 2008. In order to resolve this conflict he has suggested that we revise our schedule accordingly.

As a result, I am recommending the following changes to our schedule.

On Tuesday, April 8, 2008 and Thursday, April 10, 2008 Special Counsel to the Detroit City Council, William Goodman, will facilitate hearings for the above matter. I ask that Council authorize the following changes by approving the attached:

There would be one day set aside where people seeking or offering job opportunities would come, etc. They were unsure of where they wanted the event to be held, so it was suggested that he contact the Detroit City Council for assistance.

He was hesitant about asking City Council for help because, as he put it, "they'll steal my idea." President Pro Tem. ## RESOLUTION

By COUNCIL MEMBER COLLINS:

WHEREAS, The City of Detroit, through the Planning and Development Department, (P&DD), in collaboration with the Detroit Local Initiative Support Corporation (LISC), jointly launched a "Pilot Program" to address the blighting influence and negative impact that the HUD foreclosed, vacant properties have had on once stable Detroit neighborhoods; and

WHEREAS, The vacant properties that currently exist throughout the City of Detroit will continue to bring down property values and have failed to provide any property tax revenue to the City of Detroit; and

WHEREAS, Many of these properties are in fairly good condition and require minimum rehabilitation, these properties can be made available to eligible Detroit residents in need of affordable quality housing; and

WHEREAS, P&DD and LISC jointly responded to HUD under their advertised "Dollar HOME Program", an opportunity to acquire recent FHA foreclosed vacant properties that currently are available to local municipal governments; and

WHEREAS, P&DD and LISC published a Request For Qualifications (RFQ) advertisement in November, 2007, soliciting and inviting qualified Detroit-based nonprofit housing corporations, faith-based organizations, Community Development Corporations (CDCs), CHDOs, and nonprofit/for-profit joint ventures to submit proposals that demonstrated experience and the capacity to renovate and sell these properties; and

WHEREAS, P&DD and LISC convened a Pre RFQ Submission Meeting on December 17, 2007 and 27 proposals were received by the RFQ deadline of January 7, 2008, in response to the advertisement; and

WHEREAS, The goal of this pilot program is to convey these properties to qualified selected nonprofit corporations who will be charged with the responsibility to rehabilitate, market, provide homebuyers counseling and training, and sell these properties to eligible low and moderate Detroit residents in need of affordable "for-sale" housing; and

WHEREAS, The City of Detroit has set aside up to \$1 million in Federal HOME dollars to provide up to \$20,000.00 per property in mortgage down-payment assistance and closing costs; and

WHEREAS, The City of Detroit would like to facilitate the transfer of HUD vacant properties in bundles up to 10 properties per nonprofit, in a pilot program effort to gauge the potential success of this program model and to determine the capacity of the nonprofits to manage, renovate and administer the timely sale of these properties; and

WHEREAS, P&DD is respectfully requesting the approval and support of this Honorable Body, by granting the Department blanket authorization to facilitate the transfer of up to 300 properties to the approved qualified nonprofits at a price of \$2,000.00 per property to offset some of the Department's administrative overhead costs.

WHEREAS, P&DD has agreed to directly receive and refer qualified Detroit families and applicants, in need of affordable housing, and to track and monitor those referrals, in order to insure that they receive fair consideration for program participation and homeownership opportunities.

NOW THEREFORE BE IT RESOLVED, That P&DD on behalf of the City of Detroit is hereby granted full authorization to acquire and transfer up to 300 HUD foreclosed FHA properties for the purpose of stabilizing neighborhoods and to provide down-payment assistance and closing costs from Federal HOME dollars set aside for that purpose, as needed, not to exceed \$20,000 per property, up to a total aggregate amount not to exceed \$1,000,000, to assist low and moderate income Detroit residents in purchasing properties.

BE IT FURTHER RESOLVED, That P&DD's Director or his designee be authorized to execute any and all documents required in connection with acquisition and transfer of properties in connection with this Pilot Program for acquisition, transfer, rehabilitation and resale of HUD foreclosed vacant properties in the City of Detroit.

## CITY COUNCIL

(REGULAR SESSION)

(All action of the City Council appearing herein is subject to reconsideration and/or approval of the Mayor.)

**Detroit, Tuesday, March 25, 2008**

Pursuant to adjournment, the City Council met at 10:00 a.m., and was called to order by the President Kenneth V. Cockrel, Jr.

Present — Council Members S. Cockrel, Reeves, Tinsley-Talabi, Watson, and President K. Cockrel, Jr. — 5.

### INVOCATION

Thank you for your gracious invitation to deliver the invocation before the full session of the Detroit City Council on Tuesday, March 25, 2008.

With respect to Council President Kenneth V. Cockrel, Jr., and the entire Detroit City Council:

It is recorded in the Holy Bible through the Apostle Paul, who said:

"I exhort therefore, that first of all, supplications, prayers, intercessions, and giv-

ing of thanks be made for all men: for Kings, and for all that are in Authority: that we may lead a quiet and peaceable life in all godliness and honesty."

It is in that spirit, Father God that we approach your throne of grace, in the name of our Lord and Saviour Jesus Christ, who assures us that we have not a high priest who cannot be touched with the feeling of our infirmities, but in all things was tempted like as we, yet without sin.

Therefore, we can come boldly to the throne of grace, that we may obtain mercy and find grace to help in the time of need.

Father God, we ask that you guide the members of this honorable Detroit City Council who have represented the people of this city with integrity, morality and profound leadership ability.

I pray that you will continue to empower them to challenge and overcome the dark forces at work against our fair city. May they be encouraged in their efforts to direct our city in the ways which will be beneficial to the citizens who elected them to perform their oversight and legislative responsibilities.

Guide them to extend your influence into all areas of this our city, so that we may once again become a prosperous city; recognizing that true prosperity comes only through the application of the values of justice, honesty and accountability.

For you said: "When the Righteous Rule the people rejoice." And Lord, just as your chosen city, Jerusalem, although troubled, yet it was beautiful because of the beauty of your presence. Likewise, our beloved City of Detroit can be made perfect through you . . . and its fame as a citadel of defense, industry and enterprise can spread throughout the world, as its inhabitants rejoice in full employment, safe streets and great schools for our children . . . All of this under responsible, credible and accountable leadership . . . not only from City Hall, all the way to your House the Church, and the Home — this we pray in faith and decree in view of your promise to Jeremiah the Prophet, when you said: "For I know the plans I have for you, says the Lord. They are plans for good and not disaster, to give you a future and a hope." So we claim this promise for our City that there are better times coming for us all — for the future is always bright in you.

And this day I bless each of the members of this august legislative body, collectively and individually:

I bless City Council President Kenneth V. Cockrel, Jr.

I bless President Pro-Tempore Monica Conyers.

I bless Council Member JoAnn Watson.

I bless Council Member Sheila Cockrel.

I bless Council Member Barbara-Rose Collins.

I bless Council Member Kwame Kenyatta.

I bless Council Member Alberta Tinsley-Talabi.

I bless Council Member Martha Reeves.

and

I bless Council Member Brenda Jones.

This we pray in the name of Jesus, the resurrected Christ.

Amen, Amen, and Amen!

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report:

The Traffic Engineering Division — DPW reports no objections provided that the Lemay Avenue re-route must be constructed as per City standards and open for vehicular and pedestrian traffic before the closing of the that portion of Lemay Avenue to be vacated and converted to easement.

City Council is requested to accept the deed for street & alley opening for public purposes; provided said property complies with the requirements of Detroit codes and ordinance No. 29-94, Detroit Code Sections 2-2-11 through 2-2-15 also known as the 'Environmental Review Guidelines.'

All other City departments and privately owned utility companies have reported no objections to the dedications of public rights-of-way and the conversion of public right-of-way into an private easement for public utilities. Provisions protecting utility installations are part of the resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

JESSY JACOB

Honorable City Council:

Re: Petition No. 1678 — Groundwater and Environmental Services Inc. (GES)/Shell Oil, request permission to encroach with two (2) monitoring wells within Hazelwood Street west of Woodward Avenue.

Petition No. 1678 of "Groundwater and Environmental Services Inc. (GES)/Shell Oil" requests permission to install and

maintain two (2) monitoring wells within Hazelwood Street, 60 feet wide, west of Woodward Avenue, 100 feet wide. The two wells are in the vicinity of a former Shell Gas Station. The purpose of the bored wells is to monitor the existence or extent of soil contamination from leaking underground fuel storage tanks (a/k/a "L.U.S.T.").

The encroachment petition was referred to the City Engineering Division — DPW for investigation and report. This is our report:

The Department of Environmental Affairs (DEA) is responsible for developing and implementing a coordinated and comprehensive environmental policy for the City of Detroit, including soil remediation from leaking underground fuel storage tanks. To ensure public safety DEA will review the petitioner's environmental

activities prior to the issuance of city permits. Right-of-Entry is required by DEA prior to contractor field activity.

Soil borings and monitoring well installations are equivalent to an "open cut" in a public street or alley. Necessary permits have to be obtained for any street or alley opening, backfill, surface restoration, barricade, or occupancy of city rights-of-way to install monitoring wells. The City Engineering Division — DPW will require the permit applicant to secure approval of project plans from the Department of Environmental Affairs.

It is the responsibility of "Groundwater and Environmental Services Inc. (GES)/Shell Oil" to give reasonable and proper notice to any abutting property owner(s) before commencing any open cut or boring operations within public rights-of-way.

The enforcement of fire safety regulations and building codes is the responsibility of the Fire Marshal and Buildings and Safety Engineering Department. Generally, the Fire Marshal and Buildings and Safety Engineering Department report no objections to the placement and maintenance of permanent L.U.S.T. monitoring well encroachments within public rights-of-way.

The DTE Energy Company — Edison, Public Lighting Department, and the Water and Sewerage Department report facilities in the area.

DTE Energy (DTE) reports involve, but no objections provided that the proposed encroachments must be at least a minimum of three feet away from our existing gas facilities (mains and/or services). Also, the encroachments are to be located free from any obstruction(s) for DTE's equipment to do any repairs and/or relocation(s) of DTE's existing gas facilities in the future.

The Public Lighting Department (PLD) reports that no structure can be built over PLD installations. As per PLD requirements, any structure proposed to be built shall maintain a minimum of three feet horizontal clearance and 12-inch vertical clearance from the PLD conduit bank and manholes. The contractor should take necessary precautions not to damage PLD manholes and conduit banks, while doing any excavating or using heavy earth moving equipment. The contractor will be liable for any damages to any PLD underground facilities. PLD requires 24-hours vehicle access to the construction site to perform circuit and cable maintenance.

The Water and Sewerage Department (DWSD) requires free and easy access to water main and/or sewer facilities at all times to permit proper operation, maintenance, alteration or repair of DWSD sewers, drains, water mains, fire hydrants, catch basins, sewer and water manholes (and any other DWSD facilities). The pro-

posed permanent monitoring wells are not allowed to be built over DWSD facilities or hinder movement of DWSD maintenance equipment.

All other involved city departments and privately owned utility companies request the petitioner(s) make use of "Miss Dig" facilities before any soil borings or permanent monitoring wells are installed in public (street or alley) rights-of-way.

Finally, the City Engineering Division — DPW requires "Groundwater and Environmental Services Inc. (GES)/Shell Oil" to submit certified "as built" drawings, a map and survey, showing the exact location of the petitioner's completed permanent L.U.S.T. monitoring well installations within public rights-of-way.

In accord with Detroit Code (Sec. 50-1-9), there is an appropriate resolution, granting the encroachment petition, attached for consideration by your Honorable Body.

Respectfully submitted,  
JESSY S. JACOB

Interim City Engineer

City Engineering Division—DPW  
By Council Member Tinsley-Talabi:

Whereas, The Department of Environmental Affairs (DEA) is responsible for developing and implementing a coordinated and comprehensive environmental policy for the City of Detroit, including soil remediation from leaking underground fuel storage tanks. To ensure public safety DEA will review the petitioner's environmental activities prior to the issuance of city permits; also

Whereas, The State of Michigan requires that all underground storage tanks be registered and inspected for leaks. Also, the "State" has mandated the replacement of leaking tanks including removal (and proper disposal) of contaminated soil; also

Whereas, Any L.U.S.T. can contaminate soil and diminish the value of surrounding properties, including public rights-of-way. The taxpayers of Detroit invested substantial capital in the acquisition, site preparation, insurance, and maintenance of public rights-of-way. Finally, it is in the interests of public health, safety, and welfare to detect the presence of hazardous materials and/or soil contamination from L.U.S.T.(s); therefore be it

Resolved, The City Engineering Division — DPW is hereby authorized and directed to issue permits to "Groundwater and Environmental Services Inc. (GES)/Shell Oil", at the site of the former Shell Oil Station at 18901 Woodward to install and maintain two monitoring wells encroaching within public rights-of-way for the purpose of detecting the presence of hazardous materials and/or soil contamination from any leaking underground storage tank (L.U.S.T.); said public right-of-way being nearby or adjoining property described as follows:

Land in the City of Detroit, Wayne County, Michigan being Lots 60 and 61 of "Warner's Subdivision" of Lot 6 1/4 Section 45, 10,000 Acre Tract, Greenfield Township, now City of Detroit, Wayne County, Michigan as recorded in Liber 13, Page 93, Plats, Wayne County Records;

Encroachment to consist of two (2) permanently "(meaning more than thirty days, or other long-term duration)" installed L.U.S.T. monitoring wells; being nearby or adjoining the above described property, within the following public rights-of-way:

1 well — North side of Hazelwood Avenue, 60 feet wide;

1 well — South side of Hazelwood Avenue, 60 feet wide;

Provided, That nothing in this resolution shall be construed as giving any authority, permission or grant to the permittee for any part of the encroaching L.U.S.T. monitoring wells to be placed upon the surface or underground rights of privately owned property. Enforcement of violations of fire safety regulations and building codes is the responsibility of the Fire Marshal and the Buildings and Safety Engineering Department. The petitioner shall apply to the Buildings and Safety Department for approval and permits to place any monitoring wells on privately owned property (if necessary); and further

Provided, It is the intention of this resolution to authorize the City Engineering Division — DPW (prior to the issuance of "encroachment" permits) to require the permit applicant to perform any reasonable task to protect public property interests including, but not limited to, the submission of engineering plans (containing construction details and distances from property lines) of the proposed encroaching L.U.S.T. monitoring wells. Also, the City Engineering Division — DPW may require the permit applicant to secure approval(s) of said plans from the Department of Environmental Affairs. Also, the City Engineering Division — DPW may require the permit applicant to secure approval(s) of said plans from Wayne County, the State of Michigan, other city departments (including commissions, authorities, corporations, councils, boards, contractors, and agencies whenever applicable) and/or utility companies; whether Wayne County, the State of Michigan, other city departments and/or utility companies are specifically enumerated in this resolution or not; and further

Provided, Said L.U.S.T. monitoring well encroachments shall be maintained under the rules and regulations of the City Engineering Division — DPW, the Department of Buildings and Safety Engineering, and the Fire Marshal in accord with Detroit Code Section 50-1-9 and 10; and further

Provided, Whenever it becomes neces-

sary to open-cut, drill, bore, jack, occupy or barricade public rights-of-way for additional test holes or maintenance of the monitoring well installation(s), such work shall be according to detailed permit application drawings (to be submitted by the petitioner or their assigns, subject to city department review and stamp approvals) prior to any public right-of-way construction (including, if necessary, adjustments or removals); and further

Provided, It is the responsibility of "Groundwater and Environmental Services Inc. (GES)/Shell Oil" to give reasonable and proper notice to any abutting property owner before commencing any (permitted) open cut or boring operations within public rights-of-way; and further

Provided, Said encroaching L.U.S.T. monitoring well installations shall be according to the specifications of the Public Lighting Department (PLD). Monitoring wells drilling equipment shall use "care and caution" to clear PLD overhead power lines; PLD requires the installer to maintain a minimum ten feet horizontal clearance at all times. The proposed permanent monitoring wells are not allowed to be built over PLD facilities (maintain a minimum of 3.00 feet horizontal clearance from any underground PLD facilities and/or manholes). The fixed encroachments shall not hinder movement of PLD maintenance equipment; and further

Provided, Said encroaching L.U.S.T. monitoring well installations shall be according to the specifications of the Water and Sewerage Department (DWSD). DWSD requires free and easy access to water main and/or sewer facilities at all times to permit proper operation, maintenance, alteration or repair of DWSD sewers, drains, water mains, fire hydrants, catch basins, sewer and water manholes (and any other DWSD facilities). The proposed permanent monitoring wells are not allowed to be built over DWSD facilities or hinder movement of DWSD maintenance equipment; and further

Provided, All costs for the construction, maintenance, permits and use of the encroaching L.U.S.T. monitoring wells shall be borne by the petitioner. Should damages to utilities occur, the petitioner shall be liable for all incidental repair costs and waives all claims for damages to the encroaching installations; and further

Provided, If it becomes necessary to repair or replace the utilities located or to be located in the public rights-of-way, by the acceptance of this permission, the petitioner(s) for themselves, their heirs or assigns, waive claims for any damages to the encroaching installations and agree to pay the costs incurred in the removal, if their removal becomes necessary, and to restore the property affected to a condition satisfactory to the City Engineering

Division — DPW at the petitioner's expense; and further

Provided, That the encroaching L.U.S.T. monitoring wells shall be installed and maintained with a secure frame and cover, so as to fit flush within the public sidewalk, berm, or pavement grade. All public rights-of-way shall be maintained safe and convenient for public travel. The petitioner shall be liable for all claims, demands, costs, damages, expenses, and causes of action of every kind and character arising in favor of any person, or other legal entity on account of personal injuries or death or damage to property caused by or claimed or alleged to have arisen out of failure to properly install and maintain any encroaching L.U.S.T. monitoring well. The installation and maintenance of said encroachments shall comply with the rules and regulations of the City Engineering Division — DPW and Traffic Engineering Division — DPW; and further

Provided, That petitioner shall file with the Finance Department and/or City Engineering an indemnity agreement approved by the Law Department, saving and protecting the City of Detroit from any and all claims that may arise there from. Also, the petitioner shall be required by the Law Department in conjunction with the Finance Department — Risk Management Division to present proof of financial capability (bonds or insurance) to pay any claims, damages or expenses that may arise as a result of L.U.S.T. monitoring well(s) placement, installation or maintenance in public rights-of-way; and further

Provided, That said permittee shall be subject to any tax under the provisions of the General Property Tax Act which may be levied against it pursuant to law; and further

Provided, That no other rights in the public streets, alleys or other public places shall be considered waived by this permission which is granted expressly on the condition that said encroachments shall be removed at the expense of the permittee at any time when so directed by the City Council, and the public property affected shall be restored to a condition satisfactory to City Engineering Division — DPW at the permittee's sole cost and expense; and further

Provided, That said permits issued by the City Engineering Division — DPW and/or the Buildings and Safety Engineering Department are granted with the distinct understanding that in the event the City Charter, or Detroit Code(s), or ordinance(s), or resolution(s), or City policies (governing the placement of encroachments in public rights-of-way) are amended to provide for levying thereafter, of a fee, charge or rental, to be hereafter determined upon,

for the occupancy of public streets, alleys or other public places, that the permittee will pay said fee, charge or rental provided for in said Charter, or code(s), or ordinance(s), or resolution(s), or policies; also said permittee does hereby bind itself thereunto, and to accept said permits on the conditions hereby imposed, and in the event said permittee shall contest the validity of said Charter, or code(s), or ordinance(s), or resolution(s), or policies of said fee, charge or rental, or upon refusal to pay same, these permits shall immediately become void; and further

Provided, That the grade shall be maintained in original condition after installation of the wells with flush covers for the holes; and further

Provided, This resolution is revocable at the will, whim or caprice of the City Council, and permittee hereby waives any right to claim damages or compensation for removal of encroachment(s), and further, that the permittee acquires no implied or other privileges hereunder not expressly stated herein; and further

Provided, That the petitioner shall apply to and become a participating member of "Miss Dig" to comply with Michigan Public Act 53 of 1974, "Protection of Underground Facilities (460.701-460.718)"; and further

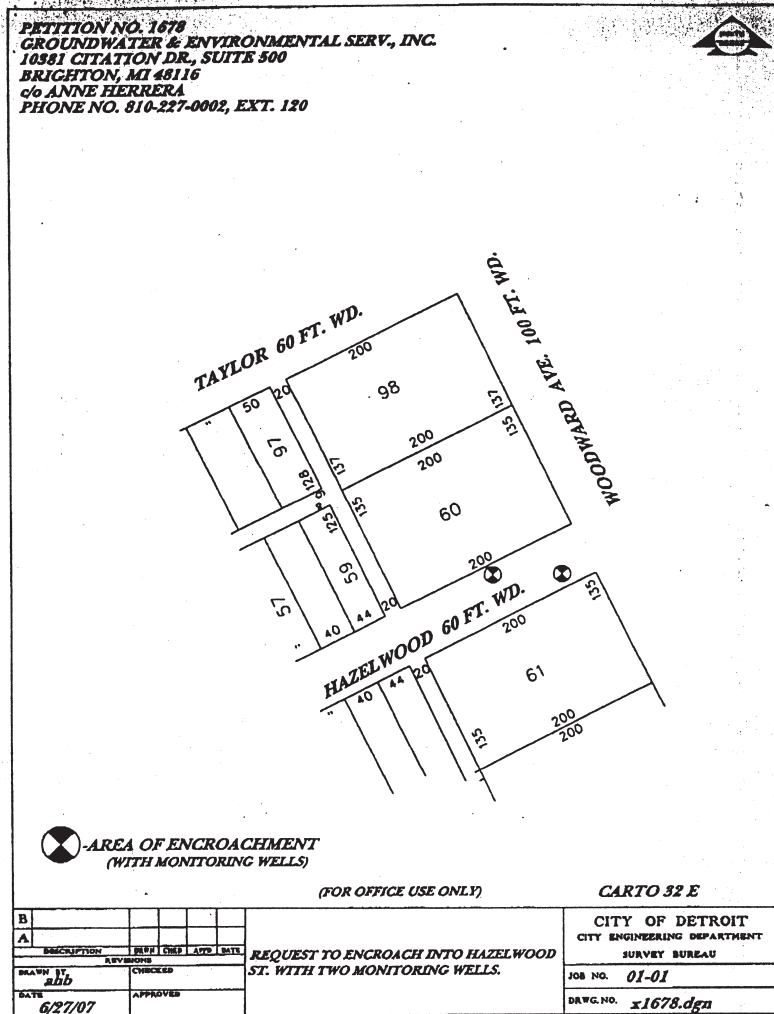

Provided, The filing of the indemnity agreement and the securing of the necessary permit(s) referred to herein shall be construed as acceptance of this resolution by the permittee; and further

Provided, That the encroachment permit shall not be assigned or transferred without the written approval of the City Council; and further

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds; and be it further

(GES)/Shell Oil", shall submit "as built" drawing(s) sealed by a professional engineer or surveyor registered in the State of Michigan to the City Engineering Division — DPW within 30 days after obtaining the necessary "encroachment" permit to install two proposed monitoring wells. Said "as built" drawing(s) shall furnish a complete means of identifying and ascertaining the precise position of every part of the "encroachment(s)" with courses, distances, and depth throughout (containing City of Detroit datum), so that it may be determined with certainty where any portion of the "encroachment(s)" has been built. Copies of the certified "as built" map(s) and survey(s) shall be an "appendix" to this City Council resolution. Said "appendix" shall be recorded by the City Engineering Division — DPW in the Wayne County Register of Deeds.

To ensure public safety DEA will review the petitioner's environmental activities prior to the issuance of city permits; also

Whereas, The State of Michigan requires that all underground storage tanks be registered and inspected for leaks. Also, the "State" has mandated the replacement of leaking tanks including removal (and proper disposal) of contaminated soil; also

Whereas, Any L.U.S.T. can contaminate soil and diminish the value of surrounding properties, including public rights-of-way. The taxpayers of Detroit invested substantial capital in the acquisition, site preparation, insurance, and maintenance of public rights-of-way. Finally, it is in the interests of public health, safety, and welfare to detect the presence of hazardous materials and/or soil contamination from L.U.S.T.(s); therefore be it

Resolved, The City Engineering Division — DPW is hereby authorized and directed to issue permits to "Groundwater and Environmental Services Inc. (GES)/Shell Oil", at the site of 13901 Wyoming Avenue to install and maintain thirteen monitoring wells encroaching within pub-

lic rights-of-way for the purpose of detecting the presence of hazardous materials and/or soil contamination from any leaking underground storage tank (L.U.S.T.); said public right-of-way being nearby or adjoining property described as follows:

Land in the City of Detroit, Wayne County, Michigan being Lots 26 through 31, both inclusive, and Lots 4 through 9, both inclusive, of "Birwood Park" Southerly Part of the East 1/2 of the Southeast 1/4 of Section 20, Greenfield Township, (now City of Detroit) Wayne County, Michigan as recorded in Liber 34, Page 25, Plats, Wayne County Records;

Land in the City of Detroit, Wayne County, Michigan being Lots 8 through 16, both inclusive, of "John M Welch Jr's Wyoming-Schoolcraft Subdivision" of Part of Lot 6 — Harper Tract of Part of the Southwest 1/4 of Fractional Section 21, T. 1 S., R. 11 E., City of Detroit and Township of Greenfield, Wayne County as recorded in Liber 46, Page 98, Plats, Wayne County Records;

Encroachment to consist of ten (10) "permanently (meaning more than thirty days, or other long-term duration)" installed L.U.S.T. monitoring wells; being nearby or adjoining the above described property, within the following public rights-of-way:

2 wells — in the North-South public alley 18 feet wide North of Schoolcraft Avenue, 60 feet wide;

1 well — North side of Schoolcraft Avenue, 60 feet wide;

2 wells — South side of Schoolcraft Avenue, 60 feet wide;

2 wells — West side of Wyoming Avenue, 66 feet wide;

3 wells — East side of Wyoming Avenue, 66 feet wide;

Provided, That nothing in this resolution shall be construed as giving any authority, permission or grant to the permittee for any part of the encroaching L.U.S.T. monitoring wells to be placed upon the surface or underground rights of privately owned property. Enforcement of violations of fire safety regulations and building codes is the responsibility of the Fire Marshal and the Buildings and Safety Engineering Department. The petitioner shall apply to the Buildings and Safety Department for approval and permits to place any monitoring wells on privately owned property (if necessary); and further

Provided, It is the intention of this resolution to authorize the City Engineering Division — DPW (prior to the issuance of "encroachment" permits) to require the permit applicant to perform any reasonable task to protect public property interests including, but not limited to, the submission of engineering plans (containing construction details and distances from property lines) of the proposed encroaching L.U.S.T. monitoring wells. The City

Engineering Division — DPW may require the permit applicant to secure approval(s) of said plans from the Department of Environmental Affairs. Also, the City Engineering Division — DPW may require the permit applicant to secure approval(s) of said plans from Wayne County, the State of Michigan, other city departments (including commissions, authorities, corporations, councils, boards, contractors, and agencies whenever applicable) and/or utility companies; whether Wayne County, the State of Michigan, other city departments and/or utility companies are specifically enumerated in this resolution or not; and further

Provided, Said L.U.S.T. monitoring well encroachments shall be maintained under the rules and regulations of the City Engineering Division — DPW, the Department of Buildings and Safety Engineering, and the Fire Marshal in accord with Detroit Code Section 50-1-9 and 10; and further

Provided, Whenever it becomes necessary to open-cut, drill, bore, jack, occupy or barricade public rights-of-way for additional test holes or maintenance of the monitoring well installation(s), such work shall be according to detailed permit application drawings (to be submitted by the petitioner or their assigns, subject to city department review and stamp approvals) prior to any public right-of-way construction (including, if necessary, adjustments or removals); and further

Provided, It is the responsibility of "Groundwater and Environmental Services Inc. (GES)/Shell Oil" to give reasonable and proper notice to any abutting property owner before commencing any (permitted) open cut or boring operations within public rights-of-way; and further

Provided, Said encroaching L.U.S.T. monitoring well installations shall be according to the specifications of the Public Lighting Department (PLD). Monitoring wells drilling equipment shall use "care and caution" to clear PLD overhead power lines; PLD requires the installer to maintain a minimum ten feet horizontal clearance at all times. The proposed permanent monitoring wells are not allowed to be built over PLD facilities (maintain a minimum of 3.00 feet horizontal clearance from any underground PLD facilities and/or manholes). The fixed encroachments shall not hinder movement of PLD maintenance equipment; and further

Provided, Said encroaching L.U.S.T. monitoring well installations shall be according to the specifications of the Water and Sewerage Department (DWSD). DWSD requires free and easy access to water main and/or sewer facilities at all times to permit proper operation, maintenance, alteration or repair of DWSD sewers, drains, water mains, fire hydrants,

catch basins, sewer and water manholes (and any other DWSD facilities). The proposed permanent monitoring wells are not allowed to be built over DWSD facilities or hinder movement of DWSD maintenance equipment; and further

Provided, All costs for the construction, maintenance, permits and use of the encroaching L.U.S.T. monitoring wells shall be borne by the petitioner. Should damages to utilities occur, the petitioner shall be liable for all incidental repair costs and waives all claims for damages to the encroaching installations; and further

Provided, If it becomes necessary to repair or replace the utilities located or to be located in the public rights-of-way, by the acceptance of this permission, the petitioner(s) for themselves, their heirs or assigns, waive claims for any damages to the encroaching installations and agree to pay the costs incurred in the removal, if their removal becomes necessary, and to restore the property affected to a condition satisfactory to the City Engineering Division — DPW at the petitioner's expense; and further

Provided, That the encroaching L.U.S.T. monitoring wells shall be installed and maintained with a secure frame and cover, so as to fit flush within the public sidewalk, berm, or pavement grade. All public rights-of-way shall be maintained safe and convenient for public travel. The petitioner shall be liable for all claims, demands, costs, damages, expenses, and causes of action of every kind and character arising in favor of any person, or other legal entity on account of personal injuries or death or damage to property caused by or claimed or alleged to have arisen out of failure to properly install and maintain any encroaching L.U.S.T. monitoring well. The installation and maintenance of said encroachments shall comply with the rules and regulations of the City Engineering Division — DPW and Traffic Engineering Division — DPW; and further

Provided, That petitioner shall file with the Finance Department and/or City Engineering an indemnity agreement approved by the Law Department, saving and protecting the City of Detroit from any and all claims that may arise therefrom. Also, the petitioner shall be required by the Law Department in conjunction with the Finance Department — Risk Management Division to present proof of financial capability (bonds or insurance) to pay any claims, damages or expenses that may arise as a result of L.U.S.T. monitoring well(s) placement, installation or maintenance in public rights-of way; and further

Provided, That said permittee shall be subject to any tax under the provisions of the General Property Tax Act which may be levied against it pursuant to law; and further

Provided, That no rights in the public

streets, alleys or other public places shall be considered waived by this permission which is granted expressly on the condition that said encroachments shall be removed at the expense of the permittee at any time when so directed by the City Council, and the public property affected shall be restored to a condition satisfactory to City Engineering Division — DPW at the permittee's sole cost and expense; and further

Provided, That said permits issued by the City Engineering Division — DPW and/or the Buildings and Safety Engineering Department are granted with the distinct understanding that in the event the City Charter, or Detroit Code(s), or ordinance(s), or resolution(s), or City policies (governing the placement of encroachments in public rights-of-way) are amended to provide for levying thereafter, of a fee, charge or rental, to be hereafter determined upon, for the occupancy of public streets, alleys or other public places, that the permittee will pay said fee, charge or rental provided for in said Charter, or code(s), or ordinance(s), or resolution(s), or policies; also said permittee does hereby bind itself thereunto, and to accept said permits on the conditions hereby imposed, and in the event said permittee shall contest the validity of said Charter, or code(s), or ordinance(s), or resolution(s), or policies of said fee, charge or rental, or upon refusal to pay same, issued permits shall immediately become void; and further

Provided, That the grade shall be maintained in original condition after installation of the wells with flush covers for the holes; and further

Provided, This resolution is revocable at the will, whim or caprice of the City Council, and permittee hereby waives any right to claim damages or compensation for removal of encroachment(s), and further, that the permittee acquires no implied or other privileges hereunder not expressly stated herein; and further

Provided, That the petitioner shall apply to and become a participating member of "Miss Dig" to comply with Michigan Public Act 53 of 1974, "Protection of Underground Facilities (460.701-460.718)"; and further

Provided, The filing of the indemnity agreement and the securing of the necessary permit(s) referred to herein shall be construed as acceptance of this resolution by the permittee; and further

Provided, That the encroachment permit shall not be assigned or transferred without the written approval of the City Council; and further

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds; and be it further

Resolved, The petitioner, "Groundwater

and Environmental Services Inc. (GES)/Shell Oil", shall submit "as built" drawing(s) sealed by a professional engineer or surveyor registered in the State of Michigan to the City Engineering Division — DPW within 30 days after obtaining the necessary "encroachment" permit to install ten (10) proposed monitoring wells. Said "as built" drawing(s) shall furnish a complete means of identifying and ascertaining the precise position of every part

of the "encroachment(s)" with courses, distances, and depth throughout (containing City of Detroit datum), so that it may be determined with certainty where any portion of the "encroachment(s)" has been built. Copies of the certified "as built" map(s) and survey(s) shall be an "appendix" to this City Council resolution. **Finance Department**  
 March 14, 2008  
 Honorable City Council:  
 Attached is a Budget Amendment to cover the additional cost of the 2005-06 Comprehensive Annual Financial Report.

March 25

654

2008

KPMG's previous contract ended when they issued their audit opinion, in June, 2006, for the 2004-2005 Comprehensive Annual Financial Report (CAFR). However in the City's effort to timely submit to the State of Michigan Treasurer the 2005-06 and 2006-07 CAFRs it was agreed by the Auditor General and Finance to extend KPMG's contract two additional years. The estimated cost of the 2005-06 and 2006-07 audits were estimated to be \$1.8 million and \$1.9 million respectively. Your Honorable Body approved this extension on November 17, 2006.

The cost to complete the 2005-06 CAFR is now estimated to be \$5.7 million. The remaining statements to be completed are Water, DDOT, LDFA & TIFA and the Single Audit. It is my understanding that there is very little audit work remaining for the former statements, excluding the Single Audit. KPMG has outlined the reason for the increased cost of the 2005-06 audit and we would also like to add the additional audit work KPMG performed relative to the new Statement of Audit Standards released in early 2006. The City is currently seeking quotes for 2006-07 as well as the two subsequent years.

We are respectfully asking to increase Contract #2620623 by \$1,985,888 to cover this additional cost and to amend the fiscal Year 2007-08 Budget. We currently have budgeted \$672,000 in the Auditor General's budget. Additional appropriation is necessary to cover this amendment. The City expects to receive \$4.5 million from the IRS for reimbursement of the penalty for the withholding issue in FY 2004-05.

Respectfully submitted,  
NORMAN WHITE  
CFO/Finance Director

Approved:

PAMELA SCALES  
Budget Director.

By Council Member S. Cockrel:

Resolved, That additional work and time was necessary to complete the FY 2005-06 Comprehensive Annual Financial Report resulting in increased cost;

Resolved, That contract #2620623 with KPMG be increased by \$1,985,888 to cover this increased cost:

Be It Resolved, That the FY 2007-08 Budget be amended by:

Increase Revenue Appropriation 00058 Administration Object Code 447555

And Be It Further Resolved: That the Finance Director be and is hereby authorized to increase the necessary accounts and honor vouchers in accordance with the foregoing communication and regulations of the City of Detroit.

#### City Planning Commission

March 25, 2008

Honorable City Council:

Re: Modified process for 2008-09 Community Development Block Grant Neighborhood Opportunity Fund program (SUPPLEMENTAL REPORT).

The staff of the City Planning Commission submits this supplement to our March 20th report on the above-captioned matter. As your Honorable Body awaits a response from the Planning and Development Department, you may elect to express your desires and expectations concerning the revised threshold criteria and modified process for the 2008-09 Community Development Block Grant Neighborhood Opportunity Fund via an action of the Body. To this end, the attached resolution has been prepared for your consideration.

Respectfully submitted,  
MARCELL R. TODD, JR.  
Director

By Council Member Collins:

Whereas, The Detroit City Council received various requests to remove the 51% Detroit residency board requirement from the joint threshold criteria for the 2008-09 Community Development Block Grant Neighborhood Opportunity Fund (CDBG/NOF) in order to accommodate proposals deemed ineligible for failing to meet this criterion; and

Whereas, On Tuesday, March 18, 2008, the City Council approved a resolution adopting a list of revised threshold criteria, which omits the aforementioned criterion for the 2008-09 CDBG/NOF funding year; and

Whereas, Over the past 30 years, the City Council has allocated millions in CDBG/NOF funds to hundreds of non-profit and community-based organizations impacting the City; and

Whereas, City Council directed the City Planning Commission staff to develop a modified process and timeline to accommodate reapplication and review for all potential CDBG/NOF applicants; and

Whereas, The City Planning Commission drafted a modified process and timeline and on Wednesday, March 19, 2008, presented same to the Planning and Development Department for its consideration; and

Whereas, The implementation of a modified process during the City Council's 2008/2009 Budget deliberations is contingent upon timely cooperation and support

by the Administration through the Planning and Development Department by March 27, 2008; and

Whereas, Any further delay would jeopardize the City Council's ability to award CDBG/NOF funds to individual organizations that service the residents of Detroit; Now, Therefore, Be It

Resolved, That City Council seeks concurrence from the Administration through the Planning and Development Department with the revised joint threshold criteria; and

Be It Further

Resolved, That the City Council strongly urges the Planning and Development Department to publish and reissue an amended CDBG/NOF Request for Proposals (RFP) and authorize a modified process and timeline that will afford the City Council the opportunity to allocate CDBG/NOF funds to individual organizations as part of the 2008/2009 Budget review and approval process.

#### **RESOLUTION FOR IMPLEMENTATION OF THE HOMEOWNERS AND BANK PROTECTION ACT**

By COUNCIL PRESIDENT K. COCKREL, JR.:

WHEREAS, The onrushing financial crisis engulfing home mortgages, debt instruments of all types, and the banking system of the United States threatens to set off an economic depression worse than that of the 1930's; and

WHEREAS, Millions of American citizens are threatened with foreclosure and loss of their homes over the upcoming months, according to studies released by Realty Trac and Moody's Economy.com; and

WHEREAS, This financial crisis is now threatening the integrity of both state and federally chartered banks, as typified by the run on deposits of Countrywide Financial in California during the month of August; and such a banking collapse would wipe out the life savings of American citizens, and drastically undermine the economic stability of our states and cities; and

WHEREAS, In a similar financial crisis in the 1930's, President Franklin D. Roosevelt intervened to protect banks and homeowners; for example in April, 1933 he introduced legislation as a "declaration of national policy...that the broad interests of the Nation require that special safeguards should be thrown around home ownership as a guarantee of social and economic stability...;"

THEREFORE BE IT RESOLVED,

That the Detroit City Council hereby endorses the **Homeowners and Bank Protection Act of 2008**. This crisis is such that it requires emergency action that only the United States Congress has the capability to enact. Congress must move quickly to keep people in their homes and avert social chaos. The **Homeowners and Bank Protection Act of 2008** would include the following provisions:

1. Congress must establish a Federal agency to place the Federal and state chartered banks under protection, freeing all existing home mortgages for a period of how ever many months or years are required to adjust the values to fair prices, and restructure existing mortgages at appropriate interest rates. Further, this action would also write off all of the speculative debt obligations of mortgage-backed securities, derivatives and other forms of financial schemes that have brought the banking system to the point of bankruptcy.

2. During the transitional period, all individual homeowner foreclosures shall be frozen, allowing American families to retain their homes. Monthly payments, the equivalent of "rental" payments, shall be made to designated banks, which can use the funds as collateral for normal lending practices, thus recapitalizing the banking systems. Ultimately, these affordable monthly payments will be factored into new mortgages, reflecting the deflating of the housing bubble, and the establishment of appropriate property valuations, and reduced fixed mortgage interest rates. This shakeout will take several years to achieve. In the interim period no homeowner shall be evicted from his or her property, and the Federal and state chartered banks shall be protected, so they can resume their traditional functions, serving local communities, and facilitating credit for investment in productive industries, agriculture, infrastructure, etc.

3. State governors shall assume the administrative responsibilities for implementing the program, including the "rental" assessments to designated banks, with the Federal government providing the necessary credits and guarantees to assure the successful transition.

BE IT FURTHER RESOLVED,

That the Detroit City Clerk shall forward this resolution to Michigan Congressional Delegation, the Congressional Black Caucus, the Governor of Michigan, the Michigan legislature, and also be delivered to the President of the United States for immediate implementation.

**RESOLUTION RE: SCHEDULING  
PUBLIC HEARING IN CITY COUNCIL  
COMMITTEE OF THE WHOLE  
REGARDING THE FOLLOWING LIST  
OF W.W.T.P./WATER DEPARTMENT  
CONCERNS**

By COUNCIL MEMBER WATSON:

#1. Due to the water rate increases not being passed by the City Council we are being told no more overtime? We have numerous vacant positions that need to be filled and the department is not hiring or promoting anyone WHY?

#2. Due to the water rate increases not being passed, we are being told that we might go back on duwop/36 hour work-week. In addition we may have to go back the old work schedule (7,7,6) to save money WHY?

3. We have not seen a pay raise in 5 years only pay cuts. Everything around us

is going up, gas, electric, water and food. However the city counsel and the director (who makes more than the Mayor I might add) get their pay raises. What happened to fiscal responsibility? We are always told to lead by example, it is time that the director and the counsel do what we are asked to do LEAD BY EXAMPLE. When will we get a pay raise?

#4. The counsel has Okayed the Synagro contract. This will take many jobs from the W.W.T.P. The corporate answers to this is that no one will get laid off they will be given other jobs (NO DOUBT AT A LOWER PAY RATE) or attrition will make it so that no one will lose there job. Question, the technology that Synagro is going to use was developed in the 1980's. WHY DIDN'T THE WATER DEPARTMENT UPGRADE OUR EQUIPMENT AS OTHERS HAVE DONE, TO DO THE SAME THING THAT SYNAGRO IS GOING TO DO NOW? WHY BECAUSE OF MONEY, MONEY, MONEY AND POLITICS. WHILE THE WORKERS ARE LEFT OUT IN THE COLD.

#5. Why does it take so long to get parts for our equipment or we have to use a contracted contractor to get the parts for use at a 5 to 10% mark up? Some of our equipment is falling apart; many days half or more, of an entire area, of the dewatering or incineration complexes are out of service. It is no wonder rumors are circulating that contractors are going to take over the plant. We can't seem to get the parts we need to repair our equipment so that we can do a good job. It appears that upper management is setting us up for failure by not giving us the resources that we need, so it can be used as an excuse when the contractors come knocking. We need to take care of this issue and we need some reassurance that upper management is not setting us up for take over not just with words with deeds, Remember LEAD BY EXAMPLE.

#### RESOLUTION

By COUNCIL MEMBER COLLINS:

WHEREAS, More than 20 small towing companies have come to committee meetings and formal sessions of the Detroit City Council to complain about the RFP process which has been underway since March 18, 2008; and

WHEREAS, The small towing companies have complained that the "requirements to submit a bid include a \$50,000.00 payment; and other criteria that are impossible for the small companies to meet; and

WHEREAS, There has been a persistent complaint among smaller towing companies regarding the small number of calls they receive from Detroit Police Precincts, and there is a perception that one large firm receives the large number of tow calls from Police, while others receive at best a tow a day (and sometimes those one-a-day tows are non-financial abandoned vehicles), THEN, THEREFORE BE IT

RESOLVED, That the Detroit City Council sponsor a public hearing at the request of the small towing companies, and invite the Towing Commission, and Police Department representatives as a Committee of the Whole, prior to the completion of the RFP process which will end on April 8, 2008.

##### Division of Research & Analysis

February 21, 2006

Honorable City Council:

Re: \$5,000 City Council Approval Threshold for Contracts Ordinance.

Attached is the draft ordinance to amend the threshold at which City Council approval is needed for contracts. This draft ordinance was originally submitted to City Council in February 2005. In this draft ordinance, the threshold beyond which Council approval is needed for contracts is \$5,000.

Please note that no changes were made to contracts from either the Health Department or the Water and Sewerage Department. The threshold for contracts from these departments remains at \$25,000. These departments were excluded from the proposed new threshold for Council approval for contracts because of the sheer number of contracts generated by each of these departments that are less than \$25,000. It was felt that to include contracts less than \$25,000 from these departments would inundate Council. If however, it is your desire to include these departments in the new threshold limit, the necessary changes can be made.

Respectfully submitted,

#### TESTIMONIAL RESOLUTION FOR NATIONAL BLACK LAW STUDENTS ASSOCIATION

##### 40th Anniversary Convention

By COUNCIL MEMBER JONES Joined By COUNCIL MEMBERS WATSON, CONYERS and REEVES:

WHEREAS, In 1968, Algernon Johnson Cooper, the former mayor of Prichard, Alabama, founded the first Black American Law Students Association (BALSA) at the New York University Law School. BALSA's purpose was to effectuate change in the legal system. The association endeavored to sensitize the law and legal profession to the ever-increasing needs of the Black community. In 1983, BALSA revised its name and deleted the word "American" to encompass all Black people who were not American. Later the word "National" was added to reflect the extent to which the organization had expanded; and

WHEREAS, The National Black Law Students Association or "NBLSA", the largest student-run organization in America, has over 200 chapters at law

schools throughout the country. This represents almost every ABA accredited law school, plus several non-accredited law schools. These chapters represent over 6,000 Black law students in six regions which encompass 48 states including Hawaii and the Commonwealth of Puerto Rico. Recently, NBLSA established international links with Black law students in Canada, England, the Bahamas, Nigeria and South Africa. In addition, NBLSA was an instrumental in the creation of The National Latino/Latina Student Association (NLLSA), National Association of Law Students with Disabilities (NALSD), and the National Asian Pacific American Law Student Association (NAPALSA). NBLSA also has ties with the National Bar Association, the National Conference of Black Lawyers, the Council on Legal Education Opportunity, the National Black Alliance and the National Black Leadership Roundtable; and

WHEREAS, NBLSA has flourished under the guidance of the following leaders: Algernon J. Cooper (1968-69), J. Otis Cochran (1968-71), Robert Pickett (1971-72), Art Martin (1972-73), Cedric L. Tynes (1999-2000), Gerald Karikari (2000-01), Steven H. Holman (2001-02), Mishonda Baldwin (2002-04), Christopher M. Chesnut (2004-05), Raqiyyah Pippins (2005-06) and Michael T. Sterling (2006-07). Until his death in 1993, U.S. Supreme Court Justice Thurgood Marshall served as the honorary chair of NBLSA. Currently, Eddie L. Koen, Jr. serves as the National Chair for the 2007-08 term. Under his leadership, NBLSA witnessed a surge in social activism. NBLSA has taken action on the Genarlow Wilson case, the Jena Six controversy, the Seattle and Louisville cases, police brutality claims against Afro-Canadian students at the University of Windsor, as well as other popular controversial legal issues (such as the American Bar Associations 301-6 Bar Passage Standard Proposal); and

WHEREAS, NBLSA continues its

strong commitment to the objectives of the Association by emphasizing on economic self help, progressive civil rights and global advocacy. In its efforts to remain responsive to the needs of the Black community in general and the Black law student in particular, the NBLSA has initiated many worthy programs. **RESOLUTION  
IN MEMORIAM  
FOR  
EARL VAN DYKE**

**(July 8, 1930 — September 18, 1992)**

By COUNCIL MEMBER REEVES:

WHEREAS, Earl Van Dyke was born on July 8, 1930 in Detroit, Michigan. He was a musician most notable as the main keyboardist for Motown Records' in-house Funk Brothers Band during the late 1960's and early 1970's. Van Dyke was preceded as keyboardist and bandleader of the Funk Brothers by Joe Hunter. Earl's nicknames were: Chunk of Funk, Ookie, and Big Funk. He played the Steinway Grand Piano, the Hammond B-3 Organ, the Wurlitzer Electric Piano, the Fender Rhodes, and the Celeste and the Harpsichord. His musical influences included Tommy Flanagan, Hank Jones, and Barry Harris, and

WHEREAS, Earl Van Dyke was a veteran of the late 50's and early 60's Chitlin' Circuit. Earl migrated to Motown Records in late 1962 after having toured with Aretha Franklin and Lloyd "Mr. Personality" Price. Within no time, the musical sophistication and aggressive keyboard style he brought with him made Earl an integral part of "The Motown Sound". Hitsville's Steinway Piano often had to be reconditioned after Earl played on a session

because of the passion and force with which he attacked the keys, and

WHEREAS, Besides his work as the session keyboardist on popular Motown hits such as "*Bernadette*" by the Four Tops, "*I Heard It Through The Grapevine*" by Marvin Gaye, and "*Run Away Child, Running Wild*" by The Temptations, Earl performed with a small band as an opening act for several Motown artists, and released instrumental singles and albums himself. Several of Earl's recordings feature him playing keys over the original instrumental tracks for Motown Hits; others are complete covers of Motown songs, and

WHEREAS, Earl Van Dyke and the Funk brothers performed on recordings such as: *Come See About Me; You're A Wonderful One; How Sweet It Is To Be Loved By You; My Girl; All For You, Too Many Fish In The Sea; Try It Baby; The Way You Do The Things You Do; Can I Get A Witness; Can You Jerk Like Me; Money (That's What I Want); The Flick; 6 By 6; Soul Stomp; Hot n' Hot; I Can't Help Myself; and Nowhere To Run and Dancing In The Street* by Martha Reeves and The Vandellas, and

WHEREAS, Arrangers and producers looked upon him as a hub through which they could convey their ideas to Hitsville's studio musicians. Motown's management viewed him as the unofficial bandleader because apart from his talent as a keyboardist — he always knew where to find James Jamerson and Benny Benjamin to get them in the studio. When Motown's "Golden Era" ended in Detroit, Earl traveled with Freda Payne and O. C. Smith and toured the world with them throughout the remaining years of the 1970's. In the final days of his life, he taught in the Detroit Public School System. NOW, THEREFORE BE IT

RESOLVED, That Council Member Martha Reeves and the Detroit City Council express heartfelt sympathy to the family of Earl Van Dyke of The Funk Brothers. We share his love and heartfelt devotion when we hear the Motown Sound.

## REVISED REPORT AND RESOLUTION City Planning Commission

March 26, 2008

Honorable City Council:

Re: REVISED 2008-09 Community Development Block Grant/Neighborhood Opportunity Fund (CDBG/NOF) Application Process.

City Planning Commission (CPC) staff is pleased to inform your Honorable Body that we have met with the Planning & Development Department (P&DD) and the Department of Housing and Urban Development (HUD) to develop the process needed to conduct the revised 2008-09 Community Development Block Grant/Neighborhood Opportunity Fund (CDBG/NOF) Application Process.

All parties have agreed that a new Request For Proposal (RFP) and review process is necessary to accommodate City Council's retraction of the 51% residency requirement for Boards.

The agreed upon process is as follows:

1. The CPC will send out a letter on Friday, March 28, 2008 to all the current 2008-09 applicants, to the organizations on the CPC's mailing list, the Neighborhood City Halls, and the Detroit Public Libraries. The letter will explain in detail the revised 2008-09 CDBG Request For Proposal (RFP) process.

2. A public notice of the RFP will be published in the Michigan Chronicle on April 2nd to accommodate the HUD notification requirement.

3. Applicants will be required to pick up the new RFP starting on April 2 through April 16. Applicants can pick up applications from P&DD at the Cadillac Tower on the 2nd floor Mezzanine and/or CPC Office, Room 202 of the Coleman A. Young Municipal Center.

4. City Planning Commission staff will conduct an abbreviated workshop on Wednesday, April 9, for all new applicants, existing applicants who were declared ineligible because they did attend the original workshop and/or anyone who desires to attend. The workshop will allow new applicants the opportunity to receive detailed instructions on how to complete the proposal as well as allow them to ask questions. Staff will also be on hand at the workshop to explain the new process to any previous applicant.

5. Proposals will be due on April 18th before 5:00 P.M. at P&DD in the Cadillac Tower on the 2nd floor Mezzanine, 65 Cadillac Square. Groups will be required to submit at least four proposals, (1) original and (3) copies.

Due to the limited timeframe we will be operating under, staff will not have the opportunity to reconvene the Citizen Review Committee or go before the City Planning Commission, so all recommendations to City Council will be staff recommendations.

CPC, P&DD and HUD staff worked steadfastly to design an abbreviated process that is fair and doable within the time frame we have for the budget. CPC staff believes that this revised process is the best option for re-issuing the RFP and suggests that City Council approve a resolution adopting the new process.

CPC staff will prepare a resolution for Council to consider.

Director

By Council Member Kenyatta:

Whereas, On March 18, 2008, the Detroit City Council revised the Threshold Criteria to be used for the 2008-2009 Community Development Block Grant/Neighborhood Opportunity Fund cycle; and

Whereas, The previously published criterion stipulating that the majority of an organization's board members must be Detroit residents has been removed; and

Whereas, The Department of Housing and Urban Development informed the City Council that by changing the previously published criteria the Request For Proposal must be reissued to the public; and

Whereas, The Planning and Development Department (P&DD) is responsible for administrating the Community Development Block Grant Proposal, City Planning Commission (CPC) staff met with Planning and Development Department and the Department of Housing and Urban Development to develop the process needed to re-issue the 2008-09 Community Development Block Grant Proposal.

Therefore, Be It Resolved, That the Detroit City Council adopts the following process and timeline to be used as the City of Detroit's Revised 2008-09 Community Development Block Grant Process for review and evaluation.

The process is as follows:

1. The CPC will send out a letter on Friday, March 28, 2008 to all the current 2008-09 applicants, to the organizations on the CPC's mailing list, the Neighborhood City Halls, and the Detroit Public

Libraries. The letter will explain in detail the revised 2008-09 CDBG Request For Proposal (RFP) process.

2. A public notice of the RFP will be published in the Michigan Chronicle on April 2nd to accommodate HUD notification requirement.

3. Applicants will be required to pick up the new RFP starting on April 2 through April 16. Applicants can pick up proposals from P&DD at the Cadillac Tower on the 2nd floor Mezzanine, 65 Cadillac Square, and/or the CPC Office, 202 Coleman A. Young Municipal Center, 2 Woodward Avenue.

4. City Planning Commission staff will conduct an abbreviated workshop on Wednesday, April 9, 2008 for all new applicants, existing applicants who were declared ineligible because they did not attend the original workshop and/or anyone who desires to attend. The workshop will allow new applicants the opportunity to receive detailed instructions on how to complete the proposal as well as allow them to ask questions. Staff will also be on hand at the workshop to explain the new process to any previous applicant.

5. Proposals will be due on April 18th before 5:00 P.M. at P&DD in the Cadillac Tower on the 2nd floor Mezzanine, 65 Cadillac Square. Groups will be required to submit at least four proposals, (1) original and (3) copies.

Due to the limited timeframe, the Citizen Review Committee will not be reconvened and proposals will not be presented to the City Planning Commission; all recommendations to City Council will be staff recommendations.

The Detroit Recreation Department is hereby requesting the authorization of your Honorable Body to submit a grant application to the Michigan Department of Natural Resources, for funding under the 2008 Recreation Grants Program. Funding would be requested from the Michigan Natural Resources Trust Fund.

The amount being sought from the Trust Fund is \$500,000. To that amount, the Recreation Department would be adding \$215,000 in matching funds from its Capital dollars, for a total project cost of \$715,000.

The Trust Fund grant would enable the Department to create an in-town youth

camp and family picnic area in Balduck Park by adding a restroom, picnic shelter, children's plan area, camp activity areas, nature observation sites, trails, camp activity/family picnicking stations and other camp amenities. The project would be done in that portion of Balduck Park that is north of Chandler Park Drive.

With your authorization, the Department will submit a request to the Michigan Department of Natural Resources Trust Fund in the amount of \$500,000. The City match of \$215,000 will come from the Department's 2008-2009 Capital Budget. It will be available in Appropriation #00905.

#### City of Detroit General Services Department

February 4, 2008

Honorable City Council:

Re: Authority to accept proceeds from the  
sale of automobile parts.

The General Services Department is  
requesting approval of the transfer of rev-

enue gained from the sale of automobile  
parts to NAPA/Genuine Parts Company.  
Per the contractual agreement with NAPA/  
Genuine Parts Company, the company is  
contractually required to pay for the value  
of parts procured from the City of Detroit.

The General Services Department  
plans to use the expected funding to sup-  
port fleet related activities in Fire  
Apparatus. A number of accidents in Fire  
Apparatus have occurred to deplete the  
funding. A transfer of the funds will ensure  
that the General Services Fleet  
Management Division is able to support  
the Detroit Fire Department and the citi-  
zens of Detroit.

We request your authorization to  
accept the expected funding to increase  
Appropriation Number 11831 not to  
exceed \$500,000 for fiscal year 2007-  
2008. The initial payments received total  
\$269,966.87. Additional checks will be  
received over the next 30 days with a total  
not to exceed amount of \$500,000.

The General Services Department  
respectfully requests your Honorable  
Body to adopt the following resolution with  
a Waiver of Reconsideration.

#### Law Department

March 14, 2008

Honorable City Council:

Re: Petition Number 2258 — Request for City Council Approval for the Issuance of a Michigan Liquor Control Commission Dance-Entertainment Permit to Firewater Bar & Grill II, Inc., for a Group "A" Cabaret at 107-111 E. Milwaukee.

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice (Request ID Number 438195), which has been designated by the City Clerk as Petition Number 2258. This Local Approval Notice requests approval by City Council of a request by Firewater Bar & Grill II, Inc., for the issuance of a new dance-entertainment permit in conjunction with a Class "C" liquor license and a Group "A" Cabaret at 107-111 E. Milwaukee.

City of Detroit zoning district maps indicate that 107-111 E. Milwaukee is in an M3 (General Industrial) zoning district. Pursuant to Section 61-10-62 of the Detroit Zoning Ordinance, Chapter 61 of the 1984 Detroit City Code, the use of this location for a cabaret or for the sale of beer or intoxicating liquor for consumption on the premises is a conditional use. Buildings and Safety Engineering Department ("B & SE") has reported that the current legal use of the location is 'Standard Restaurant, Class "C" Bar and Nightclub' per Building Permit Number 90051, dated March 21, 2006, and B & SE Grant Number 9-03. Therefore, the use of 107-111 E. Milwaukee for a Group "A" Cabaret is permitted subject to compliance with all relevant state codes and rules and City ordinances, including the issuance of the required City business license(s) to Firewater Bar & Grill II, Inc., for the location.

Pursuant to Section 5-7-1 of the 1984 Detroit City Code, a Group "A" Cabaret business license is required for an establishment open to the public which sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without dancing. B & SE Business License Center records indicate that the owner of Firewater Bar & Grill II, Inc., has applied for a Group "A" Cabaret license for 107-111 E. Milwaukee and that owner and premises have met the requirements of Chapter 30 of the 1984 Detroit City Code for the issuance of the required City business licenses for the location.

After investigation and review, the Detroit Police Department Liquor License Unit, on behalf of the Chief of Police, has recommended the issuance of a new dance-entertainment permit to Firewater Bar & Grill II, Inc., for 107-111 E. Milwaukee. Review of available records did not reveal any MLCC violations at the location within the preceding twelve (12) months.

Upon this Body's approval of the request for the issuance of a new dance-entertainment permit and the issuance of a Group "A" Cabaret license to Firewater Bar & Grill II, Inc., the location will be approved for patron dancing and entertainment on the premises. Pursuant to Sections 916(1) and 916(2) of the Liquor Control Code, being MCL 436.1916(6)(1) and MCL 436.1916(6)(2), the issuance of a dance or entertainment permit does not allow for adult entertainment, such as topless activity, in a licensed establishment.

Due to the fact that this request for approval of the issuance of a dance-entertainment permit does not concern an activity permit for a nonconforming use under the Detroit Zoning Ordinance, Chapter 61 of the 1984 Detroit City Code, the consideration of this petition is unaffected by the Temporary Moratorium approved by resolution of City Council on February 4, 2008. Therefore, the Law Department recommends that this matter be referred to the appropriate Standing Committee for review and consideration of the request for the issuance of a new dance-entertainment permit to Firewater Bar & Grill, Inc., at 107-111 E. Milwaukee. Attached is a proposed resolution approving the issuance of the dance-entertainment permit.

If there are any questions or concerns, please do not hesitate to contact our office.

By Council Member Collins:

Whereas, Section 916(10)(b) of the Michigan Liquor Control Code of 1998,

being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located;

Whereas, Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice (Request ID Number 438195), which has been designated by the City Clerk as Petition Number 2258;

Whereas, The Local Approval Notice requests approval by City Council of a request by Firewater Bar & Grill II, Inc., for the issuance of a new dance-entertainment permit, in conjunction with a "Class C" licensed business at 107-111 E. Milwaukee.

Whereas, City of Detroit zoning district maps indicate that 107-111 E. Milwaukee is in an M3 (General Industrial) zoning district;

Whereas, Pursuant to Section 61-10-62 of the Detroit Zoning Ordinance, Chapter 61 of the 1984 Detroit City Code, the use of this location for a cabaret or for the sale of beer or intoxicating liquor for consumption on the premises is a conditional use;

Whereas, Buildings and Safety Engineering Department ("B & SE") has reported that the current legal use of the location is 'Standard Restaurant, Class "C" Bar and Nightclub' per Building Permit Number 90051, dated March 21, 2006, and B & SE Grant Number 9-03;

Whereas, The use of 107-111 E. Milwaukee for a Group "A" Cabaret is permitted subject to compliance with all relevant state codes and rules and City ordinances, including the issuance of the required City business license(s) to Firewater Bar & Grill II, Inc., for the location;

Whereas, Pursuant to Section 5-7-1 of the 1984 Detroit City Code, a Group "A" Cabaret business license is required for an establishment open to the public which sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without dancing;

Whereas, B & SE Business License Center records indicate that the owner of Firewater Bar & Grill II, Inc., has applied for a Group "A" Cabaret license for 107-111 E. Milwaukee and that the owner and premises have met the requirements of Chapter 30 of the 1984 Detroit City Code for the issuance of the required City business licenses for the location;

Whereas, After investigation and review, the Detroit Police Department

Liquor License Unit, on behalf of the Chief of Police, has recommended the issuance of a new dance-entertainment permit to Firewater Bar & Grill II, Inc., for 107-111 E. Milwaukee;

Whereas, Review of available records did not reveal any MLCC violations at the location within the preceding twelve (12) months;

Whereas, Upon this Body's approval of the request for the issuance of a new dance-entertainment permit and the issuance of a Group "A" Cabaret license to Firewater Bar & Grill II, Inc., the location will be approved for patron dancing and entertainment on the premises;

Whereas, Pursuant to Sections 916(1) and 916(2) of the Michigan Liquor Control Code, being MCL 436.1916(6)(1) and MCL 436.1916(6)(2), the issuance of a dance or entertainment permit does not allow for adult entertainment, such as topless activity, in a licensed establishment;

Whereas, Because this request for approval of the issuance of a dance-entertainment permits does not concern an activity permit for a nonconforming use under the Detroit Zoning Ordinance, Chapter 61 of the 1984 Detroit City Code, the consideration of this petition is unaffected by the Temporary Moratorium approved by resolution of City Council on February 4, 2008; and

Whereas, The Detroit City Council has considered the Local Approval Notice for the approval by City Council of a request by Firewater Bar & Grill II, Inc., for the issuance of a new dance-entertainment permit, in conjunction with the transfer of ownership of a Class "C" licensed business at 107-111 E. Milwaukee.

Now Therefore It Is Resolved, Pursuant to Section 916(10)(b) of the Michigan Liquor Control Code, being MCL 436.1916(10)(b), that the Detroit City Council approves the issuance of a new dance-entertainment permit to Firewater Bar & Grill II, Inc., for a Group "A" Cabaret at 107-111 E. Milwaukee; and

It Is Further Resolved, That a copy of this Resolution, and the City Clerk's certification of this approval of MLCC Request ID Number 438195, be forwarded to the Michigan Department of Labor and Economic Growth, Liquor Control Commission, 7150 Harris Drive, P.O. Box 30005, Lansing, MI 48909-7575, the Detroit Police Department, Liquor License Unit, 7310 Woodward, Detroit, MI 48202, and the Buildings and Safety Engineering Department Business License Center, 105 Coleman A. **City Planning Commission**

March 17, 2008

Honorable City Council:

Re: Request of Fusco, Shaffer & Pappas Inc. to amend Article XVII, District Map 58 of Chapter 61 of the 1984 Detroit City Code, Zoning, to show an R4 (Thoroughfare Residential District) where an M3 (General Industrial District) is presently shown at 811-873 Oakman Blvd. (RECOMMEND APPROVAL) (Ordinance attached) (Introduce & Set Public Hearing).

**REQUEST**

Fusco, Schaffer & Pappas, Inc. has submitted a request to amend Article XVII, District Map No. 58 of the Detroit Official Zoning Ordinance to show an R4 (Thoroughfare Residential District) zoning classification at 811-873 Oakman Blvd. where there is currently an M3 (General Industrial District) zoning classification on the property generally bounded by Oakman Blvd. on the north, Woodrow Wilson Ave. on the west, Detroit/Highland Park City Limits on the east, and Kendall Ave. on the south.

**PROPOSAL**

In the City of Detroit, there is a void of places for young people to live who are aging out of the foster care system. Many are left with no place to go and no supervision to transition into society. This rezoning will allow for the building of 24 two-bedroom units at 800 square feet each intended for low/moderate income families. Half of the units will serve young adults, ages 18-22, who have aged out of the foster care system.

**ANALYSIS**

An analysis of the proposed rezoning shows its consistency with the existing land uses that have been developed in the area, and future planned revitalization of the area. There is presently a park being developed on the southeast corner of Woodward Wilson and Oakman. A senior citizen housing complex is just south of the development and there are plans to create a more residential setting in the area. The M3 zoning is no longer appropriate due to the declining industrial base particularly in the area of the proposed rezoning. This abandonment includes the old Sanders plant and the AT&T (Yellow Pages) building. The subject parcels are presently vacant, overrun with vegetation and in need of redevelopment.

Focus:Hope has begun to initiate assistance for homeowners in the neighborhood and have received Home Repair funding through the Community Development Block Grant program to assist residents; they also have plans to redevelop the area with in-fill housing. They are responsible for the park development on the corner just to the west of the subject parcel. There is already a

senior citizens complex and scattered residential homes just to the south of the subject property, and this multi-family development would further encourage the redevelopment of the area.

**PUBLIC HEARING RESULTS**

The City Planning Commission held a public hearing on January 10, 2008 on this rezoning request. There was a representative from Focus:Hope to speak in support of the proposal, and no opposition expressed to the proposed rezoning. Focus:Hope did express concern with all 24 units being young adults because of the potential for problems. However, the petitioner had already agreed to limit those units designated for foster care young people to 12.

**MASTER PLAN**

The subject site is located within the Durfee Subsector of the Near Northwest Sector of the Detroit Master Plan of Policies. The property to be rezoned consists of eleven vacant lots in one parcel. The proposed rezoning from M3 to R4 would not create any non-conforming uses and would be consistent with the Master Plan. The Recommended Future General Land Use map indicates Medium Density Residential (RM) for the subject area. The Planning and Development Department was represented at the public hearing and spoke on the consistency of this rezoning with the Future General Land Use in the Detroit Master Plan of Policies.

**RECOMMENDATION**

Based on the CPC staff analysis of existing land uses in the area and the compatibility of the proposed rezoning with the Master Plan of Policies, the City Planning Commission voted to recommend approval of the proposed rezoning at its meeting of January 10, 2008. The attached ordinance has been approved as to form by the Law Department and is ready for introduction and scheduling of a public hearing.

Re: Correction of Legal Entity Development: Parcel 374; generally bounded by Korte, Essex, Marlborough & Ashland.

On July 28, 2006, (Detroit Legal News, August 17, 2006, Pg. 7), your Honorable Body authorized the sale of the above captioned property to Jewell's Place International, a Michigan Non-Profit Corporation, for the purpose of constructing thirty-one (31) single-family homes for sale.

It has come to our attention that the name of the legal entity was issued in error. Accordingly, the sale of Jewell's Place International, a Michigan Non-Profit Corporation should be amended to show Alter Commons, LLC, a Michigan Limited Liability Company, as the buyer. This developer possesses the qualifications and has indicated potential financial resources necessary to acquire and develop the land in accordance with the Development Plan.

We, therefore request that your Honorable Body adopt the attached resolution authorizing an amendment to the sales resolution to reflect a name change in the purchaser from Jewell's Place International, a Michigan Non-Profit Corporation to Alter Commons, LLC, a Michigan Limited Liability Company.

The development is a 10-story high-rise building consisting of 208 1-bedroom and 12-bedroom apartments located at 17300 Southfield Road. The units were completed in 1983 as a Section 8 project. The Section 8 subsidies will remain in place until March, 2024. The development is under contract to be sold to Greenhouse 2006 LDHALP.

Financing for this project is being negotiated with the Department of Housing and Urban Development (HUD) for approximately \$6.6M dollars. Michigan State Housing Development Authority has awarded Low Income Tax Credits to the partnership.

It is intended that the property be renovated and made available to elderly households whose incomes are at or below 60% of the Area Median Income.

The partnership plans substantial rehabilitation to the development to include replacement of: boilers and chillers, cabinetry, countertops, sinks, disposals and vanities; replacement of vinyl flooring and carpeting and appliances on an as needed basis. Energy efficiency will be emphasized in the replacement of windows and door-walls.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA125.1415A).

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of 4% of the net shelter rent.

Re: Petition No. 2284 — Small Plates  
Detroit, for Outdoor Café Seating  
(March 31, 2008 through November  
30, 2008) at 1521 Broadway Avenue.

The above named Petitioner has requested permission to have outdoor café service, a day ahead of the typical April to November operation. Small Plates would like to offer outdoor café seating on Tigers Opening Day which falls on March 31, 2008.

The Planning and Development Department (P&DD) is in support of this action as we feel that it will be a desirable feature in the downtown area, where Tiger fans can be served with food and beverages. In anticipation of the warmer weather, outdoor seating shall complement the excitement and enhance the vitality of the sport/entertainment district of the City.

The Department of Public Works/City Engineering Division (DPW/CED) and the Police Department has approved this petition provided that the café meets the regulation set by the "Outdoor Café Guidelines" as supported by the City Council and guided by Chapter 58, Section 50-2-8.1 of the City Code.

The Food Sanitation Section of the Environmental Health Services approved this petition, subject to petitioners strict adherence to the 1999 Food Code, Food Law of 2000 and City Ordinance, Chapter 21.

It is the recommendation of the Planning and Development Department that the Petitioner's request be granted subject to terms and conditions provided in the attached Resolution.

By COUNCIL MEMBER COLLINS, Joined By ALL COUNCIL MEMBERS:

WHEREAS, According to the U.S. Department of Labor, Bureau of Labor Statistics, in 2007 Michigan had the highest unemployment rate in the nation at 7.2%, its highest since 1993. The national average is 4.6%. The January, 2008 Metro Detroit unemployment rate is 8.6%, nearly twice the national average; and

WHEREAS, The high levels of unemployment in Metro Detroit and Michigan have contributed to a protracted economic downturn in the State. According to the U.S. Department of Labor, Bureau of Labor Statistics, Michigan has lost 19% of its manufacturing jobs since 2002 and job losses continue to occur. In February, 2007, Chrysler Corporation announced plans for 13,000 layoffs over the next three (3) years; and

WHEREAS, In February, 2008, nine hundred eleven (911) workers were laid off from Chrysler's Jefferson North Assembly Plant located in the City of Detroit. This represented nearly one-third of the workers and eliminated the second shift at the assembly plant; and

WHEREAS, Government sponsored remedies are necessary pursuant to the duty to protect the public safety, health and welfare, which are threatened by the high unemployment rates in metro Detroit. The Trade Adjustment Assistance (TAA) program assists trade-affected workers who have lost their jobs as a result of increased imports or shifts in production out of the United States; and

WHEREAS, If the worker group meets the necessary group eligibility criteria, a certification will be issued enabling individual workers to apply for services and benefits through a local One-Stop Career Center to determine individual TAA eligibility. These services and benefits depend on what is needed to return the worker to employment and may include: re-employment services, relocation assistance, job

search allowances, training, income support, and/or health coverage tax credits; and

WHEREAS, The President of United Auto Workers Local 7, Dale Hunt, has filed a petition with the U.S. Department of Labor's Division of Trade Adjustment Assistance (DTAA) requesting certification of the Jefferson North workers as adversely affected by foreign trade; and

WHEREAS, The TAA petition submitted to the DTAA by Local 7 includes data that the Jeep Grand Cherokee and the Jeep Commander lost 18.4% of the market share of the mid-SUV/CUV segment and unit sales of Jefferson North's products have declined 19.2%; and

WHEREAS, This data supports the Local 7 petition that jobs at the Jefferson North Assembly Plant have been negatively impacted by U.S. foreign trade policy; and

WHEREAS, The City Council has a vested interest in Detroit citizens having the benefit and opportunity of employment; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby supports the Trade Adjustment Assistance petition filed by United Auto Workers Local 7; and BE IT FURTHER

#### RESOLUTION

By Council Member Tinsley-Talabi:

Whereas, On March 30, 2008, Ms. Vanessa Winston of 23520 Margareta, Detroit, MI 48219 appeared before the Public Health and Safety Standing Committee and reported that she has been dealing with severely damaged sewer lines near her home since February, 2007; and

Whereas, Ms Winston states that as a result of the damaged sewer lines raw sewerage regularly backs up into Ms. Winston's basement so that it is necessary for her to shovel up the waste, haul it to the curb, and then disinfect her basement with bleach to the extent of using

gallons daily to try to rid her home of the stench; and

Whereas, Ms. Winston, repeatedly, has been in contact with the Detroit Water and Sewerage Department in an attempt to get this problem corrected; and

Whereas, In response to one of Ms. Winston's calls, a City contractor came to her street and filled a large hole in the street, caused by the damaged sewer lines, with concrete but did not repair the damaged lines thus perpetuating the problem and making it even more difficult to repair; and

Whereas, Ms. Winston was told that since the damaged sewer line is at the owners connection, in the middle of the street, that it is her responsibility to have the City of Detroit street excavated and the line repaired; Now, Therefore Be It

Resolved, That the Detroit City Council urges the Mayor's Office and the Detroit Water and Sewerage Department to do whatever is necessary to repair the sewer lines immediately, at no cost to Ms. Vanessa Winston, accept responsibility for repair to these damaged sewer lines in the City's Right-Of-Way, and Be It Further

Resolved, That Ms. Vanessa Winston be reimbursed for the expenses she has incurred associated with the sewerage back-up over the last year from these damaged sewer lines; and Be It Finally

Resolved, That the Detroit City Council directs the City Clerk to send a copy of this approved resolution to the Mayor and the Water and Sewerage Department.

#### COMMUNICATIONS FROM MAYOR AND OTHER GOVERNMENTAL AGENCIES Mayor's Office

April 2, 2008

Honorable City Council:

Re: Proposed Ordinance to amend Chapter 41, Article II, of the 1984 Detroit City Code, by amending Sections 41-2-1, 41-2-2, 41-2-3, 41-2-21, 41-2-23, 41-2-24 and 41-2-25, etc., to clarify the areas where vendors are authorized to operate within the City; to clarify certain requirements for stationary vendors; to clarify license and registration requirements for persons who aid or assist licensed vendors; and to establish hours of operation for vendors.

On March 25, 2008, your Honorable Body adopted to amend proposed ordinance to amend Chapter 41, Article II, of the 1984 Detroit City Code, by amending sections 41-2-1, 41-2-2, 41-2-3, 41-2-21, 41-2-23, 41-2-24 and 41-2-25, etc.

After considerable thought and careful consideration, the intended positive impact of the amendment against the unintended deleterious impacts to the existing business community and, ultimately its impact on the quality of life for all Detroiters.

Although clearly intended to offer an economic alternative to the many Detroiters who are suffering from unemployment and under-employment, the unintended impact of the amendment may undermine the City's existing tax paying businesses and restaurants that are also struggling in the current economy. The concept is to offer Detroit's unemployed, poor, and veterans an economic alternative, however it is my experience that well financed street vendors would push Detroit's poor unemployed veterans out of business.

It is for this reason stated that I must *veto* the proposed amendments to the ordinance.

Sincerely,  
KWAME M. KILPATRICK  
Mayor

#### City Planning Commission

April 1, 2008

Honorable City Council:

Re: Request from Newberry Hall Development LLC to approve an Obsolete Property Rehabilitation District for the Helen Newberry Nurses Home, located at 100 East Willis Avenue (Recommend Approval).

The Planning and Development Department (P&DD) has requested that the City Council approve the application of Newberry Hall Development LLC to approve an Obsolete Property Rehabilitation District for the Helen Newberry Nurses Home, located at 100 East Willis Avenue, at the southwest corner of E. Willis Ave. and John R Road. This request is in accordance with the Obsolete Property Rehabilitation Act (Act 146 of 2000).

#### Requirements for an Obsolete Property Rehabilitation District

According to Act 146 (MCL Section 125.2784), the City Council may approve this application for an Obsolete Property Rehabilitation District because the property is an obsolete property in an area characterized by obsolete commercial property or commercial housing property. The property is "obsolete" because it is unable to be used for the function for which it was intended due to a substantial loss in value, due to, among other things, all mechanical, electrical, and plumbing systems having to be replaced.

The City Planning Commission (CPC) staff received a copy of the petition for the establishment of a district that was submitted to the City. The application indicates that the project will have the reasonable likelihood to increase commercial activity, create employment, and revitalize the area.

#### City Planning Commission Staff Review

The developer of the project, Newberry Hall Development LLC, is in the process of redeveloping the three story building into 28 rental residential units. Projected investment in the project is a total of approximately \$3,840,000. The developer is owned by Ernie Zachery, a Detroit resident and business-owner, Mike Prochaska, a Detroit business-owner, and the Jonah Company. The developer has committed to "emphasize the utilization of local Detroit contractors and subcontractors."

#### Zoning and Master Plan Review

The Future Land Use shown in the Lower Woodward subsector of the Woodward sector of the Master Plan for this site is SRC (Special Residential/Commercial) and the zoning for the property is R5 (Medium Density Residential District). The proposed use of the site follows the Master Plan and is permitted as a matter of right in the R5 district. The Historic Designation Advisory Board is reviewing a petition for inclusion of this property in the National Register of Historic Places.

#### Recommendation

Based on CPC staff's review, we are convinced that the Obsolete Property Rehabilitation District is necessary to the financial feasibility of this project. Further, from our review, we conclude that the project meets the criteria for the designation as a district and has the potential to contribute to the revitalization of the area. Therefore, CPC staff recommends approval of the application.

#### City Planning Commission

April 1, 2008

Honorable City Council:

Re: Special District Review of Proposed Exterior Signage at 1 Washington Boulevard.

The Zoning Ordinance requires your Honorable Body to approve any permit application related to work that would involve the exterior of a building in the Public Center (PC) zoning district or the Restricted Central Business (PCA) District.

The Banner Sign Company has applied to the Buildings and Safety Engineering Department on behalf of the SAE World Congress (April 14-17, 2008) for a permit for a temporary sign on the exterior of Cobo Arena at 1 Washington Boulevard. Article XVII, Zoning District Map No. 1 of

the Detroit Zoning Ordinance identifies 1 Washington Boulevard as zoned PC.

The permit application is for one (1) 26-foot by 52-foot banner, which is proposed to be displayed on the north facade of the arena.

As provided in Sec. 61-3-182 of the Zoning Ordinance, any such application must be reviewed by the City Planning Commission (CPC) and the Planning and Development Department (P&DD) as part of the Special District Review process. CPC staff finds the proposed temporary sign as relating to the premises where it is to be displayed and to be permissible under Sec. 61-12-442 of the Zoning Ordinance. CPC and P&DD staff have completed their review and are prepared to sign off on the plans prepared by Banner Sign Company. The sign would be displayed not earlier than April 8, 2008 and removed by April 22, 2008.

We respectfully recommend adoption of the attached resolution to authorize the Buildings and Safety Engineering Department to issue a temporary sign permit for the proposed alterations.

Because the Cobo Center regularly displays temporary signage relative to conventions and exhibitions on the premises, your Honorable Body may wish to suggest to the Civic Center Department that it pull sign permits at the Buildings and Safety Engineering Department for each of the locations on the hall and arena where event-related exterior signage is attached or displayed. We note that mounting hardware is already in place at Cobo Arena. If B&SE were to issue permits at specified locations for "changeable copy, event-related, on-premises business signage," then the Civic Center Department could handle the display of the temporary signs in-house and Council's case-by-case approval would not be needed.

Temporary signage in conjunction with a convention center does not typically present the same aesthetics and compatibility concerns as would permanent changes to the exterior of buildings in the PC and PCA Districts. CPC staff does not recall any instance where P&DD, this office, or your Honorable Body has rejected a temporary sign permit application at Cobo. The "special district review" provisions of the Zoning Ordinance make no distinction between temporary and permanent uses or structures or signs. Oftentimes, sign contractors work with little lead time to meet event schedules outside their control.

Respectfully submitted,  
MARCELL R. TODD, JR.

Director

By Council Member Collins:

Whereas, The Banner Sign Company has applied to the Buildings and Safety Engineering Department for a permit to display a temporary sign on Cobo Arena

at 1 Washington Boulevard in conjunction with the SAE 2008 World Congress; and

Whereas, Zoning District Map No. 1 of Article XVII of the Detroit Zoning Ordinance, Chapter 61 of the 1984 Detroit City Code, indicates that 1 Washington Boulevard is located on land zoned PC (Public Center District); and

Whereas, Sec. 61-12-442 of the Detroit Zoning Ordinance authorizes the issue of temporary sign permits; and

Whereas, Article III, Division 6 of the Zoning Ordinance requires special district review by the City Planning Commission and the Planning and Development Department for uses, alterations, and signs in the PC District; and

Whereas, The City Planning Commission staff and the Planning and Development Department have reviewed the plans prepared by the Banner Sign Company for one (1) banner measuring 26' X 52' and found the temporary sign to be suitable in size and placement and appropriate to the temporary event on the premises.

Now, Therefore, Be It Resolved, Detroit City Council approves the proposed temporary sign at 1 Washington Boulevard for the SAE 2008 World Congress being held at the Cobo Center, April 14-17, 2008 and authorizes the Buildings and Safety Engineering Department to issue a temporary sign permit for the period April 8, 2008 through April 22, 2008; and

Be It Further Resolved, That the City Clerk forward a copy of this resolution to the Buildings and Safety Engineering Department.

Adopted as follows:

Yeas — Council Members S. Cockrel, Collins, Jones, Kenyatta, Reeves, Tinsley-Talabi, Watson, Conyers, and President K. Cockrel, Jr. — 9.

#### City of Detroit

#### Brownfield Redevelopment Authority

April 10, 2008

Honorable City Council:

Re: 4830 Cass Avenue Brownfield Redevelopment.

The enclosed Brownfield Plan for the 4830 Cass Avenue Redevelopment Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on March 25, 2008 to solicit public comments. At its March 18, 2008 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On April 3, 2008, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

#### Project Introduction

UrbCamCom/WWSU, I, LLC is the project developer (the "Developer"). The Plan entails the demolition of existing buildings and the construction of a five story mixed use commercial building that will include retail and parking on the ground floor, and 64 residential student apartments on the four levels above. The apartments are being modeled after other urban campus apartments that allow for a shared living space with separate access to secured suites. Total project investment is estimated at \$13,000,000. The Developer is requesting a \$1,000,000 Michigan Business Tax (MBT) credit on an eligible investment of \$10,000,000. The Developer is also requesting Tax Increment Financing (TIF) capture of \$484,218.

#### Property Subject to the Plan

The property comprising the eligible property consists of two parcels: 4828 Cass Avenue and 4846 Cass Avenue which are situated on the eastern side of Cass Avenue, south of Warren Avenue and north of Hancock Street in Detroit's Midtown.

#### Basis of Eligibility

The Property is considered to "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for a commercial purpose; (b) it is located within the City of Detroit, a qualified local government unit under Act 381; and (c) the Property is determined to be a facility as defined by Act 381.

#### Eligible Activities and Projected Costs

The "eligible activities" that are intended to be carried out at the property are considered "eligible activities" as defined by Sec. 2 of Act 381, because they include Baseline Environmental Assessment activities, investigation of due care obligations, demolition, lead and asbestos abatement, and development and preparation of a brownfield plan and a work plan. The following activities and budgeted costs are intended as part of the development of the Property and are to be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt.

#### Tax Increment Financing (TIF) Capture

This Plan intends to capture tax increment revenues for financing costs of eligible activities under this Plan. Following is a table of estimated costs of those eligible activities for the 4830 Cass Avenue project.

#### ESTIMATED COST OF ELIGIBLE ACTIVITIES

Description of Eligible Activity	Estimated Cost
1. Brownfield Plan	\$10,000

March 6, 2008

Honorable City Council:

Re: Petition No. 1677 — Groundwater and Environmental Services Inc. (GES)/Shell Oil, request permission to encroach with three (3) monitoring wells within the East-West public alley in the block bounded by West Eight Mile Road, Hessel, Glastonbury, and Rosemont.

Petition No. 1677 of "Groundwater and Environmental Services Inc. (GES)/Shell Oil" requests permission to install and maintain three (3) monitoring wells within the East-West public alley, 20 feet wide, in the block bounded by West Eight Mile Road, 204 feet wide, Hessel Avenue, 60 feet wide, Glastonbury Avenue, 60 feet wide, and Rosemont Avenue, 60 feet wide. The purpose of the bored wells is to monitor the existence or extent of soil contamination from leaking underground fuel storage tanks (a/k/a "L.U.S.T.").

The encroachment petition was referred to the City Engineering Division — DPW for investigation and report. This is our report:

The Department of Environmental Affairs (DEA) is responsible for developing and implementing a coordinated and comprehensive environmental policy for the City of Detroit, including soil remediation from leaking underground fuel storage tanks. To ensure public safety DEA will review the petitioner's environmental

activities prior to the issuance of city permits. A Right-of-Entry is required by DEA prior to contractor field activity.

Soil borings and monitoring well installations are equivalent to an "open cut" in a public street or alley. Necessary permits have to be obtained for any street or alley opening, backfill, surface restoration, barricade, or occupancy of city rights-of-way to install monitoring wells. The City Engineering Division — DPW will require the permit applicant to secure approval of project plans from the Department of Environmental Affairs.

It is the responsibility of "Groundwater and Environmental Services Inc. (GES)/Shell Oil" to give reasonable and proper notice to any abutting property owner(s) before commencing any open cut or boring operations within public rights-of-way.

The enforcement of fire safety regulations and building codes is the responsibility of the Fire Marshal and Buildings and Safety Engineering Department. Generally, the Fire Marshal and Buildings and Safety Engineering Department report no objections to the placement and maintenance of permanent L.U.S.T. monitoring well encroachments within public rights-of-way.

DTE Energy (DTE) reports involve, but no objections provided that the requested encroachments do not disturb the overhead lines in the encroachment area.

The Water and Sewerage Department (DWSD) requires free and easy access to water main and/or sewer facilities at all times to permit proper operation, maintenance, alteration or repair of DWSD sewers, drains, water mains, fire hydrants, catch basins, sewer and water manholes (and any other DWSD facilities). The proposed permanent monitoring wells are not allowed to be built over DWSD facilities or hinder movement of DWSD maintenance equipment.

All other involved City departments and privately owned utility companies request the petitioner(s) make use of "Miss Dig" facilities before any soil borings or permanent monitoring wells are installed in public (street or alley) rights-of-way.

Finally, the City Engineering Division — DPW requires "Groundwater and Environmental Services Inc. (GES)/Shell Oil" to submit certified "as built" drawings, a map and survey, showing the exact location of the petitioner's completed permanent L.U.S.T. monitoring well installations within public rights-of-way.

In accord with Detroit Code (Sec. 50-1-9), there is an appropriate resolution, granting the encroachment petition, attached for consideration by your Honorable Body.

Respectfully submitted,

JESSY S. JACOB  
Interim City Engineer  
City Engineering Division—DPW

By Council Member Tinsley-Talabi:

Whereas, The Department of Environmental Affairs (DEA) is responsible for developing and implementing a coordinated and comprehensive environmental policy for the City of Detroit, including soil remediation from leaking underground fuel storage tanks. To ensure public safety DEA will review the petitioner's environmental activities prior to the issuance of city permits; also

Whereas, The State of Michigan requires that all underground storage tanks be registered and inspected for leaks. Also, the "State" has mandated the replacement of leaking tanks including removal (and proper disposal) of contaminated soil; also

Whereas, Any L.U.S.T. can contaminate soil and diminish the value of surrounding properties, including public rights-of-way. The taxpayers of Detroit invested substantial capital in the acquisition, site preparation, insurance, and maintenance of public rights-of-way. Finally, it is in the interests of public health, safety, and welfare to detect the presence of hazardous materials and/or soil contamination from L.U.S.T.(s); therefore be it

Resolved, The City Engineering Division — DPW is hereby authorized and directed to issue permits to "Groundwater and Environmental Services Inc. (GES)/Shell Oil", at the site of 18321 West Eight Mile Road to install and maintain three (3) monitoring wells encroaching within public rights-of-way for the purpose of detecting the presence of hazardous materials and/or soil contamination from any leaking underground storage tank (L.U.S.T.); said public right-of-way being nearby or adjoining property described as follows:

Land in the City of Detroit, Wayne County, Michigan being adjacent to and adjoining Lots 20 through 32, both inclusive, and Lots 96 and 145 all in the "Southfield Gate" a subdivision of the N.E. 1/4 of the N.E. 1/4 of Section 2 T.1S., R.10E., City of Detroit, Wayne County, Michigan as recorded in Liber 63, Page 60, Plats, Wayne County Records;

Encroachment to consist of three (3) "permanently (meaning more than thirty days, or other long-term duration)" installed L.U.S.T. monitoring wells; being nearby or adjoining the above described property, within the following public rights-of-way:

3 wells — in the East-West public alley, 20 feet wide, between Glastonbury and Rosemont Avenues.

Provided, That nothing in this resolution shall be construed as giving any authority, permission or grant to the permittee for any part of the encroaching L.U.S.T. monitoring wells to be placed upon the surface or underground rights of privately owned property. Enforcement of violations of fire safety regulations and building codes is

the responsibility of the Fire Marshal and the Buildings and Safety Engineering Department. The petitioner shall apply to the Buildings and Safety Department for approval and permits to place any monitoring wells on privately owned property (if necessary); and further

Provided, It is the intention of this resolution to authorize the City Engineering Division — DPW (prior to the issuance of "encroachment" permits) to require the permit applicant to perform any reasonable task to protect public property interests including, but not limited to, the submission of engineering plans (containing construction details and distances from property lines) of the proposed encroaching L.U.S.T. monitoring wells. The City Engineering Division — DPW shall require the permit applicant to secure approval(s) of said plans from the Department of Environmental Affairs. Also, the City Engineering Division — DPW may require the permit applicant to secure approval(s) of said plans from Wayne County, the State of Michigan, other city departments (including commissions, authorities, corporations, councils, boards, contractors, and agencies whenever applicable) and/or utility companies; whether Wayne County, the State of Michigan, other city departments and/or utility companies are specifically enumerated in this resolution or not; and further

Provided, Said L.U.S.T. monitoring well encroachments shall be maintained under the rules and regulations of the City Engineering Division — DPW, the Department of Buildings and Safety Engineering, and the Fire Marshal in accord with Detroit Code Section 50-1-9 and 10; and further

Provided, Whenever it becomes necessary to open-cut, drill, bore, jack, occupy or barricade public rights-of-way for additional test holes or maintenance of the monitoring well installation(s), such work shall be according to detailed permit application drawings (to be submitted by the petitioner or their assigns, subject to city department review and stamp approvals) prior to any public right-of-way construction (including, if necessary, adjustments or removals); and further

Provided, It is the responsibility of "Groundwater and Environmental Services Inc. (GES)/Shell Oil" to give reasonable and proper notice to any abutting property owner before commencing any (permitted) open cut or boring operations within public rights-of-way; and further

Provided, Said encroaching L.U.S.T. monitoring well installations shall be according to the specifications of the Public Lighting Department (PLD). Monitoring wells drilling equipment shall use "care and caution" to clear PLD overhead power lines; PLD requires the installer to maintain a minimum ten feet

horizontal clearance at all times. The proposed permanent monitoring wells are not allowed to be built over PLD facilities (maintain a minimum of 3.00 feet horizontal clearance from any underground PLD facilities and/or manholes). The fixed encroachments shall not hinder movement of PLD maintenance equipment; and further

Provided, Said encroaching L.U.S.T. monitoring well installations shall be according to the specifications of the Water and Sewerage Department (DWSD). DWSD requires free and easy access to water main and/or sewer facilities at all times to permit proper operation, maintenance, alteration or repair of DWSD sewers, drains, water mains, fire hydrants, catch basins, sewer and water manholes (and any other DWSD facilities). The proposed permanent monitoring wells are not allowed to be built over DWSD facilities or hinder movement of DWSD maintenance equipment; and further

Provided, All costs for the construction, maintenance, permits and use of the encroaching L.U.S.T. monitoring wells shall be borne by the petitioner. Should damages to utilities occur, the petitioner shall be liable for all incidental repair costs and waives all claims for damages to the encroaching installations; and further

Provided, If it becomes necessary to repair or replace the utilities located or to be located in the public rights-of-way, by the acceptance of this permission, the petitioner(s) for themselves, their heirs or assigns, waive claims for any damages to the encroaching installations and agree to pay the costs incurred in the removal, if their removal becomes necessary, and to restore the property affected to a condition satisfactory to the City Engineering Division — DPW at the petitioner's expense; and further

Provided, That the encroaching L.U.S.T. monitoring wells shall be installed and maintained with a secure frame and cover, so as to fit flush within the public sidewalk, berm, or pavement grade. All public rights-of-way shall be maintained safe and convenient for public travel. The petitioner shall be liable for all claims, demands, costs, damages, expenses, and causes of action of every kind and character arising in favor of any person, or other legal entity on account of personal injuries or death or damage to property caused by or claimed or alleged to have arisen out of failure to properly install and maintain any encroaching L.U.S.T. monitoring well. The installation and maintenance of said encroachments shall comply with the rules and regulations of the City Engineering Division — DPW and Traffic Engineering Division — DPW; and further

Provided, That petitioner shall file with the Finance Department and/or City Engineering an indemnity agreement

approved by the Law Department, saving and protecting the City of Detroit from any and all claims that may arise there from. Also, the petitioner shall be required by the Law Department in conjunction with the Finance Department — Risk Management Division to present proof of financial capability (bonds or insurance) to pay any claims, damages or expenses that may arise as a result of L.U.S.T. monitoring well(s) placement, installation or maintenance in public rights-of way; and further

Provided, That said permittee shall be subject to any tax under the provisions of the General Property Tax Act which may be levied against it pursuant to law; and further

Provided, That no other rights in the public streets, alleys or other public places shall be considered waived by this permission which is granted expressly on the condition that said encroachments shall be removed at the expense of the permittee at any time when so directed by the City Council, and the public property affected shall be restored to a condition satisfactory to City Engineering Division — DPW at the permittee's sole cost and expense; and further

Provided, That said permits issued by the City Engineering Division — DPW and/or the Buildings and Safety Engineering Department are granted with the distinct understanding that in the event the City Charter, or Detroit Code(s), or ordinance(s), or resolution(s), or City policies (governing the placement of encroachments in public rights-of-way) are amended to provide for levying thereafter, of a fee, charge or rental, to be hereafter determined upon, for the occupancy of public streets, alleys or other public places, that the permittee will pay said fee, charge or rental provided for in said Charter, or code(s), or ordinance(s), or resolution(s), or policies; also said permittee does hereby bind itself thereunto, and to accept said permits on the conditions hereby imposed, and in the event said permittee shall contest the validity of said Charter, or code(s), or ordinance(s), or resolution(s), or policies of said fee, charge or rental, or upon refusal to pay same, issued permits shall immediately become void; and further

Provided, That the grade shall be maintained in original condition after installation of the wells with flush covers for the holes; and further

Provided, This resolution is revocable at the will, whim or caprice of the City Council, and permittee hereby waives any right to claim damages or compensation for removal of encroachment(s), and further, that the permittee acquires no implied or other privileges hereunder not expressly stated herein; and further

Provided, That the petitioner shall apply to and become a participating member of

April 9

"Miss Dig" to comply with Michigan Public Act 53 of 1974, "Protection of Underground Facilities (460.701-460.718)"; and further

Provided, The filing of the indemnity agreement and the securing of the necessary permit(s) referred to herein shall be construed as acceptance of this resolution by the permittee; and further

Provided, That the encroachment permit shall not be assigned or transferred without the written approval of the City Council; and further

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds; and be it further

Resolved, The petitioner, "Groundwater and Environmental Services Inc. (GES)/Shell Oil", shall submit "as built"

drawing(s) sealed by a professional engineer or surveyor registered in the State of Michigan to the City Engineering Division — DPW within 30 days after obtaining the necessary "encroachment" permit to install three (3) proposed monitoring wells. Said "as built" drawing(s) shall furnish a complete means of identifying and ascertaining the precise position of every part of the "encroachment(s)" with courses, distances, and depth throughout (containing City of Detroit datum), so that it may be determined with certainty where any portion of the "encroachment(s)" has been built. Copies of the certified "as built" map(s) and survey(s) shall be an "appendix" to this City Council resolution. Said "appendix" shall be recorded by the City Engineering Division — DPW in the Wayne County Register of Deeds.

On October 21, 1992, your Honorable Body established neighborhood enterprise zones. I am in receipt of seventeen (17) applications for Neighborhood Enterprise Zone Certificates. Re: Seventeen (17) Neighborhood Enterprise Zone (NEZ) Certificate Applications for 3100 Woodward in the Crystal Lofts Building NEZ (Recommend Approval).

The City Clerk's Office forwarded to this office Seventeen (17) applications from 3100 Woodward LLC for Neighborhood Enterprise Zone (NEZ) certificates within the Crosswinds Communities Brush Park NEZ. The Crosswinds Communities Brush Park NEZ. The Crosswinds Communities Brush Park NEZ designation was approved by your Honorable Body on July 17, 1996.

Certificates are being requested for units 201-213 and 301-304 of 3100 Woodward.

The properties involved are confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. 3100 Woodward LLC has applied for the certificates, prior to the issuance of building permits, on behalf of future owners who will occupy the property. It is appropriate for the developer to apply for certificates at this time even if buyers have not yet been identified. The State Tax Commission, however, will not issue a certificate until an owner is identified. When an owner is identified, he or she can then apply for the certificate. At that time, it would not be necessary for City Council to pass another resolution.

3100 Woodward LLC proposes to rehabilitate the existing building into condominium units. The developer will need to submit to the State Tax Commission a list of the parcels that are to receive the certificates with a map showing the parcels.

Please contact Mr. Gregory Moots of my staff at 224-2110 with any further questions.

#### City Planning Commission

April 1, 2008

Honorable City Council:

Re: Special District Review of Proposed Exterior Signage at 1 Washington Boulevard.

The Zoning Ordinance requires your Honorable Body to approve any permit application related to work that would involve the exterior of a building in the Public Center (PC) zoning district or the Restricted Central Business (PCA) District.

The Banner Sign Company has applied to the Buildings and Safety Engineering Department on behalf of the SAE World Congress (April 14-17, 2008) for a permit for a temporary sign on the exterior of Cobo Arena at 1 Washington Boulevard. Article XVII, Zoning District Map No. 1 of the Detroit Zoning Ordinance identifies 1 Washington Boulevard as zoned PC.

The permit application is for one (1) 26-foot by 52-foot banner, which is proposed to be displayed on the north facade of the arena.

As provided in Sec. 61-3-182 of the Zoning Ordinance, any such application must be reviewed by the City Planning Commission (CPC) and the Planning and Development Department (P&DD) as part of the Special District Review process. CPC staff finds the proposed temporary sign as relating to the premises where it is to be displayed and to be permissible under Sec. 61-12-442 of the Zoning Ordinance. CPC and P&DD staff have completed their review and are prepared to sign off on the plans prepared by Banner Sign Company. The sign would be displayed not earlier than April 8, 2008 and removed by April 22, 2008.

We respectfully recommend adoption of the attached resolution to authorize the Buildings and Safety Engineering Department to issue a temporary sign permit for the proposed alterations.

Because the Cobo Center regularly displays temporary signage relative to conventions and exhibitions on the premises, your Honorable Body may wish to suggest to the Civic Center Department that it pull sign permits at the Buildings and Safety Engineering Department for each of the locations on the hall and arena where event-related exterior signage is attached or displayed. We note that mounting hardware is already in place at Cobo Arena. If B&SE were to issue permits at specified locations for "changeable copy, event-related, on-premises business signage," then the Civic Center Department could handle the display of the temporary signs in-house and Council's case-by-case approval would not be needed.

Temporary signage in conjunction with a convention center does not typically present the same aesthetics and compatibility concerns as would permanent changes to the exterior of buildings in the PC and PCA Districts. CPC staff does not recall any instance where P&DD, this office, or your Honorable Body has rejected a temporary sign permit application at Cobo. The "special district review" provisions of the Zoning Ordinance make no distinction between temporary and permanent uses or structures or signs. Oftentimes, sign contractors work with little lead time to meet event schedules outside their control.

Respectfully submitted,  
MARCELL R. TODD, JR.

Director

By Council Member Collins:

Whereas, The Banner Sign Company has applied to the Buildings and Safety Engineering Department for a permit to display a temporary sign on Cobo Arena at 1 Washington Boulevard in conjunction with the SAE 2008 World Congress; and

Whereas, Zoning District Map No. 1 of Article XVII of the Detroit Zoning Ordinance, Chapter 61 of the 1984 Detroit City Code, indicates that 1 Washington

April 9

2008

Boulevard is located on land zoned PC (Public Center District); and

Whereas, Sec. 61-12-442 of the Detroit Zoning Ordinance authorizes the issue of temporary sign permits; and

Whereas, Article III, Division 6 of the Zoning Ordinance requires special district review by the City Planning Commission and the Planning and Development Department for uses, alterations, and signs in the PC District; and

Whereas, The City Planning Commission staff and the Planning and Development Department have reviewed the plans prepared by the Banner Sign Company for one (1) banner measuring 26' X 52' and found the temporary sign to be suitable in size and placement and appropriate to the temporary event on the premises.

Now, Therefore, Be It Resolved, Detroit City Council approves the proposed temporary sign at 1 Washington Boulevard for the SAE 2008 World Congress being held at the Cobo Center, April 14-17, 2008 and authorizes the Buildings and Safety Engineering Department to issue a temporary sign permit for the period April 8, 2008 through April 22, 2008; and

Be It Further Resolved, That the City Clerk forward a copy of this resolution to the Buildings and Safety Engineering Department.

#### RESOLUTION

By COUNCIL PRESIDENT PRO TEM. CONYERS, Joined By COUNCIL MEMBERS WATSON, JONES, and REEVES:

WHEREAS, The Finance Department, Purchasing Division has issued a Request for Proposal (RFP) to provide Towing Management Services which would allow one towing company to manage the entire towing process for the City of Detroit; and

WHEREAS, The RFP indicates that a successful bidder should have the minimum qualification of coordinating the performance of at least 500 or more tows per month.

WHEREAS, City Council has received many complaints protesting the issuance of the RFP, specifically complaining that the provisions of the RFP favor one towing company which could potentially have the effect of putting the other smaller towing companies out of business; and

WHEREAS, As indicated in the RFP itself, the Detroit Police Department has managed the towing contracts for towing

services provided in the City of Detroit, and

WHEREAS, Under the RFP, the towing management functions would change from the City of Detroit to a private towing company in possible violation of the Privatization Ordinance. NOW THEREFORE BE IT

RESOLVED, That Detroit City Council urges Finance Department, Purchasing Division and the Detroit Police Department to rescind the RFP for towing management and to not issue another RFP until at least 2010.

# CITY COUNCIL

## (ADJOURNED SESSION)

(All Action of the City Council appearing herein is subject to reconsideration and/or approval of the Mayor.)

Detroit, Monday, April 14, 2008

Pursuant to adjournment, the City Council met at 12:30 P.M., and was called to order by the President Kenneth V. Cockrel, Jr.

Present — Council Members Jones, Kenyatta, Reeves, Tinsley-Talabi, Watson, and President K. Cockrel, Jr. — 6.

There being a quorum present, the City Council was declared to be in session.

### PUBLIC COMMENTS FOR ADJOURNED SESSION ON MONDAY, APRIL 14, 2008

**Anna Holden** represents the Coalition for a new business model. We are aware this has great implications for budget. We urge City Council to look at our proposal (Resolution to Adopt a New Business Model for Solid Waste in the City of Detroit and Change the GDRRA Mission and Purpose). We also urge you to reach out to the public and hold public hearings. We appreciate your cooperation.

**Chris Lezchner** represents the Wayne State Environmental Group and supports the "Resolution to Adopt a New Business Model for the recycle of Solid Waste." We love the city and we want to raise our children in the City. We're the only City without a recycling program.

**David Morrison** supports the resolution. It's not just our air, it's the whole regions air. This is just not the City of Detroit problem. I recycle every Saturday, but that's not the whole city. There is no curbside pick up and I want curbside pick up. I feel that my taxes should be going toward curbside pick up for recycling.

**JoAnn Jackson** voiced concerns about the Livernois Median. We have met with the City Council Research and Analysis Division regarding Phase 2. They have already dug up Phase 2 and there have been two (2) accidents in the past week. The resolution was dated June 12, 2007 and was approved June 13, 2007. We have been fighting since June of last year and the Department of Public Works seems to be ignoring Council.

**Giselle Coleman** voiced complaint of hospital services. Approximately two (2) weeks ago, my twenty-seven (27) year-old, unemployed son called me

because he was in a lot of pain and his chest was hurting and he was having trouble breathing. All of the confident and pride I have in this City and being a proud resident of Detroit, I recommended that he go to Detroit Receiving Hospital. It is my understanding Receiving Hospital takes care of the poor and our indigent. I went to Detroit Receiving Hospital to check on my son and there was no blood work done, no x-rays and no urinalysis. The doctor told my son that nothing was wrong with him and he went home. A couple of days later, my son called me again crying and I told him to call 911. I told him that when the unit gets there to explain his history and to take you to another facility. They took him to Henry Ford Hospital. Henry Ford Hospital took an x-ray and told my son that he had fluid on his lungs. They gave him muscle relaxers and sent him home. The very next day my son went to a clinic on V. Vernor and Canfield. My son was waiting for someone to assist him because he was having chest pains. In the background, I could hear an individual, who I later found out was a doctor threatening to call the police if he would not leave. I contacted my other son and told him to go and get your brother to take him to Oakwood Hospital in Dearborn, Michigan. When I got to Oakwood Hospital, they had given him an EKG, drew blood and had him on oxygen and were working him up to see the doctor. Once he had seen the doctor and they had ran tests. I found out that he had pneumonia and at that point, they found out that he had blood clots in his heart. My problem is why do our citizens have to go outside the City of Detroit to get health care? *Council Member JoAnn Watson requested Ms. Coleman to explain that same story this Wednesday at 2:00 p.m. to the Detroit Wayne County Health Authority Meeting. Council Member Watson also stated she will add her to the agenda. Council Member Tinsley-Talabi requested a report from Detroit Receiving Hospital, Henry Ford Hospital and the name of the Clinic.*

**Marie Handley** voiced concerns regarding the Livernois Median. Phase 2 has begun and we came to City Council with our concerns about the impact this have on businesses. We have been to the Department of Public Works and the Mayor's Office and no one has addressed the points that we have raised. Most of us that live in the area are really distributed that other neighborhoods and other businesses in the city are also affected by this Livernois Median. How is the work going to be stopped and how is the rights of people in businesses protected by this?

April 14

786

2008

*Council Member JoAnn Watson stated that she would like to ask the attorneys what can we do to halt this? City Council Research and Analysis Division Director stated nothing.*

**Wisam Zeinel**, proud paramedic of the Detroit Fire Department EMS Division. Hearing this young lady speak, this is a story that happens everyday in our City. It's not just within the hospitals or the clinics, but it is within our own Division. A division ran by the City of Detroit. Our Division has been around just over thirty (30) years. We're at a point now where things have to change and I here to humbly ask for your support and your resources and there's not adequate manpower and there's not adequate leadership within our division to respond to the demand that we have for our citizens. I will be contacting many of your offices to try to get a minute of your time. People are dying and we're at a point now where things have to change.

**Dicie Williams** voiced concern about violations on her home. An unlicensed builder used someone else license to pull a city permit. The Law Department dismissed the tickets against both the builders and the tickets that they dismissed were issued for having no license. I have a home with outstanding violations on it. The City of Detroit has retracted the Certificate of Acceptance and nobody is being held responsible for the repair or the addressing of these violations. I filed a complaint with the State of Michigan and they don't understand why the City of Detroit is dismissing the tickets. I asked for a commentary from the Law Department and they have not responded. The property is located at 18495 Stahelin. *Council President Kenneth V. Cockrel, Jr. requested that we refer this matter to the Public Health and Safety Standing Committee for a response. Council Member Alberta Tinsley-Talabi stated that City Council Research and Analysis Division is working with her office on this.*

**Gregory Powell**, resident of the City of Detroit and homeowner. I brought a home here. The Detroit Leasing Company went to the court without me knowing and now the judge is evicting me from my home. I happen to go on the internet to find out that this Detroit Leasing Company committed the same fraud to the City of Detroit. I have all my paperwork, but now I got an eviction notice from 36th District Court telling me and my family that we have to be gone by April 21, 2008. We have been living in this house for four (4) years and I have my own deed. I need some help to keep my house because we only got three or four days. *Council*

*President Kenneth V. Cockrel, Jr. stated that his staff member Victor Marsh would work with Mr. Powell to see what assistance we can line up.*

**RESOLUTION TO ADOPT A NEW BUSINESS MODEL FOR SOLID WASTE IN THE CITY OF DETROIT AND CHANGE THE GDRRA MISSION AND PURPOSE**

By ALL COUNCIL MEMBERS:

WHEREAS, A new business model for treatment of the City's solid waste will provide significant opportunity for City Council to take positive action to help the City embrace a vital economy and healthy

2008

neighborhoods, and to move Detroit toward being clean and green; and

— By May 31, 2008, a decision must be made about whether to continue contracts to operate the Resource Recovery Facility (the incinerator); and

WHEREAS, The City should treat its waste as a stream of commodities that is increasing in value each year as oil prices increase and the global demand for paper, plastic and metal continues to skyrocket; and

— recovering those commodities, instead of burning them, will serve as the basis for greater job creation, economic development and community vitality and add to the City's tax base; and

— recycling our waste, rather than burning it, will strengthen our community, build character in our children, protect their health, give them jobs and provide them with hope for a clean and green city to grow up in and take over as the next generation; and

WHEREAS, Recycling collection technologies are now advanced to best practices through affordable single stream curbside recycling collection with very efficient and low cost single stream recycling material recovery facilities (MRFs) and highly effective household recycling incentive systems; and

— recycling incentive systems (such as RecycleBank) have demonstrated that they are able to motivate citizens of all types to understand how recycling can benefit both their community and their individual lives through coupon based incentive systems; that could result in more than \$1 billion in household purchase value being earned by Detroit residents in the next ten years for groceries, fuel and other essentials, entertainment and more; and

WHEREAS, The City of Detroit is surrounded by a highly competitive landfill marketplace, with sufficient years of landfill capacity provided by the four largest landfill companies in the nation, all willing to take complete risk for the solid waste generated by the City over the next twenty years that cannot be sold, recycled, reused or composted; and

— that landfill capacity is available to the City at rates that are at or below \$13/ton at the landfill gate and below \$30/ton at transfer stations conveniently located for the City's collection vehicles; and

WHEREAS, The participation by the City of Detroit in the Greater Detroit Resource Recovery Authority (GDRRA) Resource Recovery Facility (RRF) has resulted in a loss of wealth, public health, environmental quality and overall quality of life for the City and its residents over the last 20 years; and

— the operation of the RRF has significantly contributed to unacceptable levels

of risk to public health (including death) for the City's at-risk population of youth, adults and elderly evidenced by asthma rates that are much higher than those of the surrounding region; and

WHEREAS, There is no necessity for a special role the City can or should play in providing for the long term steam heating needs of the downtown area, since there are private firms with such expertise that would welcome the opportunity to competitively bid for the right to provide steam to that system; and

— there is no financial or environmental reason for the City to burn its waste or take on any financial burden or risk associated with burning of its waste; and

WHEREAS, The Detroit City Council has studied these issues and taken input from citizen's and interested parties through its participation in GDRRA and its own Task Force on Environmental Justice; and

— applauds GDRRA's increases in recycling drop off sites in FY 2007-08 as a first, but only first, step toward a new business model;

NOW, THEREFORE, BE IT RESOLVED, That the Detroit City Council is committed to a less costly, healthier and more economically attractive waste disposal system that can be initiated at the beginning of FY 2008-09 with the cooperation of all entities of City government, including GDRRA; and

Council will only support a budget proposal for waste disposal for FY 2008-09 that includes assurances of the following provisions:

- A systematic plan adopted by GDRRA to transform Detroit's solid waste system to one of materials recovery utilizing a materials recovery facility (MRF) with comprehensive curbside recycling, and landfills to supplement this system;
- Confirmation that GDRRA will by May 31, 2008, give notice to appropriate recipients of its intention to phase-out the utilization of the Detroit municipal waste incinerator; and

- Passage of amendment(s) to the Agreement between the City and the GDRRA for Solid Waste Management Services, to allow for a pilot curbside recycling program FY 2008-09; and

- A FY 2008-09 GDRRA budget proposal allocating resources for a transition from incineration to materials recovery and landfilling, including a pilot curbside recycling program; and

- Notice that GDRRA is allocating financial resources for independent expertise to assist in making the transition to begin in FY 2008-09.

Honorable City Council:

Re: Resolution urging the Finance Department Purchasing Division and the Detroit Police Department to rescind the Request For Proposal (RFP) for towing management.

On Wednesday, April 9, 2008, your Honorable Body adopted a resolution urging the Finance Department Purchasing Division and the Detroit Police Department to rescind the Request For Proposal (RFP) for towing management.

There have been major concerns and problems with towing in the City of Detroit. Vehicles have been stolen and/or vandalized while in the City's authorized tow possession. An audit was conducted by the City of Detroit Auditor General's Office in 2005 and via the audit findings resulted to various shortcomings with the City's towing process. The Auditor General initiated its audit in a response to complaints by citizens and the Detroit Police Department staff and authorized towing companies and how they handle the process.

The Detroit Police Department realizes a better structure should be created to effectively manage the towing process. To this end, the department is implementing a new operational structure that will centralize our towing process. The Request For Proposal (RFP) issued by the City of Detroit Finance Department Purchasing Division indicates a management company is optimal to assist the Police Department with better control over the process. It is my belief the aforementioned will be beneficial to the citizen and increase revenue to the City.

I understand that towing companies are concerned about the unknown and believe their business will be negatively affected by the implementation of a new management company over the towing process. The Detroit Police Department is committed to meet with the towing companies to hear their concerns and further explain our intentions and the process. The Request For Proposal that was issued is the beginning stage of implementation of a service that is in need of change.

It is for these reasons I must **veto** the above referenced resolution.

Sincerely,  
KWAME M. KILPATRICK  
Mayor

Honorable City Council:

Re: Resolution to Adopt a New Business Model For Solid Waste in the City of Detroit and Change the GDRRA Mission and Purpose.

On Monday, April 14, 2008, your Honorable Body adopted a resolution to adopt a new business model for solid waste in the City of Detroit and change the GDRRA mission and purpose.

The City of Detroit Greater Detroit Resource Recovery Authority (GDRRA) is currently conducting fact-finding evaluations and has submitted a Request For Proposal to identify an organization to provide a feasibility assessment as to if we should maintain GDRRA or to eliminate the incinerator. There are many things that must be considered before we decide to close the incinerator.

The City of Detroit is committed to increasing the use of recycling within our community. However, in order to effectively transition to recycling and landfill the department must be very strategic in the implementation. A key component for successful implementation is a comprehensive education program for the citizens and the City must find an end-user for the recycled material.

Operational expenditure is significant with any new business model. Therefore, one should recognize the additional funding required for capital cost for truck and containers as well as increased staffing levels of employees as it relates implementing this new business model.

Although, the cost of landfill is reasonable today, prematurely determining to close our incinerator we limit our options and the price will ultimately increase. I have not made a determination on what steps we should take and I respectfully request your Honorable Body provide me additional time to conduct an extensive review of this matter.

It is for these reason, I must **veto** the above referenced resolution.

Sincerely,  
KWAME M. KILPATRICK

Honorable City Council:

Re: Proposed Ordinance to Amend Chapter 27 of the 1984 Detroit City Code, Human Rights, to add the category of Gender Identity or Expression as a Protected Group.

On Wednesday, April 9, 2008, your

Honorable Body adopted the ordinance to amend Chapter 27 of the 1984 Detroit City Code, Human Rights, to add the category of Gender Identity or Expression as a Protected Group.

It is my belief that adding gender identity or expression, as a protected category to our Human Rights Ordinance is unnecessary. The Human Rights Department has been very vigilant in protecting the rights of all of the citizens of Detroit. Currently, the Human Rights Department investigates complaints if an individual is being discriminated against because of their race, color, religious belief, national origin, age, marital status, disability, residence, public benefit status, sex and sexual orientation.

The Human Rights Department has opined that sexual orientation will cover the majority of issues that the transgender population may experience. To this end, mandating proper education and training to businesses and units of government on the transgender population is essential.

Implementing this ordinance could have unintended consequences that would affect well-intended citizens and businesses that are not aware of the issues of the transgender population.

It is for these reasons, I neither approve nor **veto** the above referenced resolution.

Sincerely,

KWAME M. KILPATRICK  
Mayor

#### PUBLIC COMMENTS

**DR. DAWN FRANCIS:** I have eliminated the word stimulus from my vocabulary. It is a code word people are violating my patent rights and taking advantage of my seeming to be quiet. I don't want to go any further than that, but I want to let you know that that is in the works now. I have reasons for which you will know later.

**MRS. PERSON:** I would like to pass out a paper to all City Council Members about the rules of the City Council to respect those rules. I am also here in regards to the water and sewage. I know it is not on the agenda now, but I would like to see that you don't pass it and raise our water bills again because we are paying too much money now.

**DELLA WILSON:** I'm here for the children at Plymouth and Greenfield. O'Shea Center is closed and the other day there were five police cars and two flatbed cars that drove through the neighborhood and picked up all the portable basketball hoops. We have to open O'Shea Center so the children have a place to play basketball. The other thing I wanted to say is when they found the dead people on Mansfield Street, when they were exhuming the

one body, they let children stand and watch. As adults, we are responsible for children and children in Detroit are being forgotten.

**WATSON:** Council Members have been fighting for recreational facilities especially O'Shea and all nine council members have supported a resolution which will put 14-17-year-olds to work with money that this Council took out of block grant. It will be convenient for all over the city and not certain children.

**TINSLEY-TALABI:** I thought we were trying to reopen O'Shea.

**K. COCKREL:** There was a proposal from a non-profit organization to reopen it and operate it more or less the same fashion that Jim Holley did with the Considine Recreation Center. That is what I recollect.

**TINSLEY-TALABI:** Can we receive a report on that?

**WATSON:** We have selected a May 31st date for youth to come and begin the proces of signing up for available spots with regards to summer jobs.

**CONYERS:** Maybe we should ask RAD to do a resolution asking the Police Department to make sure children are not witnessing crime scene investigations such as the one mentioned.

With regards to the young man's death at King High School, it was alleged that the school doors were locked and we want to make sure that we have a resolution that they do not lock the doors so that emergency response personnel can get inside the buildings.

**DELORES TONEY:** Council has answered my question already. I was concerned about the summer employment for our youth as well. I was told this year that my 15 and 16-year old would not be eligible because there was no funding. I was wondering if Council would consider trying to find some money within the city's budget to keep our youth busy during the summer.

**JOANN JACKSON:** Regarding the Tunnel Deal and Pension, I think the Council should not vote on the tunnel because I think it is a very bad deal. Regarding the pension, we (my husband) have not received any raises only a 13th check.

**KATHLEEN LEAVY (Law Dept.):** We just received from the actuary the identification of the individuals who are entitled to that raise that Council passed and it will be acted on within the next 30 days.

**ZELINE RICHARD:** With regards to the Livernois median, when I was last here, I spoke in terms of those of us in Martin Park being blocked in. Construction should be stopped and not do anything

April 24

810

2008

about north, east, south, and west at Puritan Street. Residents of Martin Park cannot turn left at Livernois going south; and traveling west we can't turn left at Livernois going north.

**WATSON:** The Council has passed a resolution twice saying no to Phases II and III on Livernois.

**RUDELL HOLMES:** I'm trying to keep my house. I've already installed back steps, seven windows, but I need three more windows and a front door. I'd also like to invite the entire Council to a dinner at my church.

**GLORIA ROCHA:** With regards to petition #2367 (Cinco de Mayo Celebration), we urge you to please support it and give us the waivers we need to be able to continue this festive event that makes Detroit such a good place to come, live, and play in.

**KERWIN WIMBERLEY (Mayor's Office):** I've talked to the department on this and there are a lot of issues that are still outstanding with regards to this. We would like to pull this from New Business, talk to them, and bring it back. Every year we have major concerns and issues with this.

**K. COCKREL, JR.:** It is on our agenda for a vote, and we are going to keep it on our agenda for vote, and if there are any issues that need to be worked out, they can be worked out after we vote.

**BILL WELBORN (President, Blackstone Association):** We have a business in our area on 8 Mile and Sorrento called "Four Wheels, Inc." They've been in there for quite awhile, but they are trying to make a manufacturing business out of their place of business which is causing a lot of problems in the neighborhood with paint fumes day and night and the noise which is bothering the neighbors. This is a B-2 zone and there is no manufacturing allowed in a B-2 zone.

**CAROL CONWAY:** I'm having severe headaches from the fumes when being exposed to this factory located at 12933 W. 8 Mile. They are refurbishing old wheels for cars. They claim they are getting these wheels from junkyards and from other people. I'm worried about the other people whether or not they are allowing people off the street to bring in wheels. I've called Environmental Control two times on them because of the pollution and fumes and I was told they need a filtration system which they haven't gotten yet. They are a light manufacturing company and do not have approval from the Zoning Board to be there, but they are operating. City Council, we don't want to lose our health.

**ROBERT GLENN:** I live in that area and don't plan to buy another house just because somebody else wants to come in and bring their business in where they don't want their business in their own neighborhood. I'm here supporting what has been said. This is a B-2 zone and the reason why we are coming to you is because you are the only one who gives us any action at all, be it the administration, you can call them all day or all month, but you will not get any results in our area. There is a Michigan law #1253470 which states, "Anything that is part of a nuisance that is in the community, you have the right to check into it." We are asking you to check into this for us.

**S. COCKREL:** *I recommend that we refer the matter to the City Planning Commission for review because it sounds like there is a zoning violation there and we need to ask CPC to work with the organization to get appropriate zoning inspectors out there to deal with this issue.*

**WATSON:** Mr. Glenn is a respected, long-term member of the City Planning Commission. People have been violating zoning codes regularly doing what they want because they think nothing is going to happen. *I think the Law Department and Research and Analysis Division should address the Michigan Compiled Law #1253470 that anything deemed a nuisance in the community can be invalidated by local legislators. We should get that with respect to not only this issue, but the Russell Woods Association which is having to sue to block a nuisance in our neighborhood where people are paying taxes. An institution has been developed in violation of the city code and in violation of Planning & Development's hearing which denied it, but it got granted by the Buildings & Safety Engineering Department after Planning and Development denied it and after the Zoning Board denied it.*

**COLLINS:** *I think this should be referred to the City Planning Commission and the Buildings and Safety Engineering Department and ask for a report back in three weeks and send a copy of the report to the petitioner.*

**JONES:** *I ask that it also be referred to the Department of Environmental Affairs and get a report back from them and have a line item to the correct committee and copy to all council members.*

**MUBARAK HAKIM:** We are having difficulties with the vending association downstairs with regards to bringing up

our vending license there. They are constantly harassing us about information and giving us the runaround about the extension of our vending license which we are not getting. The different locations that we are supposed to be at, once they go and look at the location, they are telling us that we can't be at those locations and it is a continuation of a hassle. Also, we would like to know if it is possible to get our vending license extended because what they are doing is giving us a temporary license and it is only until May 6th. Mothers' Day is coming up on May 11th, but we need the extension for May 9th through May 11th in order to vend Mothers' Day weekend.

**WATSON:** I think we should urge the administration to work out all these challenges with the vendors. The reason Council passed the ordinance was to increase greater access for vending in the city and so that they can have greater access to vend. They should not be disrespected. We've already asked the Research and Analysis Division the last time we met to draft a resolution to extend their temporary licenses until all of the new licenses have been received. We don't want any interruption in local vendors, taxpayers, and citizens of Detroit being able to vend in the city. That was the whole purpose of the ordinance. The staff in room 105 acts as though they don't understand that a new ordinance is new law and took immediate effect. ***Maybe we should have a public hearing on the staff of Buildings and Safety Engineering and the staff of room 105 (Business License Center) who do not understand what Council has approved for vendors to be able to make money and take care of their families in the city.*** I'd be interested in your suggestion on it, Mr. President, because we don't want these kinds of complaints every time we meet.

**JONES:** As Member Watson stated, we passed a resolution or asked that a resolution be drafted so that they don't have to continue to come back to extend their temporary licenses until they are able to get their permanent license to vend.

**WATSON:** Is that something we can vote on today?

**K. COCKREL:** That is a question from RAD, but my sense is that we can't vote on that today, but we can hear from RAD on that question.

**LATIFA LATIFAH:** I'm very upset with the way that Mr. Bosco has dealt with me. I was with him this morning at my location on Chene St. between Lafayette and Larned which used to be a Farmer Jack supermarket. He said that if

Council overrode the Mayor's veto, that I could set up anywhere in this area, but the next day he told me I had to fill out these applications they came up with that ask you to list three locations you would like to vend. He told me not to put my primary location on there because if it is approved by his partners, he will just give me the location. I don't need him to give me a location. I've paid for one location, and I want to be in a location that is legal so that no one can call the police and tell me I have to move. After Council overrode the Mayor's veto, he told me it was a no-go and he is having problems with this and has to have two of his guys to investigate the area. He said there were all of kinds of zoning and traffic problems with me setting up there. Out of that large location, he told me this morning that the only place in that area that I can set up at is at the curb between a dumpster and a zoning pole.

**WATSON:** Vendors have an opportunity to vend where it is legally permissible and economically feasible. Mr. Bosco is an employer of the city and gets paid by the city. He is trying to counter a City Council ordinance to improve vending in the city. Madame President Pro Tem., ***I'd like to have a public hearing on Mr. Bosco, his boss, and anybody else who thinks they can stand in the way of City Council ordinances.*** Ordinances have the weight of law and if you break the law, you should go to jail. We fought too long for this vending ordinance.

**CONYERS:** ***It will be put under Neighborhood and Community Services and we will ask for Mr. Bosco and Mr. Meah to come up. Also invite the Law Department.***

**WATSON:** ***I will ask the clerk to put the vending issue back on the Neighborhood and Community Services agenda next Thursday*** and I want all of the vendors who have been mistreated to show up.

**ZEYNABOU AFIKA TOURE:** Last Friday at my location at Livernois and Margareta in front of Service Center Credit Union, Mr. Bossow approved my location. I have two reasons why I'm not happy: 1) They will not accept my social security number and said I had to have a tax ID number, but it clearly states in the ordinance that one may use a tax ID, social security, or federal ID. I have federal ID, as well as my social security; 2) there have only been two or three locations that have been approved and none of those persons except for myself worked on the task force that was organized to implement the ordinance change. Dennis Bossow is trying to divide and conquer and we are an

April 24

812

2008

organized and mobilized body and we are not going to take it. We demand that we have our licenses so that we may tend to our business and establish our clientele. I was approved last Friday and have missed a week of work. I would truly appreciate being able to receive my license therefore I can take care of my business and my family's business. Thank you.

**HANIFA A. RAHMAN:** I was here a couple of weeks ago because Mr. Bossow stated that there were no provisions for what I do. The language states, *"Stationary vendors shall only be allowed in the Central Business and Cultural Center area and should only be allowed to sell the following items: Accessories which shall be limited to handbags, sunglasses, umbrellas, wallets, balloons, craft items, including baskets, pottery, jewelry, leather, quilts, woodcarving and needlecraft, coffee, frankfurters as approved by the Department of Health and Wellness Promotion, confections, and non-potentially hazardous snack food, ethnic apparel, and clothing which is limited to wearing apparel that is particular to a specific nationality distinguished by custom, heritage, or language, flowers, fragrance and incense, fresh fruit, and hand-drawn portraits or characters created on the spot."* I do face painting and henna. Mr. Bossow took it upon himself to say that I could put in an application but he couldn't approve it based on what I do and in his opinion, face painting and henna is only good during special events. I really don't think that is his call to make, first of all, and I respectfully ask that the Council would amend this if they have to, to approve that that is what I want because on the other pages where stationary vendors in the neighborhoods and not in the Cultural area, all the things that were listed were scratched off, so that led me to believe that there was no limit on what could be sold in the neighborhood. I wasn't asking for an application for the downtown area, just in my neighborhood.

**ABDUL REHEEM:** I'm president of the African World Market Association. I received my permanent location on Woodward and Warren two weeks ago. Dennis Bossow gave me some words about the president of Wayne State University that he had to check to make sure everything was legal. We have a big problem, Mr. President, down in room 105 and in the Buildings and Safety Engineering Department. We are being treated like we are not even citizens. What I'm requesting from the Council is that if we can get our temporary license extended until we can

solve this problem that would be great. Currently it has been extended to May 6th and we are asking it be extended until we can clear up this matter with BSE.

**CHRISTINE DAVIS:** I'm with AC Towing. We went before the Detroit Board of Police Commissioners and they were really surprised when we expressed to them what was going on with that RFP. Many of them do not know what is going on, so we did enlighten them. I've seen the price list of the impound fees and storage charges that one of the companies charge and right now the citizens pay \$75 for the impound fee and \$8 for the storage fee. If one tow management comes in and gets this business, it is going to go up to \$168 for the impound and they charge by the quarter hour, too. Don't oppress our citizens anymore because they are the one who are going to have to pay.

**BRAD HORTON:** We do not have an existing contract with the city; however, we are utterly concerned with if a monopoly comes in and takes over as a management company, we are not going to be able to purchase vehicles as we normally do for the past 15 or 20 years. It will not only affect the towing industry and towing marketing here in the city with your existing contractors, it is going to affect everybody who is also selling the parts to our public. I urge the Council to help us and try to come up with some type of resolution to resolve this issue.

**GASPAR BUREK(sp):** We urge you to override the Mayor's veto. The answers we received from Purchasing are very unclear. We think this RFP is a bad policy. There is no company in this room in support of this RFP. We are not just towing companies, we are storage companies and holding yards. This RFP is unheard of. I'm here in opposition to this whole RFP. Thank you.

**TOM STIDHAM:** I'm counsel to 23 of the large and small towers here today. We are united for the sole purpose of urging this Council to vote yes to override the Mayor's veto or the resolution related to the towing. This RFP is bad policy. It will not further the interest of the economy here in the City of Detroit and it will have, in our opinion, an ultimate affect of really stifling competition in the city. It won't reengineer the towing process the manner in which the auditor general sought to reengineer the process. We ask this Council to send the administration a resounding yes and override the Mayor's veto.

April 24

813

2008

**GREGORY ERRIGO:** If this RFP goes through, I will be out of business big time. Not just myself, but everybody else. There is nothing good that could come out of this resolution. There are different ways of getting things accomplished. We wish to be a team with the City of Detroit. The Police Department never even sat with us to discuss this and get to the same objective they are trying to get to which is to make more money for the city which we are all for it. This is a poor and bad idea on this RFP that is being presented to us. Please stop this in its track and vote yes to override the Mayor's veto.

**Fire Department**

March 11, 2008

Honorable City Council:  
Re: Regional Response Team Network description and acceptance of donated vehicle.

The Detroit Fire Department has been recognized by the Michigan State Police, Homeland Security/Emergency Management Division as one of the 15 Regional Response Teams (RRTN), which forms a statewide network. This is being done in

concert with the National Rationalization initiatives.

The mission of the RRTN is to rapidly respond to and assist jurisdictions in effectively addressing the consequences of critical incidents involving weapons of mass destruction (WMD), and to accelerate a coordinated response of regionally based HazMat teams and state resources that are CBRNE (Chemical, Biological, Radiological, Nuclear and Explosives) capable. In short, the City of Detroit will provide a response and receive the same in our City if necessary.

The response and assistance may include pre-deployment of assets in crisis management activities due to a potential threat within the State of Michigan. They will provide assessments and presumptive identification of most CBRNE agents and substances, along with the following:

- Advise the Incident Commanders and emergency responders.
- WMD technical assistance to Local, State and Federal responders.
- Technical support to special operations teams.
- Scene stabilization and rescue.
- Recon of WMD scenes.
- Liaison with FBI and other Federal agencies.

As part of the network, the department has agreed to provide up to sixteen (16) Fire Fighters and EMT's to respond when called upon, or to participate in regional training and exercises, maintain equipment in a serviceable condition and response to emergencies outside of the City of Detroit. As such, through the State Police, the Fire Department has been provided with a \$233,153.13 response vehicle, \$93,000.00 rescue equipment and \$129,500.00 Mass Decon Trailer. I humbly request that this Honorable Body approve the acceptance of the vehicle and rescue equipment from the State of Michigan.

It is my belief that as the largest fire department in the State, in a City that could be a potential target, it was imperative that we become part of this network. The RRTN will bridge the gap between the Local and Federal response to this City and other Cities within the State of Michigan, if required.

Re: Address: 6088-94 14th. Name:

In response to the request for a deferral of the demolition order on the property

April 24

noted above, we submit the following information:

A special inspection on March 18, 2008 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of March 12, 2008.

The proposed use of the property is owner's use and occupancy.

This is the third deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

The Petitioner has requested permis-

proposed development. The construction  
of the water mains and sewers are to be  
done under DWSD's permit and inspec-  
tion and in accordance with plans  
approved by DWSD. All of the work is to  
be done at the Petitioner's expense at no

because of the dire economic situation in Michigan and the City of Detroit; and

WHEREAS, Many residents have been lured into home mortgages they neither understood nor could afford by predatory, sub-prime lenders; and

WHEREAS, As a result of these practices, foreclosure rates in Michigan and the City of Detroit are among the highest in the nation; and

WHEREAS, The City of Baltimore, Maryland has sued Wells Fargo Bank in federal court alleging it violated fair housing laws through its discriminatory and predatory lending practices; specifically, by singling out African-Americans for high interest mortgages; and

WHEREAS, The City of Cleveland, Ohio has sued twenty-one (21) major banks and mortgage companies in state court under the state's public nuisance law asserting the lenders created nuisances because the mainly sub-prime mortgage loans led to widespread abandonment of homes; the goal being to recover damages for lost property revenues, cost of demolishing homes and cost of policing neighborhoods with high levels of foreclosure; and

WHEREAS, The City of Buffalo, New York has sued twenty-eight (28) lenders and mortgage service companies for alleged violation of state and local nuisance laws and since its City Code provision states that anyone who exercises "dominion and control" over a property (such as an owner, occupant or mortgagee) is liable for demolition costs, the lawsuit seeks reimbursement for demolition costs for fifty-eight (58) specific properties listed in the lawsuit; and

WHEREAS, In addition to sub-prime lending and foreclosure evictions, unscrupulous lending companies can also take advantage of elderly homeowners through reverse mortgages that allow a homeowner to convert a portion of the equity in their home into cash with the most prevalent reverse mortgage scam being the charging of fees (typically between 6% and 10% of the total reverse mortgage amount) for referral information provided free of charge by HUD; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council requests the Michigan Attorney General and the Insurance Commissioner of the State of Michigan to provide the Council with additional information as well as an update on the activities pursued by their respective offices to address potentially illegal lending practices in Michigan, and BE IT FURTHER

RESOLVED, That the Detroit City Council strongly urges the Law Department to conduct an analysis and bring suit against those lenders operating within the City that took advantage of our citizens using deceptive mortgage prac-

tices, contributing to the unprecedented number of foreclosures being experienced in our community; and BE IT FINALLY

RESOLVED, That the Detroit City Council directs the City Clerk to send a copy of this approved resolution to Michigan Attorney General and the Insurance Commissioner of the State of Michigan, and the Law Department.

**Water and Sewerage Department**

April 11, 2008

Honorable City Council:

I am writing to request reconsideration of the City Council's rejection of the proposed Fiscal Year (FY) 2008-2009 water and sewer rates schedules.

The proposed FY 2008-2009 water and sewer rates are designed to generate approximately \$55 million of additional revenue during the fiscal year. The additional revenue is almost entirely targeted to finance capital improvements. Without the revenue from these rates, the Detroit Water and Sewerage Department (DWSD) will need to identify and implement cost reduction measures in operational and capital programs in order to deliver a balanced budget and maintain sound financial performance, including maintaining compliance with the rate covenant and other elements of the bond ordinance. DWSD does not believe that sufficient savings can be achieved to offset the entire revenue shortfall.

The programs that will be targeted to achieve the savings include significant

reduction of overtime, and fewer contractual services. The potential remains for employee layoffs, although this will be a last resort action. These actions will primarily impact maintenance activities, as the Department will need to focus on critical maintenance needs and defer other maintenance activities (more leaks that DWSD will not be able to address). In addition, some capital projects will have to be curtailed or postponed. The projects that will initially be tabled will primarily be those that are designed to ensure reliability of service (such as water main and sewer line replacement) and to achieve future or maintain existing operating efficiencies (such as instrumentation systems). The most critical and essential projects (such as those mandated by the NPDES permit and the Second Amended Consent Judgment) should not be initially affected, as sufficient capital financing should remain to address them in the short term (this fiscal year). If no rate adjustment is given next year, Departmental compliance with federal and state requirements will be jeopardized.

While this curtailment of maintenance and capital activities should not directly impact the Department's ability to comply with the permit and the Consent Judgment in the short term, the scaled back efforts to maintain key equipment could have lingering effects on the ability to meet discharge and other regulatory requirements in the near future.

Of larger concern is the ability to implement future rate increases that will be necessary to finance the ongoing capital program in the years to come. The Department's ability to obtain capital financing from the bond markets (and the State Revolving Fund) is predicated on the market's reliance on the City ability to raise revenues through the rates necessary to meet the repayment obligations of the bonds. The Department presently enjoys favorable bond ratings and financing terms in part due to the City's demonstrated ability to adopt rate levels sufficient to meet obligations. If the rates are not approved for FY 2008-2009, confidence in the Water and Sewer Systems' ability to raise future rates will undoubtedly be called into question. The Department would very possibly be precluded from accessing the bond market (and the low interest financing available from the State Revolving Fund program) until rates were increased — and, if this year's rates are not adopted, the next required rate increase will definitely be much larger than the amount now under consideration. Without the ability to raise capital financing through these vehicles, or through revenues from rates, many of the more critical capital projects would be in jeopardy.

In the short term, these are the major impacts that will result from no rate adjustment for FY 2008-2009:

- Significant decrease of employee overtime, thus reducing the Department's ability to address flooded streets, clogged catch basins, basement flooding and water main leak repair, estimated at \$7 million.
- Reduction in such operations and maintenance services as vehicle replacement, purchase of needed materials and skilled trades services, estimated at \$5 million.
- Reduction of support services contracts for DWSD Instrumentation Services Group, estimated at \$3 million.
- Reduction in purchases of supplies and support services for the Wastewater Treatment Plant, estimated at \$1 million.
- Overall impact of \$14 million to the DWSD operations and maintenance budget, with \$12.6 million in water system cuts to law and berm repair, tree planting, pavement restoration, low voltage wiring projects and equipment purchase and installation services; and \$1.4 million to suburban sewer billing meter repair and maintenance and equipment purchases and installation services.
- Overall capital improvement program reduction of \$75.3 million, with \$35.5 million in water projects and \$39.8 million in sewer projects curtailed or postponed.

Other short term impacts of the loss of an estimated \$1.5 million in new revenue for each week that implementation of the proposed rates is delayed after July 1, 2008 include:

- No implementation of Contract Method Water Rates — postponing the good will and success of five years of negotiating and developing a model water service agreement with our suburban wholesale customers.
- A blow to the City's credibility as a responsible steward of the regional water and sewer utility with negative impact among municipal finance analysts, customer community representatives and regional business leaders.

In the long term, there is the potential for allocation imbalances on Sewer Look-Back adjustments to all customers, retail and wholesale. In addition, there is:

- Potential for return of the DWSD system to Special Administrator involvement.
- Potential for noncompliance with the Safe Drinking Water Act, Clean Water Act and other federal and state laws. With noncompliance come financial penalties and possible sanctions.

Finally, absent approval of the proposed water and sewer rates, the Department will be forced to end any further funding of the Detroit Residential Water Assistant Program beyond the \$2.5 million committed with the passage of the current FY 2007-2008 rates. This will have

an immediate impact upon low-income Detroit residents who are always the most vulnerable of our citizens.

Based on these many factors and their implications, I respectfully ask that the City Council vote on the proposed water and sewer rates by Friday, April 18, 2008 with a waiver of reconsideration.

Respectfully submitted,  
**VICTOR M. MERCADO**  
 Director

On March 26, 2008, a case evaluation panel evaluated the above-captioned lawsuit and awarded One Hundred Sixty-Six Thousand Seven Hundred Fifty Dollars (\$166,750.00) in favor of Plaintiff. # CITY COUNCIL

## (ADJOURNED SESSION)

(All Action of the City Council appearing herein is subject to reconsideration and/or approval of the Mayor.)

**Detroit, Thursday, May 1, 2008**

Pursuant to adjournment, the City Council met at 11:30 A.M., and was called to order by the President Kenneth V. Cockrel, Jr.

Present — Council Members S. Cockrel, Jones, Reeves, Tinsley-Talabi, Conyers, and President K. Cockrel, Jr. — 6.

There being a quorum present, the City Council was declared to be in session.

### PUBLIC COMMENTS FOR ADJOURNED SESSION ON THURSDAY, MAY 1, 2008

**Valerie Burris**, I'm representing the Stahelin Block Club. I would like to thank Council Member Watson and S. Cockrel for answering our questions concerning the Water Department. When the Water Department comes for their hearing, I hope you ask them some really serious questions regarding fraud and intimidation of employees. We would also ask that you vote to remove this Mayor. We have a problem with the Executive Branch and we have a problem with the Executive Board of our Police Department, Law Department and maybe sitting judges. We demand better and we deserve better in our leadership. If any members of this Council have any illegal compromising situation, go to whatever you need to go to because we don't want to hear that on the news. We want this Council to act to remove the Mayor and all those appointees that are causing our suffering.

**Mrs. Person**, I'm from the Bewick Block Club and I'm also a Precinct Delegate. I'm here because we don't have anybody representing us but a few people on the City Council. It takes five to six people to get these things across. We need to put this back as a Nine-Member Council. We as people on the eastside of Detroit do not want what's going on the Westside of Detroit about Livernois. They are getting ready to put it on Jefferson and it's going to hurt us. The senior citizens and the people that live on Jefferson cannot do this. Let's get together and fight for us instead of fighting for somebody else.

**Latifa Latifah**, on behalf of the African American Market Place Association.

We would like to ask City Council to amend the Vending Ordinance to allow for there to be a 10 x 10 tent for the merchant vendors. The tent really serves as a shelter. It also serves as a division of protection and also it distinguishes the vendors.

**Hanifah A. Rahman**, I'm also with the African Market Place Vendors. I would like to emphasize a certain amount of security where your property is because people tend to walk up and take what they want if you don't have something to show this is what you owe. I came here last week and ask that the language be included to allow face-paint painting in the ordinance. I also want to say that I noticed every time I get up here that Sheila Cockrel, when it's time for public comment, she walks away. She gets up and leaves the room. I've been down here just about every Thursday and she always gets up and walks away. Can you please send a message to her saying that she needs to be a part of public comment as well?

Re: Proposed Ordinance to Amend Chapter 55 of the 1984 Detroit City Code, "Traffic and Motor Vehicles," by Amending Section 55-2-24, "Disposition of Parking Violation Notices and Citations," Division 5, "Parking Violations Bureau," Section 55-2-42, "Schedule of Fines, of Reduction for the Prompt Payment of Fines, and of penalties for the late payment of fines, for parking violations," and Section 55-2-44, "Immobilization and Impoundment of Vehicles for Failure to Answer Parking Violation Notices or Citations."

On November 26, 2007, the above-referenced proposed ordinance was transmitted to your Honorable Body. At a discussion that was held at the Public Health and Safety Committee on January 14, 2008, your Honorable Body, through Council Members Alberta Tinsley-Talabi and Sheila M. Cockrel, requested that certain provision of the above-referenced proposed ordinance be reviewed and addressed.

Subsequently, members of the Municipal Parking Department, Council Research and Analysis Division, and the Law Department met, on two occasions, to discuss and to resolve the issues that were raised. As a result, pursuant to the applicable provisions of the 1997 Detroit City Charter, the above-referenced proposed ordinance is being submitted to your Honorable Body for consideration and passage. This proposed ordinance has been approved as to form.

This proposed ordinance amends

Chapter 55 of the 1984 Detroit City Code, "Traffic and Motor Vehicles," by amending Article II, "Administration and Enforcement," Division 3, titled "Parking Violation Notices and Citations," containing Sections 55-2-21 to 55-2-29, Division 5, "Parking Violations Bureau," containing Sections 55-2-41 and 55-2-42, and Division 6, titled "Parking Scofflaw Program," containing Sections 55-2-44 to 55-2-50.

Specifically, the proposed ordinance provides that parking violation notices and citations that are not disposed of as provided by applicable state law and Chapter 55 of the 1984 Detroit City Code are deemed unanswered. The term "unanswered" is significant in the administration of the Parking Scofflaw Program, and, until this amendment, there has been no legal definition of the term. In addition, this proposed ordinance provides that, where a vehicle is registered in another state or country and a parking fine is not paid within thirty (30) days of the date of issuance of a parking violation notice or citation, an additional fifty dollar (\$50.00) penalty shall be being added to the original fine.

Significantly, the proposed ordinance clarifies that immobilization and/or impoundment may occur on any vehicle that is currently registered to an owner where the registered owner has failed to answer six (6) or more parking violation notices or citations regarding illegal parking, which have accrued on any vehicle currently or previously registered to the owner. In addition, the proposed ordinance enables the Municipal Parking Department Parking Violations Bureau to more efficiently administer the Parking Scofflaw Program, sometimes known as the "Boot and Tow Program", by providing that a warning notice of impending immobilization and/or impoundment be prepared and sent fifteen (15) days after the issuance of a sixth (6th) unanswered parking violation notice or citation; by providing that a warning notice of impending immobilization and/or impoundment may be rescinded, among other ways, where the registered owner appears, in person, at the Parking Violations Bureau and enters into and fully complies with a formal payment plan; by providing that a final notice of impending immobilization and/or impoundment be prepared and sent thirty (30) days after either the issuance of a sixth (6th) unanswered parking violation or citation or the failure of the registered owner to take action to rescind the warning notice; by reducing the time for obtaining rescission of a final notice of impending immobilization and impoundment from twenty-one (21) days to seven (7) days; and by providing that a final notice of impending immobilization and/or impoundment may be rescinded, among

other ways, where the registered owner appears, in person, at the Parking Violations Bureau and enters into and fully complies with a formal payment plan.

Moreover, this proposed ordinance provides notice of impoundment to any secured party or parties as well as to the registered owner of a vehicle that has been impounded, reduces the time for claiming an impounded vehicle from thirty-five (35) days to twenty-one (21) days, and provides that, where a hearing is requested and provided within three (3) days of the request and the decision is adverse to the registered owner, the registered owner may only secure release of his or her vehicle by complying with the order within twenty-one (21) days of the Administrative Hearings Tribunal decision date, or by initiating review and providing the requisite cash deposit within twenty-one (21) days of the Administrative Hearings Tribunal decision date. In addition, the proposed ordinance provides that, where a registered owner fails to pay the full amount due, the owner is required to return the vehicle, which was released to the owner, to the possession of the Parking Violations Bureau, within twenty-one (21) days of entry of order by the Administrative Hearings Tribunal, for disposition in accordance with Chapter 55 of the 1984 Detroit City Code.

Further, this proposed ordinance provides that, where a decision of the Administrative Hearings Tribunal is adverse, a registered owner must pursue review of the adverse decision, within twenty-one (21) days of entry of the order, through any available equitable remedy. In addition, this proposed ordinance provides that, where a vehicle is unclaimed after impoundment, a registered owner or secured party may secure release of the vehicle by paying all fines, penalties, fees, costs and restitution, prior to sale or other disposition of the vehicle. Lastly, this proposed ordinance provides that, where a restraint is damaged, destroyed, or lost as a result of being removed or altered by a person, who was not authorized to remove or alter the restraint, the Parking Violations Bureau shall be entitled to an order or restitution in accordance with state law, in addition to, or in lieu of, any other penalty authorized by law.

We are available to answer any questions that your Honorable Body may have concerning this proposed ordinance. Thank you for your consideration.

Respectfully submitted,  
JOHN E. JOHNSON, JR.  
Corporation Counsel

\*WAIVER OF RECONSIDERATION (No. 1) per motions before adjournment.

STATEMENT BY COUNCIL PRESIDENT  
PRO TEM. MONICA CONYERS TAKES  
STAND FOR WOMEN

*Over the objection of Council President Pro Tempore Monica Conyers*, City Council voted 7-1 to approve the appointment of an all male board for the new Eight Mile/Woodward Corridor Improvement Authority. The Authority's first project is the Gateway Mall Project.

Citing the fact that the majority of City Council as well as the principal shoppers will be women, Conyers stated: "I can not support the appointment of a non-representative board of nine men".

Conyers questioned Council Member Barbara-Rose Collins, Planning and Development Committee Chair, as to how this could happen in a city where the majority of residents are women. Collins stated that her committee rushed through the appointments in order to meet state deadlines.

Although, Collins amended her final resolution to include language requiring that the first two vacancies on the board be filled by qualified women, Conyers still voted No, stating she was not satisfied.

"Women are critical to the success of this mall and the backbone of this community. Councilwoman Cockrel and others may be willing to wait for women to be represented some time in the future, but I am not. The Board Roster should be amended at the Council table today. Everyone here has a cell phone and female appointments can be made now."

The Gateway Mall project is located at Eight Mile and Woodward on part of the State Fair Grounds. It will be the first major shopping center in Detroit in decades.

**PUBLIC COMMENT**

**RUEDELL D. HOLMES, Public Comment:** I liked to speak first about our water. I'd like to know if Judge Fiekens and Mr. Mercado should be capable of

being brought to justice for what they have done to our water. I feel that it is a shame the way they let our water go bad and I'm praying that Detroit can get back to the way it was. I'm praying that we get our Police Department back to the way it was, and I'm praying that things change for the good. Our streets and alleys needs to be cleaned. I'm also requesting services like we used to have. I want to know what's going to happen to the \$26 million dollars involving the Water Department; our water was a gift and that's a shame. I'd like to know how all of this happened.

**KEEGAN MAHONEY, Public Comment:** I'm the Director of the Housing Development with Greater Corktown Development Corporation. I'm here to voice support on behalf of that organization for the establishment of the Detroit Land Bank. We feel that it is a very important tool to managing the vacant properties in our neighborhood and dealing with some of the issues pertaining to them; getting some of these vacant properties back into productive use.

**HEIDI MUCHERIE, Public Comment:** I'm from Community Legal Resources, a Detroit based non-profit organization that partners with community based organizations throughout the City of Detroit. I'm here today to express support for the creation of Land Bank Authority. A couple of years ago, when we started advocating for this tool, we were really thinking about the existing inventory that the city had. In fact, in light of today's foreclosure crisis, we view this as an important tool not just to help with the movement of existing city properties back into productive use, but now to have a local entity at the table to get control of thousands of properties whose ownership is now up in the air. I appreciate that this body has put that item on and I do encourage your support.

**EARL P. SMITH, Public Comment:** I have a copy that I would like to give to each Council Member. My main reason for being here is to complaint about water running in vacant homes all over the city. I'm an investor, I invest in property and I've been buying property because the price is so low.

Our city looks like a burn shell. Every neighborhood that you go into, you find empty houses which have been vandalized; you just can't keep them out. I fight very hard to keep vandals out of property that I own. Every piece of property that I look at, the water is running. I've called the Water Department on each property and they never shut the water off. Vandals are not only stealing the copper and lead out of the houses, they also are stealing the meters. I brought a piece of property and the Water Department caused me many problems; I was just trying to get the water turned on in my name. Since the water is not turned off in vacant properties, sometimes I would shut the water off

since I've done plumbing and electrical work. When these properties are vacant, the Water Department is notified right away, therefore, I don't see why they can't go out and shut off the water. When they don't shut off the water, we find that squatters are present in the homes. It's just a mess the way that it is now.

**KENNETH V. COCKREL, JR.:** Thank you for your letter. We're going to have this referred to the Public Health and Safety Standing Committee because they have jurisdiction over the Water & Sewerage Department. We're going to get the Water Department out to those vacant houses to shut the water off.

**J. WATSON:** The Chair of the Public Health and Safety and other members have asked the question over and over again about the water running in these vacant properties. Is there something forthcoming from Mr. Mercado? It's a shame that they don't turn off the water because it's damaging to the city and to the infrastructure of the houses.

**KENNETH V. COCKREL, JR.:** The real point is that they are shutting off water in some cases where people have trouble paying their bills, but in other cases where you have vacant properties and the bill hasn't been paid in years, the water is still on. That doesn't make any sense.

**WYOMAN MITCHELL, Public Comment:** I'm here today because I want to give honor and a big thank you to all Detroit Public School teachers. Today is Teacher Day and where would anyone be without the Teachers. I'm asking everyone to please come out with us to Walk and Watch at our schools; we have too many cars being vandalized and stolen from the school parking lots. We're asking that you select a school near your home and come join us with our efforts. Mother's Day is Sunday and let us show some love, gifts, and flowers. Give the mothers' the flowers while they are living.

of the City of Detroit**

February 28, 2008

Honorable City Council:

Re: EDC — Mt. Elliott-Wight Development Project — Establishment of Amended Project Area and Project District Area and Approval of the Amended and Restated Project Plan.

On February 9, 2005 the Detroit City Council adopted a resolution establishing the Mt. Elliott-Wight Development Project (the "Project") Project Area and Project District Area. On July 20, 2005, City Council adopted a resolution approving that EDC Project Plan.

The City has now requested the assistance of the EDC to enhance existing and planned commercial and residential developments at Harbortown, the Uniroyal property, adjacent to Gabriel Richard Park and in the area between Jefferson and Wight Street north of the proposed Project by constructing public improvements, including the Detroit RiverWalk and streetscape improvements. To fund the public improvements, the City will receive federal grant funds through the Michigan Department of Transportation, with supplemental funding coming from the Detroit Riverfront Conservancy. The EDC has become involved in the expanded Project at the request of the City Planning and Development Department ("P&DD"), Department of Public Works ("DPW"), and the Detroit Riverfront Conservancy.

EDC participation in the expanded Project requires City Council approval of the EDC's amended Mt. Elliott-Wight

Project District Area and Project Area (Exhibit A), and approval of the Amended and Restated Project Plan (Exhibit B). On December 11, 2007, the EDC Board adopted a resolution approving the Amended Project District Area and Project Area, and on February 26, 2008, the EDC Board adopted a resolution approving the Amended and Restated Project Plan. Pursuant to Act 338, Public Acts of Michigan, 1974, as amended ("Act 338") the EDC hereby respectfully requests that City Council adopt the attached resolution amending the Project Area and Project District Area and approving the Amended and Restated Project Plan to facilitate additional improvements on behalf of the City of Detroit (Exhibit C) at its formal session of April 8, 2008.

EDC staff understands that this item must be considered by the Planning and Economic Development Committee of City Council prior to approval and requests that the committee consider this item on Wednesday, March 5, 2008. A Public Hearing is requested prior to approval of the Amended and Restated Project Plan, and the EDC is requesting approval of the resolution at its March 11, 2008 meeting setting the Public Hearing date for April 1, 2008 (Exhibit D).

In addition, the EDC Board is requesting that you confirm the finding made in July, 2005 that no Project Citizens District Council is necessary because there are less than eighteen (18) residents, real property owners, or representatives within the Project District Area.

Lastly, the EDC shall secure the recommendation of said Amended and Restated Plan from P&DD in anticipation of presenting same to City Council for consideration and approval.

Honorable City Council:

Re: Request for a Public Hearing to Establish the "Triangle Housing Development" Neighborhood Enterprise Zone (NEZ) as requested by the Community Service Community Development Corporation, a Non-Profit Housing Corporation in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that the establishment of the Triangle Housing Development Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate

one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an *ad valorem* tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map also attached. The Developer proposes to invest a minimum of \$3.6 million.

We request that a public hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

Respectfully submitted,  
DOUGLASS J. DIGGS

Director

By Council Member Collins:

Whereas, Pursuant to Public Act No. 147 of the Public Acts of 1992 ("the Act") this City Council has the authority to establish "Neighborhood Enterprise Zones (NEZs)" within the boundaries of the City of Detroit; and

Whereas, The Community Services CDC has requested the establishment of the "Triangle Housing Development" NEZ whose boundaries are particularly described in Exhibit A (legal description) and illustrated in the map attached hereto; and

Whereas, The Act requires that, prior to establishing an NEZ, the City Council shall provide an opportunity for a Public Hearing on such establishment, at which Public Hearing representatives of any taxing authority levying *ad valorem* taxes within the City, or any other resident or taxpayer of the City of Detroit may appear and be heard on the matter;

Now Therefore Be It

Resolved, That on the May 14, 2008 at 10:00 a.m. in the City Council Committee Room, 13th floor, Coleman A. Young Municipal Center, a Public Hearing be held on the above described application for establishment of an NEZ within the boundaries described in Exhibit A (legal description) as illustrated in the map attached hereto; and be it finally

Resolved, That the City Clerk shall give notice of the Public Hearing to the general public and shall give written notice of the Public Hearing by certified mail to all taxing authorities levying an *ad valorem* tax within the City of Detroit, such notices to be provided no earlier than sixty (60) days prior to the public hearing.

Honorable City Council:

Re: Transfer of Jurisdiction & Property For Sale By Development. Development: 127 & 133 Davenport.

The Director of the Recreation Department has indicated to the Planning & Development Department (P&DD) that 127 Davenport is surplus to their needs and is requesting that P&DD assume jurisdictional control over the property.

We are now in receipt of an offer to purchase 127 and 133 Davenport from Cass Corridor Neighborhood Development Corporation, a Michigan Non-Profit Corporation, for the amount of \$60,000. This property contains approximately 24,041 square feet and is zoned R-6 (High-Density Residential District).

The Offeror proposes to construct a paved surface parking lot for the storage of licensed operable vehicles, to accommodate tenants and visitors of the adjacent Cass Plaza Apartments currently under renovation into approximately forty-seven (47) affordable residential dwelling units.

We, therefore, request that your Honorable Body approve the attached resolution authorizing the transfer of jurisdiction of 127 Davenport from the Recreation Department to the Planning & Development Department.

We, further, request that your Honorable Body adopt the sale and authorize the Planning & Development Department's Director, or his authorized designee, to issue a quit claim deed to 127 and 133 Davenport and such other documents as may be necessary to effect the sale.

Respectfully submitted,  
DOUGLASS J. DIGGS  
Director
